A full line of Fresh Meats, Country Produce, Poultry, Eggs, etc. Special attention given to ships' trade.

Prompt Delivery.  
Pensacola, Fla.

**PIRATES WIN FROM DETROIT**

Detroit, Oct. 16.—Pittsburg won the world's championship today by over-

whelmingly defeating Detroit by the score of eight to nothing in the seventh and decisive game of the hardest world's series ever fought. This was the third successive time Detroit has been defeated in the world's championship series and consequently the third straight victory for the National League, the Chicago Nationals having won the title for the last two years.

To Charles Adams, the Pittsburg pitcher, belongs the major portion of credit for winning the series. This was the third victory for the youngster, as he won the first and fifth games at Pittsburg and today's contest. Adams allowed only six hits today.

Donovan, pitching for Detroit, gave six bases on balls and hit one batter in the first two innings. In the third he allowed a two-base hit and a single, and Mullin succeeded him in the fourth. Mullin was hit hard and four runs were scored off him.

Batteries—Donovan, Mullin and Schmidt; Adams and Gibson; umpires, O'Loughlin, Johnstone, Evans and Klein; time, 2:05.

**Four Make Affidavits That Cook Failed to Reach Mt. McKinley**

(Continued From First Page)

the Tokositia to the head of Navigation, then explore the country for the route to Mount McKinley.

"Miller and I returned to Shushitna station September 11, where the doctor joined us with Barrill on September 22, saying that he had made the summit of Mount McKinley.

"From there, we left for home. On leaving the doctor at Seward, he promised that part of my pay for the summer would be in Seattle for me, but on arriving there and not finding it, borrowed money on which to get home and having written the doctor several times since for the amount due. Have received \$100, leaving a balance of \$825 due me at this date.

"In about one month after Barrill and I returned home from our trip with Dr. Cook in 1908, Barrill laughed and told me that he and Cook never got to the top of Mount McKinley."

**MILLER'S AFFIDAVIT.**  
Walter P. Miller, the photographer, in his affidavit says that he was with Printz on the side trip during the time Dr. Cook claims to have gone to the summit of the mountain. His testimony continues:

"Dr. Cook and Barrill took the launch and went down the Yelna and announced their intention of ascending the Shushitna, the Schuletna and exploring the Talshtas glacier for a possible route for future attempts to ascend to the summit of Mount McKinley; Printz and I returned to the Shushitna station on the 22nd of September; we met Dr. Cook and Barrill at the station and when we all came together to Seward.

"I was called east by Henry Disston, of Philadelphia, the backer of the expedition, to whom I related all the circumstances of the trip. So far as I am advised Barrill is the only man who has personal knowledge as to whether or not Dr. Cook ascended to the summit of Mount McKinley.

**BON TON CORSETS**

The Secret of Beauty is Perfect Form

The mark of Fashion is hard to define, but it is unmistakably apparent in all wearers of BON TON corsets. Many a smart figure has its beautiful lines distorted through incorrect corseting. This need not be if you do your figure justice by wearing one of the BON TON corsets. BON TON model 837 is a new Directoire design for the average figures. This model has high bust, shows extreme length of front, hips and back, and is admirably adapted for wear with the new gowns. White batiste. Sizes 18 to 30. Price, \$5. Models for every figure, from \$1 to \$5.

**DR. PIERPONT WAS IN STORM**

Dr. J. Harris Pierpont, who was on his way to Mexico, and who will go to look into the matter of the Caldwell H. Colt's detention by the Mexican government, experienced a trying time during the prevalence of the storm which devastated Key West. A letter from Dr. Pierpont has been received and his experiences are related at length therein.

The Pensacola man left Key West a day previous to the storm, going on the passenger steamer Miami down to Havana whence he later boarded another vessel for Vera Cruz. Only a short distance comparatively from the Island City the Miami ran into the hurricane and for several hours fought it out to a finish. The gale grew so severe that the steamer was forced to lay-to to await abatement of the storm. Everything on deck was swept to sea. Thirty passengers were aboard and before the storm passed over they were all more or less seasick. The vessel, however, reached Havana after suffering a considerable delay and the letter received here was despatched from the Cuban capital.

**FIRE INSURANCE**

IS TOO IMPORTANT TO TAKE CHANCES IN WEAK OR SMALL COMPANIES

This Agency, established forty-three years ago, writes insurance on all classes of property, in twenty-five of the leading fire companies of the world, and whose losses are promptly adjusted. Before placing your next insurance, examine briefly the great companies we represent, and their methods of settling claims. Refer to patrons of this Agency during the past forty years.

**PYROGRAPHY**

A Simple, Instructive and Fascinating Pastime.

ITS USES.

Pyrography fascinates and instructs young and old of either sex. It is as useful as well as instructive art, far simpler and easier to learn than drawing or painting, yet combines both to a great degree, and requires practically no more teaching than the few simple directions.

Pyrography as a source of income is rapidly being recognized. Many amateurs have made a good income burning, specially ordered pieces for wooden weddings, birthday presents or gifts for holidays.

Your own gifts to a friend or relative are so much more appreciated when the work is that of your hand, showing the thought and esteem in which you hold the recipient, when you take the amount of care and patience necessary to finish the article with your own hands—be the article ever so small it assumes a value far greater than any pecuniary outlay could produce.

We announce with great pleasure that we have a beautiful line of Pyrography Novelties in Basswood Goods, consisting of Collar, Cuff, Dresser, Work, Necktie, Handkerchief, Photo, Jewel Lace and Glove Boxes, Neck Tie and Book Rack, Match Safe, Pipe Rack, Tomahawk and Hatchet, Plates, Ovals, Circles and Squares, Stein, Pitcher, Napkin Ring, Churn, Picture Frame and Paper Knife, with designs too numerous to enumerate.

Phone 148. 25 and 27 E. Garden Street.

**MAY RELEASE COLT SHORTLY**

Telegraphing from Progresso, Mexico, yesterday, Dr. J. H. Pierpont informed Warren & Co. of this city that the chances for getting the fishing schooner Caldwell H. Colt released were good. The story told by the crew seems to have been partially substantiated with a bright possibility of the entire statement being proven, even in Mexican courts.

steamer to Havana in the hurricane and appears to have just arrived there. Counsel has already been employed, the investigation started and ample proof seems to have been produced to exonerate the crew of any wrong doing—simply having been forced to seek harbor to make repairs after storm damage.

The claim of the crew was that the vessel ran into a cove near Alicrean reef and had just completed repairs to sails when a Mexican gunboat, the Bravo, came along and confiscated vessel and made prisoners of the crew.

**BOMB IS EXPLODED.**

Barcelona, Oct. 16.—Twelve persons were wounded today by the explosion of a bomb in Obispo street. Three Frenchmen and a French woman are under trial by court martial accused of participation in burning the convent of Geronimo.

**Caffeine,**

the Active Drug

in Coffee

Is a Definite Poison

to Many Persons

You can Know

by an easy

comfortable

Change to

Coffee is a hidden but powerful enemy to one's progress in life. Its subtle, narcotic poison, weakens heart, interferes with digestion and has a definite and destructive effect on the nervous system. People who are content to load themselves with impediments to progress, who refuse to supply body with food and drink of the kind needed to make up for the daily disintegration of nerve and brain tissue, must stand aside in the race.

The ones who are properly fed, will surely win the laurels.

Postum furnishes the gluten and phosphates of grain needed by Nature to nourish brain and nerves with food. When made right, that is, boiled 15 minutes after boiling begins, it has a delicious taste similar to the mild, high-grade Javas, but with none of the bad effects of coffee.

There are those who are entirely careless as to what goes into the stomach, but the ones who would make all his movements tend toward health and possible greatness can know by a personal test.

"There's a Reason."

**POSTUM**
