

INSTIGATOR OF REVOLUTION IS BEING TRIED

COURT MARTIAL IS PROCEEDING AT BARCELONA WITH OPEN DOORS—CONDUCTED CAMPAIGN IN CONNECTION WITH NEWS-PAPER.

By Associated Press. Barcelona, Oct. 9.—The trial by court martial of Ferrer, accused of being the principal instigator in the revolutionary movement here, is proceeding here with open doors. It was emphasized in the course of the evidence that Ferrer conducted his campaign in connection with Iglesias, whose newspaper menaced the government with revolution if troops embarked for Morocco. In a deposition submitted, a witness declared he heard Ferrer say: "If necessary, we will do as they did in Russia."

Government St. Property Owners Want Paving to Reach the Sidewalk Line

(Continued from First Page.) to be considered in such a private contract. Such was understood generally, but the matter goes first to the council, after which it is believed citizens on the first block west of Palafox street will take like steps for a wider pavement. A granite curb was also one of the propositions along Government street, and this may figure in the increased cost to the property owners, since the material is understood to have been ordered. The estimated cost figured at about \$22 per cubic yard, or about \$1 per running foot.

WHOLESALE DISTRICT. The acting mayor, Mr. Greenhut, was present, but took part in the meeting as a property owner. It was Mr. Greenhut who referred to it as the city's wholesale district, calling by name the wholesale grocery and fruit establishments. Some of the houses have no side or rear entrance which necessitated supplies being taken in from the front street. The hindrance of the curbing and grass plot space were thus demonstrated.

Detroit Wins Second Game of Big Series

(Continued From First Page) In time to beat Willis's bewildered throw. Gibson was so surprised that he dropped the ball after Cobb slid in. This scored the third run in the third inning.

Leach was the main star, with two batters in his first two times at bat. In the field he played a star game, but his work could do nothing to stem the tide that flowed steadily toward Detroit.

Cobb made his first hit of the series with a single over second in the seventh and Wagner made a hit in the ninth. He has made two hits in seven times at bat, for an average of .286, and Cobb has hit safely once in six times up, for an average of .167.

WAGNER STRUCK OUT. Wagner struck out in the first with Leach on third, but Miller's two bagger scored Tommy. Pittsburgh started with a rush when Byrne walked and Leach immediately scored him with a ringing two-base hit to right. Clarke sacrificed to third and Wagner struck out. Miller shot a long hit into the crowd and completed a circuit of the bases, scoring Leach. The umpires, Evans and Klem, held a conference and trotted out to look at the stand and decided it was a two bagger under the ground rules, because the stand was only temporary. Miller was sent back to second base. After that Pittsburgh was helpless with the bat.

DETROIT BREAKS IN. It was in the second inning that Detroit began to break into the limelight by scoring two runs. With Crawford and Delehanty out Morlarity shot a screaming single to left and Tom Jones put another into the same place, Morlarity going to third. Schmidt then tied the score by doubling over Leach's head and Morlarity and T. Jones counted. In the third D. Jones started with a pretty bunt along the third base line which landed him safe. Bush hit safely to left and D. Jones went to second. Cobb then worked the fast weakening Camnitz for a base on balls and the bases were full.

Crawford sent a short fly to Clarke, but there was no chance for D. Jones to score, so he did not try. Delehanty shot a single over second and D. Jones and Bush scored. Then Willis succeeded Camnitz. Cobb stole home. Morlarity got a pass, T. Jones grounded to Willis and Delehanty was forced at third. Schmidt ended the inning with a fly to Clarke. Detroit went in order in the fourth, but in the fifth scored two more runs.

The score: R. H. E. Pittsburgh 200 00 00—2 5 1 Detroit 023 020 00—7 9 3 Batteries—Camnitz, Willis and Gibson, Donovan and Schmidt; umpires, Evans and Klem. Time, 1:50.

Liverpool, Oct. 9.—Liverpool ship owners were questioned today regarding the report from Galveston on Thursday last that trans-Atlantic freight rates from American ports would be increased. Nothing unusual has happened or is anticipated, they said, in the direction of a general and permanent increase in rates, although after the heavy slump they would gladly welcome a substantial advance in prices.

Seat of Suffering. A story heard with much glee by congress during the last days of the Roosevelt administration, says Collier's: "During the recent cold spell in Washington a man, shivering and ragged, knocked at the door of a K street house and said to the lady: 'Please, madam, give me something to eat. I am suffering severely from exposure.' 'You must be more specific,' the lady replied. 'Are you a member of the senate or of the house?'"

The Value of His Time. Young physicians in the smaller towns have an idea that appearing very busy will help them greatly in starting a practice. The following is told by a senator, Dr. Godfrey Hunter, of Kentucky. Dr. Hunter had a call the afternoon following the hanging out of his "shingle," and started through town in his buggy with terrific speed. A policeman stopped the enterprising physician.

"Doctor," he said, "it is against the city ordinance to drive at the speed you are going. You must accompany me to the judge and pay your fine."

"What is the fine?" inquired the doctor.

"Five dollars."

The doctor's hand flew to his pocket. "Here's \$10; I have to come back just as fast as I am going."—Success Magazine.

Kept His Word. At the banquet to the humorist organization, given at the Hotel Statler by the Buffalo chamber of commerce, a Chicago visitor told how a resident of his own town had lost a watch in the streets of Buffalo and then hurried to the nearest police station to report the calamity, says the Cleveland Plain Dealer.

The sergeant listened to his story with respectful interest.

"You may rest assured, sir," he said to the Chicago man, "that we will leave no stone unturned in our efforts to recover your property."

Two years later the Chicago man was in Buffalo again. He looked around at the Buffalo street and then hurried to the police station.

"Why, sergeant," he cried, "I see you kept your word, but I didn't expect you'd tear up all of 'em!"

Doubted the Statistic. "How did Harkins act when he heard he had triplets in his family?" "He could hardly believe his own census."
