AMUSEMENTS.

Barnum & Bailey Circus.

The zoological collection of the Barnum and Bailey greatest show on earth, which gives two exhibitions here Monday, is in charge of George Conklin, the expert wild animal hunter and trainer. Standing in front of the Australian kangaroo cage, Mr. Conklin explained the use to which a kangaroo mother puts the large pouch of pocket which nature has provided her. This pouch is the coziest kind of a place for a little kangaroo. When hunters pursue the mother she puts all her babies into her pocket and runs for dear life, but if she feels the enemy is gaining on her and that she is in danger of being captured, she seizes one little one after another with her forepaws and burles it out of the pocket to one side of her pathway as far as she can throw it. She takes care to do this only at times when the enemy is not in sight. In this way she is relieved of the weight of the youngsters and she can run faster. At the same time, her motive is not a selfish one. She throws her babies out in so skillful a manner that it does not hurt them. They are soft little creatures, and when they land in a brush heap they are none the worse for it. The hunter loses all scent of the little kangaroos by this movement on the part of the mother, and at the most the pursuing party can capture only one self-sacrificing "Mrs. Kangaroo."

CURBING LINE LESSENS WIDTH OF SIDEWALK

CHANGE MADE IN INTENDENCIA STREET WALKS TO TAKE IN GRANITE SLABS WHICH WILL BE USED IN PAVEMENT ALONG THOROUGHFARE.

Sidewalks on Intendencia street between Baylen and Tarragona streets will in some places be trimmed off 14 inches in order to carry out the paving plans. Surveys which have been made necessitate such a lessening of sidewalk widths, but in no case and at no point, it has been learned, will the walks be less than six feet wide.

The greatest shave will be made at the Palafox intersection, where, it is said, the walk will be cut off 14 inches. This work has already been started, and a trench was cut yesterday for some distance for the granite slab curbing.

There will be a great amount of work done on Intendencia street shortly. In addition to the paving, sewer connections have been ordered for all property abutting on the street, and a larger sewer pipe has been ordered, which will be placed right away.

NOTICE.

The Orpheum Theatre will close this afternoon in order to give its employes a chance to visit the Tri-County Fair.

T. Z. Gattis is hauling supplies for his turpentine still. He expects to have it in operation in the near future.

Uncle Sam's land inspectors have been very busy in our section investigating homesteads and the forest. They made their headquarters at the home of T. Z. Gattis. The inspectors are Messrs. Eldredge, Hill and Meggs, accompanied by Messrs. Gattis and White.

Mrs. M. H. Robinson and little son spent Monday at Mrs. W. R. White's. Mr. and Mrs. W. R. White, Mr. and Mrs. T. Z. Gattis and daughter, Miss Leah, and Messrs. DeMay and Whitmore attended the preaching at Garniers on Sunday. Rev. Campbell delivered an excellent sermon on "What Is Man?" After services a basket dinner was served, of which quite a crowd partook.

W. H. Spivey has gone to Georgia on business.

PUBLIC WORKS BOARD MAY NOW BUILD WALKS

REQUEST TO COUNCIL FOR FUNDS TO BE USED IN CONSTRUCTING

CROSS WALKS THROUGH GRASS PLOTS ACTED ON FAVORABLY AND THE CONTRACT WILL BE AWARDED AT NEXT MEETING.

Favorable action by the finance committee of the council in recommending an appropriation of \$4,950 from the general fund for the board of works will allow that board a chance at the next meeting to award a contract for the construction of cement walks through grass plots from the sidewalk line.

The amount asked for and allowed was estimated by the city engineer to be sufficient, based upon the lowest bids in hand when this figure was arrived at for use of the board of works.

At the corners where pavement will be put down grass plots will make a rounded trimming of the paving. The walks will be built through the grass plots. They will be from four to six feet in width and will insure permanent beauty to the grass plots.

The board has in hand two bids, one from the sidewalk contractors, the other from one of the paving companies now putting through a big contract in Pensacola. Very little difference between the two bids is noted.

For this reason the board, to insure rapidity of the work, may see fit to appoint bids to each bidder.

One of the longest of the cross-walks will be on Aleaniz street, where, according to present figures, the grass plot will be about twenty feet wide. At many corner crossings it is but two feet.

The idea of cross-walks had its origin at a meeting of the board of works. Their usefulness was taken in at a moment's thought. This opinion was held by the finance committee and hence the favorable recommendation. The board of works will meet November 17.

BLACK WOMAN GIVEN 90 DAYS FOR ASSAULT

SLAPPED WHITE BOY ON SLIGHT PROVOCATION—ENTERS PLEA OF GUILTY IN CRIMINAL COURT—OTHER BUSINESS IN THAT TRIBUNAL YESTERDAY.

Things worked fast and smooth in the criminal court yesterday and seven cases of some importance were disposed of.

The most important case was that of Flossie Chambers, the negro woman who, on slight provocation, assaulted the little son of Mr. and Mrs. E. M. Pooley. Judge Boggs heard the circumstances of the affair, when the woman stepped up to the bar and announced that she was ready to plead guilty to the information, which charged her with assault and battery.

Judge Boggs placed the fine at \$25 and costs, or an alternative penalty of 90 days in the county jail.

Nathan Williams, who pleaded guilty to a charge of petit embezzlement, was fined \$25 or five months.

Chessman Evans and Mary McLean, convicted by jury of lewd and lascivious cohabitation, were sentenced. The man was fined \$100 and costs, or one year at hard labor. A problem presented itself in the case of the woman, who carried an infant in her arms and said she "had no" children to home." The court finally decided, on her promise of better behavior in future, to suspend sentence in her case.

The case of Charles Wilson, docketed for trial yesterday, went over until today at the request of counsel. It is understood that this case will be disposed of without the formality of a jury trial. Plea of guilty is expected.

The main case for today is that against Robert Stewart, the Century negro, against whom there is docketed a case of assault with intent to murder. The court will get through with the present docket this week.

Chronic Insomnia And Indigestion

The One is Almost Always Associated With and Caused by the Other.

Sleep has been fittingly called "the nature's sweet restorer." It is a condition in which the involuntary functions such as nutrition, circulation, respiration, etc., go on as usual, while the voluntary powers are in repose, and the system undergoes needed repairs.

No one has ever been known to live longer than three weeks without sleep. It is as necessary in physical economy as food and drink.

Insomnia or chronic sleeplessness, is a symptom with which nearly every sufferer from dyspepsia is annoyed, either constantly or at frequent and irregular intervals. This inability to sleep normally is a very prominent manifestation of indigestion, and exhibits itself in different forms. In some cases sleep may come at its accustomed time, but it does not bring repose, and the person awakens entirely too soon, and is unable to fall asleep again. In others, the victim lies awake practically all night, tossing and rolling, and finally drops into a troubled and unrefreshing slumber at daybreak. Still others, though they may apparently sleep soundly, are annoyed with the incubus, or nightmare, with its horrors of overwhelming waves, rising from precipitous heights and attacks by infuriated and implacable monsters.

All of these distressing symptoms are traceable to an irritated and enfeebled stomach, and the same is true of grinding the teeth, and twitching and jerking of the muscles during sleep.

Insomnia is rarely a disease by itself, but is nearly always a symptom of another disease, such as dyspepsia, and in treating this complaint, many persons in their efforts to "wear the hood of sleep," resort to the use of such hypnotics, sedatives, soporifics and narcotics as the bromides, chloral hydrate, Dover powders and even morphia.

No greater mistake than this could well be made, and the reckless use of such drugs has caused many a sudden death, while in other cases, even moderate use, has set up an incurable drug-using habit among those who resorted to the use of "sleeping powders."

To cure insomnia or sleeplessness the object should be to remove the cause, and as dyspepsia is the underlying cause in a large percentage of cases, no better or safer remedy can be employed than STUART'S DYSPEPSIA TABLETS. By digesting every particle of food in the stomach, the active and exciting cause of insomnia is cut short at its source and removed.

These tablets contain only wholesome ingredients, and there is no danger of falling into drug-using habits from their use. Every sufferer from insomnia should avoid the egregious error of using hypnotic drugs, as they never cure the trouble, but only make matters worse in the end.

Begin taking Stuart's Dyspepsia Tablets at once, using one or two after each meal, and the same number at bed time. It is also well to have a box of these powerful digestives close at hand during the night, so that in case you are troubled with dyspeptic insomnia, uneasiness in the stomach, or any other symptom of indigestion, quick relief may be obtained.

Purchase a package from your druggist at once for 50 cents, and get rid of your insomnia and indigestion. Send us your name and address for sample package. Address: E. A. Stuart, M. D., 159 Stuart Building Marshall, Mich.
