KIDNEYS WILL ACT FINE

BACKACHE OR BLADDER MISERY AND ALL DISTRESS FROM DISORDERED KIDNEYS VANISH.

Hundreds of folks here are needlessly miserable and worried because of out-of-order kidneys, backache or bladder trouble.

If you will take several doses of Pape's Diuretic all misery from a lame back, rheumatism, painful stitches, inflamed or swollen eyelids, nervous headache, irritability, dizziness, wornout, sick feeling and other symptoms of overworked or deranged kidneys will vanish.

Uncontrollable smarting, frequent urination (especially at night) and all bladder misery ends. This unusual preparation goes at once to the disordered kidneys, bladder and urinary system, and distributes its healing, cleansing and vitalizing influence directly upon the organs and glands affected, and completes the cure before you realize it.

The moment you suspect any kidney or urinary disorder, or feel rheumatism coming, begin taking this harmless medicine, with the knowledge that there is no other remedy at any price, made anywhere else in the world, which will effect so thorough and prompt a cure as a fifty-cent treatment of Pape's Diuretic, which any druggist can supply.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Only curative results can come from taking Pape's Diuretic, and a few days' treatment means clean, active, healthy kidneys, bladder and urinary organs—and you feel fine. Accept only Pape's Diuretic—fifty-cent treatment—from any drug store—anywhere in the world.

News says of the examination: "The average made by Mr. Lewis during the examination was 94.12, and when it is taken into consideration that the state board sets a high standard this average deserves the highest kind of a compliment. Other members of the class won honors and the commendation of the board because of their excellent examination papers. The examination was exceptionally rigid, but the required mark, or better, was made by nearly every member." Mr. Lewis is a son of Mr. and Mrs. Richard Lewis of Pensacola.

Quite a number of houses formerly occupied by families near Perdido, have been torn down and on the site will be erected, it is asserted, a large depot for uses of the P. A. & T. railroad. Some of the families had been living there for years, but the site was desired and some months ago they were notified to vacate as soon as possible. It is rumored that immediate work will be started on the new depot.

With the intention of making a bid for the proposed new county jail, representatives of a jail building firm of Chattanooga, Tenn., were yesterday looking over the site selected for the building and will be in shape to make a good bid. The county commissioners will open all bids received on Dec. 20.

Protest will be made by the mayor, supported by other city officials, over the publication of an incorrect article appearing in the current issue of a magazine, "The World's Work," in which it is stated unsanitary conditions obtain at the Pensacola city jail. The article is pronounced entirely incorrect and the mayor will insist that proper correction be made in another issue of the magazine responsible for such an unsupported statement.

American Shot As Revolutionist In Nicaragua

The two Americans shot by order of President Zelaya of Nicaragua for alleged participation in the revolution against him were Leroy Cannon of Harrisburg, Pa., and Leonard Grace of Houston, Tex. Relatives of both men have demanded that the state department bring about an immediate investigation of the executions. Grace and Cannon were in business in Nicaragua the last their friends heard from them, and it is believed that if they took any active part in the rebellion it was to protect their own interests. Cannon not long ago wrote to relatives that Zelaya was his enemy. Grace had been in business in Nicaragua for 15 years.

LEROY CANNON

YOUNG MAN IS ASSAULTED BY ARMED SEAMAN

STEAMSHIP MEN GOT BAD IN POOL ROOM AND WHEN ONE WAS SEARCHED WAS FOUND TO HAVE CARRIED A BIG PISTOL.

Rommell Seamon, who said that he was an Englishman and from a British steamship in the harbor now, made an assault last night upon John Mann, a well-known young Pensacolian, in a pool room, and was promptly arrested. What brought on the affair was a dispute among those who saw it, but Seamon made a vicious attack. As he did so, James Jurdy, another seaman, and a chief engineer on a steamship, tried to stop his friend and put down trouble. Seamon would heed no pleadings and would every resistance to being locked up and being searched. Officer Carlson and Turkey Roach, however, soon had him in subjection and in one of his pockets was found an English-manufactured revolver. This was bad for him, and he knew it. That was the reason, the officers said, he resisted any efforts to search him. Besides the charge of assaulting, for which he was arrested, he is now charged with carrying concealed weapons, the lowest fine for which is the sum of \$100. He was not given bail last night. Purdy was also locked up, but more as a witness for the city than as a prisoner.

The fight took place shortly after midnight in a Palafox street pool room, and caused a ripple of excitement, and the rapid clearing of the pool room.

This is Worth Remembering. Whenever you have a cough or cold, just remember that Foley's Honey and Tar will cure it. Remember the name, Foley's Honey and Tar, and refuse substitutes. W. A. D'Alamberte, druggist and apothecary, 121 S. Palafox street.

CITY TO PAY LOST WAGES

BOARD OF WORKS LAST NIGHT DECIDED TO PAY MONEY WHICH IS DUE THREE MEN WHO WERE VICTIMIZED BY ANOTHER ONE.

In special session yesterday afternoon the board of works was advised that the city was liable for the wages coming to the three men who worked at times for an employe named Spence who drew the check and did not reimburse those who worked for him as substitutes. This will amount to less than \$20, but it was enough to call for a special session of the body, and such a meeting was ordered by the chairman upon receiving a note from the city attorney, who had sent such notice through the mayor. At the meeting the street superintendent and the foreman who had the men work in Spence's place were on hand and related just how the arrangement had been effected. With all that, however, the city's liability was not lessened, in the opinion of the board, and the amounts were ordered paid. In the future, however, all men who work will be placed on the payroll, and none will be allowed to put a man in his place unless the name of the substitute appears in regular order on the pay sheet.

Wanted Grade Changed. A. Lischkoff, who recently built a fine home for himself, appeared before the board and asked that the Farquhar grade be changed respecting the location of his residence. The board had no objection or inclination of doing so, even if allowed by law, and the application was refused. That means that the house, which was built on a wrong grade, will have to be hoisted about a foot to get it to the present grade line.

RACE COURSE MEETING FOR NEXT TUESDAY

DEFINITE REPLY WILL THEN BE IN HAND FROM STONE & WEBSTER PEOPLE AND FINAL PLANS WILL BE WORKED OUT.

Next Tuesday evening a meeting has been asked for the purpose of making final arrangements for the race course to be established in this city. By that time definite reply will have been received from the Stone & Webster Boston headquarters, and the manager of the local electric system will be in position to give the final decision of the headquarters men. In presenting the question to Boston headquarters it was stated that quite a different proposition than that which was understood at the meeting had been sent on. The head officials were asked, it is understood, to make the same agreement as had been made with the Pensacola Heights projectors. This would mean the action of the committee who met Mr. Warren, and of course the question will have to be referred for reply. The race track projectors say that they want a straight out business line; that no double fare goes, and that the company's interest in the matter is for the operation of the line alone. That ended the responsibility of the electric company. In fact, and in plain language, the local promoters simply wanted to know if the electric company would run cars over the new extension if built. That is all they are after. Manager Warren said that he was sure the company would furnish motive power and cars, while the other projectors for the company, who was here yesterday, and who may remain for several days, gave his personal assurances that such would be done without any further representations being made. However, the matter in its correct light has been placed before the Stone & Webster syndicate and a reply is daily expected. Mr. Clark, of the Owen-Clark company, said yesterday that he believed everything was in good shape and that there would be a final meeting for next Tuesday night. At that time everything will be closed up, and the race track will either then be assured or all negotiations for such a project shall be dropped.

Letters have been received from Mr. Bickner, who insists that he stands ready to build the track in as short a time as possible, and if the lease can be effected shortly he will come here and build the course in time for the spring meeting. This will be one of the representations of the enthusiasts at the meeting next Tuesday.

DEMAREST WINS BILLIARD CHAMPIONSHIP OF WORLD. By Associated Press. New York, Dec. 3.—Calvin Demarest, of Chicago, won the final game and championship tonight, defeating George Sutton, of Chicago, in the world's championship professional at 18.2 balk line billiards, by 500 to 78 in the fourteenth inning.

Customs Official Who Is Slated For Retirement

JAMES S. CLARKSON

The announcement in Washington that James S. Clarkson, surveyor of the port of New York, would not be reappointed when his term expired on Jan. 1 caused general surprise in Republican circles all over the country. It was also unofficially announced that Richard Parr, the man who unmasked the sugar frauds in New York, would succeed Mr. Clarkson. Parr said he knew no reason why Clarkson should not be reappointed, declaring that the survivor had given him earnest support in the sugar trust investigation. Mr. Clarkson has held the office since 1902 and for 30 years was one of the most active men in Republican politics in the Middle West. He is a native of Indiana, but lived in Iowa for many years.

CIRCUS WAS WELL ATTENDED

MANY WATCHED THE Y. M. C. A. ARTISTS LAST NIGHT IN THEIR VARIOUS AND DIVERS STUNTS.

The Y. M. C. A. circus last night was well attended by an appreciative crowd of fun lovers, the results of the novel "show" having been particularly gratifying. There was plenty of tumbling, horizontal bar acts, acrobatic stunts of all kinds, while the Zobo band, under the directorship of Senor Silgrist Siblon, furnished music for the occasion. The work of Dunham, Farine and Hoppen was highly diverting, as promised, these horizontal bar artists having brought down the house on various occasions. In fact, the work of the entire list of performers was exceptionally good and all who attended were more than pleased with the evening.
