

For Evening Hours

The Rayo Lamp

Some of the sweetest hours of home-life are passed under the gentle, kindly light of the evening lamp.

If it be the Rayo Lamp, the light contributes an added charm—makes reading and sewing easy. There are no aching eyes after reading or sewing under the rays of the Rayo Lamp.

The Rayo Lamp diffuses a steady white light. It is the least trying of any artificial light. Made of brass throughout—nickel plated—improved central draught burner.

The Rayo is a low-priced lamp, but you cannot get a better lamp at any price.

Once a Rayo user, always one Every Dealer Everywhere. If Not at Yours, Write for Descriptive Circular to the Nearest Agency of the

CONTRACTORS MUST REMOVE SAND FACING

SURFACE COVERING ON WOOD BLOCK PAVING MUST BE TAKEN THEREFROM BY MEN WHO PLACED IT THERE IN FIRST PLACE.

According to the contract which has been made for the wood block pavements, the sand covering on the blocks already placed on the streets must be removed therefrom by the contracting pavement company. This is the expressed opinion of the bond trustees, although the contractors will not be required to remove from the block surface all sand which may have washed thereon from recent rains. The inquiry was made relative to the manner of the sand being moved on account of the widespread complaints which have been voiced over the matter. In dry weather, this sand covering, powdered finely by being ground under the wagon wheels, is blown lightly into the air and forms a cloud almost continually of very clinging dust. In wet weather the sand is clogged into a sticky mass, and makes the paving stretches extremely disagreeable. The contractors will be asked in due time to move it, both from the brick and wood block paving before they leave off the work.

Her Heart Was Broken because her complexion was bad and she could find nothing to clear it up. Ladies: a bad complexion is caused by an inactive liver. An inactive liver will be put in perfect condition by taking Ballard's Herbine. The unequalled liver regulator.

CULPRITS IN COUNTY COURT

TRIO OF VAGRANTS, TWO PETTY THIEVES, ONE FOR NON-SUPPORT AND ONE FOR AGGRAVATED ASSAULT ON DOCKET.

Six prisoners were added to the bunch in the county jail yesterday, taking the places of those who had been taken out the day before to serve time on the county road. Deputies are to add several more tonight if all warrants in hand are served.

Shorty Jackson and James Richardson, negroes, were placed in the jail yesterday for larceny. They had been arrested in the city court by Officer Rice as dangerous and suspicious characters and were bound over to the county authorities. A strong case was made against the pair. They were charged with stealing fish from the Saunders fish house, on Palafox wharf.

Elsie Whitman, who battered a negro named Crenshaw over the head with a picket, was given a preliminary hearing in Justice Nicholson's court yesterday and held to the criminal court in a bond of \$100 for her appearance at the next term of the criminal court.

George Davis, colored, newly-married, who had been arrested for threatening his wife by city officers, was docketed for non-support in the county jail. Davis was turned over to the county authorities when it was learned that a warrant had been sworn out for him.

John Cox, Robert Childers and S. Hopkins, charged with vagrancy, were captured at Roberts by Deputy Lowery yesterday and hauled to the city in a wagon, placed in the county jail at 5 o'clock.

FINED \$101; PAID BUT \$26

MAN WHO WAS FOUND WITH CONCEALED WEAPONS AND WHO PLEADED GUILTY GETS OFF WITH COMPARATIVELY SMALL PENALTY.

J. J. Sharp, pleading guilty to carrying concealed weapons, in the recorder's court yesterday morning got off with a comparatively small penalty. He was fined \$100 and costs, but of this the record shows that \$75 was remitted, making the offense in this case, at least, not costly, comparatively. Sharp paid the fine which had been reduced and left on the noon train for his home in Alabama.

CAPUDINE for "THAT HEADACHE." "On last night" Headache and nervous this morning? Hicks' Capudine just the thing to fit you for business. Clears the head—braces the nerves. Try it. At drug stores.

FACTS FROM FORD

There is Actually More Automobile Value in the Ford Model "T" Than in any Other Car at Several Hundred Dollars More Money

Think It Over—Here's the Model "T" Ford—a four-cylinder, twenty-horsepower, five-passenger, comfortable, durable, practical touring car, complete with all the equipment, that costs from \$150.00 to \$300.00 additional in most other cars, and all this for, not \$3,000.00 or \$2,000.00, or one and a half thousand, at any of which a man would get his money's worth, but for \$950.00 f. o. b. Detroit complete, no extras.

A \$5,000.00 Car will take you to your office in the morning or to the theatre or social function in the evening. It will carry you from one business engagement to another during the day, and at night or when the cares of business are laid aside, you call upon the car to provide pleasure for the family. But this Ford car will do all this just as satisfactorily as any high-priced car and more so than some.

To Avoid Argument, let's agree that some of the trimmings found on the high-priced propositions are left off of the Ford. They are. But the difference in price will pay for a pile of trimmings, and the trimmings do not make one whit better automobile. It isn't fuss and feathers that is needed to make the car you buy satisfactory; it's just plain automobile, and if you get that for \$950.00 and no more of it for double, why pay the extra? Any car now selling for several hundred dollars more could, if built by Ford in the Ford shops by Ford methods and in Ford qualities, be sold at the Ford price if the manufacturer would be satisfied with the Ford profit per car.

The Model "T" Ford includes a magneto—that's essential to the satisfactory operation of a car, so it's built in and a part of the engine, not an added accessory at a hundred or so more dollars. It has long, comfortable wheel base, it is not a dinky runabout with a tonneau crowded on behind. It's a four-cylinder car, is shaft driven, employs unit construction and 3-point suspension, and is made of Vanadium steel. All in all, it would be a whopping big value at double the price.

Then Look at What equipment is included. Experience has taught us that most buyers want a top. With other cars that's an extra; they want a windshield, that's extra; a speedometer is a satisfaction, and that's extra; they want a stronger light, and gas lamps are extra; and by the time they have bought all these things, the price which is already higher than Ford, has been jumped another hundred or so—plus the magneto. There is nothing extra to buy for a Ford, these things are all included.

After All, the Final Test of value is what will it do? That is the proof of Ford value. It will go anywhere over any kind of road, or lack of road, more

days for more years than the average car at a considerably higher price. It has good appearance, speed and power, as well as hill-climbing ability and good and bad roads negotiability. Repair bills are small and maintenance costs light. It is easily handled, easily kept up and always ready. It's a practical everyday car for the man who wants a car for what it will accomplish.

It was a Model "T" Ford in which L. C. Oliver, of Jacksonville, Fla., made that record run from Jacksonville to Savannah, Ga., in thirteen and three-quarter hours, passing en route a \$3,000.00 car that had started five hours earlier on a similar errand. It was a Model "T" Ford that won the New York-Seattle Race, in twenty days and fifty-two minutes, defeating all other entrants, none of which cost less than five times the Ford price or weighed less than five times Ford weight. (How the Ford won, sent on request.)

High-priced Cars Render a peculiar service for which they must be given credit. They pull a lot of money out of safety vaults and put it into circulation. That's good. But there are a lot of us so fixed that most of our cash already finds channels by which it returns to circulation. The Ford Model "T" costs little to buy and little to maintain. The man on an average income can afford the purchase price and the upkeep cost.

Ford Cars Are Popular in the South. From a sale of one or two cars in 1903, Southern sales have steadily grown until in 1909 they have totaled nearly 2,000 cars.

"High-priced Quality in a low-priced car." The records of the past prove the quality, the prices follow:

Touring car fully equipped	\$950.00
Tourabout " " "	950.00
Roadster " " "	900.00

In addition to the foregoing, the Model "T" is supplied with any of the following styles of body. All Model "T" bodies are interchangeable:

Coupe	\$1050.00
Landulet or Taxicab	1000.00
J. E. T. Bowden, of Jacksonville, Fla., recently purchased 25 of these Taxicabs.	
Town Car	\$1200.00

All prices f. o. b. Detroit. Coupe, Landulet and Town Car prices include three oil lamps and horn. Catalog sent on request.

NOTICE OF ADMINISTRATRIX. Notice is hereby given that the undersigned has taken out letters of administration upon the estate of George Nunez, deceased. All creditors, legatees, distributees, and all other persons having claims or demands against the said estate are required to present the same within two (2) years.

EDITH NUNEZ, Administratrix.
Pensacola, Fla., Dec. 9, 1909.

PROCLAMATION. By the authority and power in me vested I hereby give permission to all parties to shoot fireworks, beginning Friday, December 24th, 1909, and continuing until Sunday, January 2nd, 1910. The use of torpedo canes and fire arms are prohibited, also fire crackers more than one-half inch in diameter and three inches

in length.
Given under my hand and seal this 17th day of December, A. D. 1909.
FRANK REILLY, Mayor.

NOTICE. The Board of County Commissioners of Escambia County, Florida, deeming it necessary to erect a jail for said county, notice is therefore hereby given that at the next regular meeting of the Board of County Commissioners after the publication of this notice, to-wit: The regular meeting to be held at 7:30 p. m., 5th February, 1910, the question of erecting such jail will be acted upon by said board.

JAS. MACGIBBON, Clerk Board County Commissioners.

PROPOSALS FOR JAIL BUILDING. Proposals will be received at the Clerk's Office by the Board of County Commissioners of Escambia County, Florida, at 8:00 a. m. on the 30th day of February, 1910, for the erection of a building to be used for Court House, Office Building and Jail, to be built in the City of Pensacola, Fla.

Plans and specifications may be had by applying at the office of Messrs. Rudolph Benz Sons, Architects, Masonic Temple Building, Mobile, Alabama. The proposals to be based upon payment in County warrants due in 1, 2, 3 and 4 years with interest at 6 per cent; said warrants to be delivered upon the architects estimate of completed construction for 80 per cent. of said estimate; the

balance of 20 per cent. to be delivered upon the acceptance of said building by the County Commissioners. The Board reserves the right to reject any or all bids.

JAS. MACGIBBON, Clerk Board County Commissioners.
