WITH THE SAILORS.

Sailors the world over conscientiously make observance of the Thanksgiving time, and this was no exception in Pensacola.

This is especially true of the Norwegian and Swedish seamen. They come ashore with a feeling akin to that which they have on the Sabbath day, and if a seaman's church or mission is to be found, it is a matter of record that they invariably hunt it up and are devout attendants.

Such was the case with those ashore during the late part of the day yesterday.

WENT TO POLICE.

Idleness caused trouble for some youngsters during the early part of the afternoon. Two boys of Italian descent were taken from a pool room on Palafox street on charges of fighting and being out of order.

They were named Valanzino, arrested by Officer Way, was charged with resisting arrest. Both were locked up by order of the marshal. Very few arrests were made, considering the idleness of so many men in the afternoon and the saloons being open.

NEGRO LAWYER WAS JAILED SECOND TIME

B. M. Hutton, a negro lawyer, was jailed last night, a warrant having been served upon him by Captain Hall. The affidavit was made by Special Officer Flynn, who charges the lawyer with doing business without a license. Hutton made bond at midnight and was released for his appearance at 9 o'clock this morning.

AGENT WHO BARED SUGAR FRAUDS: DOCKS WHERE FALSE SCALES WERE

Following the special cabinet meeting at which the president discussed the sugar trust scandals it was announced in Washington that a sweeping investigation was to be made and that no power, political or otherwise, could turn the federal departments from their purpose of punishing the men "higher up" who are believed to have been directly responsible for the frauds. Simultaneously with the cabinet meeting seven men indicted in connection with the weighing frauds in New York were arraigned before Judge Hand of the United States district court. In the further investigations Richard Parr, now of the customs service, who discovered the weighing scandals while he was acting as a special agent of the treasury department, will be an important witness. This picture shows the sugar docks in Williamsburg, where much of the false weighing was perpetrated.

WATCHED FOR AUTOS WITH DAMAGED PARTS

Police kept a watch on the streets last night for possibly damaged autos, in the hope of catching one which has been in collision with the transfer wagon during the night. At an early hour this morning one machine was found with broken lamps, but the owner claimed these had been smashed more than a week ago. Should this be proven untrue, an effort will be made to fasten the blame for the accident on the driver, who had charge of the machine at 9 o'clock last night, when the accident occurred.

MANY FAVOR NEW MATERIAL FOR PALAFOX

IDEA TO USE THE OLD BRICK ON THE PRINCIPAL THOROUGHFARE OF THE CITY DOES NOT MEET WITH MUCH FAVOR AMONG CITIZENS.

The use of the old vitrified brick now on Palafox street in paving that thoroughfare, contemplated in amendments to the paving ordinance as presented to the city council Wednesday night, does not meet with popular favor in Pensacola, according to expressions heard yesterday among citizens and many of them prominent citizens.

The brick now in the pavement has been in use for the past eighteen or twenty years, and it will be impossible to construct a pavement of it that is in keeping with the appearance of the cross streets, which are now being paved with wood blocks.

"The idea of using this old material," said a business man yesterday, "is simply ridiculous. I gave the city council credit for more taste and better judgment, and while the amendment was adopted by that body Wednesday night, I nevertheless believe that the councilmen will see their error upon consideration and adopt the original paving ordinance as presented by the board of works."

Many others expressed themselves in a similar manner, and it was stated that several of the aldermen will cast their vote for an ordinance requiring new material to be used if such a measure is presented.

It is known that Chairman Jennings and the four members of the board of public works are bitterly opposed to using the old material, and as stated by Mr. Jennings Wednesday night, he would prefer leaving the paving as it is rather than use the old material.

RUNAWAY PRISONER CARRIED HIDDEN WEAPON

Special Officer Flynn last night noted the suspicious actions of a very suspicious negro and picked him up as a dangerous and suspicious character. At the police station, where he was searched, a .38-calibre revolver was taken from him and a charge of carrying concealed weapons was entered against him. Consultation of the "runaway prisoner" record showed that the negro, whose name is Robert Rendall, had left the city's service before a fine had been worked out. Some thirty days of unserved sentence hangs over him.

SPENT ALL OF YESTERDAY IN PENSACOLA, LEAVING IN AFTERNON FOR SANTA ROSA COUNTY.

Spending a whole day in Pensacola after an arduous trip through the dusty county in the rural districts, the noted educational board which came here Wednesday night left yesterday at 5 p. m. for Bagdad, where last night they held a good meeting. The attendance was expected by the gentlemen to have been heavy, since there had been a great deal of interest manifested by Bagdad people when the Milton rally was held. Today they will go to Cobb, in Santa Rosa county, and thence will continue to move eastward, terminating the present plan of propaganda in Franklin county.

The entire number spent the day yesterday at the Merchants hotel, and at that place were seen and were made acquainted with a large number of Pensacola gentlemen. Prof. Joyner, the North Carolina state superintendent, made himself agreeable in the lobby by introducing himself to a number of commercial men who happened to come in during the day, and he met them himself invariably made their acquaintance known to the others in the party.

During the day the gentlemen took occasion to inspect some of the public schools buildings in the city. There were no sessions at any of the public schools and this gave them all the opportunity of inspecting to their content the buildings. The fact that the county is having a modern concrete building erected in New City was a source of much pleasure to them, for they are all vastly interested in matters of an educational nature.

The public buildings, the new city hall, the skyscrapers, the public works, etc., all claimed some interest from the school men and they seemed to enjoy it very much. This was the first visit to West Florida of both Dr. Joyner and Dr. Conradi, and they had their eyes opened wonderfully at the work of improvement which is now being done and which has been done in the city. The water front was no little attraction to them during the day, although no local men were with them half of the time to offer explanations.

Chicago people in general and William J. Moxley in particular are having a world of fun out of Mr. Moxley's campaign for representative to fill the vacancy caused by the election of Mr. Lorimer to the senate. Moxley is the regular Republican candidate. The independent Republican candidate is Charles L. Barnes, and their Democratic opponent is Frank S. Ryan. Newspaper paragraphers and other wags characterize Mr. Moxley's fight as a "whispering campaign" because of his departure from the beaten paths of political methods. Smokers, vaudeville entertainments and hand greetings, with heart to heart talks, are the features of the Moxley campaign, and the candidate is having as much fun out of it as his constituents. He declares himself that he is getting more real amusement out of the race than both of his opponents put together. The election takes place on Nov. 23.
