COMING! IMAGA ORPHEUM Next Week

New and Relay Rails. Metzger Brothers, MOBILE, ALA.

TERSELY TOLD. \$5.00 REWARD.

The Journal will pay \$5.00 reward for evidence sufficient to convict any boy or person found stealing subscribers' papers after delivery of same by carrier.

Judge W. B. Sheppard, Fred W. Marsh and Philip Beall have returned from a hunting trip in the vicinity of Molino, bringing back a good string of birds with them.

Oliver Jernan, and J. D. C. Newton, Jr. of Milton, were among the visitors to the city yesterday.

John A. Cotter attached to the steamboat inspection service, with headquarters at New Orleans, is in the city today.

William Crumpton, an aged white man convicted of being drunk, was given twenty-five days in the city jail yesterday.

M. S. Cook and Ingraham McDonald, arrested and convicted of being vagrants, were given thirty days on the streets yesterday. Solar Mitchell, charged with being drunk and disorderly, was also given a sentence of thirty days.

Hon. W. W. Flournoy, of DeFuniak, was in the city yesterday, returning to his home from a trip on legal business to Montgomery and Birmingham.

Twenty-five cases were disposed of in the city court at yesterday's session. Fines and costs amounted to \$47. Six cases were continued, two transferred to the county courts and two defendants discharged.

E. B. Wells, charged with violating the stock law by allowing animals to run at large in the city limits, had his case thrown out of court. W. C. Clark, convicted of violating the stock law, was fined \$5 and costs, but \$2 was remitted by the recorder.

Because no one appeared and claimed the wheel supposed to have been stolen and sold by the little negro, Breeding, his case was ordered continued until Friday morning. The wheel is at the station, awaiting possible identification. Someone has recently cut from it a tire which was practically a new one.

Judge Young and Ernest Francis, charged with having stolen a quilt from a motor boat and arrested as dangerous and suspicious characters, were bound over to the county court yesterday by the recorder. They are now under charges of petty larceny.

Sheriff Van Pelt has provided more than a dozen chickens for the Thanksgiving dinner at the county jail today. There are sixty-six prisoners in there at present, and a great eating time is anticipated. Scarcity of turkeys forced the sheriff to provide a chicken diet instead for the unfortunates.

REALLY DELICIOUS. Ice cream flavored with Blue Ribbon Vanilla Extract is really delicious. It gives a delicacy of flavor that touches the right spot.

GERELDS GRO. CO. HAS FALL OPENING. An unique affair was in sway at the Gerelds Grocery Company yesterday afternoon. Everybody has heard of fall openings of millinery and dry goods stores, but even the "newspaper guy" who just happened (of course) on this entirely successful affair placed it among his recollections of novelties of the season.

Tables and chairs were placed in the store and cakes and coffee were served to visitors attending during the afternoon. That the affair was a howling success speaks well for the management who devised the new feature and of course—on account of the merits of The Journal as the only advertising medium carrying the firm's announcement.

State of Ohio, City of Toledo, Lucas County, ss. Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the city of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every copy of the said publication known as the "FRANK J. CHENEY" published by the use of Hall's Catarrh Cure, sworn to before me and subscribed to in my presence, this 6th day of December, A. D. 1888.

A. W. GLEASON, Notary Public, Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials from Dr. F. J. CHENEY, Co., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

Palafox and Tarragona Street Paving, Subject Of Discussion

(Continued from First Page.)

duced, and the council took a recess of five minutes to examine. One of the representatives of the contracting firm examined the concrete and pronounced it first-class, saying that it had not been given time to harden, which required at least twenty days.

Two of the five pieces produced by Alderman Renshaw came from Georgia square, and John A. Merritt, of the bond trustees, called the alderman's attention to the fact that he (Alderman Renshaw) as a member of the Georgia square commission had awarded the contract, and the bond trustees and Board of Works had nothing to do with that part of the work but would take pleasure in investigating the part coming under their supervision.

Alderman Renshaw replied that the city's money was being spent, nevertheless, and he had brought the matter up for investigation to which Alderman Williams said that Dr. Renshaw and the park commissioners should attend to their own business and not burden the bond trustees with it.

WANT A FRANCHISE. Under a suspension of the rules Alderman Bear introduced an ordinance giving to the Pensacola Development & Construction Co. the right to build a street railway from Myrtle street along Pettersen street to Garden street, east on Garden street to Alcaniz, thence to Cavallos and the bay. The ordinance requires that the work shall commence in six months and be completed in two years and the company shall deposit \$2,500 with the city for the performance of the terms. The ordinance was referred to the franchise committee and ordered published.

The terms of the ordinance prescribe that cars can be operated by gasoline or electricity.

The applicants are the same ones who applied for franchise about five years ago, it being the statement then that the line would be run to a point known as Beach Haven, but the council refused to grant it.

COMPTROLLER'S REPORT. The comptroller's report in printed form was submitted. It was as follows:

COMPTROLLER'S REPORT, 909. To the Honorable Mayor and City Council of the City of Pensacola, Fla. Please find below statement of receipts and disbursements for the month of October, 1909, with a detailed statement of expenses for the month:

Lighting Streets \$1,403.79

Crossings and Sidewalks \$5,697.16

Cleaning and Flushing Streets \$430.63

Distension Of The Stomach By Air

And Eructations of Gas Rapidly Relieved by Stuart's Charcoal Lozenges.

Willow charcoal is the most important and the purest kind of charcoal obtainable. Wood consists of carbon, hydrogen and oxygen, and when heated in a room where the supply of air is limited, the more volatile matters are burned away, and most of the carbon remains.

In a finely divided state charcoal not only condenses gases to a marvellous extent, but also has the power of absorbing coloring matters. It is a very rapid absorbent of gases of every kind, and is much used in the dissecting rooms and wards of hospitals for the removal of offensive odors.

In rooms which have been recently or freshly painted, a pan or other receptacle of charcoal flowers to remain therein overnight will completely absorb and remove all the disagreeable paint-odor.

Physicians frequently employ charcoal for destroying the fetid excretions, for which purpose it is applied in the form of a powder or poultice to granular sores, ulcers, etc. It is also largely used in tooth-powders, as its mechanical action it removes incrustations of the teeth, while by its chemical action it destroys fetor, or foulness of the breath.

Indigestion accompanied by flatulence, or gas on the stomach, and belching, and in the colic of infants, or older persons, as well as the so-called "lead-colic," is relieved by Stuart's charcoal lozenges, which are by far the best and most powerful remedy that can be used.

Stuart's Charcoal Lozenges should be used frequently by painters, or workers in lead, and all persons whose occupations make them liable to "lead-colic." They should also be employed by anyone who suffers from any annoying symptoms of indigestion, such as fermentation, decomposition of food, flatulence, or gas on the stomach, colicky pains, resulting from overindulgence in the intemperate use of alcohol, and the rumbling noises of the bowels with which so many dyspeptics suffer, and which prove so annoying and embarrassing, when occurring while in company.

Stuart's Charcoal Lozenges are composed of pure willow charcoal mixed with honey, and are capable of absorbing one hundred times their own volume in gas; and by their rapid anti-fermentative, antiseptic, depurating and absorbent action, prevent the possibility of colic or intestinal rumblings of any kind.

They are absolutely harmless, and may be given freely to infants suffering from colic, and used just as freely by older persons who are annoyed by flatulence and gas eructations. In proof of the harmlessness of charcoal, a French physician was in the habit of taking fifteen ounces every day of his life, and recommended its abundant use to others.

Purchase a package of Stuart's Charcoal Lozenges from your druggist today for 25 cents, and send us your name and address, and we will arrange to send you a sample package. Address P. A. Stuart Co., 200 Stuart Bldg., Marshall, Mich.

away with all paving contemplated excepting that on Tarragona street and Palafox street. The latter was to have been paved with brick or interlocking tiles, but the council is now in calling for paving for Tarragona should specify only brick.

Before a vote could be taken on the amendment Alderman Renshaw introduced a substitute for the original bill for the repair only of Palafox street, for which money was to be appropriated out of the city treasury, and also the paving of Hayne street and Tarragona street.

JENNINGS ENTERS PROTEST. Chairman Jennings, of the board of works, entered a protest against both amendments, and particularly that of Alderman Renshaw. He said that Palafox street, the principal thoroughfare of the city, should not be paved with the old brick, but should be in keeping with the spirit of progress, and therefore of new material which would conform to the other streets now being paved. He related how his board had planned to improve Guillaume and other streets, and objected to the substitution of the old brick for Guillaume or of Hayne street for Guillaume, as he believed that Hayne street is now being hardened at an expense of about \$1,000.

Alderman Renshaw said the streets of the city had been torn up enough and he did not believe in allowing Palafox to be done likewise.

His substitute did not receive a second and the vote was then ordered on Alderman Desilva's amendment, after many explanations of the president and clerk to aldermen who wanted to know on what they were voting. The amendment was defeated by the following vote: Ayes, Pfeiffer, Williams and Desilva; Nays, Renshaw, Concanon, Dunham, Kent, Kugelman, Moyer, Roehelbe, Renshaw and Welsh.

ANOTHER AMENDMENT. Several of the aldermen wanted them to vote on the original ordinance, which they favored, but Alderman Bear introduced an amendment allowing the paving of Tarragona with any material desired, but ground that the use of the old brick on Palafox street. This amendment passed by a vote of 10 to 2.

Alderman Bear then started reading his amended ordinance, and he reached about the third page when Alderman Williams inquired what he was reading. Upon being informed Mr. Williams asked if the amendment was in writing. It was not, but Alderman Bear remedied this by preparing the amendment. Then he proceeded again and was well along with the long measure when Alderman Williams called the attention to him, which state that no ordinance can be read the second time in skeleton form.

President Greenbut ruled against Alderman Williams on the ground that ordinances had heretofore been read in this shape, but Alderman Bear gave up the reading for the night, and moved to refer the measure to the parks and ways committee to report

upon at the next meeting in proper form, which motion prevailed.

RAILWAY ORDINANCE HELD UP. Alderman Kugelman said the Pensacola & Andalusia railroad ordinance is being held up by the committee by request of the promoters.

Three ordinances were passed on third reading. One fixes the penalty for violation by bar room proprietors of the 19 o'clock closing law at not less than \$250 and not leaving it at the discretion of the recorder. Another related to grading and curbing and the third was the license ordinance amended form.

MISCELLANEOUS BUSINESS. Alderman Anderson, representing the local insurance underwriters, appeared before the council in regard to the purpose of promoting insurance companies. His request for a reduction was referred to the finance committee.

The vestry of Christ church wrote regarding the street grades, which are much higher than the church lawn and sidewalk. Chairman Bushnell stated that it was too late now to rectify matters, and the communication was ordered filed.

The Pensacola Yacht and Motor Boat Club wanted the obstruction in the slip between Palafox and Baylen streets, placed there by the dredge Fidget, removed. The matter went to the harbor and sanitary committee.

Lived 152 Years. Wm. Parr—England's oldest man—married in the year 1219 worked in the fields till 132 and lived 20 years longer. People should be youthful at 80. James Wright, of Spruck, Ky., shows how to remain young. "I feel just like a 15-year-old boy," he writes, "after taking six bottles of Electric Bitters. For thirty years Kidney trouble made life a burden, but the Bitters cured me. I had found the greatest cure on earth." They're a godsend to weak, sickly run-down or old people. Try them. 50c at all druggists.

GIRLS ENGAGE IN ATHLETICS. HIGH SCHOOL GIRLS ATHLETIC ASSOCIATION IS ORGANIZED. AND OFFICERS ARE ELECTED.

A very enthusiastic and well attended meeting of the High School girls Monday afternoon resulted in the organization of an athletic association for the purpose of promoting athletics for the girls of the High School.

Officers were elected as follows: Miss Elizabeth Merritt, president; Miss Jeanne Dow, vice-president; Miss Margaret Moore, secretary; Miss Adelaide Bell, treasurer.

Miss Irma DeSilva was elected manager of the High School basketball team. Basketball, volleyball and tennis teams will be organized for their respective seasons and games will be arranged between classes. A girls' High School team will be organized later on and games will be arranged with the Classical School girls and the Junior class. The Barton Academy girls' team of Mobile has issued a challenge to the High School.

A clay basket ball court is being made on the east side of the school grounds. This will serve as a tennis court next spring.

This organization fills a long felt need and should result in much good to the student body. It is to be hoped the move will extend to the grammar schools.

Foley's Kidney Remedy will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. Cures backache and irregularities that if neglected might result in Bright's disease or diabetes. W. A. D'Alemberte, druggist and apothecary, 121 South Palafox Street.

To say candy in Pensacola means WHITMAN'S. At The Crystal Pharmacy.

NEWS NOTES FROM FLORIDA UNIVERSITY. Gainesville, Fla., Nov. 21.—The football game played last Monday in Winter Park with Rollins college, was a great victory for the Florida team, being 28 to 0. The features of the game were two long runs for touchdowns, McCormack making a 80-yard and E. Taylor a 75-yard run. The championship game is to be played on Thanksgiving day and "Tallahassee" in Tallahassee on the following Saturday.

Sister Carlotta, of St. Augustine, the president of the state branch of the United Daughters of the Confederacy, addressed the students in the chapel last Tuesday. With her were the officers of the local branches of the U. D. C. One of the local chapters supports a scholarship in the University for sons of Confederate veterans. The scholarship is held this year by Mr. George Grace. The state U. D. C. offers a gold medal for the best essay on some assigned subject of Florida history during the Civil War. This medal can be tried for by any student in the higher institutions of Florida, and was won last year by Mr. Phil Gray of the junior class, University of Florida. The subject for this year is "The Battle of Olustee."

Mr. G. A. Waterman, of Pensacola, stopped over here Thursday, on his way to the Big Island Waterways Association meeting in Jacksonville. He was very much pleased with the progress that the scholarship students from Escambia county are making.

President A. A. Murphee has been about the most of the present lecturers in the educational campaign. Dr. Flint lectured in Coleman last Saturday on the Panama canal. The lecture was illustrated by stereopticon views.

Profs. Rolfs and McQuarrie, who were judges at the Pensacola Tri-County Fair, give very favorable reports of it. It is reported here that the exhibit of the fair of the manual training department of the university attracted much attention and was generally admired. Profs. Rolfs and Scott are to be judges at the Ocala fair, which is to be held on Nov. 21.

The farmers of the state, giving their turned from West Florida, where they have been holding institutes. They have practically completed the counties west of the Chattahoochee river. There are 221 correspondents and students taking the course in agriculture, and every few days one or two more register. Last week three new students entered the University.

The Atheneum Club, which is the club's organization, met at Maj. E. S. Walker's residence yesterday and were given an address by the major. The Transit Club had their regular meeting Wednesday night. Mr. F. D. Thomas, of the junior class, read an interesting paper on the subject of tunnels.

On last Monday the agricultural students organized an Agricultural Club. Mr. O. F. Frueger was elected president and Mr. F. L. Thompson, of Pensacola, vice-president. All are very

DRAKE'S PALMETTO COMPOUND

ONE DOSE A DAY WILL CURE YOU

The great stomach and kidney restorative. Just one dose of Drake's Palmetto Compound taken daily for a week or two has been known to cure some of the most obstinate diseases of the Stomach, Liver and Kidneys. We know it will produce just such radical cures. We have seen it tested in absolutely chronic cases, in fact, cases where every other known treatment seemed to fail, and in none of them did Drake's Palmetto Compound fail to produce a speedy and lasting cure; people cured being as healthy and strong to-day as they ever were in their life. If you have any of the following symptoms send for a FREE test bottle at once. Lame Back, Headaches, Shooting Pains in the Shoulders, Quivering of the Flesh, Indigestion, Constipation, No Appetite, Pains After Eating, etc. Any one or all of these symptoms indicate Stomach or Kidney Troubles and treatment should not be delayed. We guarantee that one bottle of Drake's Palmetto Compound will do more genuine good in such cases than all other medicines you have ever taken combined. Cut out this advertisement and send it to us with your name and address and we will send you a FREE sample of our great Palmetto Compound by return mail.

Bright's Disease. Drake's Palmetto Compound cured me of Bright's Disease. I have bought and given away four 50c bottles to my neighbors. Wm. D. SWEET, Plessis, N. Y.

Indigestion, Constipation and Catarrh. Your Palmetto Compound has cured me of indigestion, constipation and catarrh of the head. I shall never be without the grand medicine. Mrs. L. Boyd, Rector, Clay Co., Ark.

50 Cents and \$1.00 a Bottle — At All Druggists. Or Sent Direct, Express Prepaid, Upon Receipt of Price. THE DRAKE CO., WHEELING, W. VA.

ery delta believe the statements made regarding the great returns from the crops. Like the Missouri people, they wish to be shown, and once shown they never fail to locate here. Hence, the plan to bring the prospective buyers to Sanford has proved most successful. Land Company has already located some 50 new residents upon their property at Cameron City and in Eureka Hammock.

Wm. Claude Howard left for Wichita, Kan., where he will make arrangements for two Pullman cars of people to arrive in the city today. The cars will bear banners of "On to Sanford, Florida," and are bound to attract attention throughout the country.

Giving thanks means giving WHITMAN'S candy. The Crystal Pharmacy.

THE LIKE HAS NEVER BEEN KNOWN

The Quaker Extract and Oil of Balm Has Done

More Good For People Who Suffer Than Any Remedy or Treatment Ever Introduced.

The results have been marvelous since Gray, the Quaker health teacher, came here one month ago to introduce the one great Quaker Herb Remedy. Why are they so great? Because they are nature's own remedies, cured by a combination of herbs, roots, barks, berries, leaves and blossoms, all of which have been selected especially for their curative powers. We do not claim these remedies as cures—not by any means—but for diseases arising from the stomach, liver, kidneys and the blood, rheumatism, catarrh, indigestion, constipation, pains in back, that bearing down feeling, headache; tired and all run down male and female weakness. Quaker Herb Extract and Oil of Balm will cure these diseases, and there are thousands of your best citizens, right here in your city, who will tell the world what good they have done for them. And there are hundreds of little children who might not have been here had it not been for the Quaker Herb Extract destroying the worms that were sapping the very life out of their little bodies.

Here is the case of little Minnie Reeves, 2909 N. Palafox street, a babe of only 8 years old. Pale and puny and delicate; very nervous; restless

at night, screaming out in her sleep; bad breath, especially in the morning; her little stomach would bloat; dark rings under the eyes. Had been treated many different ways, but of no avail. After the father had read about the cures that were being made by the Quaker Herb Extract he decided to try a bottle. After he commenced giving the Extract, on the fifth day, to his happy surprise, here came the worms, head and all complete, and in a few days the neighbors and friends could hardly realize the wonderful change in the child. She looks bright and rosy, eats and sleeps well—looks like a different child.

Gray is at Hannah Bros. drug store. He will be pleased to tell you what the remedies will cure. If you call in the morning and avoid the afternoon crowds, if you cannot call or by mail. The goods will be sent you by express, all charges prepaid on orders of \$5.00 or over. Quaker Herb Extract, \$1.00, 3 for \$2.50. Oil of Balm, 25c. Quaker Cough Cure, 25c. White Wonder Soap, 10c, 3 for 25c. All Healing Salve, for piles, corns, old sores, 10c, 3 for 25c. Gray proves what he says at Hannah Bros. drug store, 17 S. Palafox street, from 9 a. m. to 9 p. m.

much interested in it and will doubtless make it a great success.

The law students are getting in good work in their John Marshall Debating Society. They have a meeting every Friday night, at which many interesting subjects are debated and discussed.
