AMUSEMENTS.

AL. H. WILSON. In "Metz in Ireland," the new musical drama which Al. H. (Metz) Wilson, the singing, ambassador of German dialect, will bring to the opera house on Saturday, Dec. 4, Manager Sidney R. Ellis has introduced several novel electrical and scenic effects. He has also provided a first-class supporting company that includes a large chorus who will sing the old-time songs of Ireland and a specially arranged medley of songs made famous by Mr. Wilson in the past. The scenes of this new play are laid in Klonkilly county, Ireland, and Mr. Wilson's character is that of a German wanderer in the land of the Shamrock. The story of the play is interesting and the dialogue bright and snappy, with here and there a clever "bon-mot," as, for instance, when "Metz" defines the word blarney as a "deception—simple to make and easy to take—a few sugar-coated words wrapped up in a schmile and handed out with a glance. Girls all over der world haf been swallowing all der lies, und, by golly, not one of dem haf ever died from dyspepsia!" The new songs rendered by Mr. Wilson during the play are "Love Thoughts," "Erin's lele," "The Banshee," "The Nightingale Song," and "Little Jimmie Murphy."

SUFFERING ENDED

Hannah Bros. Sell the Remedy That Cured Stomach Trouble of 14 Years.

And best of all they guarantee it to cure you or money back. Read this: "I have been a great sufferer for 14 years, everything I ate gave me heartburns. I have never been able to get anything that would give me any relief until a friend of mine insisted on my taking Mi-o-na. I took a 50 cent box and I believe I am entirely well." F. M. Bryant, Newman, Ga., June 5th.

Mi-o-na is not a nostrum; it is the prescription of a celebrated physician, who is a specialist in stomach diseases.

One clever woman calls Mi-o-na the Sunshine Prescription because it changed her from a miserable, nervous dyspeptic into a bright, healthy, happy woman in a few weeks.

These little Mi-o-na tablets are surely wonder workers. They absolutely cure indigestion whether acute or chronic.

They stop belching, gas in stomach, and heaviness, in a few minutes. Distress after eating vanishes as if by magic when one or two little Mi-o-na tablets are swallowed.

Only 50 cents a box at leading druggists everywhere, and in Pensacola by Hannah Bros. Test sample free from Booth's Mi-o-na, Buffalo, N. Y.

LEWIS BEAR CO. NOT AFFECTED

THE DRUG COMPANY SIMPLY SOLD THE DRUG BRANCH OF ITS BUSINESS AND WILL CONTINUE MANUFACTURING ITS BEAR BRAND PREPARATIONS.

While the sale of the general stock of drugs of the Lewis Bear Drug Co. was considered of sufficient magnitude to entitle the transaction to space in The Journal's columns as a news item, the report seems to have caused some confusion in the minds of some readers.

This sale in no manner affects the Lewis Bear Co., while the Lewis Bear Drug Co. will continue at their present address as wholesale manufacturing chemists and druggists.

When The Stomach Stops

Working Properly, Because There is Wind in It, Use Stuart's Dyspepsia Tablets to Set it Going Again.

A Trial Box Free. THE DOCTORS call it flatulency, but unprofessional folks know it as "wind on the stomach," and a most distressing state of things it is. It is a serious condition of this great motor organ. Always annoying and painful in the extreme, at times often leading to bad and fatal results. The stomach, embarrassed and hampered with wind, cannot take care of its food properly and indigestion follows, and this has a train too appalling to enumerate. The entire system is implicated—made an active or passive factor in this trouble and life soon becomes a questionable boon.

ALL THIS IS EXPLAINED in doctor books: how undigested food causes gasses by fermentation and fermentation in which process some essential fluids are destroyed—burnt up—wasted by chemical action, followed by defective nutrition and the distribution through the alimentary tract of chemically wrong elements and as a consequence the stomach and entire system is starved. Plenty of food, you see, but spoilt in preparation and worse than worthless.

A DERANGED STOMACH is the epitome of evil, nothing too bad to emanate from it, but the gas it generates is probably its worst primary effect and the only way to do away with this is to remove the cause. STUART'S DYSPEPSIA TABLETS go to the root of this trouble. They attack the gas making foods and render them harmless. Flatulency or wind on the stomach simply cannot exist where these powerful and wonder-working little tablets are in evidence.

THEY WERE MADE FOR this very purpose to attack gas making foods and convert them into proper nutriment. This is their province and office. A whole book could be written about them and then not all told that might be told with profit to sufferers from this painful disease, dyspepsia. It would mention the years of patient and expensive experiment in effort to arrive at this result—of failures innumerable and at last success. It would make mention of the different stomach correctives that enter into this tablet and make it faithfully represent all.

STUART'S DYSPEPSIA TABLETS are not alone intended for the sick, but well folks as well; for the person who craves hearty foods and wants to eat heartily and run no risk of bad effects, they act like a charm and make eating and digestion a delight and pleasure. They keep the stomach active and energetic and able and willing to do extra work without special labor or effort. Don't forget this. Well people are often neglected, but the STUART DYSPEPSIA TABLETS have them in mind.

A FREE TRIAL PACKAGE will be sent anyone who wants to know just what they are, how they look and taste, before beginning treatment with them. After this go to the drug store for them; everywhere, here or at home, they are 50 cents a box and by getting them at home you will save time and postage. Your doctor will prescribe them; they say there are 40,000 doctors using them, but when you know what is the matter of your self, why go to the expense of a prescription? For free trial package address P. A. Stuart Co., 150 Stuart building, Marshall, Michigan.

F. S. Better send today for sample of the tablet. You will get quite a box of them.

FIVE MEN OF THE GUNBOAT MARIETTA STILL MISSING

By Associated Press. Washington, Dec. 2.—Anxiety has exceeded passing interest in the minds of officials of the navy department as another day has gone without the five men of the deck crew of the Marietta, off Port Limon, Costa Rica, being recovered from the sea. It is now more than 100 hours since the little whaleboat of the Marietta was swept out to sea with the five enlisted men aboard. Not a word came to Washington from the lost whaleboats this morning when the wireless instruments worked the best. There is every reason to believe that food to last at least 120 hours was in the little boat when in a storm she was driven out to sea.

RECEIVER APPOINTED FOR ILLINOIS TUNNEL COMPANY

By Associated Press. Chicago, Dec. 2.—Judge C. C. Kohlman, in the United States circuit court here this afternoon, appointed receivers for the Illinois Tunnel company and Chicago Warehouse and Terminal company, the companies held by fifty million dollars of the Chicago Subway company.

The companies went into receivership after two judgments had been rendered against them in favor of the Corporation Trust company. The judgments amounted to nearly five million dollars. The companies will be reorganized under friendly terms.

VASELINE NO GOOD FOR HAIR. Dandruff Germ Thrives in it, as Well as in All Grease.

A well-known Chicago hair specialist invited the Inter-Ocean reporter to come to his office and see, under a microscope, how the germ that causes dandruff thrives in vaseline.

The specialist said that all hair preparations containing grease, simply furnish food for the germs and help to propagate them. The only way to cure dandruff is to destroy the germs, and the only hair preparation that will do that is Newbro's Herpicide.

"Destroy the cause, you remove the effect." Without dandruff no falling hair, no baldness. Ask for Herpicide. It is the only destroyer of the dandruff germ. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

DID NOT BLAME THE TEAMSTER

CORONER'S JURY, RETURNING ON CASE OF DEATH OF LITTLE GIRL, EXONERATES THE NEGRO DRIVER FROM ALL BLAME.

After a thorough investigation into the causes of the death of the little Italian child killed on Baylen wharf Wednesday, the coroner's jury yesterday returned a verdict exonerating from all blame the negro, Antonio, who was driving the wagon under which the child fell and received its fatal injuries.

As soon as possible Justice Nicholson telephoned the police station, where the negro had been locked up, giving the officer in charge instructions to release Antonio. The latter was sure he would be cleared, and as soon as he was free again he expressed his regret that the child had met its death under the wheels of his wagon.

Antonio was much wrought up over the accident. He said he would always turn the way of a dog that lay in the road and that he certainly would never intentionally injure a little child.

The jury conducted an exhaustive examination into the causes of the child's death. Just as had been outlined in various parts of the city—was presented. Several witnesses stated positively that the negro was not at fault.

It was the opinion among many who read The Journal's account of the accident yesterday that too much freedom of the streets is given many small children in various parts of the city—not in this especial case, perhaps, but in others.

"I have had to stop my car many times to keep from mangle children who are allowed to play indiscriminately in the streets," said one motorist yesterday. "They should be kept off the streets."

The child's funeral was held yesterday morning at 11. Interment was made in St. Michael's cemetery.

Some of the Stars. Among the real stars of the first magnitude who will flash promiscuously tonight, will be Senor Sigrist, Silbo, with his famous Zabo band. The Senor is handsome. His assistants are handsome, and the effect of their music is said to be something unusual, a fact which no doubt will be duly demonstrated at their hair-raising, sensational concert tonight. Dunham, Farine and Hoppen, whose highly diverting athletic performance on the horizontal bars will be a thrilling feature, are all well-known artists, and all A1 lead pipe winners in the first round. There will be clowns—plenty of them. The Ross Van Hop trio, with its delightfully daring and delectable acrobatic comedy, will be there, and also Buzaac, in his Terrible Slide for Life. The exploits of the Seresto Brothers on the double trapeze will also be watched with breathless interest, while races, the thundering, desperate and furious variety, will bring the whole show to a close. The Diaz boys will furnish music. In fact, there's a lot of fun in store for anyone who will wend his or her weary way to the Y. M. C. A. Circus tonight, and you'll feel a lot better for the laughs that are included in the price of admission! The Purpose. The local Y. M. C. A. pledged itself not long ago for \$100 to be given toward the support of a general boys' secretary for the Southern Association, and this sum that the "circus" will be given. Which explains.
