DIET AND HEALTH.

Use Foods That Will Give the System

the Oil It Demands.

Every person requires a certain

amount of oil in his food in order to be healthy. Our ancestors lived to a large

extent on olives, filberts, chestnuts and other nuts containing oil. The present generation uses too little oil in

its diet. This can be taken in the shape of the pure expressed olive oil,

as an emulsified salad dressing or by

its oil, but a certain amount is essential to the enjoyment of good health.

The good results of the habitual use of

the above articles in the diet are soon

shown, especially when persons are inclined to colicky indigestion and con-

stipation. Doctors will do well to in-

oil in moderate doses, also as dressing

for salads. Various kinds of nuts have a high dietetic value because of the

oils which they contain and can be

used to advantage. When patients in-

cline to consumption, pure cod liver

THE KING OF BLOOD PURIFIERS

For more than forty years S. S. S. has worn the crown of public approval and has been recognized as the King of Blood Purifiers. It has demonstrated its ability to CURE in thousands upon thousands of cases of blood and skin diseases until it is regarded today as the most reliable and safest of all blood medicines.

Pure blood means strong, vigorous bodies, well nourished systems, steady nerves, and all the machinery of life working in

harmony with nature—thus insuring perfect health. Impure or diseased blood means the opposite of all this; any impurity, humor or poison in this vital fluid acts injuriously on the system and affects the general health. Pustular eruptions, pimples, rashes and the various skin affections show that the blood is in a feverish and diseased condition, as the result of too much acid or the presence of some irritating humor. Chronic Sores and Ulcers are the result of morbid, unhealthy matter in the blood, while Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders that continue to grow worse as long as the poisons which produce them remain in the blood.

All blood troubles are not acquired. Through the blood disease germs are transmitted from one generation to another. Parents hand down a tainted circulation to their children, and we see its effects manifested in various ways. The skin has a waxy, pallid appearance, the eyes are often weak, glands of the neck enlarged, and, as the taint has been in the blood since birth, the entire health s usually affected, and the system weakened rom want of nourishing, health-giving blood.

In all blood troubles S. S. S. has proven itself "The King of Blood Purifiers." t goes down into the circulation and removes all poisons, humors, waste or foreign matter, and makes this life-stream pure and health-sustaining. Nothing reaches inherited blood roubles like S. S. S.; it removes every particle of the taint, purifies and strengthens the weak, deteriorated blood, supplies it with the healthful properties it needs and establishes

the foundation for good health. As a tonic S. S. S. has no equal, and it will be found especially bracing to weak, anaemic persons.

Schuylkill Haven, Pa.

One of the greatest points in favor of S.S.S. is that it is purely vegetable, made from nature's healing, cleansing, health-producing roots, herbs and barks. It is the one medicine that may be taken with absolute safety by the youngest child or the oldest member of the family. Rheumatism, Catarrh, Sores and Ulcers, Skin

given to both young and old, and always with the best

results. It thoroughly cleanses the blood of all impur-

ities, at the same time it builds up the general health, gives appetite, strength and energy. We have given it to our children, as intimated, and found it to be non-

injurious to the system and always capable of purify-

ing the blood and restoring health. I unhesitatingly

recommend it to all in need of a blood medicine. It is

superior to everything eise as a cure for blood diseases.

S. S. S. has been used extensively in our family.

Diseases, Scrofula, Contagious Blood Poison, and all other blood troubles are cured permanently by S. S. S., and so thorough is the cleansing of the blood that no trace of the disease is left to break out in future years, or to be transmitted to offspring. If your blood is out of order begin the use of S. S. S., The King of Blood Purifiers, and restore this vital fluid to its normal healthy condition, and enjoy the blessing of good health. Book on the blood and any special medical advice desired will be furnished free of charge to all who write.
