NOW FOR A DEMONSTRATION FARM.

The game season "down in Maine" has been somewhat unusual. Up to a day or so ago it had resulted in the killing of something like 300 deer and no sportsmen!

Judge Henry S. Dewey, having suddenly abandoned those unique slander suits against certain prominent Bostonians whereby he expected to recover at least a third of the trifling sum of \$76,000,000 asked for, modestly concludes that there is nothing to be gained by further attempts to be elected mayor of Boston.

A North Carolina jury, Missouri-like in its conscience or else eager for free transit over a few miles of those distressingly primitive turnpikes that still exist in at least 80 out of the 98 counties of the Old North State, refused to sit on the case in which an automobile figured until they'd been entertained for half an hour on board a car alike in size and speed to the car that was to show up in the evidence.

There seems little doubt that John Skelton Williams, the real father of the Seaboard Air Line road, will shortly come into his own again as president of the great system which grew to such proportions under his remarkable skill as a railroad builder and by reason, also, of the tremendous amount of downright hard work which during five years of its presidency he put into the development of the property and of the country through which it operates.

Certain Republican papers in New York state and outside see fit to remind Judge Gaynor that he said, both before his nomination and after the campaign which elected him mayor of New York, that he did not wish the mayoralty unless the full Democratic ticket was elected with him.

Cheaper Luxuries; Higher Necessaries.

The Lincoln (Neb.) News is a Republican paper and printed in a state generally Republican, but like a multitude of papers in the Middle West, it has no great stomach for Nelson W. Aldrich and Seneca E. Payne and the tariff bill they cooked up between them.

The tariff "revision" contained in that instrument is not the idea of tariff revision that was wanted by the News or by other progressive and influential journals in the Missouri valley. It inclined a patient ear when the Aldrich-Payne supporters said their bill bore down heavily on the luxuries, thus making the rich settle roundly for their extravaganzas; but it did not take the News long to discover that very nominal increases in the tariff on luxuries were intended, while the tariff on really necessary and essential things was to be sent cloudward.

The News has proceeded to list eight luxuries, with their increases, and likewise eight necessities with their increases. Digest these figures:

Table with 2 columns: Per Cent. and Luxuries. Items include Sugar, Blankets, Yarns, Carpets, Stockings, Clothing, Dress goods, Jewels, and Shirts.

Here, in very compact and comprehensive form, we have the tariff which the insurgents, and with them a great many intelligent Republicans as well as Democrats in private life, are protesting against. They hold Nelson W. Aldrich, the standpat of the Senate, and Joseph G. Cannon, the standpat of the House, as the men primarily responsible for cheaper luxuries and more costly necessities.

In the Middle West, especially in the Lake states and in the Missouri valley, the insurgents are not only aggressive but organized; in Iowa and Minnesota and Illinois and Nebraska they have the standpatters very much on the defensive. The Aldrich-Cannon-Payne party are regarded as selfish corporation tools, who have betrayed their party and the platform pledge for a revision of the tariff downward that was made when Mr. Taft, himself a revisionist at heart, was nominated at Chicago.

There is at the moment ample reason to believe that the rotund, easy-going gentleman in the White House, who signed the Payne-Aldrich bill "as the only possible relief to the situation" and to sidestep an issue which he lacked the moral courage to grapple with, will get a story from the Middle West next year loud enough to rouse him at length from his timid and conciliatory doze.

One of the most wideawake and vigorous sections of the country is rising in arms, and deaf ears at Washington are bound to mean ultimate Republican disaster.

Check That Cold

It is a great mistake to let a cough or cold run unchecked. Aside from the unpleasantness and discomfort there is a real danger in the resulting irritation of the throat, lungs and bronchial organs, which leaves them sore and very susceptible to pneumonia and consumption.

It is not our purpose to recommend any particular brand of patent cough medicine, simple, inexpensive and very effective remedy, can easily be prepared at home by mixing two ounces of Glycerine and a half-ounce of Virgin Oil of Pine compound pure with eight ounces of pure Whiskey. This formula is freely prescribed and is highly recommended by the Leach Chemical Co., of Cincinnati, who prepare the genuine Virgin Oil of Pine compound pure for dispensing through druggists.

It is claimed that a teaspoonful of this compound, taken three or four times a day, will cure a cold in twenty-four hours and cure any cough that is curable.

We carry a full line of Trusses, all sizes. A perfect fit guaranteed. Mail orders filled same day received.

RING WORM AND DANDRUFF.

They Are Each Caused by a Pesticiferous Germ. Ring worm and dandruff are somewhat similar in their origin; each is caused by a parasite. The germ that causes dandruff dies to the root of the hair, and saps its vitality, causing falling hair, and, finally, baldness. Without dandruff there would never be baldness, and to cure dandruff it is necessary to kill the germ. There has been no hair preparation that would do this until the discovery of Newbro's Herpicide, which positively kills the dandruff germ, always itching instantly and makes hair glossy and soft as silk. Take no substitutes. There is nothing "just as good." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. One dollar bottles guaranteed. W. A. D'Alamberte, druggist and apothecary, 121 South Palafox street.

What a Heap of Happiness It Would Bring to Pensacola Homes. Hard to do housework with an aching back. Brings you hours of misery at leisure or at work.

If women only knew the cause—that Backache pains come from sick kidneys. 'Twould save much needless woe. Doan's Kidney Pills cure sick kidneys.

Pensacola people endorse this: Mrs. M. A. Stephens, 311 E. Gadsden street, Pensacola, Fla., says: "I suffered intensely from kidney complaint. There were bearing down pains through my kidneys that made my life miserable, my back ached almost all the time and my kidneys were all disordered. Doctors could do nothing for me, and I continued to suffer, using one remedy after another to no avail. Finally Doan's Kidney Pills were brought to my attention and getting a box at the Crystal Pharmacy I commenced their use. Improvement followed quickly and it was but a short time before all the pain had ceased. That happened several years ago at which time I gave a statement for publication in favor of Doan's Kidney Pills. I have had no need of a kidney remedy since then, as my cure has been permanent. I hold the same opinion of Doan's Kidney Pills as when I gave my first statement, and I never tire of praising them."
