

S.S.S. THE ONLY REMEDY FOR BLOOD POISON

The first symptom of Contagious Blood Poison is usually a little sore or ulcer, so insignificant that often no attention is given it. But when the blood becomes more fully infected with the virus the mouth and throat get sore, glands in the neck and groin swell, and sometimes ulcerate, forming sores and ulcers, the hair comes out, copper colored spots appear on the body, and where the disease is allowed to remain in the system the poison frequently penetrates deeper and attacks the bones. S.S.S. is the true antidote for Contagious Blood Poison—the only remedy that is able to get at the very root of the trouble and remove every particle of the virus from the circulation; at the same time S.S.S. acts with upbuilding and tonic effect on every portion of the system. As soon as the system gets under the influence of S.S.S., the symptoms begin to disappear and soon a perfect cure is made. S.S.S. can be used in the privacy of one's own home and a permanent cure effected. To aid those who wish to cure themselves at home we have prepared a special Home Treatment book which contains much valuable information to Contagious Blood Poison Sufferers. With the aid of this book and the use of S.S.S. a cure can be effected in every case. We will send this book, and also any medical advice desired free to all who write.

ROBERTA MENGES, YOUNG WOMAN WHO FIGURES IN ASTOR SUIT

It has been reported in New York that Roberta Menges, once known as the belle of Sheephead Bay, is the correspondent in Mrs. John Jacob Astor's suit for divorce. Miss Menges, who has been living in luxury at Newport, has had other experiences in divorce courts. When she was sixteen years old she was married to Halsey Corwin, a wealthy Brooklyn young man. Following the marriage, which was in the nature of an elopement, her father, a turfman, had young Corwin arrested. After her divorce from Corwin she married Arthur E. Hull, an Englishman, whom she soon divorced. She is now known under her maiden name.

STATE PRESS ON THE BLOUNT-REEVES CONTEST

BLOUNT-REEVES CONTEST
ED PAGE
 Don't Be Too Sure.
 As was expected, W. A. Blount declined to entertain Judge Reeves's proposed preliminary primary to determine which of the West Florida candidates for United States senator should withdraw from the race. This means that West Florida will go into the fight with two of her best and strongest men as candidates, but with positively no more chance to win than she has of furnishing the next president of the United States.—Milton Star.

Has Been Widely Read.
 There is a latent delight which ever and anon effervesces within the breast of the average mortal when the opportunity offers to say, "I told you so." It did not require any great reach of foresight, however, to apprehend that when Judge L. J. Reeves challenged Hon. W. A. Blount for an elimination primary in the race for the United States senate that Mr. Blount would refuse to accept. At the time we pointed out some of the reasons why such a try-out would fail to develop the real strength of either. Much more clear-

SKIN SUFFERERS' DOUBT IS REMOVED

Specialists Are Convinced that Oil of Wintergreen Wash Will Cure.
 Many eczema sufferers have failed so utterly with salves and other "discoveries" that even the assurance of the best physician or druggist cannot induce them to invest another dollar in any remedy.
 It is to these discouraged sufferers in particular that we now offer, at only 25 cents, a trial size bottle of the accepted standard eczema remedy, a simple wash of oil of wintergreen as compounded in D. D. D. Prescription.
 The best skin specialists long ago became convinced that this simple wash offered the only true cure for eczema, and the thousands of cures could not help but convince us also. We confidently hope that with our assurances every sufferer will be willing to try this D. D. D. remedy, at 25 cents; especially as we know you can prove instantly with the first application that it takes away the itch at once. The Crystal Pharmacy, Brent Building.

ly has Mr. Blount stated the case, and his letter is reproduced in this issue. It is hoped that all who read the challenge from Judge Reeves will give the reply due attention.—Miami Metropolis.

Both In the Race.
 Judge Reeves has made a proposition in connection with the candidacy of the two West Florida men for the senatorship, that appears to be both sensible, and in the line of justice to West Florida.

It is that a primary be held in West Florida to decide between Judge Reeves and Judge Blount as to who shall enter the Democratic primary as the candidate from this portion of the state. Both parties to share equally the expense of the primary.
 This appeals to the Pilot to be eminently fair, and it would place this section in a much more favorable position in the final campaign, and quite possibly give this portion of the state that political recognition and standing that it is entitled to.

Without the elimination of one of the West Florida candidates there is but little possibility of it even having a candidate in the second primary. A divided house cannot stand, particularly when opposed by parties already holding the reins of power.—Panama City Pilot.

We are forced to take issue with Brother West on several points. In the first place, this senatorial contest is not confined to West Florida, but the state at large. Then again, there are no provisions for any such primary. Even if there were, we should not consider it a wise procedure, in that it would be sure to encourage strife with a tendency to divide rather than cement the West Florida votes in the final contest.

Both candidates are good men and either would do credit to the state if elected. In our opinion nothing would come nearer defeating the chance of a West Florida man than the suggested preliminary primary.
 (Since the above was put in type we see by The Pensacola Journal of Tuesday Mr. Blount's lengthy reply to Judge Reeves, declining to entertain that gentleman's proposition, giving as some of his reasons pretty much the gist of our objections as set forth above. Mr. Blount will continue in the race as per first intention, as also, we suppose, will Judge Reeves.—Chipley Verdict.)

WILL INSPECT WORKING PLANS FOR NEW JAIL

Working plans for the proposed new county jail will be submitted to the board of county commissioners by Architect Adolph Benz, of Mobile. The board will hold a special meeting at 8:30 o'clock this morning for the purpose. Plans as submitted by Benz were accepted some time ago and the board this morning will see the bare plans upon the line of the building's construction. This does not mean that even the Benz plans will be acceptable to the board, for it is the desire of a number of local contractors that they be given an opportunity of bidding on the new jail, and the board will consider bids from the Benz plans. No bids on those plans were handed in for the reason that the original drawings were allowed to be taken from the city and local bidders had no chance of figuring on them.
 There is no early probability of the building being started on account of a lack of funds. The bids to be handed in will be retained and an award made later. That is the opinion of two members of the board.
 The commissioners will hold an adjourned session at 7:30 o'clock tonight, at which time all bills for the past month will be paid. Any other matter on hand will be given due attention at tonight's meeting.

NOW SOLD IN AMERICA

In Less Than Three Years, Parisian Sage, the Splendid Hair Tonic, is Sold All Over America.

There is a reason for the phenomenal sale of Parisian Sage in the United States during the past three years. And the reason is plain to all: Parisian Sage does just what it is advertised to do.

Ask Hannah Bros. about it, they will tell you that they rigidly guarantee it to cure dandruff, stop falling hair or itching scalp in two weeks or money back.

There is no reason whatever why any man or woman should fail to take advantage of the above generous offer.

But one thing that has made Parisian Sage so famous is its peculiar power to turn the harsh, unattractive hair that many women possess into luxuriant and radiant hair in a short time. Women of refinement the country over are using it and it never disappoints.

Sold everywhere, and in Pensacola by Hannah Bros. for 50 cents a large bottle.

Airship Flies Over the Head Of President

south "not to let the prosperity of 15-cent cotton run away with it."

The president played golf in Augusta today and there "Cobb, at Mr. Taft's invitation, met him.

BIDS GOOD-BYE TO AUGUSTA.
 Augusta, Ga., Nov. 8.—President Taft brought his stay in Augusta to a close today, after officiating at the opening of the Georgia-Carolina fair. Gov. Joe Brown, of Georgia, and Gov. Ames, of South Carolina, were present at the opening ceremonies and both made brief addresses.

Following his speech at the fairgrounds, the president was driven through the city for a short time and then he took the train for Florence, S. C., where he stopped an hour and a half this afternoon on his way to Wilmington, N. C.

The president will spend Tuesday in Wilmington and Wednesday in Richmond, reaching Washington at the end of his 13,000-mile journey at 8:30 o'clock Wednesday night.

While Wednesday night officially marks the end of the western and southern trip, it will not by any means be the end of the president's travels prior to the opening of the congressional session in December. Mr. Taft will be in Washington less than 24 hours, being scheduled to leave the capital at 3:35 p. m. Thursday for Middletown, Conn., to witness the installation of President Shakerin of Wesleyan University. The president is due to attend a meeting of the Yale corporation, at New Haven, on Nov. 15, and then he will go to Norfolk, Nov. 19 and to Hampton, Va., Nov. 20, returning to Washington on the morning of Nov. 21.

Message After Norfolk Trip.
 It is not likely that the president will do any work on his message to congress until after his Norfolk trip. He has the message pretty well in hand so far as ideas are concerned, and it will not take him long to dictate the document once he gets down to it.

The president already has outlined the essential points of the message in his speeches during the present trip. The details of his recommendations as to the amendment of the interstate commerce and anti-trust laws, however, have yet to be formulated, for he will not receive the report of Attorney-General Wickersham and his other advisers on this subject until after his return to Washington.

The matter of final legislation, if brought to the attention of the next session of congress at all, undoubtedly will be treated in a special message. There is strong likelihood that in view of the many other matters pressing for attention in the president's program of recommended legislation, the financial and currency measures will wait until the session beginning in December, 1910. There also has been much talk of an extra session in the fall of 1910 to take up this subject.

President Taft had a game of golf this morning over the links of the Augusta Country Club, where he spent so much time last winter while waiting here for his term of office to begin. It was the first golf the president has had an opportunity to enjoy for weeks, and he seemed thoroughly to enjoy the privilege of swinging the clubs again.

It was after the golf game that he went to the fairgrounds to open the show which the people of Augusta declare is to be the best they have ever had.

"Big Bill" Wins at Golf.
 The golf game resulted in a victory for the president. The individual score was not given out, but the final score stood 4 up in the president's favor.

"Ty" Cobb, the ball player, was introduced to the president at the golf course by Capt. Archibald Butt, who is a native of Augusta.

"I am very glad to meet Georgia's most popular citizen," exclaimed the president.

"I'd be glad to give you whatever popularity I have," replied the great right-fielder.

"Ty" Cobb told the president he had just signed a three-year contract with the Detroit Americans.

INTEREST GROWS IN MURDER CASE

By Associated Press.
 Paris, Nov. 8.—Greater than ever is public interest during the second week of the trial of Madame Margherita Steinheil, charged with having murdered her husband and step-mother. Madame Abtizio, wife of one of Steinheil's models, and Dr. Archery Steinheil, the family physician, were called by the state, but they testified in favor of the accused. The former insisted upon the frozen condition of the woman at the time of the murder, the latter contradicting testimony attributed to him before the examining magistrate.

THAT PALLID, ASHEN HUE

The forewarning of diseased kidneys' deadly work is in the gray pallor of your face—don't allow the kidneys to become deranged.

Day by day, there are people—men and women—gradually drifting along—taking little heed of the first signs of diseased kidneys and bladder—until the time for a cure is past. There is then little to hope for. Few persons even faintly comprehend the excessively deadly character of Kidney and Bladder ailments. If they did they would in no case delay seeking a cure.

Such insistent signals of danger as those intermittent pains and "hitches" in the back, groin and limbs (or constant dragging pains in back), headaches, bloating of the extremities, nervousness, tired-out feeling, sleeplessness at night, etc.—should convince you that your system is charged with that deadliest of all systemic poisons—uric acid.

And uric acid in your system, surely means Kidney and Bladder disease—and, later, chronic rheumatism, inflammatory rheumatism, gravel and gall-stones, dropsy, diabetes, serious nervous disorders, and Bright's Disease. You will readily see why you cannot afford to delay.

DeWitt's Kidney and Bladder Pills are the best remedy in the world for all such conditions. This statement is on each box. 25c.

Thousands of grateful men and women have accepted this offer, secured the free trial of treatment of DeWitt's Kidney and Bladder Pills, and now state that they are free from every trace of the dreaded disease that was sapping their lives away.
