Quiet, unobtrusive, commonplace suitings you can find at any store. We have some, too, but, in addition, we have strikingly new and pronounced styles that you will not find at other stores.

We carry more individual patterns than stores in towns of this size usually carry—but that's the secret of our success as high grade Clothiers. Come see our new Spring Styles.

GEORGIA MURDER MOST MYSTERIOUS

By Associated Press.

Marietta, Ga., Apr. 4.—Homer Moss, a prominent merchant and land owner was found with his skull crushed in his store at Nickajack last night. He died late to-day. No money or property is missing and there is no clue to the perpetrator of the crime.

A Place for Him.

"I understand you have changed your beliefs somewhat?"

"Somewhat!"

"You formerly did not believe in a hell, but now you do?"

"That's it."

"What caused the change?"

"Someone stole my dog."—Houston Post.

Played Fair.

"But," protested Hamm, who had made his debut in vaudeville the night before, "the audience wasn't justified in treating me as they did. My act wasn't half bad."

"Well," replied Crittick, "neither were the eggs they passed up to you."—Philadelphia Press.

There Was.

"Are there ever any really sure things at the race track?" asked the curious woman.

"Yes," answered young Mrs. Torkins, "my husband is one of them."—Washington Star.

She Knew Hubby.

"You must not grieve so deeply, my dear sister," urged the preacher consolingly. "Life is very short and you will soon be reunited to your dear husband."

"That's what I am afraid of," sobbed the widow, with a fresh outburst of tears.—Delineator.

TRUST MAGNATES WILL FIGHT THE PRESIDENT

Harriman, Rockefeller, Morgan and Others Will Oppose His Policy.

WAR DECLARED AGAINST THIRD TERM MOVEMENT AND AGAINST ANY REPUBLICAN CANDIDATE WHO FAVORS HIS RAILROAD AND OTHER REFORM POLICIES.

By Associated Press.

Chicago, Apr. 4.—A dispatch to the Tribune from Washington says that the big interests of the country have inaugurated a movement to discredit President Roosevelt, prevent the achievement of his railroad and other reform policies and block the nomination by the Republican party of Senator Taft or any other Roosevelt man. This move is now under way in Pennsylvania, Ohio and California. This is the information President Roosevelt has received from a source in which he places reliance. The men behind this movement are E. H. Harriman, J. Pierpont Morgan, the Rockefellers and other Standard Oil interests, the tobacco trust and certain other capitalistic combinations which have suffered from the president's activity.

The movement is much like what is known as the "rich men's conspiracy" of 1904, when, at a meeting, Harriman so the president has been informed, solemnly expressed his conviction that he could deliver the delegates to the Republican convention from Iowa, Kansas, Nebraska, Iowa, Colorado and California to an anti-Roosevelt man. Investigation demonstrated that this claim was preposterous. It was apparent from what the president said to newspaper men yesterday that he is not at all concerned about the movement which has been started against him. The president is quite content to accept the gauge of battle offered by Harriman and other trust magnates.

It is out of the question now for him and Harriman ever to resume friendly relations. The publication of Harriman's letter to Sidney Webster, Stuyvesant Fish's brother-in-law, alleging that the president begged him to collect contributions to save the national ticket, and of the president's response through Representative Sherman of New York, forbids a chance of co-operation in the future.

AMPLE EVIDENCE FOR CLAIM OF PRESIDENT

Washington, Apr. 4.—It is said on authority at the White House today that there is ample evidence for the claim of the president that there is a movement on foot to defeat his policies in the next congress and in the next national convention. He declares the "Hearst-Harriman-Rockefeller combination" already has a fund of five million dollars to carry on its campaign of opposition to the president. It is authoritatively said that they are "gathering up the loose ends" but that the movement will flatten out. It is apparent in Ohio and Pennsylvania, in fact clear across the continent. The scheme was divulged at a recent dinner and reached the White House through a friend of the president. The scheme is to buy the newspapers, public men and others who may assist the opponents of the president.

FOUNDATION FOR NEW OSCEOLA CLUB

Has Been Commenced and Work Will Now Be Steadily Pushed.

Workmen in the employ of Contractor Chas. H. Turner have commenced placing the foundation for the new home of the Osceola Club on the site at the corner of Garden and Baylen streets, and it is the intention of the contractor to push the work steadily forward until the building is completed.

The new building will be on the site formerly occupied by the St. Anthony hospital building, which has been removed by the purchaser to another portion of the city.

The club building will be one of the prettiest in Florida, being three stories in height and built of stone and brick and covered with a tile roof.

Material for Bank Building.

Contractor Turner has also received several car loads of material for the new building of the First National Bank, which is to be erected just north of the government building, and he is now preparing to resume work there. A derrick has been placed to handle the heavy material of which the building will be constructed. Some of these stone blocks will weigh as much as fifteen tons, and it is necessary to have a very strong derrick to handle them.

The construction of this building has been considerably delayed on account of the inability of the contractor to secure the material for its erection, but now that a large quantity of stone has arrived the work will progress rapidly.

TWO COMPANIES OF ARTILLERY TO ARRIVE

On Big Transport From Forts Warran and Banks About the 18th.

From information received in Pensacola it is expected that one of the large army transports will reach here about the 18th of this month with two companies of artillery on board which are to relieve the Seventh and Ninth companies, now stationed at Fort Barrancas.

The two companies which are to be transferred are the Eighty-Ninth now at Fort Banks, Mass., and the Ninety-Sixth, now stationed at Fort Warren, Mass. The Seventh and Ninth companies will go to these forts, and the officers and men are now preparing for their departure. They will return on the same transport that brings the two companies to Fort Barrancas.

The Seventh and Ninth companies have been stationed at Barrancas for many years and some months since the department decided that there would be more satisfaction among the enlisted men of the various commands were they transferred after remaining at a post for a long number of years, and as a consequence the Seventh and Ninth are to go to the two Massachusetts forts.

Those of the enlisted men of the two companies who desire to remain at Barrancas have been given the privilege of transfering to other commands there and remaining, and quite a number have availed themselves of this opportunity.

BAND CONCERTS TO COMMENCE SOON

Probable that Seville Square Entertainments Will Begin Next Week.

If the present plans are carried through the weekly concerts and entertainments at Seville square will probably be commenced during the latter portion of next week. This announcement will be received with much pleasure by hundreds of persons, not only those residing in the eastern section of the city, but all sections.

The square has been greatly improved and now presents a much more pleasing spectacle than it did during the past few months. Wyer's Band will give the concerts and A. S. Cox, who has taken much interest in the entertainments each year is confident that he will be able to secure a moving picture machine with a large number of pictures for the weekly events. It is expected that the moving picture apparatus will be shipped from Birmingham during this week and as soon as it arrives the concerts will commence.

DON CARLOS WHISKEY

Something new and decidedly good. Being a new article, wedged into the market among so many well-established brands of Whisky, it is necessary for it to have merit to hold its own. When the makers of this brand first put it out they saw that it had all the qualities to make it a winner. Try it.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

GARNIER'S.

Special to The Journal.

Garniers, Apr. 4.—Mr. Bond is getting the timbers for his store building. He expects to erect it right away, or as soon as he can get material on the ground.

Messrs. Clement and J. W. Brooks and Mr. Bard were callers on W. N. Hartgrove and other neighbors in the Bayou one day this week.

Mr. and Mrs. Dallas Barns of Holly have been visiting relatives in this neighborhood during the past week. They returned Sunday accompanied by Miss Lizzie Davis.

There was to have been an Easter egg hunt at the Mary Esther school house, Easter Sunday but the rain probably interfered with it.

This community was favored with a good rain Sunday thus breaking the drought. A brisk norther sprung up and Sunday afternoon and Monday we lighted the fires and they felt as good as in the good old winter time. There is the lowest tide at present we have had since winter set in.

WALKER OUT FOR ELECTRICIAN OF CITY

His Friends Will Make Strong Fight to Put Him in Office.

The friends of W. C. Walker, candidate for city electrician, have already begun his campaign and from present indications he will make a fine run. He is a young man, full of life and activity. He is a practical electrician having served in that business many years, in fact, he is now engaged with the Pensacola Electric Co. He is just the kind of a man that a large firm would choose upon whom to place confidence and responsibility.

Mr. Walker made a record for himself immediately after the recent Pensacola hurricane and the voters will probably remember that when at the polls.

A PENSACOLA FIRM IS MENTIONED

The following clipping from the March issue of the Cincinnati "Spokesman," will prove of interest to the friends and patrons of "The Big Store:"

"William Johnson & Son (Inc.), of Pensacola, Fla., the largest dealers in buggies and wagons in Western Florida, report a great increase in their business; in fact, it has practically doubled during the past year. They carry a large stock in their warehouse, and have a sales and show room in the retail district, where they display a large line of jobs on the floor. This firm was established in 1866, forty-one years ago in August, and have been occupying their present location for twenty-seven years. The firm will later add a line of automobiles."
