UNCLE SAM ISN'T APPEASED

By Zelaya's Resignation but Demands that the Ex-Tyrant Give Account for Some of his Misdeeds

Washington, D. C., Dec. 18.—News of the resignation of President Zelaya of Nicaragua communicated to government officials was received with evident satisfaction at the state department, but not one syllable of comment could be elicited from any responsible officer of the administration.

It can be said with confidence, however, that Zelaya's resignation, welcome as it is, has by no means removed him from the attention of this government. Secretary Knox's recent letter of dismissal of Senor Rodriguez, the Nicaragua charge d'affaires, plainly indicated the intention of the United States to hold Zelaya and his circle of advisers personally responsible for the killing of the two Americans, Grace and Cannon, and nobody here believes that Zelaya's retirement materially mitigates his personal peril as a defendant before the bar at which Mr. Knox has arraigned him on the charge, substantially, or murder in the first degree.

As for Zelaya's successor, it is well understood here that this government will look with disfavor upon the installation in Zelaya's place of any of the Zelaya following.

No orders have been issued by the navy department to the American vessels of war now in Nicaragua waters as a result of the resignation of Zelaya. When Assistant Secretary Beekman Winthrop of the navy department was informed by the Associated Press last night of the resignation of the Nicaraguan president he said no change would be made in the naval program as it relates to Nicaragua unless desire for such a change is manifested by the president and the state department.

A THRILLING RESCUE

How Bert R. Lean, of Cheny, Wash., was saved from a frightful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid \$10 to \$15 a visit to a lung specialist in Spokane, who did not help me. Then I went to California, but without benefit. At last I used Dr. King's New Discovery, which completely cured me and now I am as well as ever." For lung trouble, bronchitis, coughs and colds, asthma, croup and whooping cough its supreme. 50c. and \$1. Trial bottle free. Guaranteed by all druggists.

COLLISION ON THE CENTRAL

Four Persons Killed and a Number Badly Injured in a Railroad Wreck at Harris City, Ga.

Columbus, Ga., Dec. 18.—Four persons were killed and a number of others injured yesterday when a Central of Georgia railroad passenger train collided with a passenger train of the Macon & Birmingham railroad at Harris City.

The accident occurred at a railroad crossing. The Central train ran into the train of the M. & B. The engine of the former train was demolished and the passengers in both trains were thrown in every direction.

A wrecking train, with doctors and nurses, was sent to the scene at once. It is feared that some of the injured were so seriously hurt that they will swell the list of the dead.

LOCKER CLUBS ARE LEGAL

A Decision Which Will Punch a Big Hole in Alabama's Airtight Prohibition Law

Montgomery, Ala., Dec. 18.—The supreme court yesterday finally established what is known as the locker club decision, wherein it is held that a man may own and store liquors where he pleases, and as much as he pleases, if acquired legally. Liquors, the court says, are legitimate property. Application for rehearing was denied.

SNEAD THINKS IT WAS SUICIDE

Husband of the Bathub Mystery's Victim Expresses Confidence in His Wife's Mother and Aunts

New York, Dec. 18.—"Suicidal mania" of Okey Snead is apparently the defense relied upon by the three Wardlaw sisters arrested in connection with the girl's death. Despite the fact that prison bars hold all the women members of the family in which the bathtub victim lived when she either slowly grieved herself to death over the disappearance of her husband, Fletcher Snead, or was systematically starved and mentally influenced into a state of helplessness, the mystery seemed yesterday little near actual solution than when the first discoveries were made.

Mrs. Martin, mother of the young woman, insists the suicide notes were written by Okey while grieving over the disappearance of Fletcher Snead, and that the thought of suicide became a mania with the girl. Mrs. Mary Snead maintained a reticent attitude in her cell at the Tombs prison. Fletcher Snead, who has been located at St. Catherine, Ontario, expressed the opinion that his wife committed suicide. He says he knows little concerning his wife's death and that the Wardlaw sisters are "three of the finest women one could know." He declined to say why he deserted his wife.

ARISING FROM ITS ASHES

Knowles Hall at Rollins College will be a Bigger and Finer Building Than Ever Before

Winter Park, Dec. 18.—Words of sympathy and hope are coming in from the many friends of Rollins who have heard of the destruction of Knowles Hall, and from many of these pledges of aid in the erection of the new building which will take its place. Among those who mentioned the gifts of W. C. Constock of Chicago and E. W. Wyman of Minneapolis, the former of \$2,500, the latter of \$1,000. These are only a few among the many offers, large and small from those loyal friends whose hearts and hands are given to the task of building up Rollins college to the needs of her work.

The new building will be the finest on the campus, erected of brick or concrete, with concrete floors and wire lath, so as to be absolutely fire-proof, as will all buildings subsequently erected. Mr. Andrew Carnegie has already offered \$25,000 toward this purpose, and the probabilities are that the total cost of the building and equipment will be over \$50,000. It will contain a complete set of scientific laboratories and lecture rooms, class rooms for other branches of study, and a large chapel room provided with a fine organ. When this beautiful structure stands as a reality on Rollins' fire campus, the burning of Knowles Hall will appear to be a blessing instead of a disaster.

WOMEN WHO ARE ENVIED

Those attractive women who are lovely in face, form and temper are the envy of many, who might be like them. A weak, sickly woman will be nervous and irritable. Constipation or kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. For all such, Electric Bitters work wonders. They regulate stomach, liver and kidneys, purify the blood, give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion. Many charming women owe their health and beauty to them, 50c. at all druggists

FOREMOST FINANCIAL FIGURE

Even the Rothschilds are Dwarfed by the Tremendous Resources of J. Pierpont Morgan

London, Dec. 18.—J. Pierpont Morgan is now the foremost figure in high finance, outranking even the Rothschilds. The recent reorganization of the London firm by which it became Morgan, Grenfell & Co., Sir Edward Charles Grenfell becoming the junior partner, places the great American financier in direct connection with the Bank of England. Sir Edward is a director in the "Old Lady of Threadneedle Street."

The control of the big insurance companies in America, the steel trust, the great banks and many other enterprises has made Mr. Morgan the foremost financial figure in America.

May Finance Vatican It is now said that he proposes to take a leading position in the field of European finance. As an evidence of this, it is said in financial circles that Mr. Morgan is to become the financial agent of the Vatican.

A similar rumor was current some time ago, but at that time, so the story goes, Thomas Ryan, who is highly regarded at the Vatican, opposed the appointment and the negotiations failed. Now the Ryan opposition is withdrawn and it is believed in this city that the finances of the church will be placed in the hands of the American financier.

There is more or less speculation which connects the name of Morgan with other financial projects which will further strengthen his position as the world's leading money king.

Indispensable.—There are some simple remedies indispensable in every family. Among these, the experience of years assures us, should be recorded Perry Davis' Painkiller. For both internal and external application we have found it of great value; especially can we recommend it for colds, rheumatism or fresh wounds.—Christian Era. 2

TAFT'S SISTER-IN-LAW DEAD

Washington, D. C., Dec. 18.—President Taft left Washington yesterday afternoon for Watertown, Conn., to attend the funeral of Mrs. Horace D. Taft, wife of his brother, Horace D. Taft. Mrs. Taft died yesterday in a Baltimore hospital. The president will probably return to Washington Sunday and may cancel social engagements at the White House for some time to come.

METHODISTS AT LAKELAND

Meeting of the Florida Conference of the M. E. Church, South

Lakeland, Fla., Dec. 18.—Conference convened yesterday morning, Bishop Atkins in the chair. The devotional exercises were conducted by Dr. E. B. Chappell, editor of the national service publishers.

Roll call showed 125 preachers present and twelve lay delegates. J. E. Clark, M. O. Williams, F. J. Patterson, J. E. Woodward, George S. Henderson, Edward C. Hudson were elected deacons.

J. Lawton Moon and S. E. Hardin were elected elders. W. F. Fletcher was located at his own request.

S. P. McCall and C. M. Haile were discontinued at their own requests. T. S. Armistead was referred to the committee on conference relations for superannuation.

Dr. E. B. Chappell, Sunday school secretary, and Dr. J. D. Hammond, secretary of education, addressed the conference.

Bishop Atkins spoke in the interests of the Methodist Review.

At 3 o'clock in the afternoon a sermon was delivered by Dr. Piner, one of the finest pulpit orators in the conference. His subject was prayer and his forty-minute talk was to the point and showed conclusively that he is a most distinguished speaker.

At the night service the bishop spoke on educational matters. He is a fine speaker and while a new bishop to the state, has endeared himself to our people and they have every confidence in his ability and judgment.

The entire freedom of the city has been extended the visitors and the many attractive resorts around Lakeland please the ministers and delegates. The beautiful lakes, parks and driveways prove of great advantage.

DO IT NOW

Ocala People Should Not Wait Until It is Too Late

The appalling death rate from kidney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms give place to chronic disorders and the sufferer goes gradually into the grasp of diabetes, dropsy, Bright's disease, gravel or some other serious form of kidney complaint.

If you suffer from backache, headache, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they cure where others fail. Over one hundred thousand people have recommended them.

Here is one of many cases in this vicinity.

W. H. Story, 212 Jackson St., Orlando, Fla., says: "Doan's Kidney Pills proved of great benefit to me. For some time my kidneys were weak and the secretions passed so irregular that I was caused much annoyance. There was also a soreness across my loins. I doctored and used various kidney remedies, but it was left for Doan's Kidney Pills to relieve me. The contents of three boxes strengthened my kidneys and relieved the backache. I have great confidence in Doan's Kidney Pills and gladly recommend them to other people having kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

PAID FOR THE PRIVILEGE

Great Joy of a St. Louis Man Over Finding a Seat in a Street Car

St. Louis, Dec. 18.—Judge Klieber stayed the \$5 fine he had assessed against August Eeselback for spitting in a crowded street car.

Eeselback said: "It was worth the amount of the fine to me. For thirteen years I have been riding on Broadway cars. Never until yesterday, at 4 p. m. did I savor the luxury of a seat. Then I spat on the floor rather than jeopardize my seat by going to the platform to expectorate. The car's windows were closed."

FRANCE HAS LOST A FRIEND

By the Death of Leopold of Belgium. Popular with his People, Despite His Faults

Paris, Dec. 18.—The death of King Leopold of Belgium removes one of the staunchest friends of France. Though pleasure loving follies marred his career, Frenchmen consider the role played by Leopold in Europe as political peacemaker. He was frequently the counsellor of other monarchs. His intervention presented scandal in many princely houses, notable those of Germany and Austria. A few years ago he was a familiar figure on the boulevards and at the opera and restaurants, where he earned the title, "the sportiest king in Europe." Since his alliance with his morganatic wife, Baroness Vaughan, however, places of amusement had seen little of him.

Leopold was probably the most hated modern monarch, except in his own country. He was seventy-four years old. He was familiar in European courts on account of scandal for many years.

The Conto terrors are well known. His estimated worth was half a billion dollars. One great disappointment was the death of his only son. Thereafter he gave himself up to a life of pleasure. He was a keen politician, linguist and good business man. He had enormous Congo possessions, heretofore personal property, which will now revert to the Belgium government.

WATERWORKS FOR JERUSALEM

A British Company Laying Pipes from the Pool of Siloam

London, Dec. 17.—Under the supervision of two Turkish congressmen, an English syndicate is excavating at the Pool of Siloam, near Jerusalem. It consists of Capt. Montagu B. Parker, Grenadier Guards, brother and heir presumptive of Lord Morley; Mr. Clarence Wilson, M. Duff, a relative of the Duke of Fife; Mr. Cyril Ward, Messrs. Walsh, Foley and others.

Some mystery attends the aid of the excavation. The popular belief is that they are searching for the crowns and treasures of David and Solomon and other kings of Judah, which some think are buried in this region. But others believe that their main object is to provide Jerusalem with the drinking water it sorely needs, of which there will be plenty and to spare should they tap the source of the spring.

The scene of the excavation is the spring known as St. Mary's well from a legend of the fourteenth century that the Virgin once washed the swaddling clothes of her son there. It is probably identical with the Pool of Gion, where David told Zadok, the priest, to anoint Solomon. Numerous attempts were made to render its water available for the use of the inhabitants. Probably one of the earliest is the channel connecting it with the pool of Siloam at the mouth of which was found one of the earliest Hebrew inscriptions we possess, now at Constantinople, which tells how the work of excavation was begun at both ends and how, by miscalculation, the two parties missed the true point of juncture.

The syndicate is working on its own account and is not connected with either the Palestine or German Archaeological institutes in this city.

Large sums of money have already been expended in obtaining a permit in purchasing land and in carrying on the work. Over 60 men are daily employed and more than \$4,500 is spent weekly in salaries and wages.

K. of P. meet Monday evening.
