## Intestinal Indigestion

A Form of Dyspepsia Usually Resulting From the Inability to Digest Starchy Foods.

There are a great many persons who are victims of what is known as intestinal indigestion, a disease which is due to the fact that the starchy foods are either partially digested or not digested at all, and the result of this trouble may be either an obstinate constipation or a persistent diarrhoea.

This inability to digest starch is called "amylaceous dyspepsia," a disease which is much in evidence. Americans are notoriously poor digesters of starch, and as starchy foods, such as potatoes, rice, bread, etc., are digested entirely in the small intestines, and not in the stomach proper, as is generally supposed, it can be readily seen how intestinal indigestion will usually produce diarrhoea.

In the small intestine the pancreatic juice acts upon the starches and ordinarily, in a state of health, possesses the power of converting them into grape sugar and dextrine. Starch must be so transformed before it can be of use to the animal being. Remaining as unchanged starch, it either passes through the alimentary canal, and proves a useless burden to the system, because it resists absorption, or it causes intestinal indigestion, the food products becoming acid through putrefaction, which often sets up a catarrhal inflammation of the intestine, resulting in diarrhoea.

In a complaint of this character many persons use paregoric, Squibb's, bismuth and tannin to relieve the diarrhoea, all of these remedies being powerfully astringent, and they stop the trouble suddenly, "locking up" the morbid secretions, throwing the toxic intestinal poison back on the system, and often causing death through auto-intoxication.

STUART'S DYSPEPSIA TABLETS contain among other powerful digestives, a substance called diastase, which thoroughly digests every particle of starchy foods in the small intestine, and prevents the possibility of intestinal indigestion, no matter how excessive may be the amount of food eaten.

These tablets also contain calcium carbonate, which is a mild though effective sub-astringent, and which relieves and cures the diarrhoea by easy stages. It does not act with such suddenness as would cause poisoning of the system, but on the contrary, by its antiseptic properties, all toxins, intestinal germs and poisons always present in intestinal indigestion and diarrhoea, are destroyed.

Not only are the starches digested by the use of Stuart's Dyspepsia Tablets, but through the action of other ingredients they contain albuminous foods like meat and eggs are also digested. Thus they cure indigestion of any kind. Buy a package from your druggist today for 50 cents and send us your name and address for free sample package. Address F. A. and study up on the terms of payment. The abutting property owners may pay the total assessment in cash, but that is optional. Other terms of payment are as follows:

One-sixth in cash within thirty days after the date of said certificate, or at the option of the owners of land, one-sixth in cash within thirty days after the date of said certificate and the balance in equal installments, 1, 2, 3, 4 and 5 years after the date of said certificate, with interest from date until paid, at the rate of 6 per cent. per annum, payable annually.

The board notifies all land owners interested that unless they apply within thirty days to the board for the privilege of payment by installments as aforesaid, the right to such method of payment shall be lost and the whole sum shall be payable at once and the lien given by law for all said sums, together with cost and the attorney's fee specified in said act and the ordinance of the city, shall become immediately enforceable. The same manner of payment for other paving will be followed, and persons in other parts of the city will do well to inform themselves on the plan and thus be prepared to meet the payments in the most advantageous manner.

## AMUSEMENTS.

Orpheum Theatre. Tonight will be a big night at the Orpheum, for besides the regular big show, there will be a half-dozen of the best amateur acts ever seen in Pensacola. There will be plenty of singing, dancing and everything else that goes to make up an evening of pleasure and enjoyment at the Orpheum.

"Red, the newsboy," and Frankie Kelly will present a new act entitled, "The Orphan's Christmas Eve," and it is said that these two little fellows are possessed of excellent talent for two so young in years. Taken all in all, it will be a big night, and everybody should turn out and urge the amateurs on to their best efforts. There will be three prizes awarded and it will be nip and tuck between the winners. So don't forget the Orpheum tonight, for the regular big show and the big night of amateurs. No advance in prices.

## SIDEWALK MEN WANTED RELIEF FROM BIG JOB

CLAIMED THAT CONTRACT HAD BEEN EXECUTED BECAUSE OF ENFORCEMENT OF ATTORNEY'S CONSTRUCTION OF CONTRACT AGREEMENT.

Contending the sidewalk contract with the city had been complied with, the Whiddon Construction Company yesterday afternoon, through a representative, asked the board of public works for relief, claiming that they had complied fully with their agreement, in that they had constructed twenty miles of cement sidewalks, and had thus covered the amount on which they had bid, which was approximately 600,000 square feet. Upon hearing of this contention, the board of works was hurriedly called in special session and the representative of the company again made appearance, reiterating the contention.

The board of works, however, holds that the sidewalk contract has not been fully fulfilled. Although a clause stipulates that 50,000 feet shall be constructed within a month's time, which is to be laid out by the city engineer, the board could not find in the contract any clause limiting the work, and was of the opinion that the 50,000 feet should be constructed monthly, and that a year's work should be accomplished. There was no action taken last night on the construction company's contention, the matter having been left after it had been thoroughly discussed.

The enforcement of the clause forcing the construction company to do nine inches of free excavating seems to have brought on the contention, for the representative said the company was willing to carry on the work until the first of next February, which would be a year's work, providing that leveled streets would be assisted on which the improved walks should be built. The board would not bind itself to any such agreement, but thought the construction company could be kept busy very nicely until the legal expiration time of the contract.

The board discussed the question of advertising for another contract but were advised by the city attorney not to take such a step, as the Whiddon company had really given no official notice of throwing up the contract. When written notice would be received from them that they desired to throw up the contract, then the attorney held, was the proper time to advertise and make a new contract. Then, he inferred, it would be in proper procedure to go after the company falling down on the contract as interpreted by the city, for a breach of contract. The company gave no such written notice.

It was acknowledged in the meeting that the contract under which the sidewalk work is being done was a lease one. Errors were pointed out in some instances, errors of commission and impossible interpretation. It appears that in the printing of the contract typographical errors had passed unnoticed and words were left out at most important places. Words which would convey a clearer meaning than that now interpreted, it was said, could probably be inserted, and one suggestion was made that a new contract be drawn.

The Whiddon company has recently been given a nice city contract for the construction of cross walks over the city, and this contract has not yet been signed. Intimation was made that this would be held up in case of

## Grows Hair on Bald Heads

A Remedy That Costs Nothing if It Fails to do as Claimed.

Resorcin is one of the latest and most effective germ-killers discovered by science, and in connection with Beta Naphthol, also a powerful antiseptic, a combination is formed which destroys the germs which rob the hair of its nutriment, and thus creates a clean and healthy condition of the scalp, which prevents the development of new germs.

Pilocarpine is a well known agent for restoring the hair to its natural color, where the loss of color has been due to a disease. Yet it is not a coloring matter of dye. The famous Rexall "93" Hair Tonic is chiefly composed of Resorcin, Beta Naphthol and Pilocarpine, combined with pure alcohol because of its cleansing and antiseptic qualities. It makes the scalp healthy, nourishes the hair, revitalizes the roots, supplies hair nourishment and stimulates a new growth.

We want you to try a few bottles of Rexall "93" Hair Tonic on our personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of our faith in this remedy and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "93" Hair Tonic will grow hair on bald heads, except of course where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over, and the scalp is glazed.

Remember, we are basing our statement upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and we have the right to assume that what it has done for hundreds of others it will do for you. In any event, you cannot lose anything by giving it a trial on our liberal guarantee. Two sizes, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies in Pensacola—only at our store.—The Rexall Store, The Crystal Pharmacy, Brent building.

## Nature's Gift from the Sunny South

## Cottolene Is Not a Substitute for Anything

No animal product, such as hog lard, ever has afforded, or ever can afford a satisfaction to compare with Cottolene. It is far superior to lard because it contains no hog fat, and its purity is unquestioned. It is more economical than butter for shortening and frying because, being richer, one-third less is required.

Cottolene is made from cottonseed oil, a fluid extracted from the seed of purest cotton. From Cottonfield to Kitchen—human hands never touch the oil from which Cottolene is made.

Pies, doughnuts and cakes cooked with Cottolene can be fearlessly enjoyed by the most determined dyspeptic, for Cottolene makes food digestible as well as palatable.

There is no substitute for Cottolene, because there is no shortening as good as Cottolene. It is pure, clean, neutral in taste and flavor, and absolutely the purest and most healthful frying and shortening medium.

**COTTOLENE is Guaranteed** Your grocer is hereby authorized to refund your money in case you are not pleased, after having given Cottolene a fair test.

**Never Sold in Bulk** Cottolene is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

the non-performance of the sidewalk contract. The construction company, it was stated, were quite willing that the cross-walk contract should be held as a lever against any other contract as held by the company with the city.

Chairman Jennings presided at the meeting. Mr. Fisher and Dr. Blocker attended it. The mayor and city attorney were also present.

The Value of Proprietary Medicines. It is proven by the very large percentage of physicians' prescriptions for the same remedies found in every drug store in America, but as they are written in Latin few patients realize this fact.

The old standard proprietary medicines like Lydia E. Pinkham's Vegetable Compound, that have stood the test of time, deserve a place in every family medicine chest, and it is most certain they would not be prescribed by physicians if they were able to devise a formula equally as efficacious.

## SAILOR'S LEG IS LACERATED

DECKHAND ON TENDER TO DREDGE SUFFERS INJURY OF SUCH NATURE THAT AMPUTATION MAY BE NECESSARY.

With a deep gash about twelve inches in length, Pat Carron, a deckhand aboard the steam tug Mary Louise, was hurried to the hospital yesterday morning, where he was given the best of attention. The man was suffering severely. Announcement was made in the afternoon that the leg may yet have to be amputated.

Carron was assisting in mooring the steamer, which was a tender to the Rittenhouse Moore dredging apparatus. He had thrown a line over a cleat at Muscogee wharf when a bit on the tug pulled loose. This rubbed against and badly lacerated the leg of Carron. He suffered severely before the ambulance reached him. The boat wharved, where it was met by the hospital ambulance.

**A BROKEN BACK.** That pain in your back caused by lumbago, stiff muscles or a strain is an easy thing to get rid of. ## P. H. S. TO PLAY BREWTON TODAY

WILL TACKLE THE STRONG COLLEGIATE INSTITUTE ELEVEN THERE THIS AFTERNOON.

The Pensacola High School football team leaves this morning at 11:30 for Brewton, Ala., to play the Brewton Collegiate Institute this afternoon. Mr. Welch is in charge of the team and hopes to bring his boys back with another victory added to these already won.

## BIG AMATEUR NIGHT TO-NIGHT AT THE ORPHEUM

The biggest, best and funniest night of the season. Don't fail to come.

Fell's place will be taken by Lybrand. Strict adherence to the average rule, requiring a 75 per cent mark on part of each player, has caused the loss of one player so that the line-up had to be changed. Coleman will play at half and Yates will take his place at end. Wright is out of the line, leaving this week to take up his residence in Washington.

The Brewton line-up misses Page and Robbins, two very able men, so that a hard, close game is anticipated. If Pensacola should lose, it will make an even break and would be played off next year.

The football line-up tomorrow will be as follows: Marston c, Thames lg, Hall lt, Yates le, Smith rg, Gingles rt, Bass re, Lybrand qb, Bell lb, Shuttleworth fb, Coleman rb. Substitutes—Laney, Watson, Barrow.

Your cough annoys you. Keep on hacking and tearing the delicate membranes of your throat, if you want to be annoyed. But if you want relief, want to be cured, take Chamberlain's Cough Remedy.

## MUSCOGEE.

Special to The Journal. Muscogee, Nov. 18.—A large number of Muscogee people attended the circus in Pensacola Monday. A special train over the P. A. & T. R. R. left here at 8 a. m. and returned at 9 p. m., carrying about 300 people. Eighty of the Muscogee school children were present at the circus and all report a very pleasant day. They appreciate very much the kindness of the school board in giving them Monday for a holiday.

Little Miss Ivon Wheat, of Pine Wood, Fla., is visiting her sister, Mrs. Larkin and Mrs. Bonifay. Mr. and Mrs. Arthur Merritt spent a few days in Muscogee this week visiting their parents. About fifty Muscogee people were visitors to Pensacola last week to attend the fair.

MILLIGAN. Special to The Journal. Milligan, Nov. 18.—Dr. McLarty and wife, of Cobb, were business visitors here yesterday. Quite a few of Cobb and Milliganites visited the show at Pensacola Monday.

We are informed that W. H. Gay, who moved down near Milton about one year ago, will soon be residing at his home place again. J. W. Garrett, Jr., representing the C. A. Raine Tobacco Co., left this morning for his first trip. It is expected that the Scotch Manufacturing Co. will have their mill in running order within the next two or three weeks. J. D. C. Newton, of Milton, was up on business yesterday.
