

HAD CATARRH THIRTY YEARS.

EX-Congressman Meekison Gives Praise To Pe-ru-na For His Relief From Catarrh.

EX-CONGRESSMAN MEEKISON COMMENDS PE-RU-NA. 'I have used several bottles of Peru-na and I feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing.'—David Meekison.

OTHER REMARKABLE CASES. Mr. Jacob L. Davis, Galena, Stone county, Mo., writes: 'I have been in bad health for thirty-seven years, and after taking twelve bottles of your Peru-na I am cured.' Mr. C. N. Peterson, 132 South Main St., Council Bluffs, Iowa, writes: 'I cannot tell you how much good Peru-na has done me. Constant confinement in my store began to tell on my health, and I felt that I was gradually breaking down. I tried several remedies, but obtained no permanent relief until I took Peru-na. I felt better immediately, and five bottles restored me to complete health.'

Believe Dispatches of American Consul Have Been Intercepted

(Continued from First Page.) General Estrada, should the revolution be successful. SITUATION IS CHAOTIC BEYOND DESCRIPTION

New Orleans, Nov. 26.—A cable to the Picayune says: Letters that were written at Managua and smuggled on board a steamer at Corinto arrived here today, bringing the first authentic news from the capital of Nicaragua that has reached here in several days. The letters state that the situation at Managua is chaotic beyond description. President Zelaya has surrounded himself with a strong guard of picked loyalists and the presidential palace is a fortress. Martial law is enforced with a rigorous hand and all shops are closed at sunset. Crowds that gather on the streets are dispersed with bayonets. Hundreds of men suspected of sympathizing with the revolutionists have been arrested and thrown into prison. The jails are overflowing and many prisoners are being guarded in other buildings.

NO COMMUNICATION. It is impossible to communicate with the outside world from Managua, either by mail or telegraph, except by permission of the government, and lately that permission has not been given to anyone. All mail deposited in the Managua postoffice is opened and inspected by the government and, as a general rule, confiscated. No mail arriving at Managua is delivered until it has been opened by the censor, and if it contains the slightest reference to the revolution it is destroyed. No foreign newspapers are allowed to enter the country and all copies that fall into the hands of Zelaya's officials are burned. No newspapers have been delivered through the Managua postoffice since the revolution broke out. The telegraph office is under the complete control of Zelaya and no messages can be sent unless they have his 'O. K.' When a message is filed at the telegraph office, it is immediately sent to the presidential palace for Zelaya's inspection. Even the messages filed by the diplomatic and consular representatives of the foreign government are held up and none of them are allowed to be forwarded by

'FRESH' BOY IS CHASED BY A POLICEMAN

YOUNG LADY COMPLAINED THAT MASHER HAD INSULTED HER, AND WHEN BLUECOAT APPROACHED A FOOTRACE OCCURRED.

Only because he was more fleet of foot than a policeman was the reason that a young man, known well in the city, it is asserted, escaped arrest last night for an alleged insult offered a young lady in Seville square. The story goes that the 'fresh' youngster had offered a gross insult to the girl and she had complained of it to a policeman. Officer Dole was the man who heard of it and when he approached the party who was pointed out there was a footrace, the pursued one outdistancing the bluecoat and escaping by a bare margin. A good description has been furnished and an arrest may be made today.

From a story told the policeman, and later reported to the police station, the young lady had been subjected to a gross insult while in the square, and she complained. Officer Dole started for the square in response to a report of it and then the chase started. Westward on Church street, southward on Tarragona street, thence eastward to the Plaza—that was the 'route' over which the fast-moving pair traveled. Some citizens joined in the chase after it was too late. Near the city hall the officer lost sight of his intended prisoner, and then the police station heard of it.

It was asserted last night that special attention has lately been given the square named on account of the disrespect which many youngsters, who know better, have for ladies who pass by or through that place after dark. A bandstand erected there had been the gathering place for the youngsters, who made use of bad language in very loud tones of voice, it is alleged, and these gatherings were stopped because of the insistent complaint from nearby citizens. The occurrence of last night will go far toward continuing this police surveillance in that neighborhood. This is the first time that like actions have been reported from the neighborhood.

BELIEVED AGREEMENT REACHED REGARDING HANKOW LOAN

Washington, Nov. 26.—There is abundant reason to believe that an agreement has been reached between England, Germany and France on points concerning American participation in the Hankow loan of \$30,000,000. There seems to be no doubt that the United States will participate in this loan on equal terms with the other three nations as to the amount of the loan, supplying material for constructing the road and naming superintending engineers. An announcement may be expected soon.
