THE FLORIDA COLLEGE FOR WOMEN OPEN

ROSTRUM CROWDED WITH DISTINGUISHED BODY OF MEN AND WOMEN—GOVERNOR GILCHRIST DELIVERS A SHORT ADDRESS.

Special to The Journal. Tallahassee, Sept. 30.—At the opening exercises of the Florida State College for Women yesterday morning, the rostrum was crowded with a distinguished body of men and women.

It was doubtless eminently pleasing to the new president, Dr. Edward Conradi, to see that no diminution of interest in the college was to be expected. The enrollment was the largest ever known, there being about 200 students, 150 of whom are resident in Bryan and East Halls.

The governor spoke of the action of the board of commissioners of state institutions at their last meeting, in voting to the college another large sum to be expended in the immediate erection of an administrative building which in every department should meet the needs of the students, and promised that every effort should be made to complete this structure before the opening of another term.

He tendered to the faculty his hearty co-operation as chairman of the state board of education, and the co-operation of all other officials directly connected with the educational work of the state.

Address by Mr. Holloway. The governor was followed by Hon. W. M. Holloway, state superintendent of public instruction, who endorsed all that the governor had said, and who expressed his pleasure at being present on such an important and happy occasion.

Many New Faces. Several new faces were seen among the faculty. The normal department has a new dean, Dr. A. E. Christip, of Virginia, and several new teachers.

LAME BACKS FEEL FINE

OUT-OF-ORDER KIDNEYS ARE REGULATED AND BLADDER MISERY ENDS AFTER A FEW DOSES.

The most effective and harmless way to cure backache and regulate out-of-order kidneys, or end bladder trouble, is to take several doses of Pape's Diuretic.

You will distinctly feel that your kidneys and urinary organs are being cleaned, healed and vitalized, and all the miserable symptoms, such as backache, headache, nervousness, rheumatism and darting pains, inflammation or swollen eyelids, irritability, sleeplessness, or suppressed, painful or frequent urination (especially at night) and other distress, leaving after taking the first few doses.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Don't be miserable, or worried another moment with a lame back or clogged, inactive kidneys or bladder misery. All this goes after you start taking Pape's Diuretic, and in a few days you feel and know that your kidneys, liver and urinary system are healthy, clean and normal, and all danger passed.

International War Fleet Gives Peary a Welcome. (Continued From First Page) today's naval parade," said the commander just before alighting from the train.

When Commander Peary, Mrs. Peary and Herbert L. Bridgman boarded the Roosevelt for the trip up the river, the commander had not decided how far up the river he would go.

After reaching the pier Mr. Peary walked up and down for several minutes without being recognized by some 200 persons gathered there for a glimpse of the Roosevelt.

"How does it feel to be back?" asked some one. "It does not feel so worse—in the words of Chimney Fadden," replied Peary.

NORTH POLE FLAG. The North Pole flag which the steamer bears is the usual American ensign with a stripe of white bearing the words "North Pole" in black letters running diagonally from the upper corner of the horizontal stripes to the corner under the stars.

"I wanted a piece of the silk flag I flew at the pole to bury at the point with my records, so I cut a diagonal strip out of it. Then, to preserve the flag, I sewed a strip of white silk into the cut when I returned to the Roosevelt. The design seemed so appropriate that we lettered this strip and adopted it as the North Pole ensign."

Mr. and Mrs. Peary had stepped on board the tug and were on their way to the Roosevelt before the crowd at the dock realized who they were. Then there was a burst of cheering and handkerchiefs and hats were waved and the whistles renewed their blasts.

The Roosevelt lay at anchor answering the salutes of the passing vessels until most of the ships intending to participate in the parade had passed. She then dropped into line and brought up the rear of the procession.

Why is Sugar Sweet? If sugar did not dissolve in the mouth you could not taste the sweet. GROVE'S TASTELESS CHILL TONIC is as strong as the strongest bitter tonic, but you do not taste the bitter because the ingredients do not dissolve in the mouth, but do dissolve readily in the acids of the stomach.

TWO WAYS TO BRING A CUSTOMER BACK

First: By giving him less for his money than he has a right to expect; then he comes back looking for trouble.

Second: By giving him just a little better values than he is accustomed to getting; then he comes back looking for merchandise.

We always try to do the second, and if we fail, it's an error of the head and not of the heart.
