NEW SKIN REMEDY STOPS ALL ITCHING

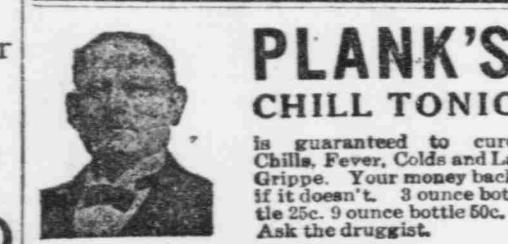

Skin Troubles of Adults and Infants Quickly Cured.

When it is known that poslam, the new skin discovery will stop the tortuous itching attending eczema with first application and bring immediate relief and comfort to sufferers from all skin troubles, its merit will be appreciated and its wonderful success understood. On the tender skin of children infants, poslam may be used with soothing and beneficial effects. It is applied externally, and its remarkable healing powers begin at once.

All skin diseases, including eczema, acne, herpes, rash, tetter, etc., yield immediately to poslam. Occasional applications, in small quantities, will quickly banish pimples, hives, blackheads, blotches, and will relieve and cure itching feet, scaly scalp, humors, etc. In 50-cent packages prepared for those who use poslam for these minor skin troubles. This, as well as the regular two-dollar jar, is on sale at The Crystal Pharmacy, and other leading drug stores in Pensacola.

An experimental supply of poslam may be obtained free of charge by writing to the Emergency Laboratories, 32 West Twenty-fifth street, New York.

We are headquarters for practical gifts for men.

New and Relay Rails

We make special of both and are prepared to supply your require-ments promptly.

Metzger Brothers, MOBILE, ALA.

TERSELY TOLD.

\$5.00 REWARD.

The Journal will pay \$5.00 reward for evidence sufficient to convict any boy or person found stealing subscribers' papers after delivery of same by carrier.

D. L. Croft, of Seminole, was among the business visitors to the city yesterday.

Capt. A. Paul, of the United States land office at Gainesville, is in the city on business before the United States court.

W. D. Holt, of Fitzgerald, Ga., is among the registered guests at the Escambia.

McE. Rogerson, of Callaway, Fla., is among the business visitors to the

sired on such a narrow roadway and turn, and he has urged that if possible the pavement on the south side of Garden street be made a matter of ten or twelve feet wider. Such a proposition of safety, and the bond trustees will be called in to give the question some consideration and possibly apply a needed remedy.

Thirty-eight cases and fines totalling the sum of \$235 was the Monday morning record of the police court. Two defendants were discharged, one case was continued and one defendant was bound over to the county attorney.

Sam Malone, a negro who was discovered hiding under a house on West Zaragoza street Saturday night, was bound over to the county courts yesterday on that charge. When found he was searched and a pistol taken from him. He was fined \$100 and costs in that case. Malone was caught after a lively chase by Officers Flynn, Ray and Kelly.

The lecture which had been announced to take place at the Universal church Monday night was not given, on account of the inclemency of the weather. Rev. J. W. Caldwell arrived and was at the church on time, but the audience did not show up, and it was announced that the lecture would take place tonight at 7:30 o'clock, at the same place. The subject will be "Life, and How to Live It."

Congregations in the several Methodist churches were very large at each of yesterday's services on account of being the last sermons of the year of the past. The three Methodist ministers from this city or section will leave about Wednesday for the conference, and the belief is expressed that each of them will be assigned for another year at Pensacola or vicinity.

This unusual preparation goes direct to the out-of-order kidneys, bladder and urinary system; cleaning, healing and strengthening these organs and glands, and completes the cure between real life.

A few words concerning Pape's Diuretic means clean, active, healthy kidneys, bladder and urinary organs—and you feel fine.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Accept only Pape's Diuretic—fifty-cent treatment—from any drug store—anywhere in the world.

Believing that many places are being supplied with water through the metre supplying the county jail, Commissioner Jos. Brown yesterday gave orders that the jail's supply be cut off at 9 o'clock this morning and remain shut off until 5 o'clock this afternoon. The board of county commissioners will meet tonight and a report of the result will be made to that body. Commissioner Brown said that he was of the firm opinion that houses in the immediate vicinity of the jail are being supplied with city water, and that the water passing through a meter will indicate that the jail attaches no blame to anyone on this account, simply believing that a connection has been wrongly made. The county has accepted the million-gallon rate from the water company.

The cadets met last Wednesday evening, as a preliminary meeting only, pending the recommendation by Col. Francis P. Newcomb of some officer who would take an interest in the work to drill the boys. The Mission has just received a letter from Col. Newcomb, who is interested in this branch of Mission work, naming one, and arrangements will be once made and a large turnout required. Full particulars will be published in the morning and evening papers of Tuesday.

This week the Mission is going to serve lunch at the Palafax street room, near Garden, on account of Mr. L. H. Hughey having to close his store for repairs, and the Mission will endeavor to serve his customers. Thanks are tendered to Mr. Hughey for first having suggested the idea and then for the loan of tables and other things to make it possible for the Mission to carry on the work. It is hoped that all the efforts in this direction will be appreciated, and that customers of Mr. Hughey will transfer their business for the time to help aid the Mission work.

It is especially requested by Mrs. T. V. Kessler, the president of the bazaar committee, that a large number of ladies be in attendance at the next meeting, Tuesday next, at half past

rooms, No. 8 North Palafax street, near Garden, at which very important business will be transacted.

The needs of a hospital and home are urgent and without any question, and thus the object for which this bazaar is being held should strongly appeal to every woman. The committee wants every woman to do something toward the great object in view. If you cannot serve on committees, send articles for the bazaar, leave them at the Palafax street rooms, but do something to help such a worthy object.

At this season of the year, some dishonest people are liable to solicit goods or subscriptions for some worthy object so told, but are liable to keep anything given for their own unworthy selves.

The Mission herewith informs the public that it has no canvassers soliciting except Mrs. L. H. Herr, who has been the field secretary from the start, and anyone soliciting for the Mission other than she should be turned over to the police.

Mr. Boysen was well and very favorably known in this city. For years she has been an active church worker, being devoted in the local work of the First Presbyterian church, and was always in her pew at the services. An estimable lady, she had friends, whose feelings were most painful when they learned of her death early yesterday. As they neared the house to offer condolences and view the features of their friend, a sheaf of white chrysanthemums, caught with pure white ribbon, and which hung on the gate, told the story of her death.

The funeral will take place at 3 o'clock this afternoon, the interment to be made at St. Michael's cemetery. Friends are urged to attend these services.

Mrs. Boysen was well and very

favorably known in this city. For years she has been an active church worker, being devoted in the local work of the First Presbyterian church,

and was always in her pew at the services. An estimable lady, she had

friends, whose feelings were most

painful when they learned of her

death early yesterday. As they

neared the house to offer condolences

and view the features of their friend,

a sheaf of white chrysanthemums,

caught with pure white ribbon, and

which hung on the gate, told the

story of her death.

Mrs. Boysen was born in North

Carolina, and was a daughter of the

late Dr. J. N. Sparrow, chancellor

of the celebrated Davidson College,

Davidson, N. C. Coming to this city

many years ago, she started a florist

business for the love she had for

beautiful flowers, and grew up until

few weeks ago had been in active

management and control of it. She

was the wife of the late Charles F.

Boysen, who, at the time of her death

here some twelve or fifteen years ago,

was the official representative at Pen-

sacola of the Norwegian and Swed-

ian governments.

Prof. Catil welcomed the educators

and introduced Capt. G. M. Lynch,

who explained this educational move-

ment.

Dr. Aswell said that in school work

we want quality and not quantity, and

that he would not send his boys to a

teacher without experience. He said

that as long as low salaries were

paid to teachers that only local tal-

ent would prevail—that is, teachers

who had not had any experience

in the schools.

Mr. Holloway showed that though

the town of Madison was doing very

well in education, that Madison com-

munity was not so good. The county

averged about \$3.50 for each child, or

half of what the state as a whole

gave for each child.

Mrs. P. S. Cushing was elected

president of the Woman's School Im-

provement association. Miss Whit-

ter Dickinson was elected secretary.

A lot of old newspapers, tied up in neat bundles for sale, 5c a bundle, at The Jour-

nal office.

KIDNEYS WILL BE REGULATED

A FEW DOSES END BACKACHE AND BLADDER TROUBLE AND MAKE THE KIDNEYS ACT FINE.

NOTES FROM THE MISSION

PRESIDENT WORK WILL BE CONTINUED UNTIL AFTER THE HOLIDAYS, WHEN SOMETHING NEW WILL BE UNDERTAKEN.

THERE are foods for all purposes—but

Uneeda Biscuit for Energy

For the brain-energy business men need; the muscle-energy workmen need; the nerve-energy housewives need; the all-round energy school children need.

5¢

NATIONAL BISCUIT COMPANY

It imports its character to its owner.

Unconsciously he begins to live up to his watch. He acquires habits of decision—of attention to details—or punctuality, the politeness of kings.

The leaders of American progress have been proud to rely on "Howard time."

Every HOWARD is made and adjusted as a fine watch. Cased and timed in its own case by the HOWARD watchmakers before leaving the factory.

The HOWARD has a fixed price (\$35 to \$150)—printed price ticket attached at the factory. Its value is permanent—as you know if you ever tried to buy one at second hand.

We carry this distinctive watch and would like to show it to you.

The HOWARD has character.

MRS. BOYSEN DIES SUNDAY</
