Hon. J. J. Sullivan, Sr., left yesterday at noon for Camden and Evergreen, Ala., to look after some legal matters.

M. F. Kelly and wife have gone to Louisville, Ky., where the brother of Mr. Kelly is reported very ill.

For loitering and disorderly conduct, Annie Baron and Mamie McLain were sentenced by Recorder Johnson Saturday to thirty days each in the city jail.

L. W. Williams, who has been in Chicago for some weeks, has returned.

A rural visitor was considerably surprised at 4:45 o'clock yesterday afternoon near the depot when, in language from his lips, Chief Sanders stepped up and placed him under arrest. The stranger started cursing on the car, making use of filthy language in the presence of a number of ladies and in the supposed absence of officers, and walked into a nearby saloon, whence he was later led by the marshal to whom his performances had been reported.

Phil R. Pearl, the electrician, returned last night, after having installed complete lighting plants for the Jacobi Lumber Company, at Molino, and the McDavid Lumber Company, at McDavid.

E. M. Williams, an electrician, charged with assaulting a helper, also named Williams, was bound over to the county authorities yesterday from the city court.

B. L. Gundersheimer, proprietor of the M. & O., has returned from New York, where he has been for about six weeks. He witnessed the wonderful Hudson-Fulton celebration there last week.

F. M. Plank, of Chattanooga, Tenn., and L. Melton, of Repton, Ala., are in the city on business.

Contractor W. F. Henson has secured the contract for the buildings and improvements to be built for the Englewood Heights Dairy. E. W. Stephenson, the proprietor, expects to have the buildings ready for occupancy not later than Nov. 15.

Mr. Gamble, the horticulturist, who has the contract for beautifying Englewood Park with shade trees and other improvements, has started the work and is now setting out shade trees on avenue E. This is the avenue that the street car line will run through on its way to Goulding. Mr. Gamble expects to be able to set out one thousand trees by the first of November.

A meeting of the I. O. B. B. has been called for this evening at 7:30 o'clock at the Progress Club, and all members are requested to be present.

A civil service examination for customs inspector was conducted yesterday. Eight applicants were present, but one dropped out, leaving seven whose papers will be passed upon later.

## STREETS HAD APPEARANCE SIMILAR TO HOLIDAY WEEK

Hundreds of traders were on the streets last night, patronizing all the leading stores in crowds and purchasing all classes of goods at all figures. Palafox street from Garden to Zaragoza had the appearance of a holiday time, as ladies and children were thick in the mobs. A fairly good week in the bay and numerous other lines working large forces of men, of course, contributed to trade activity.

## Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless this inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Halls Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Halls Family Pills for constipation.

## Nervous Dyspepsia And Neurasthenia

Weakness of the Nervous System Often Dependent Upon Long-Continued Indigestion.

Neurasthenia, also known as "nervous exhaustion," "nervous debility," and "nervous prostration," is a disease, which in these modern, strenuous times is becoming more and more prevalent. It is a condition in which there is more or less marked and persistent loss of energy, together with considerable irritability.

Persons who suffer from this trouble are easily excited and irritated, cannot do as much work as formerly, and in attempting any mental effort, quickly become confused, and are unable to concentrate the attention. They also complain of insomnia, nervous indigestion, depression of spirits, and palpitation of the heart.

There is a general muscular weakness; the person cannot walk very far, and tires quickly on attempting physical exertion. There is ringing in the ears; blurring of eyesight; headache and vertigo; specks floating before the eyes, and a general restlessness. The ability to sustain prolonged intellectual effort is interfered with and the patient imagines he is losing his memory.

Neurasthenics continually watch for new symptoms, unconsciously exaggerate the old ones, attaching undue importance to them. Causeless fear is often suffered from; a dread of some impending danger; extreme pessimism; dark forebodings, and hysterical sleep is not refreshing, and the person feels much more tired in the morning than at night. Horrible dreams and nightmares are usually complained of.

But by far the most prominent manifestation of Neurasthenia is nervous Dyspepsia. In nearly every case, this disturbance of the stomach dominates the complaint. Cause and effect may be transposed, and dyspepsia may be the result of Neurasthenia, but oftener, indigestion is the original cause of the nervous condition. The nerves are simply "starved" because the stomach does not digest the food properly, and as the nerves are dependent upon the food which the blood absorbs from the stomach for their sustenance, and deprivation thereof is sure to cause nerve weakness.

The use of "nervine tonics" in this connection is a mistake; they merely stimulate, but do not rebuild nerve tissue. Completely digested food is the only true nerve builder and strengthener; and in the treatment of nervous exhaustion, one should first cure the nervous dyspepsia, which is usually the origin of the trouble, by taking STUART'S DYSPEPSIA TABLETS in doses of one or two after each meal, or whenever needed, and the long train of nervous symptoms will be cured along with the nervous dyspepsia.

This celebrated remedy is without a peer in the treatment of nervous indigestion and in fact, indigestion of any kind. They digest all the food with great thoroughness, and facilitate its absorption by the blood, which carries it to the weakened, diseased nerves and builds them up, so that every symptom of Nervous Exhaustion is gotten rid of.

## ENFORCEMENT OF SUNDAY LAW

MUCH SPECULATION AS TO OUTCOME OF THE LATEST MOVEMENT—THE SHERIFF WILL MAKE ARRESTS WHEN WARRANTS ARE PLACED IN HIS HANDS.

Whether or not today will witness possible arrests of possible Sunday law violators remains to be seen, as county officials spoken to last night were averse to declaring just what will be attempted. The sheriff was not to be found downtown, but a deputy, who said, however, that he was not authorized to speak for the sheriff, said there would be arrests if warrants were declared. The sheriff has authorized his men to go out and arrest all who will serve all warrants. Deputies had no orders to proceed against any one, it was said.

There will be more attention paid the city ordinances by fruit stands, according to a Greek merchant last night. That class of people understand the law forbids the sale of groceries. That practice will end abruptly, at least for the present. Wares will not be so prominently displayed in doorways and sidewalks, both of which acts violate the city ordinance. But whatever comes from the Law and Order League notice to the sheriff, many people will be relieved of much concern when they see the end of it.

## ALLEGED GAMBLERS CAUGHT WITH GOODS

Special Deputy Sheriff Lowery arrested nine alleged black gamblers near the depot, guarding the entire bunch as they were marched to the county jail where they were locked up. Some of the paraphernalia alleged to have been used in the elusive game was recovered and will be used as evidence against the bunch. The arrests were made about 10:30 o'clock last night.

## B. OF W. PLAN TO IMPROVE MANY STREETS

PERMANENT IMPROVEMENTS ALONG NUMEROUS THOROUGHFARES WILL BE MAPPED OUT SOON AFTER BUDGET ALLOWANCES HAVE BEEN MADE KNOWN TO THE BOARD.

Plans for the permanent improvement of many streets in the city are being worked out by the board of public works, and as soon as practicable after budget allowances have been learned the board will get together and map out a general line for permanently improving quite a number of streets. The meeting is a probability for next Thursday or Friday, for it is believed that by that time the finance committee will have reported allowances to the board of works for street work.

Much important work is in prospect, and if enough money is given, it will be impartially distributed in the matter of street work, with a view of giving the greatest benefit to the greatest number of people.

In the past, while much work has been done, and while it is going on all the time, no permanent street building has been done. Stretches in streets have been repaired generally, but funds and facilities have militated against any permanent street work. All exertions in the past have been done under great difficulties and against great odds, but under the contemplated plan, it is believed very great improvement may be made.

Pending a beginning of the general plan of permanent improvements, the street superintendent has been instructed to harden Chase street eastward from Aleanz, leaving the pavement on that street. Chase street will be hardened at least as far as Cavallos, and possibly as far as Tenth avenue. A fire occurred on Chase street several days ago and sand deposits were so deep that it was impossible for trucks to pull through. This argument was used at the board of works meeting the past week.

Another street improvement authorized is on Garden westward from Coyle for several blocks. This was on urgent request from citizens residing in the neighborhood. The street superintendent was also given instructions to attend to such request as soon as possible.

## ARRANGEMENTS FOR HOUSE-WARMING COMPLETE

Committees having charge of arrangements for the "house-warming" at the new meeting house of the Pensacola Yacht and Motor Boat Club have reported that everything is ready for the coming event Tuesday night and a large attendance may be taken care of. Just what plans have been adopted were not made public.

## NIX HAS BEGUN SPECIAL SERIES

AN EXPERIENCED AND HIGH-SALARIED MAN PREPARES A FALL AND WINTER SERIES OF ADVERTISEMENTS WHICH MAKE INTERESTING READING AND WHICH ARE NOW RUNNING IN THE JOURNAL.

J. R. Nix returned a few days ago from big, live Chicago and from a visit to one of the Windy City's largest and most progressive concerns, Hart, Schaffner & Marx probably the largest and finest equipped organization of clothing manufacturers in the world.

Mr. Nix took a trip through the tremendous Hart, Schaffner & Marx building, occupied exclusively by them, and saw the many wonderful things therein. Among the things he saw was the advertising department and heard a little talk by the advertising manager. He was introduced to the "advertising man"—a big gun in the business, and no mistake—and he immediately fell under his influence. The ad. man knew advertising—Nix says he lived it—and the way he put the advertising feature of their immense business before Mr. J. R. Nix, of Pensacola, Florida, made him see things and see them in a material way.

Now, J. R. Nix & Co. are advertisers and always have been—and it is to that more than anything else that they attribute their success—but this advertising in a big way, seeing the customers side of it, struck a note that rang and Mr. Nix immediately asked the big ad. man if he would map him out a campaign for this fall and winter to be used in The Journal, and, of course, he consented and did it.

The series started last Sunday—you probably noticed that large, attractive display—and the advertisements certainly do credit to even such a high-class advertising organization. The noticeable feature in these ads. is their news value. They are not such demands for your trade as they are clothes recommendations and suggestions, together with a whole-hearted assurance that J. R. Nix & Co. stand behind what is said in their advertising. In fact that's what makes their store the "money's worth or your money back store." The advertisement today is a model of its kind and means what it says.
