TORPEDO BOATS WILL SAIL AT 4 P. M. TO-DAY

THREE VESSELS WHICH ARE EN ROUTE TO ATLANTIC COAST WILL GET AWAY THIS AFTERNOON FOR RENDEZVOUSING STATION.

Three torpedo boats which have been at the navy yard for the past four days are to sail this afternoon at 4 o'clock, the next stopping place being at the Charleston navy yard, where winter rendezvousing will be done. The boats filled up with coal here and the Wilkes, which was slightly damaged, did some work to boilers and hull, but docking was not necessary.

While here there was a change in fleet commanders, Lieut. Pegrim, who has been an under officer on the Wilkes, was promoted to command of the division, while Lieut. Blakely, the former commanding officer, has been transferred to the Charleston navy yard.

The boats depart with the understanding that later in the winter they will be sent back to work in the harbor with the cruiser Montgomery, the torpedo station ship, which is now fitting out for the winter maneuvers at the Philadelphia navy yard.

The Real Thing.

"This," said the artist who was showing a visitor through his studio, "is a study in still life."

"Still life!" echoed the visitor in astonishment. "Why, it looks like the portrait of a man."

"Yes," explained the artist, "it is a portrait of Mrs. Enpeck's husband."

PILES

"I have suffered with piles for thirty-six years. One year ago last April I began taking Cascarets for constipation. In the course of a week I noticed the piles began to disappear and at the end of six weeks they did not trouble me at all. Cascarets have done wonders for me. I am entirely cured and feel like a new man." George Kryder, Napoleon, O.

WALL STREET REVIEW.

By Associated Press.

New York, Nov. 16.—Eighths and quarters measured the extent of the opening changes in prices in stocks except in a few cases. Trading was quite active in spite of the narrow fluctuations. Four thousand shares Amalgamated Copper sold at last night's close, followed by 5,000 shares at a decline of 1-4. Western Union advanced 1 3-4, and American Smelting, Anaconda and Atchison large fractions. American Sugar fell a point and then rallied.

There was some heaviness in the railread list, which was counterbalanced by strength in certain industrials. The general movement was of little importance, the market apparently showing a waiting attitude for the time being. Realizing sales forced Amalgamated Copper a point below yesterday's closing, but the other related stocks were fairly well held. American Sugar advanced 2 points. Pennsylvania and Pittsburg Coal, preferred, 1 1-2. Pittsburg Coal 1 1-4 and Atlantic Coast Line, United States Steel, American Smelting, Mackay Company, preferred, and Utah Copper, 1. North American and Gramby lost a point. The prices were rising briskly at 11 o'clock.

Spirited buying of Missouri Pacific sent it up two points, but the movement failed to sustain the rest of the list, which started to ease off. United States Steel and Western Union worked back to yesterday's closing, the latter reacting nearly three points. Reading also was offered freely and sold down a point below last night's closing. Wells-Fargo Express jumped four points. Union Bag, preferred, 1 3-4; Bethlehem Steel, preferred, 1 1-2, and International Harvester and National Biscuit, 1. Delaware and Hudson lost a point.

The market took an upward turn again, Amalgamated Copper reaching 94 and some other specialties touching their highest prices of the day. Before 2 o'clock, however, prices were declining again.

COTTON REVIEW.

New York, Nov. 14.—The cotton market opened steady at an advance of 12 to 15 points, the gain being only a partial response to considerably better cables than due. There was no sign of bull support here, and as soon as buying orders encouraged by the cables had been executed, the market became unsettled with selling of the near months by Western houses of the chief feature. Prices during the middle of the morning were about net unchanged to 4 points lower.

The market was very quiet in the forenoon with prices ruling 5 to 6 points net higher. Uncertainty as to the action of the revision committee of the New York Cotton exchange in fixing differences in grades of spot cotton at its meeting to-morrow night seemed to be the chief factor in restricting business.

Spot, quiet; middling uplands, 14.80; middling gulf, 15.05.

Cotton futures opened barely steady. November, 14.30 offered; December, 14.45; January, 14.68; March, 14.92; April, 14.92@93; May, 15c; June, 14.99 offered; July, 14.96; October, 12.53 bid.

Cotton spot closed quiet, 15 points higher; middling uplands, 14.98; middling gulf, 15.20. No sales

GRAIN AND PROVISIONS.

Chicago, Nov. 16.—The opening trade in the wheat pit here to-day showed a continuance of strength. Corn and oats were also strong, while provisions fell off.

Little December wheat was offered when the market opened, and trading was more active in the May product. Because of the more distinct deals, covering in December was difficult and opening advances of 1-2 to 1 cent were registered in December at 1.08 to 1-2. May showed an increase over yesterday's final quotations of 1-4 to 5-8 at 1.05 7-8 to 1.06 1-4.

Wet weather throughout the corn belt with its promise of slow movement of crop strengthened the corn market. December opened at 60 7-8 to 61 1-4c.

Oats followed the other grains and trading was brisk. December opened at 39 3-4.

January pork, which has led the provisions market of late, broke sharply at the opening, falling off 27 1-2 to 72 1-2 cents and the slump extended to other products in a less degree. Opening prices in the January products were: Pork, 21.37 1-2 to 20.90; lard, 12.00 to 11.95, and ribs at 10.85.

Close: Wheat—December, 1.07 1-2; May, 1.05 1-4.

Corn—December, 40 1-4@3-8; May, 61 1-2.

Oats—December, 39 1-4@3-8; May, 41 3-4.

Pork—January, 21.00; May, 20.00.

Lard—Nov. 12.20; January, 11.87 1-2@11.90.

Ribs—November, 11.59. January, 16.65.

Hay—Timothy, November, 3.75; March, 4.10.

Clover—Nothing doing.

JUDGES REPORT TO MOTOR CLUB ON THE REGATTA

MEETING HELD LAST NIGHT AT WHICH WINNERS OF RACES OF LAST WEDNESDAY ARE OFFICIALLY DECLARED.

Winners of the motor boat races of last Wednesday were officially declared last night at a meeting of the Pensacola Yacht and Motor Boat Club, when the report of the timekeeper and judges was received, showing the names of the boats participating, the time they made and the owners.

The winners of the races are shown to be as follows.

Class A—Ora, owned by W. A. Dunham, time for 16 miles, 45 minutes, 45 seconds.

Class B—Margaret W., owned by W. B. Wynn, St. Andrews, time for 12 miles, 57 minutes, 10 seconds.

Class C—Reeba, owned by W. A. Dunham, time for eight miles, 48 minutes, 32 seconds.

Class D.—Frolic, owned by E. G. Quina, time for eight miles, 59 minutes, 41 seconds.

Class E—Laura, owned by Briggs, time for four miles, 35 minutes .

A footnote by the timekeeper states that the Nanine of St. Andrews crossed the line first in class E, but was disqualified by the timekeepers, as she started before the final gun and refused to come back after repeated warnings.

Can Secure Cups.

Handsome cups were the prizes for the winners in each of the classes and these can be secured by the winners bl calling on P. Lindenstruth, of the committee.

The regatta was a very pronounced success, notwithstanding the very rough and disagreeable weather, which kept at least three fast boats from reaching the city in time to participate. It is the belief that the races will have the effect of arousing more interest in motor boat racing along the gulf coast.
