PENSACOLA, FLORIDA, THURSDAY MORNING, DECEMBER 23, 1909.

Let Us Have Those School Ma'ams Next Year.

The State Educational association meets at Deland this year December 28-31. There will be from 200 to 500 school teachers in attendance.

Now, Pensacola wants those school teachers next year and we think she ought to have them. The new hotel will be completed. It will contain a convention hall furnished especially for just such occasions.

Tampa is going to see that all the empty stockings in the west coast cigar town are filled this Christmas.

The Montgomery Journal, Birmingham News, Anniston Hot Blast, Birmingham Ledger, Anniston Star, and Pensacola Journal, printed very creditable Christmas editions.

Probably Brother Barrill and that other Montana guide who weeks ago proclaimed Dr. Cook a fakir, a dead-beat, and a hot air artist, and who defied him to prove that he and they ever got on top of Mt. McKinley, are cheerfully buying drinks today for every man they meet out there in the Rocky Mountain country.

Not yet are we able to form any adequate estimate of the good the newspapers of the South are to do in this task several of them have undertaken of bringing to the attention of the Southern farmer the necessity of putting more time and thought into the production of meat and grain.

If troubled with indigestion, constipation, no appetite or feel bilious, give Chamberlain's Stomach and Liver Tablets a trial and you will be pleased with the result.

PENSACOLA AND PENSACOLIANS

Will Tampa Come to Time? And now Jacksonville is to follow the lead of Pensacola in paying the expense of ten farmers to be selected from Duval county and sent to the University of Florida to take the agricultural course there.

to put their newly-acquired knowledge into practice. Next, will it be Tampa?—Fruit and Produce News.

Oh Yes, They Will! With "Jim" Alexander raising chickens in Volusia, Napoleon B. Broward raising cane in Escambia, and John Beard actively practicing law in old Escambia, it seems that all the next legislative session there will be few really picturesque characters to point out to visitors in the galleries.

A Thrilling Rescue. How Bert R. Lean, of Cheney, Wash., was saved from a frightful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid \$10 to \$15 a visit to a lung specialist in Spokane, who did not help me. Then I went to California, but without benefit. At last I used Dr. King's New Discovery, which completely cured me and now I am as well as ever."

FINE QUESTION ON PAVING SETTLEMENTS

The city council last night received a communication from F. L. Hoffman, residing on E. Gadsden street, which brought up a fine question regarding the settlement of paving bills, and the matter was referred to the city attorney and finance committee for adjustment and recommendation.

TOPICS OF INTEREST TO FARMERS OF FLA.

THE FARMER'S WIFE

Investigation Has Shown That Her Condition is Battered Materially. The condition of the farmer's wife is receiving the honor of a national investigation, and we find what says the Washington Post. Many say that the condition of the average woman living in the country is infinitely better than it was even five years ago, and also that her condition depends largely on herself.

ahead, and she who wants to learn something new "stays put" with a vengeance.

Between the agricultural colleges, the free government pamphlets, the free demonstrations in butter making, etc., from the same source and the state lectures to farmers' wives the latter have absolutely no excuse for remaining ignorant of the best and easiest ways of doing farm work.

The coming of the automobile has meant a lot to the farm woman. An automobile is never tired and can cover ten miles as easily as old Dobbin could one.

Some of the country schools now have carriages for the scholars and encourage the great deal of anxiety on the mother's part.

The telephone has meant a lot to the farmer's wife, and the rural free postal delivery means even more.

Road improvement societies are another great blessing. And the greatest and best help to the countrywoman has been the much despised "woman's club."

Santa Rosa is in a fair way to get that agricultural school and demonstration farm its most progressive citizens desire. The Milton Star of last Thursday publishes three more letters from citizens subscribing \$100 each to a fund for such a purpose.

The Times-Union feels an interest in the success of this project because it would like to see such a school and farm in every county of the state.

Valuable Aid to State's Farming. The Milton Star is agitating for an agricultural school and demonstration farm for Santa Rosa county and is encouraged by two early subscriptions of \$100 each and the offer of twenty acres of land under good fence and with good buildings as the site of the proposed farm.

At Present Prices, YES—TWOULD PAY. Chickens retailing at 75 cents for fryers, hens of moderate size at \$1 and \$1.25, and country eggs at 20 to 25 cents per dozen, and the demand never fully supplied—would a big poultry farm convenient to Tampa pay? It is passing strange that this inviting field has so long remained unoccupied.

Women Who Are Envious. Those attractive women who are lovely in face, form and temper are the envy of many, who might be like them. A weak, sickly woman will be nervous and irritable. Constipation or kidney poison show in blotchy blotches, skin eruptions and a wretched complexion.

Pine and Oak Wood, fit to burn.—Stratton Ice Works. Read The Journal's Want Columns this morning.

FORMED ORDER RED MEN WITH A GOOD CROWD

CHARTER MEMBERSHIP OF NEW ORGANIZATION LARGE AND DUTCH SUPPER FOLLOWED INSTITUTION OF THE NEW LODGE.

A branch order of the Red Men was instituted in Pensacola last night. Grand Sachem J. W. White, of Jacksonville, coming over to Pensacola for the purpose.

The traveling library is another blessing. This calls around at stated intervals all the different farmhouses and exchanges the latest books and magazines.

The election of officers occurred at the organization last night, results as follows: Sachem—D. B. Miller. Senior Sagamore—B. L. Gladden. Junior Sagamore—John Singletary. Prophet—Dr. T. S. Mitchell. Guard of the Wigwam—J. E. Morgan.

Guard of the Forest—Oliver Faulkner. Dept. Great Sachem—T. E. Welles. Representative Grand Council State—B. L. Gladden. Collector of Wampum—J. D. Goss. Keeper of Wampum—Henry Horsler.

Mr. White was exceedingly pleased over the Pensacola branch and

We're "Building" Mighty Well Our new customers—as well as our "regulars"—are delighted with their 25 per cent. Cut Price garments and are coming back when they want more clothes. The materials and the tailoring are "there."

talked enthusiastically over the bright prospects. He will leave this morning on the 6:45 train. He goes to Cottondale, Fla., thence to Dothan, Ala., for a few days of rest.

Mrs. S. Joyce, Claremont, N. H., writes: "About a year ago I bought two bottles of Foley's Kidney Remedy. It cured me of a severe case of kidney trouble of several years standing. It certainly is a grand, good medicine, and I heartily recommend it." W. A. D'Alemberte, druggist and apothecary, 121 S. Palafox street.

Stuart's Buchu and Juniper Compound for all liver and kidney troubles. Relieves Brights Disease. All Druggists \$1.00.

Box Apples. Extra nice lot, \$2.00 up.—Stratton Ice Works.

Run Down? Ask your doctor all about Ayer's Sarsaparilla. It does not stimulate. It does not make you feel better one day, then as bad as ever the next. There is not a drop of alcohol in it. You have the steady, even gain the next. A strong tonic. Ask your doctor all about this.

NEW TRIAL FOR FORMER SHERIFF LYINS AND SON Atlanta, Dec. 22.—The supreme court has granted a new trial for former Sheriff Lyins, of Wayne county, and his son, Archie Lyins, convicted of the murder of Fleming Smith, a druggist, at Jessup, one year ago. It was granted chiefly upon the ground

that one of the trial jurors was a second cousin by marriage to the man who financially assisted in the prosecution. GOLDS CAUSE HEADACHE LAXATIVE BROMO Quinine, the world wide Cold and Grip remedy removes cause. Call for full name. Look for signature E. W. GROVE 25c.
