ORANGE BLOSSOM SUPPOSITORY

IS A GRAND REMEDY FOR ALL FEMALE DISEASES.

Mr. Ed. Gilmore, 127 Jerome Ave., Owego, Mich., writes: "I can truly say that the Orange Blossom Compound is worth its weight in gold and more to any woman suffering with female weakness as I did for years. I was an invalid for two years, not able to wash a dish or make my bed. Four of the best physicians gave me up and said I could not live. The fifth physician said there was one chance and that was an operation. At this time a friend sent me a circular telling about Orange Blossom Compound. I read it carefully and as a last hope decided to give it a trial. I purchased a box of Orange Blossom Compound and the first treatment gave me a little relief. I used four months' treatment, and from that time until now, which is about fifteen years, I have never known what it was to have backache, headache or any other pain or ache from this old trouble. I feel it my duty to make known to suffering women the great good that the Orange Blossom Compound has done for me. \$1.00, by all druggists. Call on The Crystal Pharmacy, Pensacola, Fla., for a book and free sample."

HARBOR, RIVER AND MARINE NEWS

Seven steamships are now taking cargo at the L. & N. wharves. The Austrian steamer Atlanta is loading lumber and cotton, the Penrhith Castle is loading cotton, the Soperga, cotton and phosphate; the Cayo Domingo, cotton solidly; the steamer Whitehall, cotton-seed oil cake; the steamer Vivina, cotton, manufacturing woods and tobacco, and the Drumlanrig, steel rails and car wheels. The Soperga and Vivina were not working to their capacity yesterday owing to a failure of consignments to be as heavy as desired. The seven vessels, however, served to keep the wharfmaster occupied to move continually, for several hundred laborers had to be kept busy. Most of the vessels are working day and night.

Naval Stores Receipts.
Naval stores were received and discharged at Central wharf yesterday from a number of vessels. The steamer Belle and barge, from Vernon, had 500 barrels of rosin; the schooner Lucy H. from St. Andrews, 359 barrels; the steamer J. P. Williams, from Milton, 220 barrels; the steamer Capt. Fritz, from Freeport, 307 barrels; the schooner Honor, 69 barrels, from Camp Walton.

One Stowaway Held.
Two stowaways who were reported on the British steamer Cayo Domingo, from Vera Cruz, were given a hearing before U. S. Commissioner Moyer yesterday. One white man named Pecham proved that he was an American citizen, having been born at Buffalo, N. Y. He was not ordered deported. The other stowaway, a black man, was not so fortunate in proving American citizenship, and he was ordered jailed, pending his trial. The examination was held at the request of acting British Vice-Consul Howe, and details were prosecuted by Immigration Commissioner O'Leary.

NEGRO AND MULE HIT BY LIGHTNING
Special to the Journal.
McKinnonville, Oct. 26.—During the electrical storm, which passed through here Wednesday, one of Messrs. Ernest's negroes and the mule he was driving was shocked by lightning. Mr. Ernest had hurried the negro to the woods to make another load before the weather grew worse. Very soon after he started the storm reached its worst, and after some time elapsed and the negro did not return, parties were sent to search for him. They found him lying speechless in the woods about two miles from Mr. Ernest's turpentine works, and his mule standing by unable to move. This occurred about 2 o'clock in the afternoon and they were brought in about 10 o'clock that night. When the negro, "Chum," as he is called by everybody, recovered consciousness, he told them that he had been shocked by lightning. It is thought that the mule will die, but the negro will recover.

92 BUSHELS CORN TO ACRE
W. D. OWENS, SR., RESIDING IN WASHINGTON COUNTY, TAKES PRIZE OFFERED FOR BEST YIELD.

Special to the Journal.
Chipley, Oct. 26.—The committee selected to measure the corn of those who contested for the several prizes offered by A. D. Campbell, for the largest yield of corn grown on an acre, by parties using fertilizers sold by him, made its report recently.

The first prize of forty dollars in gold was awarded to Rev. W. D. Owens, Sr., his yield being 92 bushels and 6 pounds. Second prize, twenty dollars in gold, A. D. Nelson, his acre producing 71 bushels and six pounds. Third prize to W. T. Jeffries, ton of guano, he growing 58 bushels and 46 pounds. Others contesting were:

G. W. Corbin, who gathered 39 bushels and 45 pounds.
W. E. Morris, who gathered 46 bushels and 4 pounds.
T. C. Adams, who gathered 41 bushels and 8 pounds.

A. C. Gilbert, who gathered 41 bushels and 24 pounds.
S. M. Robertson, who gathered 35 bushels and 50 pounds.
P. C. Hawk, who gathered 45 bushels and 45 pounds.

This contest has fully demonstrated the possibilities of this section of West Florida. There are some farmers in this section who are keeping abreast with the times, and some of them will get beyond the hundred bushels per acre another season.

Mr. Jeffries had three acres in his tract, and he states that all the fertilizer used on the tract cost him \$27.50, and that it was precisely filled the same as the remainder of his farm.

DR. W. M. BEVIS LOCATED AT SNEADS
Special to the Journal.
Sneads, Oct. 26.—Dr. W. Marion Bevis, who for the past year has been the physician and surgeon for the Aycock Lumber Co., has recently resigned this position and will enter the general practice of medicine at Sneads.

Bore his association with the above company, Dr. Bevis built up a large practice in the Kynessville-Cottontale vicinity where his friends, since his resignation, have urged him to return, but he has cast his lot with the people of Sneads. Besides his love for his chosen profession, the doctor is fond of surgery and his experience and ability in this line of work, as well as in general practice, assures his success in his new field.

RAILROAD CLERK KILLED.
Atlanta, Ga., Oct. 25.—While trying to get out of the way of an approaching freight train early today, J. B. Cleveland, aged 32, junction clerk for the Southern Railway at Howell station, stepped onto another track and was instantly killed by an incoming train on the Louisville and Nashville road. Cleveland leaves a wife and four children.

COTTON SOLD AT 14 CENTS

HIGHEST PRICE EVER KNOWN TO HAVE BEEN PAID HERE WAS QUOTED YESTERDAY BY BUYERS.

Fourteen cents per pound for good middling was the price paid for cotton yesterday by local buyers, and it makes a new record for the price of cotton in Pensacola.

The market has been advancing steadily for several days, due to crop conditions, and manipulations of buyers, and yesterday it reached the highest price known in the south since the civil war.

WALL STREET REVIEW.
By Associated Press.
New York, Oct. 26.—Stocks started at a higher price than yesterday's closing, only active ones, however, made large gains. Chesapeake and Ohio, Rock Island preferred, Missouri Pacific, Great Northern, Chesapeake and Inter-Met stocks and Pressed Stocks gained an extreme point.

When prices had made a little further advance, selling orders for both accounts made their appearance and there was a reaction. United States Steel was the main point of attack and it reached a point. Then it became very dull and the tone continued heavy.

Prices receded slowly, but steadily, and moderate selling orders. The 1100 stocks showed special weakness. Great Northern preferred, lost 2 1-8. Iowa Central, preferred, 2. Northern Pacific and St. Paul 1-8, and Southern Pacific, Washington preferred, Anaconda, Copper, Consolidated Gas, American Best Sugar and Pacific Telephone 1. The decline halted at noon when the market became very dull. Bonds were firm.

The market lacked feature during the afternoon, but it showed a somewhat steadier undertone.

There was a gradual restoration of the morning's losses. United States Steel rallying to a fraction over last night, and Union Pacific, Southern Pacific, Reading and several other leaders to about a parity. Business was restricted to comparatively few stocks and there was less manifested in the market than for many weeks. Canadian Pacific lost a point.

COTTON REVIEW.
New York, Oct. 26.—The cotton market opened firm at an advance of 69 1/2 points with all positions making new high records. The strength of the market was due to the fact that prominent English authorities estimated the crop at 11,000,000 bales, and big buying orders. Realizing orders enormous, and after touching 11.20 on the call, December contracts rose to 14.19 while May sold off from 14.37 to 14.35 in consequence.

The market continued very active late in the forenoon, with prices yielding very slowly to heavy realizing sales, and at midday showing a net loss of only 1/4 point.

Spot, quiet; middling uplands, 14.40; middling gulf, 14.35.
Cotton futures opened steady, October, 12.08; November, 14.15; December, 14.25; January, 14.29; March, 14.31; May, 14.34; June, 14.37; July, 14.37; August, 14.38; September, 14.38.
Cotton seed closed quiet, 15 points advance; middling uplands, 14.55; middling gulf, 14.30. Sales, 2609 bales.

GRAIN AND PROVISIONS.
Chicago, Oct. 25.—Covering by shorts held the wheat market steady during early trading to-day, despite free selling by commission houses, based on a falling off demand for the cash grain here, and at other important centers in this country.

Prices at the start were unchanged to 1-4 higher with December at 1.04 1/2-3-4. After touching 1.04 1/4, December settled around 1.04 1/2.

Sentiment in corn was a trifle bearish and prices showed slight declines from yesterday's closing figures. December option unchanged to 1-8 lower at 59 1-8 to 1-4 and for a time held within that range.

Liberal receipts prompted considerable selling in moderate weakness. The December option opened 1-8 lower at 7-8, and sold 26-9/16.

Provisions were weak on realizing by local holders. Prices at the opening were as follows: Lard, 19 1/2; short ribs, 18 1/2; corned beef, 6 1/2; ham, 5 1/2; sausage, 4 1/2; pork, 12 1/2; lard, 18 1/2; corned beef, 6 1/2; ham, 5 1/2; sausage, 4 1/2; pork, 12 1/2.
