AMUSEMENTS.

Orpheum Theatre. The big noise struck town last night and landed at the Orpheum. It was the biggest of the big nights, and it is bound to be the biggest week among all the big weeks.

The Orpheum couldn't hold the mass of people that clamored for admission and many were those who went away, not being able to secure seats for any of the show. All those who witnessed the show were unanimous in their praise, claiming it to be absolutely the best vaudeville bill that has played in Pensacola since vaudeville came into vogue here.

The Great Lawrence, assisted by Miss Marie Moore and company, presented a genuine military novelty musical act, replete with salutes, bugle calls and uniforms of every known nation, also showing the Red Cross nurses of every nation and the flags and scenes from famous battles of the nations. The stage was set with special scenery, showing camp life during times of war. The act is novel, interesting and very instructive.

Shelby and Jones put on one of the neatest, most refined singing and dancing acts that has played the Orpheum this season. They made a big hit. Both are good singers and good dancers, so their act is a hum-

MANY PEOPLE GAVE ADVICE

To Pauline Korn, of San Gabriel, About Her Severe Illness—and Finally She Took It.

San Gabriel, Tex.—"For two years," writes Pauline Korn, of this place, "I suffered with womanly trouble every month."

"I always suffered so much with headache and the backache and other pains."

"So many people would tell me to take Cardui, the woman's tonic, so at last I tried it and found it to be a very nice medicine, as it relieved my pains."

"Cardui did me a great deal of good, for now I am well and healthy and do not suffer from any pains."

Of course, Miss Korn could have taken a drug to kill her pains, but that would not have made her "well and healthy" as Cardui did.

The great thing for you to remember about Cardui is that it is a perfectly harmless, gentle remedy, with no dangerous after-effects, whatever. It does good, that stays good. It helps, not hinders, other medicines.

It has no habit-forming ingredients, and is safe for young and old.

As a tonic, there is nothing in the drug store like it. As a remedy for women's ills, it has no equal.

Try it. N. B.—Write to: Ladies' Advisory Dept., Chattanooga, Medicine Co., Chattanooga, Tenn., for Special Instructions and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

mer. Miss George Nelson is a singer and a talker—"that's all." But she gets her patter over a little different from the rest, and the big audience seemed to like her style, for she was compelled to respond to several encores.

Barnum & Bailey's Big Circus. Monday next will be exhibition day for the Barnum and Bailey greatest show on earth. Then the rare, unique and wonderful things promised on paper will become a reality. The airy riders, who, in diaphanous skirts, have been prouetting on the expansive backs of tremendously-speeding circus horses—on the billboards—will be seen in all the gorgeousness of tulle and seductive smiles; the elephants and their pictured acts of comedy and go them one better; the contortionist will proceed to disentangle himself from the knots he tied in his responsive limbs last year; the acrobatic family—in wire, at least—fresh from the ballroom, will turn dizzy somersaults in defiance of long-dresses and swallowtail coats; and the clown will work off his time-honored comedy on the confiding audience.

There is nothing on earth in the amusement line like a circus. It is the people's show par excellence. The expert knows what is coming every minute of the show, but he wouldn't have it changed for worlds. The very conventionalism of much of the performance is what makes it so delightful. The merit in a big circus like that of Barnum and Bailey is in the fact that everything in the show is the very best of its kind. There must inevitably be riding acts, but the riders are the leaders of their profession. There must be acrobats, but the acrobatic artists and aerialists are gathered from the wide world, and they are the best that money can secure.

A great deal of preliminary interest has been aroused by the coming of the show, and circus day will be a great day in every sense of the word. The free street parade the morning of show day will, it is promised, be a veritable pageant of oriental splendor and interesting novelties.

Objecting to an order issued by Hon. Emmet Wilson, special examiner in the Louisville and Nashville railroad rate cases, Albert S. Brandis, chief counsel for the system, arrived in this city yesterday afternoon and commenced argument before Judge W. B. Sheppard, of the United States court, with the desire of getting an amendment to the commissioner's order.

Hon. L. C. Messey, counsel for the Florida railroad commission, arrived on the same train, coming from Louisville, while Mr. Wilson arrived yesterday morning, the hearing having come to an abrupt close in Louisville.

The direct examination of Expert Hillman, of the railroad commission, had been concluded in Louisville, when counsel for the railroad asked for thirty days in which to prepare for cross-examination. This was objected to as being too long a delay in the proceedings by the counsel for the commission, and Mr. Wilson fixed the time as one week. The counsel for the railroad then started for Pensacola to place the matter before Judge Sheppard.

MOTOR BOATS ARRIVING FOR BIG REGATTA

THE AUTAGO AND MARGARET W. REACH PORT FROM ST. ANDREWS, WHILE THE BLUE WING AND OTHERS ARE EXPECTED DURING DAY.

Motor boats to participate in the regatta under the auspices of the Pensacola Yacht and Motor Boat club to be given off Magnolia Bluff tomorrow began reaching port yesterday, the Autago and Margaret W. reaching here from St. Andrews. J. J. Truesdale entered the Autago and W. B. Wynn, of Marianna, the Margaret W. Both have been placed in class B and promise to make it interesting for others in that class. The steam yacht Kalolah is expected to drop from New Orleans, towing the Blue Wing II., and possibly the Jack Rabbit.

Accident to Margaret W. An accident occurred yesterday to the Margaret W. which came near putting that speedy vessel out of commission for some time. As she was entering the bay and near Deer Point going at fast speed a heavy quartering sea struck her, breaking the shaft hanger. The revolving of the shaft in its broken condition drove a hole through the bottom. The vessel was docked immediately after reaching the city and will be launched today and in good shape for the races tomorrow.

Santa Rosa as Stake Boat. Capt. J. E. Turtle, of Port Barrancas, has tendered to the club the use of the survey yacht Santa Rosa as stake boat during the races, and the offer has been accepted by the club. The vessel will be under command of Vice-Commodore B. H. Thomas and will be directly off Magnolia Bluff, from which point the races will start and finish.

Commodore Watson has extended an invitation to the officers of the navy yard and forts to be present and witness and the races, and it is expected that many of them will be present.

Vessels to Decorate. Vice-Commodore Thomas yesterday made arrangements with the various captains and agents of vessels at anchor in the harbor to decorate their vessels on the day of the races and tomorrow every vessel in port will be gaily decorated with flags and bunting in honor of the visiting yachts.

The handsome cups to be awarded the winners in the various classes are on display in the show windows at P. Lindenstruth's. The cup for the winner in class A is a magnificent one, the shape being the same as the Lipton yachting trophy, one of the most noted of yachting cups.

The Pilots Association has tendered the use of the fine steam pilot boat Pilot to the club and Commodore Watson has decided to place her at the disposal of members of the club and visiting yachtsmen in order that they may have a good view of the races. Those members who desire to do so can board the Pilot at Palafox wharf Wednesday morning at 8:30 o'clock, and visiting members of other yacht clubs can also go aboard and be welcome.

Commodore Watson also received information yesterday from Captain Douglass of the navy yard to the effect that he will witness the races, with a number of officers from the yard, and that the fine marine band will be aboard the boat.

The life saving crew will be on the course, Captain Broadbent having received instructions from his department to this effect.

WHAT HIGH GRADE BALL PLAYERS COST.

New York, Nov. 8.—The National and American leagues have purchased \$362,000 worth of talent from the smaller leagues for next season, according to the records of the national commission. Of this sum \$299,560 has been paid, and the balance is to go to the minor league clubs if certain men make good.

The American league clubs have spent more money for new material than the national league clubs. Charles Comiskey, owner of the Chicago American league club, has spent more than any other club, his purchases aggregating \$55,650. Blackburn, the Providence shortstop, cost Comiskey \$8,000, he being the highest priced purchase from the minors. The Washington club has spent only \$2,500 for fresh material. Garry Herrmann, of Cincinnati, has spent \$36,800 for talent for 1910. Here is the official list of the cash expenditures of the major league clubs for new players:

FINE RESIDENCE AND CONTENTS WERE BURNED

PALATIAL HOME OF D. HALE WILSON AND C. V. THOMPSON COMPLETELY DESTROYED BY FIRE WHICH HAD ITS ORIGIN AT TIME WHEN PHYSICAL HELP WAS OUT OF REACH.

Sunday afternoon at 4:35 o'clock fire started in one of the living rooms of the home of D. Hale Wilson, near the corner of Ninth street and Sixteenth avenue, and on account of the distance traveled by the fire department and the remoteness of the house from the nearest hydrant, the building was completely destroyed. The entire contents were also destroyed, a fine piano alone being dragged out by those who arrived on the scene first.

Mr. Wilson was ill at home and was unable to fight the flames effectively. It was reported that he had been badly injured in a fall which he suffered, but this was erroneous.

Mrs. C. V. Thompson, Mr. Wilson's mother-in-law, was quite ill and she was carried from the building. The other members of the household were absent. Assistance was not to be had in short order, and even when an alarm was sent in for the fire department, the building was burning quite freely. The loss is partially covered by insurance.

The nearest alarm box was five blocks away, and the nearest hydrant 2,000 feet away. These two facts served to give the flames a good start.

The beautiful residence was built only a few years ago. Occupying a space of five city blocks, with beautiful streets, and only one-half block from the car line, it attracted and caused much favorable comment from citizen and stranger alike who passed daily on the cars. It was occupied jointly by D. Hale Wilson and family and C. V. Thompson and family, and many sympathized with them in the loss of their home and practically all household articles.

HAIR NATURALLY ABUNDANT. When It Is Free of Dandruff, It Grows Luxuriantly. Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists.
