The remains of Pilot George Nunez, who died early Saturday morning, after an illness of a few days, were placed at rest Sunday afternoon in St. John's cemetery, a large number of friends and relatives of the deceased attending. Rev. C. W. Gavin, of the First Methodist church, conducted the services.

The Elks are to have a fish chowder tonight, as the following card received by each member indicates: "Dear Sir and Brother: You are invited to attend a fish chowder at the Elks' country home, on Star lake, Tuesday evening, October 19, 1909. Be sure and take the 7:15 bay shore car, and bring a friend with you if you wish. All visiting Elks invited. Be there. Yours fraternally, J. V. Vidal, Secretary."

Vincent Bigarne, a Spanish seaman aboard the Uruguayan bark San Pedro, was locked up at the county jail yesterday by federal deputies upon complaint of the captain, who claimed that Bigarne had refused duty himself and was endeavoring to persuade other members of the crew to desert, alleging the vessel was unsafe. In his statement at preliminary hearing, the sailor maintained ropes were rotten, ship was bad, provisions worse and no tobacco was given. He was ordered held until the ship sailed. In talking with officers, Bigarne, who has been on the San Pedro but 35 days, told that he left a Spanish warship to join the merchant vessel.

Naval stores receipts were so heavy at Central wharf Monday that work at night was necessary. A large gang of men were kept on duty for a long time last night.

A soldier arrested while in bad humor at 8:45 o'clock last night resisted from the time Patrolman Kelly laid hands on him until he was inside a cell at the police station. The officer beat a tattoo on the soldier's head on account of his showing fight, and at the station several officers had a lively time getting him in a cell. He is charged with disorderly conduct and resisting arrest.

Work of hardening Church street north of the city hall and also of curbing that portion between Commandancia and Jefferson streets, will be started today. The work was authorized by the board of works some time ago upon a bid from one of the paving contractors.

Comptroller John G. Ward will hereafter furnish monthly balance statements to each board in order that the several departments may be in position at all times to know just what money is available and to what it is being applied. The comptroller does this partly on a suggestion from the mayor and partly upon suggestions coming from the chairmen of the several boards.

The board of works has been called in regular session for late this afternoon. All monthly business will be cleared from the calendar at today's session.

Sixty-seven cases were docketed in the police court Monday. Fines amounted to \$310. Ten cases were continued, six transferred to the county courts and four defendants were discharged.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result. It is not until the inflammation has been removed that hearing is restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous lining of the Eustachian tube.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Sent for Circulars free.

CLEAR THE COMPLEXION OVERNIGHT

Pimples, Rash, Eruptions, Etc., Quickly Eradicated by New Skin Remedy.

Ever since its discovery, poslam, the new skin remedy, has, in its extraordinary accomplishments, exceeded the most sanguine expectations of the eminent specialist who gave it to the world. It has cured thousands of cases of eczema and eradicated facial and other disfigurements of years' standing. The terrible itching attending eczema is stopped with the first application, giving proof of its curative properties at the very outset.

In less serious skin affections, such as pimples, rash, herpes, blackheads, acne, barber's itch, etc., results show after an overnight application, only a small quantity being required to effect a cure. Those who use poslam for these minor skin troubles should immediately secure one of the special 50-cent packages recently adopted to meet such needs. Both the 50-cent package and the regular \$2 jar may be obtained in Pensacola at the Crystal Pharmacy and other leading drug stores.

Samples for experimental purposes may be had free of charge by writing direct to the Emergency Laboratories, 32 West Twenty-fifth street, New York City.

MR. AND MRS. A. A. WRIGHTON.

THE DEATH OF A LITTLE ONE

FUNERAL OF THE LITTLE SON OF MR. AND MRS. A. A. WRIGHTON OCCURRED YESTERDAY.

The death of little Arthur A. Wrighton, Jr., the three months old son of Mr. and Mrs. Arthur A. Wrighton took place Sunday afternoon at 2 o'clock at the Wrighton home on North Seventh avenue, death having been due to a complication of infantile disorders which had kept the baby ailing for several weeks prior to the end. The little sufferer was an unusually bright and charming little fellow, and his death proved a heartfelt blow to his many admirers.

The funeral, which occurred yesterday, was largely attended by relatives and friends of the family, the Rev. Mr. W. B. Allen of St. Katherine's church having officiated. Interment took place at St. Michael's cemetery, the tiny grave having been covered with the many handsome floral tributes which had been sent in as marks of sympathy to the stricken family.

MUCH BUILDING IS BEING DONE

MANY HANDSOME HOMES UNDER CONSTRUCTION AT EAST PENSACOLA HEIGHTS, AS WELL AS PREPARING FOR TRI-COUNTY FAIR.

With the work that is being done at Magnolia Bluff preparing for the Tri-County Fair, and the many residences that are in the course of construction, together with the work that is being done on the streets goes one the impression when they go out there that a new town is springing up.

Many of the streets are already cut through from hay to bay and some of them hardened, making a fine appearance. It is going to cause a great deal of wonder when visitors at the fair see and realize how much work has been done at this place and realize the amount of work it has taken to accomplish it. At the bluff walks have been laid through the park leading to the different buildings that are being erected for display purposes for the fair. Water has been piped to different points on the grounds from the large tank, so that at all times during the fair water for the stock can be had.

Since the streets have been opened and cement walks laid in Pensacola Heights one is impressed with the large amount of building now going on. Many houses are now nearing completion and many of them just started. The activity in Pensacola's suburb gives one reason to think that Pensacola is now on the right road to future prosperity.

Mr. F. G. Fritz, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is mild, pleasant and effective, and cures habitual constipation.

W. A. D'Alembert, druggist and apothecary, 121 South Palafox street, is your family reading "Worth While?"

So much of current reading is merely entertaining at best that the question naturally arises, Is it worth while? Your sons and daughters are hungry for stories which take them into the other half of the world—the world of adventure, of valor, of fortune-making. The problem is to give them such reading without putting into their hands the literature that is either silly or demoralizing. The editors of The Youth's Companion believe that a periodical can be made entertaining and yet "worth while," and The Companion is conducted on that theory. And that is one reason why more than half a million American families read it. The paper is safe, but not dull. Its tales of adventure illustrate the advantages of fortitude and self-reliance. Its stories of character lay stress on the truth that right conduct is never a mistake.

Every new subscriber will find it of special advantage to send at once the \$1.75 for the new 1910 Volume. Not only does he get the beautiful "Venedictian" Calendar for 1910, lithographed in three colors, and gold, but also the issues of The Companion for the remaining weeks of 1909 from the time the subscription is received.

Mr. Blount intends beginning an active campaign about January 1.

THISTLES AND DANDRUFF.

An Interesting Parallel and a Valuable Deduction Therefrom.

Cutting down thistles no more relieves the land of thistles than does scouring the scalp cure dandruff. In each case permanent relief can only come from eradicating permanently the cause. A germ that plows up the scalp in searching for the hair root where it saps the vitality, causes dandruff, falling hair, and baldness. If you kill that germ, you'll have no dandruff but a luxuriant suit of hair.

Newbro's Herpicide is the only hair preparation in the world that cures dandruff and falling hair by killing the germ. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. One-dollar bottles guaranteed.

SIGNALS SET FOR A MUTINY

TOO MUCH BEER, CAPTAIN SAID, CAUSED SEAMEN TO BEHAVE BADLY ON DECK, ATTACKING SUPERIOR OFFICERS.

"K. M. Q." flew Sunday at noon at the yard arm of the Norwegian ship Otsa, Capt. Refsnies, now taking cargo at the west side of Palafox wharf. The set signal fluttered immediately following the reports of two pistol shots, and when navigators made out that there "was mutiny aboard," some apprehension was felt. There was no time lost, therefore, in getting word to police headquarters.

In the police court yesterday, a sailor named Mesensen was fined \$50 and costs for assaulting, and another named Olsen was fined \$25 and costs for fighting. Capt. Refsnies paid Olsen's fine at 3 o'clock yesterday, but would not take him out of jail at the time, instructing the sergeant to keep him in a cell until 7 a. m. today. Mesensen will probably serve out his sentence of four weeks, or until the ship is ready to proceed to sea.

Stirring times occurred on the Otsa about noon. The captain and first mate were ashore, having attended church service, leaving the ship in charge of the second officer. During the captain's absence beer which had been stored on the vessel was brought out and drinking became general. It was stated that Mesensen was very disorderly and first provoked an attack on the officer in charge. In such conduct he was assisted by Olsen, who also attacked the mate, and the latter was badly hurt, presenting a pitiable spectacle aboardship yesterday. It was during the time of assaulting the mate that the latter's revolver was procured by Mesensen, who was charged with discharging firearms. Two shots were fired, one of which lodged in the superstructure of the Uruguayan bark San Pedro, lying parallel with the Otsa. It was at noon time, and the crew of the San Pedro was at dinner. It was said there was some wild scrambling when the Spanish seamen realized the first shot had come so near, and was followed by another one.

A SEA ATTACK ON FT. PICKENS

Send the Family Wash

to the New Method and you'll not bother with having it done at home again. All in all, it is made economical, and certainly less worry. The work here is always done.

NEW METHOD LAUNDRY,
E. W. LAWRENCE, Proprietor.
15-17 W. ROMANA ST.
Phone 186.

The attacking squadron will be made up of the steamers Post, Capt. T. W. Morrison, Lieut. Neary and General Page. Pickens will be assailed first, and then the fleet will direct warlike attention to the other garrison, on the mainland. It will be a case of minute warfare from start to finish, but tonight's maneuvers will constitute the most important portion of the series of attacks at present being conducted at the local army posts.

A New Target.
A modern, up-to-date target has been received in sections at Barrancas. It represents a warship, the water line principally being shown. To score a hit, a shot must actually strike the target, whereas in the past it was counted a hit if projectiles struck within a given radius of the canvass constructed targets. The new target will be used upon the occasion of the forthcoming target practice series.

THAT PALLID, ASHEN HUE

The forewarning of diseased kidneys' deadly work is in the gray pallor of your face—don't allow the kidneys to become deranged.

Day by day, there are people—men and women—gradually drifting along—taking little heed of the first signs of diseased kidneys and bladder—until the time for a cure is past. There is then little to hope for. Few persons even faintly comprehend the excessively deadly character of Kidney and Bladder ailments. If they did they would in no case delay seeking a cure.

Such insistent signals of danger as those intermittent pains and "hitches" in the back, groin and limbs (or constant dragging pains in back), headaches, bloating of the extremities, nervousness, tired-out feeling, sleeplessness at night, etc.—should convince you that your system is charged with that deadliest of all systemic poisons—uric acid.

And uric acid in your system, surely means Kidney and Bladder disease—and, later, chronic rheumatism, inflammatory rheumatism, gravel and gall-stones, dropsy, diabetes, serious nervous disorders, and Bright's Disease. You will readily see why you cannot afford to delay.

DEWITT'S KIDNEY AND BLADDER PILLS
are the best remedy in the world for all such conditions. This statement is made with a full knowledge of the great and permanent benefits which have quickly resulted from their use, in multitudes of even the most desperate cases.

Give almost immediate beneficial results, in any Kidney and Bladder derangement, and are marvellously soothing, healing, antiseptic and reconstructive in their action upon the weakened, diseased and inflamed organs and tissues. You can hardly fail to experience permanent benefit and cure.

E. C. De Witt & Co. the manufacturers of these Pills, want every man or woman who has the slightest suspicion that he or she is a victim of Kidney or Bladder derangement, in any form, to at once know just how beneficial these Pills are.

To accomplish this, as quickly as possible, they will (even though these Pills are for sale at nearly all drug stores) send by return mail—to anyone who will merely take the trouble to write for it—a free trial of DeWitt's Kidney and Bladder Pills. Surely no one can afford to neglect accepting so generous an offer. Send for it today.

Thousands of grateful men and women have accepted this offer, secured the free trial of treatment of DeWitt's Kidney and Bladder Pills, and now state that they are free from every trace of the dreaded disease that was sapping their lives away.

We know just what DeWitt's Kidney and Bladder Pills will do.

DeWITT'S KIDNEY AND BLADDER PILLS
