PENSACOLA COMMISSION CO.'S DAILY MARKET REVIEW

Cotton opened 3 points lower yesterday and remained quiet during the short hours of trading, fluctuations being very narrow at prices slightly under opening values, because of the week end covering and the issuance of the government report Monday. The market sold up 2 and 3 points over opening figures just before the close and closed with a net gain of 1 and 2 points over the opening. Spots were unchanged. A bullish report will likely be given out Monday as the past month has been one of considerably high temperatures over all sections of the belt, especially in Texas, Oklahoma, and the Mississippi Valley, with very little rain, which has caused a marked deterioration. The week closed without any relief from these conditions nor indications of any early change. The market the past week has shown some good gains, which were followed by a break of about 25 points, as was suggested by us early in the week.

Stocks opened off slightly yesterday, and after a fractional recovery, sold off 1 and 1 1-2 points for the better securities on week end realizing sales. The past week has been one of remarkable recovery for all the stocks, considerable encouragement having been gained from Government and Wall Street circles, those principally benefitted being the Great Nortwestern, Union Pacific, Great Northern, which profited by the increase of the dividend on Burlington stock, of which the first named are heavy holders. Slight reactions may follow this advance from time to time, but the entire list shows a healthy tone and prices seem to be working back to their higher levels.

Grain.

Wheat opened 1-8 lower yesterday but owing to good demand and conditions, sold at an advance of 1 3-8 for September option and 3-4 cents for December, closing at top prices for the day.

Corn was also stronger yesterday, selling at an advance of 1 and 1 3-8 cents over the prices of the day previous and closing at an advance of 1-2 cent over the prices of the day previous, but weakened toward the close and closed 3-8 and 1-2 lower than the close of Friday, or 7-8 and 1 cent lower than high prices of yesterday. Provisions were only fraction higher.

Extension Dining Tables

A fine extension dining table in the home means a great saving in work to the housewife. When only a few are there, the table can be made small to fit the number to eat. When several are there, the table can be made to fit that number. We have some beauties, made of golden oak, well seasoned, and that work easily and smoothly. Extension with legs or pedestal—$6, $8, $10, $12, $15, up to $25.

DID YOU EVER THINK OF THE COST?

Of fuel burned in the coal or wood range before you are ready to cook? No matter how good the range, there is that ever present loss of fuel getting it hot for each meal.

COOK WITH GAS

And save all the wasted fuel, besides having your fuel handled and delivered by the gas plant. Delivered in pipes right into your range under the vessels in which the food is being cooked. Range installed for $13.50.
