CITY GARBAGE CONTRACTOR IS ON PROBATION

BOARD OF WORKS LISTENED PATIENTLY AND HEARD MANY COMPLAINTS AGAINST SERVICE NOW BEING FURNISHED—BETTER IN FUTURE HAS BEEN PROMISED.

For more than two hours last evening the board of works sat and heard and investigated a number of complaints received from persons all over the city regarding the scavenger service now being given by Robert Ridley, who was recently awarded the garbage contract. Chairman Jennings was there, although the serious illness of his child gave him much concern. Dr. Quina was too busy to attend and Mr. Fisher was out of the city. That left with the chairman, only Dr. Blocker and Mr. Schrad.

Judge Avery appeared in behalf of Ridley and said his client attributed part of his failure to carry out contract fully to bad, and, in many cases, impassable streets, from the public works which are going on in all parts of the city. Given a chance, Ridley himself made an explanation, saying that in his efforts to collect garbage, he had carried receptacles on his shoulders for a block to his wagons. He said whenever he found that any of his drivers had been discourteous to white or black, that driver invariably lost his job. One case of complaint against him came from what he called a "chronical neighborhood growler," which caused a laugh in the board room. As for his own conduct he said he had never made use of "an oath to man, woman, chicken or child," which also caused a laugh. Dr. Bruce, the city health officer, five sanitary inspectors and Desk Sergeant Yalvestra (who produced station house record of complaints) were all called upon to give their opinions regarding service as furnished by Ridley. They all had something to say against the service as given, but the board, in consideration of the known bad conditions of the streets, adopted a motion that notice in writing be given Ridley to improve on the service or there would likely be a forfeiture of contract. He promised that in future the contract would be carried out to meet all the requirements.

Other Business.
The board received a proposition from the Dunham, representing the Austin-Western Co., Ltd., Chicago, concerning the purchase of street sweepers and sprinklers; also a rock crusher and a road roller. The board will act finally on such proposition at a meeting to be held some time next week.

Two bids from the Whiddon Construction Co., and the Chamberlain-Franklin Construction Co., respectively, for building cement walks across grass plots were in hand. Both were at 11 cents. The bids were held up for the present and a resolution passed, asking the council for an appropriation of \$5,000 to pay for the work. Exactly \$4,950 is needed to pay for the entire work as figured by the city engineer. Four thousand dollars of this amount would have to be available within forty days after a bid was allowed.

Negotiations for a right of way through the Muller property for Barrancas avenue were ordered continued.

A DOCTOR'S SLEEP Found He Had to Leave Off Coffee.

Many persons do not realize that a bad stomach will cause insomnia. Coffee drinking, being such an ancient and respectable form of dissipation, few realize that the drug—caffeine—contained in the coffee and tea, is one of the principal causes of dyspepsia and nervous troubles.

Without their usual portion of coffee or tea, the coffee tapers are nervous, irritable and fretful. That's the way with a whiskey drinker. He has got to have his dram "to settle his nerves"—habit.

To leave off coffee is an easy matter if you want to try it, because Postum—well boiled according to directions—gives a gentle but natural support to the nerves and does not contain any drug—nothing but food.

Physicians know this to be true, as one from Ga. writes: "I have cured myself of a long-standing case of Nervous Dyspepsia by leaving off coffee and using Postum, says the doctor.

"I also enjoy refreshing sleep, to which I had been an utter stranger for 20 years.

"In treating Dyspepsia in its various types, I find little trouble when I can induce patients to quit coffee and adopt Postum." The Dr. is right and there's a reason. Read the little book, "The Road to Wellville," in plge.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

The board had a proposition for the property at \$280 per lot, and it was proposed to purchase and open a parkway with the same.

The mayor was authorized to pay \$175 for a horse to be used by the street superintendent, providing the animal selected proves satisfactory.

Steamer A. M. Scott, carrying West Virginia delegates. Steamer Sarah E. Denborn, carrying Louisiana deep waterway delegates.

TAFT AND CANNON AMONG SPEAKERS AT ST. LOUIS St. Louis, Oct. 25.—Waterways improvements as part of the national policy of conservation of streams was the theme of two notable gatherings here and in East St. Louis today.

President Taft, Speaker Cannon and Governors Deneen, of Illinois, and Hadley, of Missouri, taking the leading roles.

Vice-President Sherman was also at the East St. Louis meeting, making the most complete roster of officials ever assembled west of the Alleghenies. Cabinet members, United States senators and representatives, and ministers from foreign governments listened to speeches at the opening meeting. Tonight the president, speaker and several hundred other notables are speeding down the Mississippi aboard a flotilla of steamers en route to New Orleans to attend the convention of the deep waterways association.

TAFT BELIEVES IN THE IMPROVEMENT OF WATERWAYS St. Louis, Oct. 25.—Referring to waterway improvements, President Taft said:

"Let us take up each project on its merits, and determine whether the country in which the project is to be carried out is so far developed as to justify the expenditure of a large sum of money and whether the project will be useful when done. When you have determined on the general principle good for the entire country, then I will favor doing the work rapidly and issuing bonds to do it."

Referring to this, Speaker Cannon addressing the gathering at the dedication of the new federal building in East St. Louis said: "It is a safe and sound outlining and a proper policy to pursue."

APPLICATIONS REACHING CITY

SECRETARY WATERMAN RECEIVES SIX FROM YOUNG FARMERS WHO DESIRE TO TAKE COURSE IN UNIVERSITY OF FLORIDA.

Six applications were filed yesterday with Secretary Waterman of the Chamber of Commerce for appointment to the ten studentships offered by the business men of Pensacola in the special agricultural course at the University of Florida. These applicants are Wayne W. Ridpath and R. R. Reeve of Cottage Hill, and Robert L. Longe, J. M. Godwin, J. E. Agerton and Thomas Wiggins of the Walnut Hill region. Several other applications were filed, subject to the approval of parents.

FINE LOT OF FELLOWS. All the applicants are reported by those who know them to be just the sort of young farmers, ranging from 18 to 22 or 23 years of age, who would make the very most of the opportunity thus afforded, but it looks as if in many instances they would have serious trouble in leaving home by Sunday next.

Mr. Waterman has therefore written to the president of the state university to ask if it is necessary that the students start in on November 1, and to what extent, if any, they would be hindered or hinder the classes by starting in a week later.

NEXT SUNDAY PERHAPS. Mr. Waterman had hoped to be able to make his selections and send off the ten next Sunday, and get the advantage of half rates by sending off all ten at once. He still hopes to do so, though it may be necessary to get the men off in so short a time.

DELAY IS DANGEROUS. "There should be no delay in filling applications," said Mr. Waterman last night. "Every youth or young farmer who wants to take the special three months course in agriculture at the expense of the business men's fund should apply at once, giving his age and exact place of residence, so that I can mark his farm on the soil survey map of the county to help me in selecting. Every one can thus help me in a task which is not an easy one by any means, and I hope they will all help me by applying just as soon as they can possibly do so by letter or in person if they happen to come to town."

While I still hope to send them all off next Sunday and have them start in next Tuesday when college opens, I must be guided by the answer I get on this point from the president of the university. Meanwhile, I hope every aspirant will apply at once, so that I can make first and second selections from the various parts of the county."

TO CURE A COLD IN ONE DAY Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

THE CIRCUS ADVERTISERS SPECIAL CAR WAS AN ARRIVAL YESTERDAY WITH LARGE FORCE ABOARD TO EMBLazon TOWN WITH SHOW POSTERS.

Barnum & Bailey's fine advertising car with a force of 35 men arrived yesterday for the purpose of "posting" the town and vicinity for the big show. This was the first of four cars used in announcing the approach of the big show. Two more cars will be here about a week and a fourth will come following closely in the rear of the others. The fourth car attends to the railroad advertising.

Those attaches who were here yesterday gave the assurance to all that the entire show would be given at Pensacola.

BOTH BOYS SAVED. Louis Boon, a leading merchant of N. Mich., writes: "The boy of Foley's Honey and Tar absolutely cured my boy of a severe cough, and a neighbor's boy, who was so ill with a cold that the doctors gave him up, was cured by taking Foley's Honey and Tar." Nothing else is as safe and certain in results.

W. D'Alemberte, druggist and apothecary, 121 South Palafox street.

LARGE NUMBER SAW PERKINS DEMONSTRATIONS OF LION COLLAR MAN SERVED A INTERESTING ATTRACTION FOR MANY DURING THE DAY.

R. G. Perkins, traveling representative of the United Shirt and Collar Co., stood most of the day in the show window of A. Henry White & Bro., and gave interesting demonstrations of the qualities of the celebrated Lion collar. For hours yesterday crowds watched him deftly working with the renowned goods. Mr. Perkins was with the Shuberts last year on Broadway in a celebrated dance.

PLANS O. K. FOR REGATTA

PENSACOLA YACHT CLUB HAD MEETING LAST NIGHT AND CLOSED UP ALL PRELIMINARIES FOR APPROACHING EVENT.

Practically completed are preliminary plans for the regatta to be held in conjunction with the Tri-County Fair. Such were substances of reports made last night at a meeting of the Pensacola Yacht and Motor Boat club. At the same meeting reports were heard that the speedy Blue Wing II, and several cabin cruisers were coming over from New Orleans to go against the local boats.

It was decided to hold the regatta on Wednesday, November 10, which will be the second day of the fair, when perhaps the crowd will be largest. There will be five different races. Prizes for each event will be later announced.

Commodore Watson was authorized to name a soliciting and entertainment committee. This may be done today.

RIVAL TEAMS TO PLAY THURSDAY THE PENSACOLAS WILL MEET THE PICK OF THE POST LEAGUE THURSDAY AND FRIDAY AT MAGNOLIA BLUFF.

The claim of the Pensacolas to the championship of this section, which has been disputed by the Barrancas team, is to be settled on the diamond at Magnolia Bluff, the Pensacolas having accepted the terms of the challenge as stated by the Barrancas manager some weeks ago. The first game will be played Thursday, the series to consist of three games, the winner to take all gate receipts. The line up of the two teams will be as follows:

Pensacolas—Lairton, catcher; Gordon, Weeber, Laird and Armstrong, pitchers; Griffin, Sanchez, Roach, Tourart, infielders; Jones, Van Metre, Bicker and Bergin, outfielders.

Barrancas—Porter, catcher; Burmaster, pitcher; Armstrong, Ripple, Knauer and Fontnote, infielders; Able, Lang and Miller, outfielders.

PLUMBING INSPECTOR HOME. Plumbing Inspector Jake Biebig-hausen has returned from New Orleans, where he spent a very enjoyable vacation.

WOMEN IN STRIKE RIOT. New Brunswick, N. J., Oct. 25.—Several hundred women participated in a strike riot at Hirschhorn and Company's cigar factory and three of them were knocked down and roughly handled before the police quelled the disturbance. Led by American girls, the young women had refused to strike and were attempting to enter the factory to work when they were attacked by the male strikers and their sympathizers. The strikers numbered 500 young men, mostly foreigners, who walked out Saturday.

TO WELCOME TAFT. Nashville, Tenn., Oct. 25.—Governor Patterson left Memphis tonight, where he goes to welcome President Taft to Tennessee next Wednesday.

E. KIRCHOFFER HOME. E. Kirchoffer reached Pensacola yesterday from El Paso, Tex., where he went several weeks ago for his health. It will be painful news to his many friends to learn that the is in a very weakened condition.

2,500 WANT PARDONS. Nashville, Tenn., Oct. 25.—At the present time there are fully 2,500 applications for pardon on file in the governor's office here. Of the total number, nearly one thousand are in penitentiary cases.

MINISTER OF JUSTICE NAMED. Berlin, Oct. 25.—Dr. Harman Lisso, president of the superior court of appeals, was today appointed minister of justice succeeding Rudolph A. Nieborning, who resigned on account of old age.

JACKSONVILLE MAN SHOT AND KILLED. Jacksonville, Fla., Oct. 23.—After threatening to kill Charles A. Husband if he remained in the city after 7 o'clock this morning, J. H. Smith, a electrician, was today shot and instantly killed by Husband.

Smith shot and killed a man named John Milton here in 1907 because of alleged attentions to Smith's wife and lived together. A few days ago Smith saw his wife in company with Husband and last night he notified the latter to leave Jacksonville before 7 o'clock today or he would kill him.

Husband paid no attention to the threat and today when he saw Smith approaching in a threatening manner, he drew a pistol and fired four times, causing instant death. Husband was arrested.

THE EXCITEMENT LAST SATURDAY AT HANNAH BROS. Was Caused By a Monster Parasite Alive, 62 Feet in Length Head and All Complete.

Was Expelled by Mr. Walter L. Lankford, Who Resides at No. 2012 West Gregory Street, Whose Spark of Life Was Slowly But Surely Growing Dimmer Day by Day, Is Transformed From a Life of Misery and Despair to a Life of Happiness and Sunshine in a Few Short Hours.

At No. 2012 West Gregory street resides Mr. Walter L. Lankford, with his loving wife and baby. Everything was peace and happiness in the home, with one exception: that was the poor health of the head of the family, although never so sick as to be in bed, but always had that tired, languid feeling. Some four years ago, when Mr. Lankford was a member of the 5th U. S. Art. Band, he had a very hard spell of sickness, a raging fever, his stomach was bloated to enormous size, he had shortness of breath, dizzy spells, sharp shooting pains in his lower bowels, and he back of his head; he partially recovered from this attack, but ever since he has been troubled more or less. He had a

ravenous appetite most of the time; sometimes he could not eat at all. The very sight of food would make him sick; a bad, nasty taste in his morning, sometimes fluttering of the heart, tongue coated, especially in the mornings. For the past 8 months he was employed as conductor by the Pensacola Street Car Co., but he had to give it up owing to his poor health and nervous condition. Mrs. Lankford had read and been advised by his friends about the wonderful cures Gray, the Quaker health teacher, was making at Hannah Bros. with his wonderful Quaker Herb Extract and Oil of Balm; he decided to call on Gray. After hearing about the remedies he purchased one bottle of the Herb Extract and in just three days expelled

a monster life-sapping tape worm 62 feet in length, squirming and alive, head and all complete. He brooded it down to Hannah Bros' drug store for Gray to see, and the worm is there now and can be seen by all who wish to call, absolutely free, and Gray will answer all questions pertaining to parasites in the human system, and how easily Quaker Herb Extract will expel them. No sickness or starving.

Gray claims the Quaker Herb Extract and Oil of Balm will cure rheumatism, catarrh in any form, stomach, Kidney, Liver and blood troubles, indigestion and constipation. It's a system purifier and a worm and germ destroyer. Gray has been telling you he proved what he said. How does he prove it? By curing the people

NATIONAL BISCUIT COMPANY

CUSTOM HOUSES TO REMAIN OPEN

WILL TRANSACT BUSINESS UP TO 4:30 P. M. NEXT SATURDAY ON ACCOUNT OF TREATIES EXPIRING.

By Associated Press. Washington, Oct. 25.—What is regarded as a concession to France's interests was made today when collectors of customs at United States ports were ordered to keep custom houses open until 4:30 p. m. next Saturday, Oct. 30, on which date the commercial agreements with France, Switzerland and Bulgaria expire.

The purpose of the order is to give every facility to importers to enter goods at the reduced rates of the expiring treaties. A French trans-Atlantic liner is making a race against time in trying to get a cargo in under the lower rates.
