# NATURES CURE

The conditions and causes which produce Rheumatism all suggest healthful vegetable remedy as the surest and safest cure. The disease is brought about by the accumulation of uric acid, an irritating, pain-producing property in the blood. This causes a weakening and souring of the circulation which then becomes unfit for mourishing the body, while the deposits of uric acid in the nerves, muscles, joints and bones produce the pain and agony of Rhenmatism. To treat the trouble with medicines containing potash or other strong minerals, is simply adding another poison to the already weak, diseased blood, sapping it of its remaining vitality, and perhaps in the end making a physical wreck of the sufferer. The one safe and only cure for Rhenmatism is S. S. S. It is nature's remedy for this disease, made entirely from healthful vegetable ingredients extracted from the roots, herbs and barks of the forest and fields. S. S. S. goes down into the blood and removes every trace of the cause of Rheumatism, cleanses and purifies the ation, and restores health and comfort to those who are suffering from

tinful disease. There is but one way to be sure you are not dosing your system with mineral medicines, and that is to take S. S. S. Book on

The Barrancas minstrels are rehearsing every day, and their efforts will be interesting indeed when they finally appear at the Pensacola opera house on February 12th. The costumes are being imported from New Orleans at a considerable expense, and Mr. Will Frank, an experienced actor, will be one of the stars.

Different members of the troupe will give sketches, and one of the best minstrel shows of the season is bound to result.

There has been greater activity during the past ten days in new mill construction than during any week since the first of the year, perhaps. More mills have been chartered during this period, and more announcements of plans for enlargement of equipment in mills than ever before. Grand Potpourri-From the Opera "Faust" ...... Gounod Special European Arrangement. Cymbalom Solo Tone Picture—Grossmutterchen (Grandmother). See note below.
Grand Selection from American National Airs, "America" .......Tobani

After Number Eight the Royal Hungarian Orchestra will present to you an artist's picture in music. Your special attention is called to that number. Description! Title-Grossmutterchen (Grandma). It starts with a bass violin solo accompanied very softly by the strings, an echo by one of the first violins and response by another first violin. This is the introduction. Next Grandmother starts to rock the cradle in order to put the little babe to sleep, singing simply and very softly. The naughty little tot wakes up and sings aloud with Grandma. (Duet for two violins). The voice of the Grandmother becomes a little louder and after singing a full strain of enchanting melody, it gradually dies out until the child falls asleep and Grandmother falls asleep also. Finishes with a soft dreamy chord.
