Many men do not have their clothes made to order because—

they are under the impression that they will have to pay more for the same kind of goods than they would if it was a 'hand-me-down.' Now, this may be the case if you are not careful about who makes your clothes, but if you are in the habit of paying \$18.00 or more for your suits, I can easily convince you that I can give you the same goods in a suit, that will be made up to your OWN taste and in best class of workmanship for the same money—in some instances for even less.

In buying ready made clothes, you are buying what some other man selected for you. DON'T BE A READY MADE MAN.

Regarding satisfaction fits and work, will fixerely refer you to this

\$18.00 to \$25.00 will pay for a good tailored suit, but we have some as low as \$14.50 and as high as \$60.00.

In plain words, I will satisfy you or don't expect a cent for my services.

Yours for honrst profits.

## A DESTRUCTIVE FIRE

Mr. George W. Petteway the big and successful naval stores operator near Dunnellon, was in town this forenoon and told of a very destructive fire that occurred at his home place and still some six miles east of the phosphate city. The fire was discovered Monday afternoon in the hay loft of his stable. It spread rapidly, the wind blowing from the west and ere it could be controlled it ate up his syrup boiling plant, turpentine still, commissary, his stable and its contents and his home. His furniture he managed to save. In the fire he lost 50 barrels of syrup just put, also 2,000 bottles of syrup, the work of Mrs. Petteway, 1,100 bales of hay and several lofts of loose hay, a big lot of corn, 75 cords of wood and a whole lot of turpentine boxes. No insurance. The origin of the fire is unknown, but the presumption is that a spark from the fire under the syrup kettle kettle lit in the hay. Mr. Petteway was absent from home at the time the fire originated, but returned in time to see dense clouds of smoke in the air over his plant and surmised the trouble. Fortunately there were several long pieces of hose on the place and with these water was applied to the other buildings on the place and considerable property was saved.

## COBURN'S MINSTRELS AT THE ARMORY TONIGHT

Coburn's Minstrels came in on the Seaboard from Gainesville this morning, and gave a parade and band concert on the square at noon. Judging by the looks of the minstrels and the music they made the performance they will give at the armory this evening will be strictly first-class. They played to a crowded house in Gainesville last night, and the Sun says: "With the best singers he has ever carried, a splendid chorus and quartet, Coburn's Greater Minstrels presented several new voices at the Baird last night, and two of the old favorites who were remembered by many. Every feature of the show was good, and the vast audience thoroughly enjoyed it from beginning to end."
