TERSELY TOLD.

\$5.00 REWARD.

The Journal will pay \$5.00 reward for evidence sufficient to convict any boy or person found stealing subscribers' papers after delivery of same by carrier.

A. H. Riley, of Evergreen, is in the city on a short business visit.

Jules Saloman is in the city and is being warmly greeted by his large circle of friends here.

T. M. Phillips, of Tallahassee, was among the visitors to the city yesterday who registered at the Escambia.

Twenty-one cases were docketed in the recorder's court yesterday. Fines and costs amounted to \$115.50. Five defendants were discharged.

Additional dredging by the "Fidget" was started yesterday in the slip between Palafox and Baylen wharves. It was stated a space of about 500 feet will be deepened.

About a dozen negro men and women were placed in the county jail by Deputies Jones and Nichols yesterday. Lewdness and vagrancy being the docketed charges.

A. S. Oppenheimer, an auto chauffeur, for violating section 173, city code, by driving an automobile at a greater speed than eight miles an hour on the streets, was fined \$6 and costs by Recorder Johnson yesterday.

Frank McCullagh, colored, as a dangerous and suspicious character was bound over to the county courts yesterday from the city. McCullagh is charged with having stolen a small article from Avery's hardware store.

Efforts are being made to clear up a dense growth of weeds in St. Michael's cemetery before the All Souls Day celebration arrives, which is but a few days off. It is understood the work is being done under private subscriptions.

Complaint has been lodged with the police department of the careless manner in which heavy floats are driven over newly-constructed sidewalks. The offense is getting to be so repeated that any offender caught will probably be rather severely fined.

Excavation for brick paving has been started on Ninth avenue, beginning at the Gadsden street intersection. Curbing has been completed to Gregory street on Ninth avenue. A lot of sand taken from the avenue is being used to level the lawn surrounding the Church of the Sacred Heart.

Fred Abbott sustained a very painful and possibly serious injury, early last night, when, in crossing Eighth avenue, his feet became entangled in some of the wire stretched by the street contractors. He was thrown heavily to the pavement and had to be carried to his home.

The franchise and privileges committee of the council held a meeting yesterday afternoon and had under consideration for a long time the application for a franchise for the Andalusia railroad. A report on such franchise will be made to the city council at the regular meeting tonight.

There is no game law against anyone hunting for Plank's Chill Tonic. It is guaranteed to cure malarial chills and fever. Ask Hannah Bros. They probably know.

RAN AWAY, BIG FINE INCREASED

YOUNG MAN WHO WAS FINED FOR CARRYING CONCEALED WEAPONS HAD PENALTY INCREASED ONE-HALF.

Because R. S. Crockett, fined \$100 the day previous, left the station house without leave, he was docketed as escaping from custody. Under such charge he was called up before Recorder Johnson yesterday morning and an additional fine of \$49.50 was imposed on him. This is in addition to the already big fine of \$99 which is now unpaid, and for which he is serving time.

Section 89 guards against the escaping of prisoners from the city jail by giving the recorder authority and making it his duty to impose one-half of unserved time or fine on any prisoner who goes off without leave. Crockett was fined \$100 Monday, but one day reduced it to one dollar less. Half of that was imposed yesterday upon his being recaptured.

Deafness Cannot Be Cured

by local applications, as they cannot reach the mucous lining of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and this condition cannot be cured by any local application, as it is caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Halls Catarrh Cure. Send for circulars, free.

Take Halls' Family Pills for constipation.

Constipation And Appendicitis

The Latter Usually Caused By The Former, Which In Turn, Has Its Origin In Intestinal Indigestion.

Chronic constipation is a disease which is about as prevalent as dyspepsia and indigestion. Nearly every one suffers from it occasionally, but there are millions of people who endure it habitually, and who are accustomed to resort to the use of laxatives and cathartics daily.

Many people seemed to have developed a perfect mania for taking pills, and instead of trying to ascertain the latent cause of the disease, and removing it by appropriate treatment, they are content to continue the reckless use of laxatives, aperients, drastic cathartics and violent purgatives, until finally inflammation of the bowels occurs, which reaches the appendix, and the result is appendicitis.

In investigating and tracing the causative factors of constipation and its frequent sequel, appendicitis, it has been noted by physicians that the majority of cases were preceded and accompanied by a long-standing gastro-intestinal indigestion.

The idea that appendicitis is brought on by foreign bodies, such as seeds, etc., becoming lodged in the appendix, is an exploded theory. It is now definitely known that constipation is the most prolific cause of this dread disease, while the constipation itself is practically induced by intestinal indigestion, or amyloseous dyspepsia—the inability to digest starches—so the relation between cause and effect is readily seen and appreciated.

The absurdity of attempting to cure constipation by the use of physical or chemical means, such as cathartics, will never cure a disease of this sort, and those who make frequent or regular use of them will, sooner or later, set up an inflammatory condition of the intestinal system.

A person with first-class digestion will never be annoyed with chronic constipation, and when this trouble does exist, instead of slugging the system with pills, liquid laxatives, cathartics, etc., use a remedy which will cure the gastro-intestinal indigestion, and you will find that the constipation no longer bothers you, and with its removal, the risk of developing appendicitis will be reduced to the minimum.

STUART'S DYSPEPSIA TABLETS have been the means of curing numerous cases of constipation, by first curing the intestinal indigestion. They digest every kind of food, a single grain being capable of digesting 3,000 grains of albumen, and in addition to pepsin and other powerful digestives, they also contain diastase, which converts starch into sugar, and readily cures amyloseous dyspepsia and intestinal indigestion.

If you are suffering from dyspepsia, constipation, and, in fact, indigestion of any kind, don't run the risk of getting appendicitis, but strike at the root of the trouble—the original cause—by using Stuart's Dyspepsia Tablets, which will quickly rid you of all functional disorders of the alimentary tract.

Secure a box of this digestive remedy from your druggist for 50c and send your name and address to the W. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich., for a free sample package.

IS APPLYING FOR A PARDON

WILLIAM CAMP, WHOSE APPEAL TO THE SUPREME COURT WAS REVERSED, NOW DESIRES SENTENCE COMMUTED TO A FINE.

Having failed to get a reversal of the lower court's decision by the supreme court in his case, William Camp has given notice that he will soon apply to the state board of pardons for a commutation of his sentence from 18 months at hard labor to a reasonable fine, having been sentenced last January by Judge Beggs in the criminal court at the time that a number of other young men were sentenced, some of whom are now serving terms in the county jail, the pardon board having acted adversely upon several applications for pardons. Giving notice of his intention to make application to the pardon board Camp has caused the publication of the following over his signature:

"Notice is hereby given that ten days after date hereof, or as soon thereafter as same can be heard, I will apply to the honorable board of pardons for the state of Florida for a commutation of the sentence imposed on me by the criminal court of record for Escambia county, Florida, to a reasonable fine, under a conviction in said court for keeping and maintaining gaming tables, keeping a gaming room, having charge, control and management of a certain place and permitting others to play therein for money and other valuable things at games of chance, and knowingly renting to others a room for the purpose of gaming, of which said charges I was convicted on the 17th day of February, A. D. 1909, at a term of said court."

NEW SUITS FILED.

The following new suits were filed yesterday in the office of the clerk of the circuit court:

Nobles & Sons vs. Hannah et al, bill for injunction; Wm. C. Monroe, attorney for plaintiff.

R. E. Nobles vs. John Esterman, petition; Wm. C. Monroe, attorney for plaintiff.

TO-DAY IS LAST DAY

SUCCESS OF THE FAIR ASSURED

IMMENSE NUMBER OF ENTRIES IN EVERY DEPARTMENT INSURE A BIG SHOW NEXT MONTH—GENERAL MANAGER STORRS ENTHUSIASTIC.

When General Manager Storrs, of the Tri-County Fair, was seen at his office in the American National bank building yesterday by a Journal reporter and asked if there was anything new about the Fair, he wore a broad smile as he pointed to the pile of entries on the entry clerk's desk, and said: "Tell the croakers about that. Don't they look as if the Fair was going to be a success? Why, if we didn't get another entry in any department we would have a splendid show of what the three counties can do in an agricultural way, and they have just fairly begun to come in. Where are they from? From all of the counties. Look at this list from a progressive Escambia county farmer, hay, corn, cane, cotton, potatoes, corn, chickens, peaches, sheep. This one from a Baldwin county farmer is even more extensive, and this one from Santa Rosa you see is equally as long, and from the city we are getting a lot of them. The department of women's work is going to be one of the features of the Fair, and that alone is going to be worth going to see if there was nothing else."

"How about the shows?" was asked Mr. Storrs.

"We have already secured some extra good ones, and have a line on some others we hope to land before the Fair opens. We could have filled every available foot of space, but have debarred everything that women and children cannot see, and what we have will be of the best."

"Yes, there will be space enough for all the entries that can be made. If the pavilions which are being prepared for exhibit halls should overflow, we have tents which we can use to make room so that every one can be taken care of."

"The Fair is going to be something of which I believe Pensacola will be proud and which will also prove a surprise to many of our people as a display of what this section of the south can produce."

IMPERFECT DIGESTION

means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious impurities, the digestion becomes impaired and the bowels constipated. Herbine will rectify this: it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle.

Sold by W. A. D'Alemberte, druggist and apothecary, 121 S. Palafox St.

NOTICE.

To My Patrons and Friends: I've sold a controlling interest in my grocery business to the Crescent Grocery Co., which will be under the management of Mr. Robt. T. Thomas. I thank you for your generous patronage, and hope you will give to the new firm (of which I am a member) the same splendid patronage accorded me.

oct24-31 D. J. CUNNINGHAM.

SMASH-UP IN THE R. R. YARDS

SWITCH ENGINE PULLING LONG TRAIN-SIDE-SWIPED TRAIN BEING PULLED OUT OF SHOP YARDS, DOING MUCH DAMAGE.

Rather a serious smash-up occurred yesterday morning at 9 o'clock when a switch engine moving from Muscogee wharf with a long train of cars "side-swiped" a train which was moving out from the shop yards in charge of engine No. 121. A passenger coach was struck and seriously damaged, while the tender of the road engine was wrenched from its coupling and was said to have been strained. The passenger car was derailed.

The trouble occurred near the intersection of Ninth avenue and Wright street, and was said to have resulted from a wrong reading of a signal. The engine from the shop was backing to the mainline when struck.

FALLING HAIR STOPPED.

Baldness Cured by Destroying the Parasitic Germ That Causes It.

Baldness follows falling hair, falling hair follows dandruff; and dandruff is the result of a germ digging its way into the scalp to the root of the hair where it saps the vitality of the hair.

To destroy that germ is to prevent as well as cure dandruff, falling hair, and, lastly, baldness. There is only one preparation known to do that, Newbro's Herpicide, an entirely new, scientific discovery. Wherever it has been tried it has proven wonderfully successful. It can't be otherwise, because it utterly destroys the dandruff germ. "You destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

One dollar bottles guaranteed. W. A. D'Alemberte, druggist and apothecary, 121 S. Palafox St.

18 MILES OF CEMENT WALKS NOW COMPLETE

WHIDDON CONSTRUCTION COMPANY MAKES THE ANNOUNCEMENT THAT THREE-FOURTHS OF BIG CONTRACT HAS BEEN FINISHED IN PENSACOLA.

Eighteen miles of new, clean, uniform cement sidewalks in Pensacola have been about completed. This is under the contract of the Whiddon Construction Company and one of the officials of the firm made the statement that with excavations now open to be finished, practically the whole of the eighteen miles will have been completed.

While the walks put down by that company are distinctive by newness and uniformity, they are also notable from the fact that they replace unsightly, dangerous and non-modern walks, and beautify any and all blocks they encircle. The firm originally entered into a contract to build some twenty-five miles of walks, but the many private contracts which are reported, besides the many sidewalk contracts given to several local builders will mean that practically the entire city will get the benefit of the handsome walks and crossings before the contracting firms finally get away from Pensacola. The northern part of the city was taken care of first for a good many reasons, but chiefly because of a lack of walks in that part of Pensacola. And it all amounts to a great deal of improvement in that section.

Just how sincere are Political Reformers? The answer is in Pearson's Magazine for November. The answerer is Herman A. Metz, comptroller of New York City. Mr. Metz in his four years' term has supervised the spending of some seven hundred millions of dollars. Naturally he has met politicians of all sorts. In this story he tells bluntly what he thinks of the reforming sort. He speaks of New York reformers, but the story fits any city in which there are men who seem to think that they can govern better than any one else. It is a mighty profitable story to read before voting if reformers are active in this town.

A practical way to reduce criminality is set forth by Judge Warren Foster in the same issue. The names and methods of certain Congressmen who are getting rich at the expense of the city of Washington are also given in an authoritative account of Washington's government. There is a story which explains "what's the matter with American churches," James Creelman found the seat of the trouble in Jerusalem, and there are seven short stories of fiction, including an unusual story by Ruth McEwen Stuart.
Pearson's Magazine for November
PAUL DE KOCK'S MASTERPIECE (Author of the Latin Quarter)
GUSTAVE, literally translated, bound in Rosebush de luxe bookman, full-page illustrations on Japan paper, depicting the scenes of gaiety in real Parisian life, only \$2.00. This fascinating story in all other editions of De Kock, because it contains so many bewitching incidents, has always been bound in TWO VOLUMES and sold for \$2.00 or more per volume. This volume that we offer you contains everything in the two-volume edition, page for page, same type, de luxe style, etc. This volume and PEARSON'S MAGAZINE for a year, are yours for only \$2.00. The most-value magazine and book offer ever made. Address Department No. 4.
