2 SPRINKLERS ARE BOUGHT BY A COMMITTEE

STREET SUPERINTENDENT andメンバー associated with the fire department are making plans to install two sprinklers in the building which will be delivered inside of ten days.

Two spun-dyne street sprinklers, the two automatically and by the pressure of the water, have been ordered by the city council. These sprinklers are the result of careful study and are designed to meet the requirements of the city. They are of the highest quality and are expected to give satisfactory service.
