NO AGREEMENT IN BIG FIGHT

RICKARD DECLARES JEFFRIES AND JOHNSON HAVE NO SECRET AGREEMENT REGARDING DIVISION OF BIG PURSE.

By Associated Press. New York, Dec. 16.—"Tex" Rickard, the prizefight promoter who has just returned here from Boston, denies there is any secret agreement existing between Jeffries and Johnson over a division of the \$101,000 purse which Rickard offered.

and Johnson before the final articles were signed," said Rickard today, "I told them that they could divide the purse any way they desired, and even suggested a 50 per cent. division, as it seemed that the betting odds would be about even. The fighters discussed the subject, but when told that it was in their interest the public be given the full details they dropped the matter."

"I'll bet anyone \$1,000 that there is no agreement between Jeffries and Johnson of any kind, excepting to divide the purse 75 per cent. to the winner and 25 per cent. to the loser. And I'll bet Tom McCarey, of Los Angeles, or anyone else another \$1,000 that I did not give Jeffries \$10,000 or any other secret inducement to favor my bid for the fight."

"I have not the least doubt now that the fight will be held in Salt Lake City. Everything points that way."

TELLS HISTORY OF ORDER RED MEN TO PUBLIC

SOMETHING ABOUT ORDER WHICH WILL BE INSTITUTED IN PENNSYLVANIA NEXT WEEK WITH CELEBRATING GOOD MEMBERSHIP.

Telling something of the past history, the purposes and aims of the Order of Red Men, a branch of which is to be instituted here on Dec. 22 by the grand sachem, J. W. White, of Jacksonville, George C. Stanhope, a local gentleman well versed in the order and one of the most enthusiastic in its reorganization here, gave an interesting condensed statement regarding the same for The Journal. It was given for the benefit of the public as well as for the benefit of many applicants who are going to be among the charter members of the new branch. The institution of the order will take place at K. of C. hall on next Wednesday evening. Mr. White comes the preceding day.

"The Improved Order of Red Men," explained Mr. Stanhope, "was organized at Baltimore, Md., in 1824, and known as local lodge No. 1, taking for its motto, Freedom, Friendship and Charity. Freedom, in honor of that race fast fading away, and to whom the forest, the plains, the hills and the valleys were as free as the air is to the eagle; friendship, to commemorate the unwavering loyalty with which an Indian maintained a noble and unselfish affection for him to whom his faith was pledged; charity, the crowning virtue of human life. Under those exalting influences mankind is lifted higher and nearer toward the great spirit."

"Other tribes were soon instituted, and as time passed the order grew into public notice and favor until today the council fires are burning not only in every state and territory of the Union, but it has followed the glorious emblem of liberty into Panama, Alaska, Porto Rico, Hawaii and all of the other possessions of the United States, and there is not a member but who would work for its defense. The emblems of the order are drawn from nature alone. The American Indian, the prototype of the order, who was driven farther and farther from the settling spot, away from the hunting grounds of their fathers and graves of their loved ones, whose lands were devastated and wigwams destroyed, is acknowledged by historians to be the noblest type of man ever found in his natural state. They looked up through nature and there beheld nature's God. They admired the lightning, for they thought it was the great spirit striking the flame to light the council fires. They loved the thunder, for they thought it was the voice of the great spirit speaking to His children; and all their customs and ceremonies were taught by nature, and all their lessons were drawn from nature's school. The Improved Order of Red Men is proud to perpetuate the memory of this noble race, and as time passes and their history exists only in tradition, our order will have the honor of being the preserver of its forms and customs, and of handing down to posterity the history of an extinct race. Could a higher destiny await any organization? Let such be our ambition.

in your blood, - red and white, - keep you well if they are healthy, cause you sickness if diseased.

To make and keep them abundant and healthy, is to have pure blood, freedom from disease and vigorous health. The chief purpose of blood's caraparrilla is to do this, and its success is attested by thousands of wonderful cures. Cures of all blood diseases, scurvy, eczema, rheumatism, catarrh, etc. It is today in the used liquid form or in solid tablet form called Caraparrilla.

REALLY CURES BAD STOMACHS

INDIGESTION, GAS, HEARTBURN OR DYSPEPSIA IS THOROUGHLY OVERCOME IN FIVE MINUTES AFTER TAKING A LITTLE DIAPEPSIN.

If your meals don't fit comfortably or you feel bloated after eating and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something to stop food fermentation and cure indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your stomach of poisons, excessive acid and stomach gas which sours your entire meal—interferes with digestion and makes so many sufferers of Dyspepsia, Sick Headache, Biliousness, Constipation, Griping, etc. Your case is no different—you are a stomach sufferer, though you may call it by some other name; your real and only trouble is that which does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

A case of Pape's Diapepsin will cost fifty cents at any Pharmacy here, and will convince any stomach sufferer five minutes after taking a single dose that Fermentation and Sour Stomach is causing the misery of Indigestion.

No matter if you call your trouble Catarrh of the Stomach, Nervousness or Gastritis, or by any other name—always remember that a certain cure is waiting at any drug store the moment you decide to begin its use.

Pape's Diapepsin will regulate any out-of-order Stomach within five minutes and digest promptly, without any pains or discomfort all of any kind of food you eat.

The period of our existence. The grand and unexcelled march of the Red Men from the beginning of the order to the present time is enough to challenge admiration of all mankind, and is amply sufficient to foreshadow a golden future. Over one hundred years have sped down the corridors of time since the cornerstone of our order was laid, and it is destined to shine as a beacon light when we who are here today have long since paddled our canoe safely to the undiscovered country from whose bourne no travelers return.

"And now a tribe in Pensacola, and the fire will be kindled on the night of Dec. 22, by Brother J. W. White, P. G. S., of Jacksonville, Florida."

THE CLUTTER MUSIC HOUSE

112-114 S. Palafox Street

brought up in a report of the man in which rains have been cutting away the street in that part of the city, and the chairman said that there had been cut in the street a hole almost large enough to hide a house in. This condition was growing worse with every rain, and the board knew that something had to be done, and that right away. In spite of the advice to be a little more careful in the matter of expenditures, the board at once passed a motion that the street superintendent fix that street as soon as possible, thus remedying conditions which threatened to do a lot of damage before being finally stopped. In addition to stopping the menace to private buildings in the neighborhood, the city water works plant will also now get protection, and the move will be pleasing to the water department, which has vainly in the past tried to get relief. One time during a late rain the engines had to be shut down, for fires were extinguished by the water coming from the hills. By the superintendent's direction, drains will be constructed and holes filled in so that the water will be carried off evenly and through proper and safe channels.

ANNUAL VISIT GRAND MASTER GEORGE T. SELF

GRAND ENTERTAINMENT PLANNED IN HONOR OF HIGH DEGREE OFFICER BY THE LOCAL LODGES OF THE ODD FELLOWS.

A grand entertainment will take place at Rufford hall tonight under the auspices of the local lodges of the Odd Fellows. The meeting will be held for a twofold purpose, combining the annual visit of the grand master and also the conferring of the degree of chivalry. The entertainment will be on an extended scale, and all the Odd Fellows are looking forward to it with much anticipation. Past Grand J. E. Williams will in a few words extend a welcome to all present, after which the orchestra will render a selection. Then the

conferring of the degree of chivalry on two ladies of the Rebekah lodges by the staff of the Canton. This is the highest honor which can be conferred on a member, and to witness the work in such degree will be something of a treat, even to Odd Fellows.

The grand master of the state of Florida, Hon. George T. Self, of DeLand, will next deliver an address. He is known to be an orator of eloquence and much wit, and his address will interest his hearers.

Following his address, the grand master will take occasion to present to a member of Pensacola Lodge, No. 4, a jewel for a continuous membership of twenty-five years.

A selection by the orchestra will bring the formal program to a close, after which the members and their families will retire to the banquet hall, where refreshments will be served.

A cordial invitation is extended to all Odd Fellows and their families and visitors.

WORK OF GEOLOGICAL SURVEY MADE KNOWN TO PUBLIC

By Associated Press. Washington, Dec. 16.—Land classification, examination of water sources, investigation of mine accidents and

tests of mineral fuels and building materials formed special features of the work of the United States geological survey during the fiscal year 1909, according to the report of the director of the survey, just issued. The report states that the general land office depends upon the survey to furnish detailed valuations for every forty-acre tract of coal land that is placed on the market. The purpose of the survey's work in the coal lands is to expedite the restoration of agricultural entry of land found to be barren of coal.

The report gives detailed accounts of the progress of work on the topographical and geological atlases of the United States, of special geological and hydrographic surveys, including work in Alaska, and of statistical work on mineral resources.
