S.S.S. PURIFIES THE BLOOD

Bad blood is responsible for most of the ailments of mankind. When from any cause this vital fluid becomes infected with impurities, humors or poisons, disease in some form is sure to follow. Eczema, Acne, Tetter, Boils, Pimples, etc., while they show on the skin, have an underlying cause which is far deeper—an impure, humor-infected blood supply, and until this is corrected, and the blood purified, the distressing itching and burning symptoms will remain. Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Blood Poison and all other blood disorders, are the result of a vitiated, polluted circulation, and will continue to grow worse unless the poison is removed from the blood. In all blood and skin diseases S. S. S. has proved itself a perfect remedy. It goes down into the circulation and removes all waste matter, humors or poisons, and makes the blood pure and health-sustaining. Nothing reaches inherited taints and old chronic troubles like S. S. S.; it cures because it purifies the blood and restores lost properties to the impoverished circulation. Not only is S. S. S. a blood purifier of the highest order, but a tonic and appetizer without an equal. Book on the blood and any medical advice desired sent free to all who write.

Easier to Work Seasoned Lumber

than lumber that is not seasoned. Labor soon runs into money. The cost of well seasoned lumber is really cheaper than poorly seasoned lumber when you take into consideration the fact that labor to work the poorly seasoned lumber usually costs more than for the better lumber. Get it thoroughly dried from.

THE WEATHER DURING JULY

Conditions That Have Prevailed Here During Past 27 Years.

The following data, covering a period of 27 years, has been compiled from the records of the weather bureau at Pensacola and shows the weather conditions that have prevailed during the month of July for this period. The data must not be construed as a forecast of what will prevail during the month, but simply shows what has occurred previously:

Temperature.

Mean or normal temperature, 81 degrees.

The warmest month was that of 1881, with an average of 83 degrees.

The coldest month was that of 1894 with an average of 79 degrees.

The highest temperature was 103 degrees on July 12th, 1901.

The lowest temperature was 64 degrees on July 6th, 1882.

The earliest date on which first "killing" frost occurred in autumn, November 12.

Average date on which last "killing" frost occurred in spring, February 23.

The latest date on which last "killing" frost occurred in spring, April 6.

Precipitation.

Average for the month, 6.70 inches.

Average number of days with .01 of an inch or more, 14.

The greatest monthly precipitation was 13.68 inches in 1890.

The least monthly precipitation was 2.01 inches in 1902.

The greatest amount of precipitation recorded in any 24 consecutive hours was 5.01 inches on July 7 1896.

Relative Humidity.

Average 7 a. m., 81.

Clouds and Weather.

Average number of clear days, 9; partly cloudy days, 15; cloudy days, 7.

Wind.

The prevailing winds are from the southwest.

The average velocity of the wind is 7.8 miles.

The highest velocity of the wind was 72 miles from the north on July 7, 1896.

How to Cure Chilblains.

"To enjoy freedom from chilblains," writes John Kemp, East Otisfield, Me., "I apply Bucklen's Arnica Salve. Have also used it for salt rheum with excellent results." Guaranteed for fever sores, indolent ulcers, piles, burns, wounds, frost bites and skin diseases. 25c at all drug stores.

WATERMELONS FROM FLORIDA

Shipments From This Section of the State Are Now Very Heavy.

Heavy shipments of watermelons from West Florida are now being made to the various markets, and the Louisville and Nashville's freight business between River Junction and Pensacola and to northern points has increased to a considerable extent.

The crop this year was somewhat late, but is very heavy and during the past ten days from five to ten car loads of fine melons have passed through Pensacola each night for various markets. The territory between Marianna and River Junction is supplying the melons, the heaviest shipments, the L. & N. people say, coming from Grand Ridge and that immediate vicinity. Although the crop is late the number of cars shipped already equals the number of the same date last year, and it is expected that the melon crop this year in West Florida will be much larger and more profitable than the one of last season. Birmingham, New Orleans, Nashville, Louisville, Cincinnati and St. Louis are the principal points to which shipments are now being made, Evansville and Montgomery also receiving several consignments.

Bad Burn Quickly Healed.

"I am so delighted with what Chamberlain's Salve has done for me that I feel bound to write and tell you so," says Mrs. Robert Myton, 457 John St., Hamilton, Ontario. "My litle daughter had a bad burn on her knee. I applied Chamberlain's Salve and it healed beautifully." This salve allays the pain of a burn almost instantly. It is for sale by all druggists.

SLEW THE DOVES; SUFFER FROM ANTS

At Greeley, Colo., doves became so numerous last fall that a crusade was made against them, and they were ruthlessly slaughtered by hundreds. As a result, according to Mrs. J. S. Gale, a student of nature, Greeley is suffering a pest of red ants. Certain it is that red ants are making life miserable for the inhabitants, destroying lawns and other green things. Mrs. Gale avers that doves live mainly on ants and that the slaughter of these birds last fall is the direct cause of the pest. Residents are thinking seriously of choosing the lesser evil and importing a few doves to make up for those killed.

New Federal Statutes of Varied and General Effect Become the Law

Washington, July 1.—Many important legislative acts passed by the last congress, particularly relating to the conduct of the postoffice department, go into effect to-day, the beginning of the government's fiscal year. Increases in salaries are provided for all postoffice clerks, carriers, rural carriers and employes of the railway mail service. Compensation paid to the railroads for carriage of the mails will be readjusted, and the payment considerably reduced. Postmasters throughout the country will to-day begin keeping a record of the weight of each class of mail, for a period of six months.

Another postal ruling, effective today, makes it necessary to affix a special delivery stamp to a letter or parcel to expedite its delivery. Special delivery will be made of any mail bearing ten cents in ordinary stamps, in addition to the regular postage, provided the sender writes the words 'special delivery" on the envelope.

During the fiscal year beginning today many new rural delivery routes will be established, congress having provided an increase of over $6,000,000 over last year's appropriation for this purpose.

While the postoffice department is most favored by new legislation, other departments have not been neglected. The interior department today commenced an inquiry as to whether it is advisable to abandon the various pension agencies throughout the country and arrange to pay direct from Washington.

Nearly one billion dollars appropriated at the last session of congress becomes available with the beginning of the fiscal year. The navy department will have $23,000,000 more at its disposal than it had during the year just closed.

Railroad men are especially interested in the provision of the rate law requiring railroads to install uniform methods of accounting, which becomes operative to-day.

MILTON

Special to The Journal.

Milton, Fla., July 1.—Mrs. E. S. Beasley, returned last Tuesday from an extended visit to relatives in Mobile, Ala.

Judge Francis B. Carter was in town Wednesday on business, connected with the John C. Robinson estate.

Mr. H. M. Jernigan has bought the old Lewis Harrison house and will move into it as soon as it is remodeled.

Mr. and Mrs. H. S. Bates have as their guests, the former's sister, Mrs. E. H. Crawford, and two children, of Centerville, Ala.

Mrs. Perrenot and daughter, Miss Carol, formerly of this place but now living in Andalusia, spent several days last week as guests of Mrs. T. F. West.

Miss Elizabeth E. Ellis left last week for Mobile to be present at the marriage of her aunt, Miss Sarah Ollinger, to Mr. Frank M. Hatcher, on Wednesday evening. Miss Ellis returned home Thursday morning accompanied by the bride and groom, who spent several days here before going to New Orleans. The bride is an attractive young lady and will be remembered by her friends as having visited here on several occasions.

Quite a large crowd of Knights of Pythias, from both Walton and Escambia counties attended the District meeting of K. of P. Lodges held here in the Castle Hall. The meeting was called by Mr. W. J. Williams, Jr., District Deputy. It was the first meeting since his appointment, at the Grand Lodge in March and was well attended.

Miss Nellie Hagaman, the assitant in the Abstract office, left this morning for Pensacola, Selma and Jamestown on a vacation trip.

CRESTVIEW

Special to The Journal.

Crestview, Fla., July 1.—Crestview has of late received some much needed rains, and crops are doing well.

Mr. Beulah has been shipping a lot of lumber from the new mill of Richbourg & Co.

The poles have all been erected for the new telephone line from this point to Choctawatchie Bay, and as soon as wire arrives the line will be put in operation. The DeFuniak Company will also extend its line to this place in building to Laurel Hill.

Mr. Savage marketed some very fine watermelons last week, and realized a handsome price for them. What he is doing in farming disproves the idea that a success can not be made at farming on the sand throughout this section.

McKINNONVILLE.

Special to The Journal.

McKinnonsville, July 1.—A large crowd from here attended services at Pensacola Grove last Sunday. Among them were, Mrs. A. D. McKinnon and daughter Miss Kathleen, Mrs. A. A. Fleming and daughters, Misses Mary, Bama, Ruth and Jessie; Mr. and Mrs. Pleas. Dawson, Mr. A. L. McCallum and Mr. Alfred Reynolds.

Master Clifford McKinnon went to Molino last Monday.

Miss Flora Freeman, of Pensacola, is spending a while with her aunts, Mrs. A. D. McKinnon and Miss Sallie McKinnon.

Mr. D. P. Bowman and son, Master John, of Pleasant Grove, were here last Wednesday.

Mr. and Mrs. Thomas Pringle went to Molino Monday last.

Mr. Lee Waters spent Sunday week with relatives near Muscogee.

Mr. G. A. Lynch, of Enon, was here Monday of last week.

Miss Clara Pringle spent last Tuesday in Muscogee.

Mrs. Hall and daughter, Miss Eunice of Canoe, Ala., came here on a visit to Mrs. Will and Mrs. Marion Earnest last week.

CENTURY.

Special to The Journal.

Century, July 1.—Everything seems to be running smoothly in our little city.

A few of our young people enjoyed themselves at an entertainment given at the home of Mr. and Mrs. Hugh Campbell Friday evening.

Mr. B. C. Mayo of Bartow, visited his father at this place last week.

Several people of this place visited Pensacola last week. Among them were Mark Mayo, L. S. Browder, W. H. Mayo, Jr., and several who went to Milton to the district convention of the Knights of Pythias.

The superintendent of the Century school, has given notice that there is to be held at the school house in Century, this evening a school meeting for the transaction of such school business as may come before the meeting. He hopes for a good attendance.

There is to be a basket picnic at Century on July 4 under the auspices of the Woodmen of the World. They hope for a large crowd, well filled baskets and good order. They are to give way to the Knights of Pythias for an hour or so in the afternoon for the purpose of a public installation of their officers for the ensuing term. There will be some good speakers present who will entertain the people.

Century has been blessed with some good rains during the past few days, which seem to have helped things generally.

Mrs. E. A. Hauss leaves for the home of her father in Michigan, where she will spend the summer.

The Alger-Sullivan Lumber Co., will put a new passenger coach on their train in a few days.

Some of our people had a nice time fishing down on the river one night last week.

NEW COMMISSIONER OF CIVILIZED TRIBES

Muskogee, I. T., July 1.—Indian Inspector J. George Wright to-day succeeded Tams Bixby as commissioner to the Five Civilized tribes. The latter will engage in newspaper work. Commissioner Wright has been in the Indian service for twenty-four years. The salary is $5,000 a year.

Dr. Mozley's Lemon Elixir

Dr. Mozley's Lemon Elixir is not a new and untried remedy.

More than 1-3 of a century attests its curative and health-giving properties and serves to show that it has no equal as a cure for Constipation, Biliousness, Indigestion, Sicek Headache and all other ills arising from

TORPID LIVER.

Being strictly a vegetable compound, it has no harmful effects. Its action is gentle but thorough—cleansing the stomach and bowels of all impurities, and toning up the entire system to a healthy condition—leaving the person feeling good, because every organ is made to perform its part perfect.

50c and $1 at all drug stores.

Mozley Lemon Elixir Co., Atlanta, Ga.

Ashley St., Jacksonville, Fla., April 22, 1907.

I have been using Dr. Mozley's Lemon Elixir in my family for the past seventeen years; and do not hesitate to say that I find nothing equal to it for Indigestion, Sick Headache and Constipation. I cheerfully recommend it to any who are in need of a Tonic and Liver Regulator. MRS. JNO. H. GEE.

"One Dose Convinces."
