

SPANISH CABINET RESIGNS, THE THRONE IS TOTTERING

Violent Scene in the Chamber of Deputies Led up to the Finale.

RELIGIOUS ISSUE PROVED THE ROCK UPON WHICH THE MINISTRY FOUNDERED AND THE EXECUTION OF FERRER TENDED TO ADVANCE THE CRISIS. REPUBLICANS AND SOCIALISTS BITTERLY ASSAILED THE GOVERNMENT.

By Associated Press. Madrid, Oct. 21.—The Spanish cabinet, headed by Premier Maura, resigned this afternoon. The cabinet which resigned today was formed January 25, 1907, with the following ministers: Premier—Senor Maura. Foreign Affairs—Senor Allendesalazar. Justice—Marquis de Figueroa. Finance—Senor Besada. Interior—Senor de la Cierva. War—General Linares. Marine—Senor Fernandez. Agriculture, Commerce and Public Works—Senor Sanchez Guerra. Education—Senor Rodriguez San Pedro.

RELIGION THE CAUSE. Preceding the formation of this cabinet there has been no less than five liberal ministries in eighteen months. The religious issue had been the rock on which these ministries were wrecked and the accession to power of Senor Maura, who had before held the premiership, was regarded as a sweeping victory for the clericals and one likely to arouse a revolutionary spirit. This proved to be the case, the opposition finally uniting against the government's conduct and furtherance of the war in Morocco. The stern measures taken to put down the recent anti-war demonstrations in Spain tended to inflame the opposition and the execution of Ferrer followed by popular demonstrations of disapproval brought matters to a crisis. When parliament reopened the liberals, republicans and socialists bitterly assailed the government, but the cabinet showed a disposition to fight for its life.

VIOLENT SCENE. There was a violent scene in the chamber of deputies yesterday, when the opposition, headed by Senor Morot y Frensdorff, the former premier, renewed its attack upon the government. Minister of the Interior La Cierva said that the ministry would
