WAS IN THE KITCHEN

QUITE A COMMOTION CAUSED IN SOUTH PALAFOX STREET GREEK'S RESTAURANT WHEN REPTILE WAS DISCOVERED.

Attracted by the peculiar action of two cats in his kitchen, a Greek, conducting a restaurant and fruit store combined on Palafox between Zaragoza and Main streets, started in to make an investigation. He did not look very long before he found on the floor a snake over thirty inches in length, of what is known generally as the high ground moccasin variety. A commotion followed the discovery of the snake's presence, which was made at 9:05 o'clock last night. Weapons of all sizes and shapes were grabbed quickly and it was not long before the snake was killed. The Greek, corroborated by several other men of that nationality, said the cats had been acting in a peculiar manner for a long time before he started in to see what was the matter, and he believed the reptile had been there for thirty or forty minutes.

DESTIN.

Special to The Journal. Destin, Oct. 19.—Miss Ellen Destin returned from Boggy Monday. She was accompanied home by her grandfather.

Fred Woodward left for Mobile Tuesday to be gone a few days.

Tuesday the Williams crew caught about a thousand pounds of mackerel. Marler brothers caught some mackerel and pompano and L. D. Woodward caught a few pompano.

Wednesday L. Destin caught a thousand pounds of pompano. Barnes Bros. also caught about the same amount.

This week fishing has been better than usual and all are hoping for luck to continue or get better.

The Barnes Bros. returned from East Bay Monday night.

Mrs. Chas. Marler and children went to Harris on a visit to Mrs. Marler's aunt last week.

Don Henson and Allen Douglas came back from Camp Walton Sunday.

Miss Ellen Destin will leave Saturday for Boggy. From there she will go to Madison, where she will enter college.

Fred Williams got a good catch of pompano Wednesday.

DR. W. L. SNIDER WILL LECTURE

PRESIDENT OF WAFFORD COLLEGE WILL SPEAK AT THE FLORIDA EDUCATIONAL ASSOCIATION AT DELAND DEC. 28.

Special to The Journal. Tallahassee, Oct. 19.—Dr. H. N. Snider, president of Wofford College, Spartanburg, S. C., will lecture before the Florida Educational Association, to convene at Deland, December 28th. Snider was elected president of the association by Dr. Edward Conrad, president of the Woman's College, in answer to a letter of invitation sent by him to Dr. Snider at the recommendation of Drs. Tucker and Body, both of whom speak in the highest terms of the lecturer's eloquence, and of his fitness to speak before the association, by reason of his thorough and practical knowledge of educational work.

Dr. Tucker, who has oversight of the college library, with the assistance of the college librarian, Miss Mary Athorp, is getting the library rearranged, and making out orders for new books. This work is looked after with the most painstaking care, and the girls are constantly encouraged to donate to the library books they have provided for them, and carefully taught how to use them to the best advantage.

Miss Abernathy has the belongings of her art studio enriched by the acquisition of several beautiful prints, copies in the original colors of some of the most renowned paintings of the old masters. Among these are Leonardo Da Vinci's "Last Supper"; Titian's "Madonna of the Cherries"; and "Dante's Dream," by Rossetti. Miss Abernathy hopes gradually to acquire many of these prints, as they seem to convey to her pupils a cruder idea of the work of these old masters of painting than do the colder representations in black and white.

The administration of the college has been so fortunate as to secure a comparatively new and altogether satisfactory engine and boiler for the college laundry, at almost one-third of its original value. The machinery is now being placed by a competent mechanic, and the laundry will be in working order by another week.

The two tennis courts on the campus are in constant demand and the administration is having prepared the courts for basket ball. These games are extremely popular with the girls.

Former Lessees Own Property. The board of commissioners of state institutions met in the executive office, all members being present except the superintendent of public instruction. The minutes of the last meeting were read and approved.

Mr. R. H. Paul, president, and Mr. S. A. Rawls, general manager of the S. A. Rawls Company, the present lessees of the state prisoners, with their attorneys, Messrs. H. H. Buckner and C. B. Rinehart, and Mr. D. R. McNeill, president of the Florida Pine Company, now lessees of state prisoners, with his attorney, Mr. E. J. L'Engle, appeared before the board and discussed the matter of the re-lease of the board, representing the state of Florida, with any prospective lease or sale of the central prison hospital property, near Ocala, from the present lessees to the new lessees. After said discussion, Mr. S. A. Rawls stated that his company did not claim that the board is under any obligation to take over the central hospital property. Mr. Rinehart stated that he now advised the S. A. Rawls Company that the state is not under any such obligation. Mr. R. H. Paul, president of the S. A. Rawls Company, stated that he had accepted Mr. Rinehart's advice. The foregoing was read to the board in the presence of the gentlemen above named, and was agreed to by the said gentlemen and approved by the board.

It was ordered that the secretary furnish the S. A. Rawls Company a certified copy of the resolution adopted by the board on October 13th relative to the central prison hospital property.

Governor Returns. Governor Gilchrist and State Treasurer W. V. Knight have returned from their trip to the Everglades.

Mr. and Mrs. J. S. Winthrop gave a beautiful entertainment Friday evening on the occasion of their wedding anniversary, the guests being invited to a game of five-handed euchre. The handsome parlors were exquisitely decorated, and a delicious supper of several courses was served.

At the home of the bride's parents, Mr. and Mrs. D. A. Jones, at Black Creek, Miss Ruth Jones was united in marriage to Mr. Alphonse Pichard, of Tallahassee, on the 17th inst. The ceremony was performed by Rev. J. B. Pruitt, in the presence of the immediate relatives of the bride.

After partaking of a sumptuous luncheon, Mr. and Mrs. Pichard, accompanied by a crowd of their young friends, went over to Lloyd, and amidst a shower of rice and old slippers, took their departure for Jacksonville, St. Augustine and other points of interest along the Atlantic Coast. They will be at home to their friends in their home on Magnolia Heights after November 1st.

Miss Ruth Jones was a student last year at the Florida State College for Women.

Personal Mention. Messrs. H. L. Bethel, Thos. Costa and E. B. Casler were appointed a committee by the Tallahassee Chamber of Commerce to solicit funds for the relief of the storm sufferers at Key West. So far the committee has reported the sum of \$265.50.

Mrs. J. S. Manning, of Jacksonville, is visiting her parents, Mr. and Mrs. George Lewis, on Park avenue.

BOAT RACES AT GARNIER'S SUNDAY

Special to The Journal. Garniers, Oct. 19.—The people of Garniers and vicinity were treated to

a boat race between the launch Donna and Ben Powell's new launch Sunday. The course was from the head of Garniers bayou to White Point. It was closely contested, but the Donna won. This new boat of the Witherrills, while not especially built for a race, is very fast as is evidenced in this contest, for the Powell boat is no mean antagonist and is very speedy.

Mrs. Milligan and Miss Myrtle Irwin went to Pensacola Monday on the launch Donna.

A party of gentlemen from Pensacola consisting of Dr. W. A. J. Pollock, A. Riera and son, Dr. W. A. D'Alemberte and J. H. D'Alemberte and D. F. Sullivan are spending a few days at the camp at Guss's place on Garniers.

Dr. T. C. Ford, who has been absent on a visit to New York, his former home, is expected back the first of the week.

Mr. and Mrs. W. M. Hartgrove took dinner with Miss Earle on Five-Mile Sunday.

Mr. Gaskin, who has spent several winters here in Florida, returned again last week to pass the winter. He has rooms with Miss Peterson at Sunny Brook on Five-Mile bayou. In spite of themselves, the sand in their shoes turns their feet back to Florida.

Prof. J. T. Diamond, county superintendent of schools for Santa Rosa county, was visiting the shoals in this neighborhood last week. He visited the Davis school, where Mr. Hartgrove is teaching, Thursday.

Rev. Mr. Campbell was quite sick for the past week with something like erysipelas. At last reports he was his usual better.

Mrs. John Sinston is spending some time with her parents, Mr. and Mrs. Littlefield.

Mrs. Calsie Reinhart, who has been stopping in Camp Walton for some time past, returned on the launch Swan Wednesday.

Little Garnier Hand has been quite sick for several days.

TO APPORTION PARK MONEY

BOARD OF WORKS CREATES NEW COMMITTEE TO LOOK AFTER VERY IMPORTANT MATTER IN CITY BEAUTIFUL WORK.

For the purpose of getting at exactly what is wanted by each park commission, and to recommend the apportionment to each park, Chairman Jennings, of the board of works, last evening created a new committee for that board. It is composed of Mr. Fisher and Dr. Blocker, and at a time to be agreed upon, possibly in time for report at next Friday evening's meeting, a meeting will be held with available park commissioners or letters from each board of commissioners will be received and considered, with a view of estimating just what can be allowed each park. The appointment of such committee followed the receipt of communications from several boards of park commissioners for designating amounts. Some very important park boards were not among the applicants and the board wished to pro rate the available parks and square fund just as evenly and advantageously as possible. The fund this year amounts to \$7,000, of which \$2,000 is for the plaza and city hall grounds. That leaves \$5,000 for distribution to all other parks. The new committee will report on the correct apportionment of that sum.

The committee had under advisement the raising of the salary of E. W. Kemble, the Plaza gardener, and making him a general superintendent of the very important parks, which would include the Plaza, Seville, K. E. Lee and Georgia squares, and the PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

A Man-Hunt Followed Bloody Attack of Negro on Young Man at Century

(Continued From First Page)

emerged from the swamp a badly frightened darkey. The deputy was also close behind Stewart. "Don't let them kill me, Mr. Brewton," he was heard to exclaim, when a young man and Robert Jeter and a companion brought their guns to position and determinedly commanded Stewart to stop.

A CRITICAL MOMENT. The black was conveyed to Century for preliminary trial. In the justice court every word was listened to and the audience continued to grow large.

Walter Hall was popular and had many relatives who were also not without friends. The trial over, the crowd then began to thoroughly take in the true situation. None realized this more than two officers. Deputy Brewton and Constable Gowman were in charge of Stewart. Just at the ending of the trial an automobile started for McDavid, and into this the negro was hustled. A quick dash to McDavid was made, arriving in time to find the negro on his way to Sheriff Van Pelt was at McDavid enjoying a fishing outing. He was not told of the trouble in time to get on the chase, but came to the city with the officers.

TROUBLE LONG STANDING. While no one could say exactly what provoked trouble between Stewart and young Hall, it was believed that the attack was the outcome of a long-standing enmity which Stewart is said to have held against the Hall boys. Stewart was cut some time ago by one of Hall's relatives, for which the latter was punished. Many said at Century that Stewart held a deep grudge against the boys and their relatives since that occurrence.

PILES CURED IN 6 TO 14 DAYS PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

MEXICAN GOVERNMENT STARTS FIGHT FOR EXTRADITION

By Associated Press. Eagle Pass, Texas, Oct. 19.—The Mexican government started its fight here today for the extradition of Carlos Guerra, an alleged revolutionary, who is charged with murder, arson and robbery in connection with the uprising at La Vegas a year ago. Guerra has been in jail since last January and under the provisional treaty between Mexico and the United States extradition papers were applied for by the state of Coahuila. Guerra has the support of the league for protection of political refugees and a sharp contest is expected.

THE WILLENA BOATING HERE

A PECULIARLY CONSTRUCTED HOUSEBOAT IS AT MOBILE AND WILL SHORTLY REACH PENSACOLA.

The Mobile Register of yesterday contained the following: "The gasoline houseboat Willena, Hasley, master, arrived yesterday from Oshkosh, Wis., and moored on the east side of the river. The Willena is a peculiar boat in construction and is a handsome one on the interior. She belongs to W. H. Fahrney, of the city, who had her built after his own plans.

"The boat is 90 feet long, 17-foot beam, and is controlled without a rudder, the stern wheel turning instead of a rudder. Captain Hasley says the wheel rudder is all right for rough water, but is not a success in smooth water. He attempted to go from Mobile to Pensacola, but when fifteen miles out put back to Mobile on account of the roughness of the gulf. The engine is mounted on a movable platform which works on rollers, and this platform is attached to the propeller wheel of the boat, all of which moves when the steering wheel is turned on the upper deck. The interior of the boat is the main point about the vessel, and it has a roomy saloon and several spacious staterooms. The owner left the boat at Memphis and took the train to Miami, Fla., where he expected to meet the boat. Captain Hasley is at a loss to know how to get to Miami with that steering rig. The crew of the boat is made up of Captain Hasley, Engineer Williams, Oarsman Lezz and Pilot Dannerschmidt."

By Associated Press. New Orleans, Oct. 19.—The resumption of the deliberations of the coroner's jury at St. Francisville, La., today in connection with the murder of Edward K. Judson, whose dead body was found near that town yesterday, was the occasion of widespread interest. The prominence of Judson before the jury, the prominence of his reason, and the arrest of Dr. E. C. McKowen, one of the best known physicians of Jackson, La., charged with the murder, have combined to arouse intense feeling.

NET CLOSING ABOUT FALL RIVER PHYSICIAN

Fall River, Mass., Oct. 19.—Police Inspector Medley, who is at work on the Tiverton murder case, made the following announcement today: "We have discovered blood stained furniture and other articles which establishes the fact in our minds, beyond a reasonable doubt, that an operation upon Miss Amelie St. Jean, of Woonsocket, R. I., was performed successfully in the office of Prof. Frank Hill, on Bedford street, week ago last Friday afternoon, and that she died there and the body was subsequently dismembered in that shop.

"A vehicle was then procured and the body was taken to the town of Tiverton, across the Rhode Island boundary, and there distributed along the highway known as the Burghers road."

Inspector Medley declined to state "what other articles" had been found, but said that the evidence was found "behind a blood stained door."

"Professor" Hill and Wilfred Thibault were arrested last Friday.

WILL WIND UP AFFAIRS OF NASHVILLE TRUST CO.

By Associated Press. Nashville, Tenn., Oct. 19.—The City Savings Bank, or City Bank and Trust Company, which went into voluntary liquidation last Saturday, is insolvent and its affairs will be administered and wound up under the direction of the Davidson chancery court. This decision was made this morning by Chancellor Allison in the case in which Mrs. B. L. Wood, a depositor who sues on behalf of herself and all other creditors in like predicament, asked for a receiver.

ORANGE COUNTY HAS A WILD MAN

NIGHT TRAVELERS HELD UP BY UNKEMPT PERSON—HE WAS SCANTILY CLOTHED—OTHER TRAVELERS ALSO REPORTED HAVING HEARD WILD MAN.

If reports are true, the Steer Lake section is stirred up over the appearance of a wild man, and the people are to some extent alarmed, says a special from Orlando. This man has been seen by several parties, but so far no one has been able to approach him.

A few nights ago Philip Brennan and Arthur Mahlig were riding mules along the road near Steer Lake, when they heard some person in the woods near by screaming and making all sorts of cat calls. They answered, but received no reply. A few hundred feet further, however, the man jumped into the road, and holding the young men up in a way, repeated frantically above his head. It was a bright moonlight night, and the riders could see the man plainly. He was scantily clothed and appeared to have long, shaggy and unkempt hair. The riders made a dash, came near running over the man, and succeeded in getting away.

A couple of days after this occurrence Frank Pounds, a young man well known in this city, was driving his automobile along this same route, when he heard similar calls. Having been informed that this man was inhabiting that section, he at once realized that he was "up against it," and pulled his machine wide open. The time Frank made was a caution, especially after the wild man had shown himself in the open and Frank got a good look at him.

It is said that the description given by Mr. Pounds of the man, considering the short time occupied in "sizing him up," was identical with that of Messrs. Bennin and Mahlig, and there is no doubt but that he is rambling around the country in a semi-conscious or half-demented condition.

WILL OPPOSE AN ADVANCE OF RATES

By Associated Press. Cincinnati, O., Oct. 19.—That any proposed advance in freight rates to disturb existing business conditions and such advance is not justified, will be vigorously contested by shippers' organizations, was the tenor of a resolution adopted late today at the meeting of representatives of shippers and other commercial organizations from all parts of the country here.

The day was devoted to a discussion of the freight situation and it was determined to inaugurate a strong movement opposing an advance in rates.

GEN. ESTRADA ESTABLISHES OUTPOSTS AND RETURNS

Special to The Journal. Bluefields, Nicaragua, Oct. 19.—General Estrada, the rebel leader who has proclaimed himself president provisionally of Nicaragua, returned to his city today after having established outposts to the north of Rama and sent a detachment of five hundred of his best men to meet the expected approach of the government forces.

Estrada claims that he can hold Rama for 100 days, and it is believed here that if the interior is lost to President Zelaya that he will never be able to regain the Atlantic coast, now in the possession of the rebels.

President Zelaya's army is reported to be moving toward the interior from Bluefields and Managua, the capital, have been down since they were cut on October 13.

The rebel movement is a serious one, despite the tenor of official dispatches emanating from Managua. Schooners arriving from the south today brought ten thousand rifles for the insurgents.

CLODBURST IN TEXAS DOES GREAT DAMAGE

By Associated Press. San Marcos, Texas, Oct. 19.—A cloudburst struck this city early today, causing a heavy property loss. Over ten inches of rain has fallen within the past twenty-four hours. A heavy loss was sustained when 15,000 bales of cotton were washed from a platform into the San Marcos river. Many houses in the lowlands are flooded, but no loss of life has been reported.

WEALTHY TENN. FARMER KILLED BY L. & N. TRAIN

By Associated Press. Nashville, Tenn., Oct. 19.—Black Davis, one of the wealthiest farmers in Williamson county, was struck and killed by the Decatur accommodation train on the Louisville and Nashville railroad this morning as he was crossing the track in a wagon at Wilkes station, just south of here.

ONE BULLET FATALLY INJURES TWO PERSONS

By Associated Press. Vincennes, Ind., Oct. 19.—By the same bullet Frank Bates and Roy McCall were fatally wounded last night by Deputy Marshal Luther Clark. Bates interfered with an arrest the deputy was making. McCall was shot accidentally in the neck, the bullet then piercing Bates's right lung.

CUBA NOT RESPONSIBLE.

Washington, Oct. 19.—The Cuban government disclaims any connection with the Ferrer demonstrations which took place in Havana Sunday.

APPEAL IS ALLOWED.

Pittsburg, Oct. 19.—The supreme court of Pennsylvania today allowed an appeal in the cases growing out of alleged grafting in connection with the building of the state capitol.

YOUR STOMACH TROUBLE GOES

INDIGESTION, GAS, HEARTBURN OR DYSPEPSIA IS COMPLETELY OVERCOME FIVE MINUTES AFTER TAKING A LITTLE DIAPEPSIN.

There would not be a case of indigestion here if readers who are subject to Stomach trouble knew the tremendous anti-ferment and digestive virtue contained in Diapepsin. This harmless preparation will digest a heavy meal without the slightest fuss or discomfort, and relieves the sorest, acid stomach in five minutes, besides overcoming all foul, nauseous odors from the breath.

Ask your pharmacist to show you the formula plainly printed on each 50-cent case of Pape's Diapepsin, then you will readily understand why this promptly cures indigestion and removes such symptoms as heartburn, a feeling like a lump of lead in the stomach, Belching of Gas and Eructations of undigested food, water brash, Nauseau, Headache, Bilioiness and many other bad symptoms; and, besides, you will not need laxatives to keep your stomach sour and interfering clean and fresh.

If your Stomach is sour and full of gas or your food doesn't digest, and your meals don't seem to fit, why not get a 50-cent case from your druggist and make life worth living? Absolute relief from Stomach misery and perfect digestion of anything you eat is sure to follow five minutes after, and, besides, one case is sufficient to cure a whole family of such trouble.

Surely, a harmless, inexpensive preparation like Diapepsin, which will always, either at daytime or during night, relieve your stomach misery and digest your meals, is about as handy and valuable a thing as you could have in the house.

SAN FRANCISCO REJOICING OVER HER REHABILITATION

By Associated Press. San Francisco, Oct. 19.—Rejoicing over her rehabilitation after almost complete destruction by earthquake and fire, San Francisco is making merry today with guests summoned from all the world to participate in the festivities of a carnival week. Ostensibly to commemorate the discovery of San Francisco Bay by Don Gaspar de Portola, the celebration in reality is more in honor of those who have rebuilt a greater city on the ruins of the old.

The warships of five nations joined with those of the United States in welcoming today.

Don Gaspar de Portola was impersonated by Nicholas Coverublas, a descendant of the Spanish settlers of the state.

No more cosmopolitan parade was ever seen on the coast than that which escorted Portola from the landing at the Mission street dock to Union Square, where he received a golden key to the city.

First came the United States regulars, then the American bluejackets leading the sailors and marines of Great Britain, Holland, Japan, Germany and Italy.

Don Gaspar's personal escort consisted of the Portola Dragoons, a mounted company of sixty men in the glittering armor and the accoutrements of the time of Portola, the real hero of the city.

At Union Square the toast prepared by President Taft to the rebuilt city was drunk. Don Gaspar was then presented to Queen Virginia, who will reign during the festival.
