H. H. THORNTON, President. By G. A. WATERMAN, Secretary. HARBOR, RIVER AND MARINE NEWS

One of the large Manchester liners, the Manchester Spinner, arrived yesterday, 25 days out from that port via Runcorn and Montreal, and consigned to the Gulf Transit company. The Manchester Spinner brought part cargo from Pensacola, consisting of 500 tons of common salt, some gunning bagging and a lot of nitrogenous fertilizer products. This will be discharged and some cotton will be taken aboard at Pensacola, the ship's cargo to be completed at New Orleans. For the latter port the steamer also has some cargo consisting of bulraps, sulphate of ammonia, etc. Cotton will form the principal, if not the only article, to be loaded at Pensacola.

The Tuscany Comes. The British steamship Tuscany, Capt. Smellie, 1872 tons, arrived yesterday afternoon from Tampico, five days out. The Tuscany was anchored in the stream and later was taken to a berth at one of the docks, where cargo will be taken for the River Platte. The Tuscany sailed from Boston and thence came on to Pensacola for cargo.

Uruguayan Steamer Here. The Uruguayan steamer Brasleno, which put into port on the occasion of her last trip to this side of the Atlantic, is again in the harbor, having arrived yesterday, consigned to the Gulf Transit company and will load for Barcelona. The Brasleno was at Cienfuegos on Nov. 30 and thence sailed for New Orleans, arriv-

ing there and loading a part cargo. The remainder of the vessel's cargo will be furnished by the Gulf Transit company.

Brookwood For Holland. The British steamship Brookwood, which started loading yesterday, will fill out for Holland and will take lumber and timber, the Keyser-Middon company furnishing the cargo. The Brookwood has been anchored in the stream and was receiving cargo yesterday.

To Load For Bahia. Arriving Christmas day, the British steamship Goathlands, Capt. Thornton, has taken berth and will load with lumber for Bahia. The Southern States Lumber company will load the vessel and most of the cargo will be taken at a berth at Perdido wharf.

Loads For Spain. The German steamship Henry Fern, Capt. Welms, which did not wait for a pilot but which came into port under her own master's guidance, has taken a berth in the stream, consigned to Robert Tuemler & Co. This vessel will load for Alicante and Seville.

The Manteo Arrived. With a new face in the pilot house, the steamship Manteo arrived early yesterday from Mobile and New Orleans with a large consignment of merchandise for local merchants. Capt. Retzner is now in command, succeeding Capt. McLaughlin, who left the vessel last week at Panama City. A large ton of sugar was in the vessel's consignment and was unloaded at the wharf. The steamer got away last night on time for Panama City and other points of call.

Big Fleet on the Way. Quite a fleet of steamships are now on the way to Pensacola from various points on the globe. These are as follows: The Charleston, 1163 tons, sailed from Pomeroy Dec. 17; the German steamer Margaretha Russ, 1113 tons, sailed Barry Dec. 17; the British steamer Ryde, 2333 tons, sailed St. Vincent Dec. 16; the Austrian steamer Ida, 3993 tons, sailed Philadelphia Dec. 16; the British steamship August Belmont, 2967 tons, sailed from Hamburg Dec. 18; the German steamship Venus, 1778 tons, sailed Axdm Dec. 17. The following sailing vessels have been added to the Pensacola-bound fleet: A Norwegian bark Aax, 639 tons; Italian bark Anna M., 834 tons, sailed Rio de Janeiro Nov. 16; the Italian ship Warrior, 1445 tons, sailed Genoa Dec. 17.

Trouble Makers Ousted. When a sufferer from stomach trouble takes Dr. King's New Life Pills he's mighty glad to see his Dyspepsia and Indigestion fly, but more, he's tickled over his new, fine appetite, strong nerves, healthy vigor, all because stomach, liver and kidneys now work right. 25c at all druggists.
