Making Merry

At Mealtime, Means Good Appetite, Good Digestion, Good Cheer, Good Heart and Stuart's Dyspepsia Tablets.

Do You Use Them? If Not, Why? DYSPEPSIA is the skeleton at the feast; the death's head at the festive board. It turns cheer into cheerless merriment, gaily into gloom and festivity into farce. It is the ghost in the home, haunting every room and hitting at every fireplace, making other men merry people shudder and fear. If there is one disease more than another that should be promptly attacked and worsted, it is DYSPEPSIA. It is the very genius of unappetence, unrest and ill nature. In time it will turn the best man almost into a demon of temper and make a good woman something to be dreaded and avoided.

It is estimated that half of ones troubles in this world comes of a stomach gone wrong—Dyspepsia, in short. Foods taken into the stomach and not properly cared for; converted into substances that the system has no use for and hasn't any notion what to do with. It is irritated and vexed, pained and annoyed, and in a little while this state of things becomes general and directly turns the "something had to pay" the whole system is in a state of rebellion and yearns to do something rash and disagreeable and a fine case of Dyspepsia is established and opens up for business.

If you were bitten by a mad dog, you would not lose a day in going to a cure; do you know you should be just as prompt with Dyspepsia? Rashes is a quick death, dyspepsia is a slow one; this is about all the difference. There is a cure for rashes and so there is for Dyspepsia and one cure was about as difficult to discover as the other. Pasteur found out one and the F. A. STUART COMPANY the other, and it is no longer a secret, as it is made public in the wonderful Tablet, which so many are using and praising today. One writer says of it:

"Stuart's Dyspepsia Tablets are little storehouses of digestion which mix with the stomach juices, digest food, retinge the mucous membrane and its nerve centers, give to the blood a great wealth of digestive fluids, promote digestion and stays by the stomach until all its duties are complete."

Some cures are worse than the disease; they demand this, That and the Other and the patient despairs at the requirements; but not so with the Stuart's Dyspepsia Tablet; they are easy and pleasant to take and no nausea or ill feeling follows. There is none of this "getting all-over-the-mouth" like a liquid and making the remedy a dread. Another writer says:

"It matters not what the condition of the stomach, Stuart's Dyspepsia Tablets only improve he juices and bring quiet to the whole digestive canal, of which the stomach is the center."

Forty thousand physicians use these tablets in their practice and every druggist sells them. Price 50c. Send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

AUTO DRIVERS GOING TOO FAST ON CITY STREETS

SOME EVIDENTLY LABOR UNDER THE IMPRESSION THAT OTHERS HAVE NO RIGHTS—ACCIDENTS WILL OCCUR UNLESS MORE CARE IS EXERCISED.

The Journal's attention has been called to the fast and reckless manner in which some of the drivers of automobiles race up and down the streets of the city, evidently paying little or no attention to the safety of pedestrians crossing streets. If more care is not exercised it is a question of only a short time before accidents of a serious nature will occur.

L. Hilton Green, who is an automobile owner, but who recognizes the rights of others to a portion of the streets, believes that something should be done to put a check on reckless driving. "I think The Journal should take this matter up and endeavor to stop those who race along the public streets," said Mr. Green yesterday.

There are a large number of owners of cars in the city who take the same position as Mr. Green. They are careful when passing through streets crowded with holiday shoppers, who are now out in full force, but there are others who seemingly endeavor to see how fast they can drive a car through a crowded street. This is more noticeable on nights when there are attractions at the opera house.

Since many of the streets have been paved, some of the drivers have turned some of them almost into a racing course, and cars are driven anywhere from twenty-five to forty miles an hour.

Don't Be Hopeless about yourself when you're crippled with rheumatism or stiff joints—of course, you've tried lots of things and they haven't helped. Try Ballard's Snow Liniment—it will drive away all aches, pains and stiffness and leave you as well as you ever were.

15TH CO. MADE 100 PER CENT AT PRACTICE

FIRING AT THE NEW STYLE TARGET WITH THE TEN-INCH GUNS THE COMPANY MADE AN EXCELLENT RECORD YESTERDAY.

Scoring a hit for every shot, the Fifteenth company of coast artillery made an excellent record at target practice yesterday at Fort Pickens, where they fought the "dough bag" in progress. The company, in command of Lieut. Upham, fired the ten-inch rifles at the new style target, which represents a waterline of a battleship, and every shot struck the target, which was towed at a good rate of speed by an army steamer.

Today the Twentieth company, in command of Captain Douglas, will fire the twelve-inch mortars at battery Worth. The practice of yesterday was at battery Callum.

Chamberlain's Cough Remedy is a very valuable medicine for throat and lung troubles, quickly relieves and cures painful breathing and a dangerously sounding cough which indicates congested lungs. Sold by all dealers.

CONTRIBUTION IS RECEIVED

FUND WITH WHICH TO PURCHASE CHRISTMAS PRESENTS FOR POOR CHILDREN IS INCREASED BY DONATION OF \$10.

Donations for the poor children of Pensacola who are to be supplied with Christmas gifts by the Ladies Auxiliary of the Elks are being received by The Journal, a ten dollar contribution being made yesterday by Pauline Spencer, which will be turned over and used with which to purchase toys, candies, etc., for the poor little ones. The time is rapidly approaching for the purchase of toys and other gifts for the little ones, and the generous citizens of the city should not delay sending in their donations, either cash or toys, candies, cakes or anything suitable for gifts for children. Some toys as well as a quantity of candy have already been received, but much more is required.

SILK HOSIERY

Could you suggest anything for a lady that would be more appreciated for a Christmas Gift?

\$1.50 PAIR, ALL COLORS. Then, of course, if it's Cotton or Ribbed Lisle, in Gauzes, Lace or Ribbed, in solid colors or fancy effects, we also have quite a handsome assortment, 25c to 75c pair.

And the Interwoven Hose for men at 25c pair, or put up 5 pair to a Fancy Christmas box, for \$1.00.

Come, take a look, buy if you please.

SANBORN.

Special to the Journal. Carrabelle, Dec. 15.—Miss Irene Glenn, of Gretna, Fla., has accepted the Baker branch school and commenced teaching last week, with very good attendance, the whooping cough keeping some away.

A. D. Johnson, of Bloxham, passed here Sunday with five prospectors. They were traveling in automobiles. The left Tallahassee at 8:30 a. m. and arrived here at 2:20 p. m., returning to Tallahassee the same day.

G. U. Allen went to Tallahassee last week for the "dough bag" that made his hands smile Saturday.

When the automobiles were seen coming the first thought was that Claude L'Engle and Col. Blount were coming, but we were disappointed. We trust not for all time to come, as we want to hear from each of these gentlemen.

Mr. Meeks is opening the old Blazing turpentine distillery and will have a boat to move his naval stores and take up the supplies. This will help us in getting a regular steamboat service.

CHRISTIAN SCIENTISTS IN PENSACOLA

THEY HAVE SECURED EMINENT LECTURER WHO WILL SPEAK AT THE FIRST UNIVERSALIST CHURCH TOMORROW NIGHT—PROF. HERING WILL EXPOUND CHRISTIAN SCIENCE FAITH.

The Christian Scientists of Pensacola, of whom there seem to be a growing number all the time, have secured what they believe will be a rare treat for the Pensacola public in the form of a lecture by Prof. Herman S. Hering, who will speak at the First Universalist church tomorrow night. The lecture will be absolutely free and everyone is invited to attend.

Prof. Herman S. Hering, C.S.B., a native of Philadelphia, Pa., and son of the late Dr. Constantine Hering, whom Hahnemann called "The Father of Homeopathy in America," is a graduate of the University of Pennsylvania from the department of mechanical engineering, receiving the professional degree of M. E. in 1886. He was made professor of mechanics and electrical engineering by the Philadelphia board of public education in 1887, and in 1891 was called to the Johns Hopkins University in Baltimore, Md., as associate in electrical engineering, where he remained eight years engaged in lecturing and in conducting laboratory research work.

In 1899 he gave up his profession for the purpose of devoting himself entirely to Christian Science work, and was a practitioner, reader, and teacher in Baltimore, and publication committee for Maryland and the District of Columbia. In 1902 he was elected first reader of the Mother Church in Boston for a term of three years, and subsequently was made president of the church and a lecturer.

In 1906 he was called to Concord, New Hampshire, to become the first reader of the Christian Science church of that city, and has recently completed his three-year term of office there.

A Run of Tough Luck. Wedderly—When we were married, a little over a year ago, my wife complained because we received so many duplicate wedding presents.

Singleton—Yes, I remember. Wedderly—Well, our tough luck still continues. Last week the stork brought us duplicate birthday presents—twins.

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.
