**FREEZING WAS TEMPERATURE**

FIRST REAL COLD WEATHER OF THE SEASON IS NOW BEING EXPERIENCED IN PENSACOLA.

Pensacola is now experiencing the first cold weather of the season, the temperature reaching the freezing point both yesterday morning and last night, dropping down to 32 degrees yesterday morning at 6 o'clock. From the crispness of the air early this morning it went below that point.

According to the local weather bureau the temperature was 34 degrees Wednesday morning and yesterday morning it dropped two degrees to 32. The same temperature prevailed at Mobile, Charlotte and Macon.

As a result of the cold snap, which promises to remain for several days clothing and dry goods stores did a brisk business yesterday, many having failed to provide themselves with heavy clothing, owing to the mild weather.

**A HEARTY APPETITE** is what most babies have, but is of no benefit to them if they have worms. Be sure your baby is not troubled with them. Sure symptoms—always hungry, rings under the eyes, not gaining in weight and yellow complexion. A few doses of White's Cream Vermifuge will expel all worms. It is a positive cure, and reliable. Price 25 cents per bottle.

Sold by W. A. D'Almeida, druggist and apothecary, 121 South Palafox Street.

**ALWAYS FRESH.**  
Gunther's famous candies received weekly. Fresh shipment just in. Hannah & Grant, Phone 881.

**PAY DAY FOR THE SOLDIERS**

ABOUT FIFTEEN THOUSAND DOLLARS DISTRIBUTED AT THE FORTS, AND MANY MEN WERE IN THE CITY LAST NIGHT AS A RESULT.

Yesterday was pay day at Fort Barrancas, where several hundred artillerymen are stationed, and between \$15,000 and \$16,000 were distributed among the officers and men by the paymaster, who always arrives and pays off on the 9th.

Many of the soldiers were in the city during yesterday afternoon and last night. Several hundred came up on one of the late cars and spent a portion of the night in the city, returning to the post at midnight.

**Microbes in the Scalp**  
The Latest Explanation is That Microbes Cause Baldness.

Professor Unna of Hamburg, Germany, and Dr. Sabourand, of Paris, France, share the honor of having discovered the hair microbe. Baldness is not caused through a few weeks' work of these hair microbes, but is the result of conditions brought about by their presence. Baldness may not occur until years after the microbes began work, but it is certain to come sooner or later. The microbes cut off the blood supply. They feed on the fatty matter about the roots of the hair, through which the blood is absorbed. Finally the fatty matter is consumed, the food supply of the hair is gone and it starves and finally dies.

Resorcin is one of the most effective germ destroyers ever discovered. Beta Naphthol is a most powerful, yet absolutely safe germicide and antiseptic, which prevents development of germ matter, and creates a clean, healthy condition.

Pilocarpine, although not a coloring matter or dye, is an ingredient well established for its power to restore natural color to human hair when loss of color has been caused by a disease.

Borax, because of its well-defined softening and cleansing properties, is most useful in the treatment of scalp and hair diseases. Glycerine acts as a stimulant to the hair bulbs, and has a soothing, healing and nourishing influence. Alcohol is indispensable in medicine because of its antiseptic, stimulating and preservative qualities.

We want every one who has scalp or hair trouble to try Rexall "32" Hair Tonic, which contains all these ingredients. If it does not give you complete satisfaction in every particular, we will return every penny you paid us for it, for the mere asking and without question or formality.

Of course you understand that when we say that Rexall "32" Hair Tonic will grow hair we do not refer to cases where the roots are entirely dead, the pores of the scalp closed, and the head has the shiny appearance of a billiard ball. In cases like this there is no hope. In all other cases of baldness Rexall "32" Hair Tonic will grow hair, or coat the user nothing. Two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Pensacola only at our store,—The Rexall Store, The Crystal Pharmacy, Brent Building.

**HARBOR, RIVER AND MARINE NEWS**

**Shipping Transactions and Notes of Interest Along the Bay Front.**

The German steamship Regina, 1662 tons, Capt. Lieberg, arrived yesterday forenoon and docked at the west side of Commandancia wharf, where miscellaneous cargo will be taken for German ports, cotton to be the principal item. The Regina has been traveling a great deal in the past month. Leaving Antwerp on Oct. 29, the vessel was reported off Ushant three days later and then nothing was heard from the vessel until touching at Havana. Thence to Vera Cruz, Mexico, and thence on to Pensacola, arriving here five days after leaving the Mexican port. Still northers were encountered by the vessel coming up.

**Steamer Russ Sailed.**  
The German steamship Russ, which put into this port for bunker coal, loaded 711 tons and yesterday morning sailed for Buenos Ayres with yellow pine. The coal was valued at \$2,391.

**Vessels in Port.**  
A number of vessels in port were shifted about in the harbor yesterday. The German steamship Captain Menzell was given an anchorage some distance off Baylen wharf and timber cargo was being stowed at a late hour yesterday. The steamer will be moved up to Muscogee wharf to continue loading and take bunker coal.

The Norwegian ship Vaar has been docked at the east side of Commandancia dock, where lumber and deals will be taken aboard.

The Spanish bark Carvaja, which carried a cargo of timber and lumber to be used in the construction of a king's summer home, has returned for another cargo and has been docked at the east side of Palafox wharf, where ballast is being discharged. The Carvaja will load lumber and timber for similar purposes.

The big Italian ship Po, at the west side of Palafox wharf discharging ballast, has started to take cargo. Several hundred tons will be loaded at the dock before the Po goes to a berth in the open harbor.

The Norwegian bark Hjordis is at Muscogee wharf for cargo.

**Manteo in Storm.**  
Upon arrival here yesterday, the steamer Manteo brought report of having passed through a severe rain storm on the way from St. Andrews and Panama City. The sea was rough and the ship pitched very much but showed good seaworthiness and the captain and crew were proud of the steamer's good behavior throughout. Several hundred barrels of naval stores and other freight were unloaded here and the vessel got away for New Orleans in short order.

**Another Cement-Laden Schooner.**  
Sailing from New York on Nov. 18, the American schooner Margaret B. Roper, 357 tons, is looked for any day now at Pensacola. This schooner is loaded with cement for the government works at the harbor fortifications, and will be followed by other vessels of the same class shortly. The other cement-laden schooner, the Marjorie A. Spencer, is now being unloaded at Port Pickens, and may come up to the city for lumber cargo.

**INTEREST**

There are more kinds of interest than the kind you pay for money when you borrow from a bank. There is a personal interest, the kind that the officers of this bank feel in its customers—an interest which prompts us to do whatever we possibly can to encourage and to aid those who give us their patronage.

**TWO INVITATIONS**

This is the season of the year when all business men INVITE YOU TO SPEND, and it is also the season when The First National Bank INVITES YOU TO SAVE.

Of necessity you must spend. But you can be methodical in your spending, and through such method spend less than you earn, thus enabling you to save a portion of your income. Saving leads to wealth and wealth gives many comforts and luxuries denied to the person without money. Deposit your money in the bank and pay for your necessities with checks, which gives a complete record of every transaction.
