IN MONTGOMERY TO TALK UP CULBERSON

New York Sun Man Boosting Texan for Next Democratic Nominee.

Bryan Element Look With a Deal of Suspicion on Weightman's Work.

NEW YORKER'S WORK THOUGHT TO BE MORE A MOVEMENT AGAINST BRYAN THAN REAL EFFORT FOR CULBERSON—SOME UNEASINESS IN FAIRBANKS'S CAMP OVER HUGHES BOOM IN VICE PRESIDENT'S STATE.

Special to The Journal.

Montgomery, Ala., July 3.—Richard Weightman, an editorial writer on the New York Sun, is in the state working up sentiment for Culberson of Texas, for the Democratic nomination for president. He was at one time a citizen and newspaper man of this city, and is meeting many old friends. "Dick" Weightman is also well known in New Orleans, where he was formerly employed.

It is regarded by the followers of Mr. Bryan in this part of the country that the movement is one against the Nebraskan, and Weightman is not making a great deal of headway in his mission.

HUGHES BOOM IN INDIANA

Indianapolis, July 3.—The Hughes boom in Indiana has reached proportions that are making the managers of Mr. Fairbank's candidacy apprehensive. They do not fear that an attempt will be made to prevent instructions here for the vice president, or that he will fail to get a solid delegation from the district, but they realize that cold water is being thrown upon his candidacy by creating the impression that he cannot be nominated, and that Governor Hughes is really the second choice of Indiana Republicans. This sentiment is being carefully cultivated, and has so grown within the last few days that the Fairbanks men now regard it an unquestionable antagonism.

It is charged that National Chairman Harry New, who is known not to be in sympathy with Mr. Fairbanks, is giving encouragement to the Hughes sentiment, because he is convinced the New York executive is a more available man than either Fairbanks or Taft, and that the party can win with him, while success is at least problematical with either of the other two of the candidates. Mr. New's friends, however, deny that he is taking any part in the contest.

PUT CASH IN A SUIT CASE

Shook Hands All Round and Walked Off With All Ready Money.

By Associated Press.

New York, July 3.—Detectives throughout the United States are searching to-day for Chester B. Runyan, paying teller of the Windsor Trust Company, who, the directors allege, is missing with $96,615 in cash. The case is being handled by private detectives. George W. Young, a director of the trust company, confirms the reports of the defalcation, which the detectives say is one of the most remarkable ever reported.

Runyan is accused of having placed $96,615 in currency in a suit case last Saturday and departed, after shaking hands with his associates. Runyan it is said did not even go to his apartments to bid good-bye to his wife, to whom he had been married for five years.

Runyan is said to have taken all the cash available in the bank last Saturday. The directors, it is stated, have made up the loss of the defalcation. Runyan was a man of exemplary habits, so far as it is known, and his conduct was such as not to arouse any suspicion. When the auditor went over his accounts on May 1 they were found to be all right.

COUNCIL BORROWS TO PAY SALARIES

By Associated Press.

Montgomery, Ala., July 3.—The city council has authorized the mayor to borrow $15,000 to meet the current salary bills, the treasury being empty. Several things have worked together to make this condition possible, principally the task of refunding the old city bonds. The situation will be relieved in a few days, as the new revenue will soon be coming in.

EDUCATION OF THE JAPANESE IN 'FRISCO

No Discrimination Whatever Now Practiced in the Public Schools.

STATEMENTS BY THE JAPANESE ASSOCIATION OF AMERICA IN REFUTATION OF FALSE STATEMENTS THAT TEND TO BREAK THE GOOD WILL BETWEEN THE TWO NATIONS.

By Associated Press.

San Francisco, July 3.—The Japanese Association of America has issued the following statement: "Five of the principal chambers of commerce in Japan recently addressed a communication to chambers of commerce in America setting forth the grievances of Japanese residents in San Francisco, including among such grievances the denial of the right of education.

"The Japanese Association of America, which has its headquarters in San Francisco, believes that in justice to the people of California and whole country, this erroneous statement should be corrected and false impression removed. Japanese children in San Francisco are not now denied the right of education. On the other hand, there are as many Japanese scholars in the public schools as there were before the earthquake and fire of April 18, 1906, and they are receiving the same treatment and the same advantages that are given the pupils of other nationalities and are admitted to the same schools.

"In making this correction, the Japanese Association of America wishes to show its desire for fairness, and it hopes that its efforts to bring about friendly relations between the Japanese people of San Francisco and the state of California will have the sympathy and support of the merchants and business men of the state."

RAIL PIERCED HIM THROUGH

Motorman's Injury in Crash of Trolley Car Into Work Train.

A DOZEN PERSONS BADLY HURT AND AS MANY MORE NOT SO SERIOUSLY INJURED OUTSIDE NATIONAL CAPITOL THROUGH A PIECE OF NEGLIGENCE.

By Associated Press.

Washington, July 3.—A dozen people were seriously injured and as many more slightly hurt in a collision between a Washington-bound trolley car and two carloads of rails on the Washington, Arlington and Falls Church electric railway at 9:25 o'clock this morning. The pasenger car left West End station at 8 o'clock loaded with employes in the government departments in Washington.

It was delayed at Ashdale station for twentq-five minutes, and then followed a car to Clarendon, which was bound for the Aqueduct Bridge. At Spruce station there were two flat cars loaded with steel rails, and these were being taken to West End station. A motor car was pushing these flat cars and when one car passed the switch the freight started immediately, without waiting for the regular Washington car. They came together south of the Spruce street station, near Alexandria Court house. The rails on the forward car extended several feet beyond the trucks, and penetrated the passenger car almost completely telescoping it.

One rail passed entirely through the abdomen of Motorman William Mock, and one passenger had both legs severed. There were many women on the car and these were badly injured. The passenger car was proceeding down grade, and, as admitted by the conductor, was running at a rate of forty-five miles an hour. Twelve of the injured passengers were taken to Georgetown Hospital, and those less seriously injured were treated near the scene of the wreck.

The scene of the accident is near Ballston, Va., two and a half miles from Roslyn, which is at the Virginia end of the Aqueduct bridge, spanning the Potomac river between that point and Georgetown, or West Washington.

A PIONEER OF ALABAMA DEAD

By Associated Press.

Montgomery, Ala., July 3.—North Alabama men at the capital have heard with regret of the death of Joseph P. Whorton, of Cherokee county. He was born in Jackson county, Ga., in 1822, came to Alabama shortly after, and was with Wheeler in the Civil war, attaining the rank of colonel. He served forty-three years as county surveyor, was forty years justice of the peace, put up the first house ever erected in Center, the county seat, and helped to erect the first court house and jail. He was a Mason, and a leader in the order. He attended 136 of the 138 terms of circuit court held in the county.

MR. CLEVELAND MUCH IMPROVED

By Associated Press.

New York, July 3.—Grover Cleveland, who has been ill for the last three weeks, has so far recovered as to be able to be about the house. Mr. Cleveland will spend the fourth at his home, Princetown, N. J., and it is thought he will leave for Tamworth, N. H., in a short time, where he will join his family.

PROSPECT OF UNDER DEBATE

More Technical Fighting in Sight in the Haywood Trial at Boise.

EACH SIDE WILL STRIVE TO HAVE PARTS OF TESTIMONY OF THE OTHER TAKEN FROM RECORD AS IT WILL GO TO THE JURYMEN.

By Associated Press.

Boise, Idaho, July 3.—At adjournment of the Haywood trial to-day until Friday, the prosecution served notice of its intention to submit a series of motions to strike out the evidence of defense unless the connecting testimony promised is forthcoming. The defense retorted it also had motions to make. Therefore, it is apparent that arguments are forthcoming in the question of the admissibility of evidence already of record.

The defense operated to-day along many lines. Orchard's testimony was attacked at several points, and there was testimony showing union miners had been abused by mine owners and militia at Cripple Creek, and that Pinkertons advised violence and endeavored to prolong the strike. Two witnesses who figured conspicuously in Orchard's story, Dave Coats, former lieutenant governor of Colorado, and Patrick Moran, once a saloon keeper at Cheyenne, were called Coates denied that he went to Pettibone for Orchard to get $500.

RAISULI'S LATEST IS TO HOLD A BRITISH OFFICER

Gen. McLean a Prisoner and Heavy Ransom Is Demanded by Bandit.

Wants Large Sum of Money and Restoration of Official Honors.

BANDIT TRICKED THE BRITISH OFFICER, WHO IS SECOND IN POWER IN MORROCO TO THE SULTAN—NO DOUBT IN LONDON THAT BANDIT MUST BE PAID IF McCLEAN IS TO BE SET FREE AGAIN.

By Associated Press.

Tangier, Morrocci, July 3.—The British legation confirms the news of the capture by Raisuli of General McLean, who is next to the Sultan in power. The bandit's terms of McLean's ransom include reconstruction of his house at Zinat, an indemnity of two hundred thousand dollars, reappointment as governor of Tangier, and appointment as commander of the police.

The sultan is planning an expedition against the Adjera tribe to compel payment of tribute to the sultan.

THE ENGLISHMAN WAS LED ASTRAY

London, July 3.—Evidentally Gen. McLean was completely hoodwinked by Raisuli. Yesterday he telegraphed the sultan that Raisuli had agreed to all his suggestions. There is little doubt that Raisuli will hold McLean as a hostage until he is restored to power and fully indemnified.

NO PASSES PENDING 2-CENT EXPERIMENT

Jefferson City, Mo., July 3.—Attorney General Hadley yesterday received notice that the Santa Fe Railway had complied with his request to discontinue Missouri pases except to employees during the trial of the 2 cent law.

A UNION OF 3 REPUBLICS

Rest of Central Amreica Is Very Apt to Combine Against Zelaya.

By Associated Press.

Washington, July 3.—Central American diplomats in Washington, who have been watching developments in their countries, are not surprised at the stories of a union of Honduras, Guatemala and Salvador against the machinations of President Zelaya. It is a natural sequence, they say, of events which have been in progress there for some time. They point out that Guatemala is known to be unfriendly to Nicaragua, that Salvador occupies a similar position, because of the efforts that have been made by Zelaya to forment revolutions in Salvador, and Honduras, through her minister at Washington, has declared that she will remain neutral. Zelaya's troops have just vacated Honduras, but there is a very general apprehension on the part of Honduras that the evacuation is only temporary and that without the support of some of her neighbors, Honduras is likely to again fail under the occupation of the Nicaraguans.

RENOVATION OF SCHOOLS

Improving of the Present and Creation of a New School.

The local public schools are now about to undergo some very extensive repairs. School No. 1 will be almost re-roofed, totally repainted and will receive a complete new coat of plastering, besides many other minor improvements.

School No. 74, on Garden street, will be improved generally, receiving a new coat of paint, and in part a new roof.

The small negro church situated on Coyle street between Intendencia and Government, will be almost totally demolished, and then converted into a negro school. Its number will be 64.

SPORTS AND PLEASURE WILL REIGN IN PENSACOLA TODAY

Program of Commemmoration of Natal Day of This Great Nation.

Eagle to Scream in Towns Around and Pensacola to Make Merry.

THE MOST PRETENTIOUS LOCAL PLANS ARE THOSE ARRANGED BY THE Y. M. C. A. FOR THE ENTERTAINMENT OF FRIENDS AT THE BOAT HOUSE WITH A LOT OF FINE SPORT.

It promises to be a rather quiet Fourth of July in Pensacola. Most of the stores will close at noon, and the United States weather bureau and the money order and registry division in the government building will be closed all day. The post office will make one collection and one delivery this morning, but the general delivery will observe the holiday.

Use of Fireworks.

Acting Mayor C. C. Goodman has issued the following in regard to the use of fireworks in the city on the fourth:

"By the authority and power in me vested, I hereby give permission to shoot fireworks, beginning on Thursday, July 4, 1907, and continuing until Thursday night, July 4, 1907, at 12 o'clock. The use of torpedo canes and firearms are prohibited, also fire crackers more than one half inch in diameter and three inches in length."

There will be no special exercises at Barrancas or the navy yard.

Sport and Pleasure.

In the afternoon there will be two games of ball at Palmetto Beach.

The new pleasure craft Mary will leave her dock on her maiden trip at 5 a. m. for Mary Esther and expects to carry a large crowd to celebrate the fourth at that resort, where quite a number of people are now tenting. There will be an oration by Judge Chas. H. Laney, and several other pleasant features have been arranged for the amusement of the excursionists.

Tonight the steamer Sun will carry a large party around the bay under the auspices of the Pythian sisters.

At the Boat Club.

The Y. M. C. A. boat club committee has arranged to hold open house today and tonight, and the public is invited to enjoy the hospitality of the club and to witness the sports that are arranged for the afternoon. There are many water sports that have never been introduced here and among them is the game of water basket ball, which will be played this afternoon at the boat club. This is a game that is full of fun, and taxes the skill and endurance of the players to the limit of their powers.

There will also be a swimming race, which promises to create considerable interest, as some of the best swimmers of the club are entered.

During the afternoon the wrestling club will present several bouts between different weight wrestlers.

Thre will also be tub races and other specialties.

The sports will begin on the arrival of the four o'clock car. No admission will be charged. Those wishing to make a picnic of the occasion and to remain for use of the pleasure boats in the evening, may bring lunches, or can purchase refreshments at the club.

The ladies dressing room is now complete, and ladies may enjoy a Litlte Bayou swim if they take their bathing suits along.

Many Off Fishing.

Yesterday afternoon and last night many residents left the city for points across the bay, up the sound and in the country, and it is expected that this morning will see many more departing for a day's outing. Many of the launches and small boats in the harbor were chartered yesterday, and left with crowds late in the afternoon, and when others leave today there will be but few launches left in the harbor for rent. Livery stables have also rented out teams for today, and indications are that many will spend the fourth in the country, either picnicking or fishing.

PROGRAM OF ODD FELLOWS

Many From Pensacola Will Celebrate at Gonzalez and at Bagdad.

Many Odd Fellows and citizens of Pensacola will attend the celebrations given at Gonzalez and Bagdad today by lodges of that order. At Gonzalez, Powelton lodge No. 4 has prepared for a big crowd of visitors, and has invited many prominent speakers of the city and county to be present and deliver addresses, and a number have accepted. They will leave here this morning at 7 o'clock and return this afternoon. A basket picnic, with chicken gumbo, will be among the features of the occasion and many sports will be witnessed by those in attendance.

Many of the local Odd Fellows, with the Milton lodge, will go to Bagdad to celebrate the day. Several prominent men will deliver addresses, and excursions will be run to and from the picnic grounds.

THE JUDGE SEEKS DATA

Wants More Knowledge Before Passing Sentence on the Oil Trust.

Chicago, July 3.—Including Rockefeller, eleven of the sixteen subpoenas issued for officers of the Standard Oil aggregation by Judge Landis have been served. They will appear in the federal court Saturday and be asked regarding the financial resources of the Standard Oil Company of Indiana and its relations to the Standard Oil Company of New Jersey, preliminary to a decision of the court to the amount of fines in over fourteen hundred counts of the indictments on which the Indiana Company was recently found guilty.

WAR PATH A RIOT GROUND

Powhattan Guard in Clash With Militiamen at the Exposition.

Norfolk, Va., July 3.—Five hundred South Carolina and Kentucky militiamen attempted to take charge of the War Path at the Jamestown Exposition tonight, and were resisted by the Powhattan guards. A riot ensued, and several persons were injured.

HOLMES CASE ENDS WITHOUT ANY VERDICT

By Associated Press.

Washington, July 3.—After deliberating twenty-six hours the jury in the "cotton leak" case against Edwin S. Holmes, Jr., charged with conspiracy to defraud the government by giving out crop information this afternoon was discharged. Mrs. Holmes was present and when disagreement was announced she wept because Holmes was not acquitted.

CITY LEAGUE GAMES TODAY

Two Contests at the Beach, and Two Next Sunday at Warrington.

The members of the City League met Tuesday night and decided to resume the Sunday games of base ball, which were called off a few weeks ago.

The "Friday" games will be played tomorrow, instead of Friday, at Palmetto Beach. The first game will be between the Rounders and the Orioles, and the second game between Warrington and the 20th company.

After this Friday, there will be games at Palmetto Beach every Friday, and beginning next Sunday there will be games at Warrington every Sunday thereafter during the season. Next Sunday the Warringtons will play the Rounders and the East Ends will play the Twentieth Company.

RACES ARE CALLED OFF

Usual Weekly Matinee at Kupfrian's Park is Potponed.

The usual weekly matinee at Kupfrian's Park, under the auspices of the Pensacola Driving Association, will not be held this week, it having been decided to call off the races scheduled for to-morrow afternoon.

This is due partly to the absence of a number of the officers of the driving association, who usually have horses entered in the races. Capt. T. E. Welles, president of the association; Secretary Jas. M. Johnson, and A. L. Woolen left last night for Montgomery to witness the race there to-day, and their absence will prevent them from driving their usual entries, so it was decided to postpone the event.

RUN UPON A MACON BANK

Begun by Indefinite Talk and Stopped by Cash When Demanded.

By Associated Press.

Macon, Ga., July 3.—Frightened by intangible rumors, small depositors today withdrew seventy-five thousand dollars from the Exchange Bank, but this amount was offset by deposits of sixty thousand and a loan of a hundred thousand dollars by other banks of the city. The run was soon checked.

GUNS HERE FOR THE MILITIAMEN

Three field pieces arrived yesterday for Fort Pickens. The guns will be used in the state guard artillery practice in August, but they were imported especially for the use of the Alabama boys. The guns were shipped from the Rock Island arsenal some weeks ago.

Lightning Does Great Damage, Causing Death In City of Dothan, Ala.

By Associated Press.

Dothan, Ala., July 3.—A large crowd to-day attended the funeral of Mrs. Ward Watson, who was killed by lightning early yesterday morning in the severe thunder storm. The lightning struck, the Watson home on S. St. Andrews street, killing Mrs. Watson and setting the house on fire. Mrs. Watson was killed while crossing a hall. On account of the severe storm and heavy downpour of rain little assistance could be rendered the stricken family, and the house and most of its contents were burned. This is Mr. Watson's second fire. Sometime ago he lost his home and all the furnishings, and was terribly burned himself.

The home of R. W. Lisenby, city clerk of Dothan, was also struck by lightning and was damaged slightly.

Harry Kirkland, who resides six miles southwest of Dothan, lost his home and part of its furnishings by fire from a stroke of lightning. His loss is estimated at $1,000.

People coming into Dothan to-day from all sections of the country near here report an unusually heavy rainfall, with damage to farms and country roads.

Humane Society Places Five Small Children in Eagan Home for Rearing

Five litlte children, two girls and three boys, were yesterday placed in the Pearl Eagan Home through the efforts of the Pensacola Humane Society. The parents were declared to be improper persons to care for and rear the children in correct manner, and the county judge, who is given authority in such cases, committed the children to the Pearl Eagan Home, to be there reared.

Three of the children were those of Mrs. Jernigan, and two others were children of a Mrs. Vickery. Both these women were recently in the police court on serious charges.

The children have before been in the home, but their proper raising was constantly being interfered with by the parents, who could some times take the children from the care of the matron and return to the city with them. This was the case when Mrs. Jernigan was before the recorder, and the mayor, learning of the case, had the children sent back to the home.

Officers of the Humane Society yesterday decided that legal steps should be taken to take the children from the parents legally. With this in view, they went before the county judge, and made a statement regarding the parents. The county judge thereon committed the little ones to the care of the matron of the home.

SUMMONS SERVED ON ROCKEFELLER

By Associated Press.

Pittsfield, Mass., July 3.—John D. Rockefeller, after being hunted for days at Cleveland, Ohio, Tarrytown, New York, and here, accepted service in person of the subpoena issued by Judge Landis of the Federal court at Chicago, at the summer home of his son-in-law, E. Parmelee Prentice, shortly after 3 o'clock today.

Gold for Export.

New York, July 3.—Announcement was made to-day of the engagement of $1,000,000 in gold coins for shipment to Holland to-morrow—$500,000 by Goldman, Cachs & Co., and $500,000 by Heidelbach, Ickelheimer & Co.
