**BARK "MARIE"**  
**SOLD; FLAG TO BE CHANGED**

OLD GERMAN VESSEL WHICH SUFFERED IN STORM THREE YEARS AGO HAULED OUT AND WILL SAIL UNDER URUGUAYAN FLAG HEREAFTER.

Announcement was made yesterday of the sale of the German bark Marie, to Capt. McGraw, who will at once fit the vessel up and will take charge as captain himself. The Marie at present is a German vessel, but the flag will be changed once the vessel has been put into commission to the Uruguayan flag, and a trip to South America will be the first one made under the new ownership.

The Marie was towed yesterday and moored at the west side of Baylon street wharf, where general repairs will be made with a view to fitting the old vessel in good shape for the first voyage in more than three years.

The first cargo will consist of timber for South American ports and a

**DANGEROUS DANDRUFF**

Will Make America a Baldheaded Nation if Not Checked.  
M. Pasteur, the great French Physician of Paris, once said: "I believe we shall one day rid the world of all diseases caused by germs."

Dandruff is caused by germs, a fact accepted by all physicians. Dandruff is the root of all hair evils. If it were not for the little destructive germs working with a persistence worthy of a better cause, there would be no baldness.

Parlatan Sage will kill the dandruff germs and remove dandruff in two weeks or money back.  
Hannah Bros. guarantee it. It will stop itching scalp, falling hair and make the hair grow thick and abundant.

It puts life and lustre into the hair and prevents it from turning gray. It is the hair dressing par excellence, daintily perfumed and free from grease stickiness. It is the favorite with women of taste and culture who know the social value of fascinating hair.

A large bottle costs only 50 cents at leading druggists everywhere, and in Pensacola by Hannah Bros. The girl with the Auburn hair is on every package.

return cargo, which is said to be procurable without trouble, will be of hides and logs for Boston. The trip down will pay for any all expense, it is stated, that may be laid out in fitting the vessel for sea and the change of flags.

Captain Trobuk and Captain Saunders owned the vessel and made the sale this week. Captain Saunders said the hull is as good as any that has ever been taken out of this port.

The Marie was a sufferer in the September storm of three years ago and was damaged to such an extent that a low price was asked for the hull in its damaged state. Since the purchase two or three years ago the vessel has been anchored on the eastern bay front and it was thought that the owners had bought something in the nature of a gold brick. In the storm damage was suffered by a vessel breaking loose and crashing into the Marie, forcing the latter up on the pilings. The hull, however, was undamaged, but considerable disarrangement of rigging was done when one of two of the three spars were broken.

The vessel in its present state is very much seaworthy, and shipping men along the water front yesterday thought the new owner had secured a real bargain.

"Oh, I don't know," contradicted the flutery lady. "I've kept my age a secret ever since I was 24."

"Yes," he replied, "but one of these days you will give it away. In time you will just simply have to tell it."

"Well," she replied with confidence, "I think that when a woman has kept her secret for twenty years she comes pretty near knowing how to keep it."

**TRI-CO. FAIR FILLS A LONG FELT WANT**

**PRESIDENT STILLMAN TALKS ENTHUSIASTICALLY OF RECENT FAIR AND WHAT SHOULD BE DONE TO INSURE SUCCESS OF FUTURE EVENTS.**

"The Tri-County Fair seems to have supplied a long felt want," said President Jno. E. Stillman of the association, to a Journal representative yesterday afternoon in discussing the benefits to be derived from these annual expositions. "Many of our people have thought in a perfunctory way that Escambia county and adjacent territory were rich in agricultural possibilities. At least, they thought that they thought this."

"The fair, with its complete exhibits of agricultural and horticultural products, the stock and poultry exhibits, all confirmed these suspicions, and now the people who attended the fair know what they thought they thought before, and know that they know it."

"The acquaintances made at the fair between people engaged in the same line of work but in different counties or sections, was a pleasant and valuable feature, and the friendly rivalry that will ensue in the efforts to out-do each other for the exhibits at the future fairs will be of incalculable value to the individual farmers."

"The man inclined to engage in agriculture must have received great encouragement."

"When a man is traveling through a country and comes to a road or bridge that seems impassable, he is given courage to go ahead if he has tangible proof that some one has gone over the road or bridge ahead of him. Most men have confidence enough in themselves to believe they can do what has been done before."

"The presence of Baldwin and Santa Rosa counties was invaluable towards making the fair."

Transportation Necessary.  
"In this connection it might be well to call the attention of our merchants and bankers to the fact that in Baldwin county, due west of us, beginning on the west shore of Perdido Bay and running for 30 miles west, is the richest and most developed portion of Baldwin county. Hundreds of prosperous farmers live in this section. They are cut off from Mobile by Mobile Bay and are nearer Pensacola to start with than to Mobile."

"A few thousand dollars invested in a ferry or a few more in a bridge would bring all these people to Pensacola, and the merchants and bankers of Pensacola would receive their business. These people are exceedingly anxious to see the opportunity opened to allow them to come to Pensacola, and make it their business headquarters. Doesn't it look like poor business to spend \$100,000 for a new jail, when one quarter of the amount used for the above purposes, bridge or ferry, would divert to our city the immense business already developed and only awaiting necessary facilities to come to us?"

Ferry at Florida Town.  
"The proposition to put on a ferry between Escambia and Florida Town, connecting the two counties with Santa Rosa county, needs very little pushing and encouragement to become an accomplished fact. Such connections will stimulate the building of good roads through all the counties affected, and if the idea to hereafter hold yearly in Pensacola a fair that will include Baldwin county and all of West Florida, the extent to which the good influence will extend is beyond present calculation."

Begin Work Now.  
"In conclusion, I will say if Pensacola wants to have a sure enough great big West Florida and Baldwin county fair next year, now is the time to begin work and advertising, and if R. W. Storns can be induced to manage it, and Miss McIntyre will take charge of the woman's department, and Lillard, and Mrs. Max Bear and Mr. and Mrs. McDonald, of Cottage Hill, and Miller and Carney and wives, of Baldwin county, and Simpson and Irquhart, of Santa Rosa, stand by as they have with the Tri-County Fair, I believe we can have a fair as big as Barnum & Bailey's circus, and as complete in its special sphere."

**Charcoal The Great Absorbent**

Absorbs and Removes Stomach and Intestinal Gases and Makes The Breathe Pure

The able researches of Dr. Stenhouse, published in the middle of the last century, excited considerable interest in charcoal and his wonderful absorbing powers. His experiments were directed to the deodorizing, as well as the absorbing qualities of charcoal, and he succeeded in proving beyond all question or doubt, that its properties of destroying the offensive odors of putrid vegetable and animal matter, depended, not alone, upon its antiseptic power, as had been generally supposed theretofore, but also on its quality of absorbing and oxidizing etharia or noxious exhalations from the putrefying matters.

Many other noted physicians have since that time investigated this absorbent and oxidizing action, and one of them, Dr. Hunter, has also published an account of his experiments, showing the relative amount of the various gases taken up by the different kinds of charcoal.

Both Stenhouse and Hunter experimented with charcoal made from poplar, boxwood, cocoon shells, willow wood, and various other woods, and they found that charcoal made from willow wood possessed by far the most power of absorbing, deodorizing, oxidizing and destroying foul gases. It may be added here that animal charcoal, which is employed so extensively as a decolorizing agent, is very inferior to wood charcoal as an absorbent and deodorant.

Stuart's Charcoal Lozenges are composed of charcoal made from the finest willow wood, the very best of all woods that can be used for this purpose. The addition of pure honey to these lozenges renders them so palatable that no one can possibly object to their taste.

When they are taken into the stomach they do not lie inert and inactive, but get busy at once in the good work of absorbing and oxidizing all foul gases, destroying disease germs, preventing the further formation of gases, stopping fermentation, flatulence and decomposition of food, and cleansing the stomach walls of carterial mucus.

Stuart's Charcoal Lozenges are introduced into the system by being allowed to dissolve slowly in the mouth, where their cleansing action begins, rendering the breath pure and sweet, destroying any germs existing in the mouth, and removing tartar from the teeth.

Call up your druggist over the phone, and ask him for his opinion of the power of Stuart's charcoal lozenge cleanser, gas absorbent and breath purifier, then request him to send you a box of Stuart's Charcoal Lozenges for 25 cents. Also send us your name and address, and we will send you a free sample of Kelly's Address Book, F. A. Stuart Company, 200 Stuart Building, Marshall, Mich.

**IS A BENEFIT TO THE PUBLIC**

THE REXALL STORE HAS PROVED SUCH IN PENSACOLA, AND HAS A FIRMLY ESTABLISHED REPUTATION.

The Rexall Store has a firmly established reputation for square dealing and sterling honesty. When they told the people that Rexall Remedies are the purest and most dependable medicines that it is possible for modern science to produce, and that they would tell the public what each one of these 300 or more remedies contained, and that they sold Rexall Remedies on their personal guarantee, that they would give entire satisfaction or they would not cost the user a single cent, they were believed.

Ever since this announcement the Rexall Store has been largely patronized by people buying Rexall Remedies, all of which prove that this store has the confidence of the people.

There is no cure-all among the Rexall Remedies. There are different and separate medicines, each one devised for certain ailments or a class of ailments closely allied. Remember, the Crystal Pharmacy is the only store in Pensacola where these remedies may be obtained, and every one in need of medicine is urged to take advantage of the frank and generous manner in which they are sold.

**McKINNONVILLE.**  
McKinnonville, Nov. 17.—Mrs. A. D. McKinnon and daughter, Mrs. A. L. McCallum, returned Friday from a few days' visit to the fair in Pensacola.

Among those who went to Pensacola Sunday to attend the circus Monday were A. D. McKinnon and children, Clifford and Mildred; A. L. McCallum and wife, Joe Malone and son, Carl; Robt. McKinnon and sister, Miss Selbie; Dunward Johnson and Dan McCaskill.

John Underwood, of Enon, was a visitor here Saturday.  
Alfred Reynolds, of Freemantle, and Mose Bowman, of Pleasant Grove, were visitors here Saturday.  
Thomas Taylor is on the sick list this week.

**A Startling Statement**  
New York Medical Authorities Claim Dyspepsia to Be a Pre-Disposing Cause of Consumption.

The post mortem statistics of the big New York hospitals show that some cases of consumption are due, at least indirectly, to unchecked dyspepsia, especially when the victim was predisposed to tuberculosis.

Dyspepsia wears out the body and brain. The weakened, irritable stomach being unable to digest food, the body does not receive the required nourishment, and the victim becomes thin, weak and haggard. As a result, the body becomes a fertile field in which the germs of disease may lodge and flourish.

Therefore, the person who permits dyspepsia to progress unhindered is guilty of contributing toward the development of one of the most insidious and fatal diseases known to mankind.

Dyspepsia may be completely eradicated if properly treated. We sell a remedy that we positively guarantee will completely relieve indigestion or dyspepsia, or the medicine used during the trial will cost the user nothing.

This remedy has been named Rexall Dyspepsia Tablets. Certainly no offer could be more fair, and our offer should be proof positive that Rexall Dyspepsia Tablets are a dependable remedy.

Inasmuch as the medicine will cost you nothing if it does not benefit you, we urge you who are suffering with indigestion or dyspepsia to try Rexall Dyspepsia Tablets. A 2-cent box contains enough medicine for fifteen days' treatment. For chronic cases we have two larger sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Pensacola only at our store.—The Rexall Store, The Crystal Pharmacy, Brent building.

**DIRECTORS OF FAIR TO MEET**

MEETING IS TO BE HELD SATURDAY FOR PURPOSE OF CLOSING UP BUSINESS OF RECENT FAIR.

President Jno. E. Stillman of the Tri-County Fair Association has issued a call for a meeting of the directors to be held in the rooms of the Chamber of Commerce Saturday afternoon at 2 o'clock.

The meeting is for the purpose of closing up the business relating to the recent successful fair and to discuss matters pertaining to the next fair.

**S.S.S. FOR RHEUMATISM**

Rheumatism is in reality an internal inflammation; a diseased condition of the blood cells which supply the nourishment and strength necessary to sustain our bodies. The disease is caused by an excess of uric acid in the blood, which comes from indigestion, weak kidneys, constipation, and other irregularities of the system. This uric acid produces an inflamed and acid condition of the blood, and the circulation, instead of nourishing the different portions of the body, continually deposits into the muscles, nerves, joints and bones, the irritating and pain-producing acid with which it is filled. Then follow the painful and torturing symptoms of Rheumatism. We do not claim for S. S. S. that it is anything more than a first class blood purifier, and that is just what is needed to cure Rheumatism. S. S. S. goes into the circulation, and by neutralizing the uric acid and driving it from the blood, effectually and surely removes the cause of Rheumatism. S. S. S. strengthens and invigorates the blood so that instead of a weak, sour stream, causing pain and agony throughout the system, it becomes an invigorating, nourishing fluid, furnishing health and vigor to every portion of the body, and permanently relieving the suffering caused by Rheumatism. S. S. S. is purely vegetable and will not injure the most delicate system. Book on Rheumatism and any medical advice free to all who write.
