Royal Baking Powder

Absolutely Pure

Renders the food more wholesome and superior in lightness and flavor.

The only baking powder made from Royal Grape Cream of Tartar.

AMUSEMENTS

The Sixth Lyceum Attraction.

Mr. Ross Crane, the famous cartoonist, appeared at Hannah Hall last night as the sixth attraction of the Lyceum course, and succeeded in pleasing his audience generally with his clever work. Clay modeling also appeared to be one of his specialities, and the manner in which he formed figures from the mass in his hands, was a marvel to those who witnessed his performance. Mr. Crane, in fact, is an artist who knows his business thoroughly, and Pensacola people thoroughly appreciated the fact last night.

"Fifty Miles From Boston."

Miss Edna Wallace Hopper will be presented at the opera house tonight in George M. Cohan's merry New England musical comedy, "Fifty Miles From Boston," under the management of Cohan and Harris.

Versatile Mr. Cohan has long possessed a well developed knack of fingering the public pulse and diagnosing exactly the likings of the theatregoing public, and in "50 Miles From Boston" he is said to have found just what is wanted. It is described as a delightful mixture of sentiment and pathos, with bits of jingling music and a number of songs and chorus numbers, together with some of the best players ever assembled in a musical organization.

Special stress is laid on the fact that W. Douglas Stevenson, of "Merry Widow" fame, and clever Thomas Emory, of the Frohman forces, have prominent roles.

Miss Hopper appears as the pretty little village postmistress whose love affair with the hero of the Harvard baseball club, furnishes the assembled villagers with endless gossip. The role is entirely different from any which this fascinating little comedienne has ever essayed—but Mr. Cohan is said to have written it for her and it suits her dainty personality better than any other in which she has appeared. Miss Hopper has been a favorite star ever since she came to New York from California and endeared herself to that exacting city by her beautiful voice and captivating ways. Her success in "Floradora" and in "The Silver Slipper" are still remembered.

Susanne Leonard Westford, Lillian Russel's sister, as the spiteful village gossip, is said to have the best part of her career and her gossipy song "Ain't it Awful" always brings down the house.

Mr. Cohan, be it mentioned in passing, is said to have given to "50 Miles From Boston" some of the brightest and catchiest songs. They include "Jack and Jill," "My Small Town Gal," "Harrigan," "Waltz With Me," "Ain't It Awful" and "Boys Who Fight the Flames."

PROOF in the Morning!

We tell you about how good you'll feel after taking a CASCARET—that millions of people—buy, use and recommend them—But that's talk—you *buy* a box now—take as directed *to-night* and get the *proof* in the morning—After you know CASCARETS you'll never be without them. 913

CASCARETS 10c a box for a week's treatment, all druggists. Biggest seller in the world. Million boxes a month.

RACE SUICIDE

as President Roosevelt calls it is not nearly the menace to increase in population that deaths among infants are. And eight out of ten of these deaths are directly or indirectly caused by bowel troubles. McGee's Baby Elixir cures diarrhoea, dysentery, sour stomach and all infant ailments of this nature. Just the thing for teething babies. Price 25 and 50c.

Sold and recommended by W. A. D'Alemberte, druggist and apothecary, 121 South Palafox street, Pensacola, Fla.

PROGRESS ON BRIDGE WORK

Nearly Half the Pilings Required Have Been Placed.

Nearly half the number of pilings required in the construction of the county bridge across Bayou Chico have been placed in position, thirty-six of them having already been driven and capped. The total number of pilings required for the new structure is eighty-four.

It is expected that the bridge will be completed in about two weeks.

The bridge of the Alabama Land and Manufacturing company, east of the county bridge, is being used by foot passengers and vehicles.

WIND REACHED HIGH VELOCITY

Blew at 39 Miles an Hour From the West at 6:23 P. M.

Blowing at a velocity of not less than 36 miles an hour from 9 a. m. to 6 p. m. last night and then reaching its highest rate, 39 miles from the west at 6:23 p. m., the wind yesterday beat the bay and gulf into a seething mass, which made it very dangerous for small boats to venture out.

Northwest storm warning signals were displayed throughout the day, and until late in the afternoon the wind was from the south and southwest. When the hard blow, which was of only a few minutes came, the wind shifted to the west, and this was accompanied by a downpour of rain, which continued for about an hour.

Colder weather is predicted for today.

Misunderstood.

The Hobo—"'Scuze me, ma'am, but I'm orful hungry, an' if youse'll gimme a chanst t' work—"

The Lady—"Certainly. There's the woodpile and an ax."

The Hobo—"'Scuze me ergin, ma'am, but I was erbout t' say dat if youse'll gimme a chanst t' work youse for breakfast, I'll me much erbliged."

Care of Lamps.

The bowl of the lamp should be kept full of oil, but when not in use the wick should be turned low to keep the oil from oozing out on the burner. The burners should be cleansed occasionally by boiling them for half an hour in a strong solution of Gold Dust washing powder. Wipe on a cloth and they will be as good as new. To clean the chimneys, wash them in warm water to which has been added a teaspoonful of Gold Dust washing powder and wipe dry on a soft towel; polish with an old newspaper. Lamp chimneys are made more durable if they are put into a pan of cold water and allowed to heat gradually till the water is boiling and left in the water until cold again.

CENTRAL OF GEORGIA PLANS TO COME HERE

Will Build From Florala to Pensacola in the Near Future.

According to the following from the Atlanta Journal of recent date the Central of Georgia has planned to build into Pensacola from Florala:

A new trunk line from the east to the southwest, by the extension of its line from Andalusia, Ala., to the Illinois Central just above New Orleans, the extension of the Florida line to Pensacola, Fla., the extension of the Alexander City, Ala., line to Union City, and a close alliance with the Seaboard Air Line, is the plan of the Central of Georgia railroad company to exploit territory between New Orleans and the Atlantic seaboard.

The plans of the road will give a new trunk line from the east as well as from the Atlantic seaboard. From Washington the Seaboard will bring the traffic to Atlanta, where it will be turned over to the Central of Georgia. This road has a traffic agreement with the Atlanta and West Point, which will handle all shipments to Newnan, where the Central will again receive the business and carry it on its own track to Andalusia, via Columbus. From Andalusia the Central will construct a new line to a point above New Orleans where connection will be made with the Illinois Central. This latter named road owns the Central and will furnish the last connecting link with New Orleans.

The Central will also be extended from Florala to Pensacola, and from Andalusia to Florala, and another line will also be built from Alexander City to Union City. This line will open up an entirely new country and will give the Central an opportunity to compete for the products of the Alabama pig iron district.

The new line from Andalusia to a point on the Illinois Central will be about two hundred and fifty miles in length and will traverse a section now without a railroad.

For HEADACHE—Hicks' CAPUDINE. Whether from Colds, Heat, Stomach or Nervous Troubles, Capudine will relieve you. It's liquid—pleasant to take—acts immediately. Try it. 10c., 25c. and 50c., at drug stores.

ADDITIONAL PROPERTY FOR COUNTY JAIL

County Commissioners Decide to Buy Land For Sum of $13,000.

Thirteen thousand dollars is the price asked for the property at the southeast corner of Jefferson and Zarragossa streets, which has been offered to the board of county commissioners for the purpose of building an addition to the county jail, this amount having been named by a local real estate firm.

A committee composed of Commissioners Brown and McQuarrie, who were appointed at a former meeting to investigate the matter, recommended to the board at its meeting last night that the property be purchased at the price named above.

Chairman Oerting, Commissioners Steward and Brown were appointed to investigate the titles for the property, and if they are found to be all right, the deal will be closed, the terms as made by the real estate firm being $3,000 down and the balance in four annual payments of $2,500 each, with seven per cent interest.

Cannot Compel Road to Pay.

According to a decision of the county attorney, the Louisville and Nashville Railroad company cannot be compelled to furnish medical treatment to persons injured on the road. He informed the board that it was the county's duty to furnish such treatment in case the party injured is a pauper.

The railroad company will be requested to help defray the expenses incurred in the treatment of a negro who was recently killed by a train near Goulding. He was attended by the county physician.

The claim of W. E. Tucker for $125 for damages done to his land at Bluff Springs by the county digging two clay pits and building a public road through it was referred to the county attorney. The entire board will visit the place Friday at noon to ascertain the extent of damage.

Resolution on Mr. Fisher's Death.

The following resolution on the death of A. A. Fisher was adopted:

"Whereas A. A. Fisher, deceased, had been connected with the board as county attorney for a numbers of years:

"Resolved, That the board pass resolutions of respect and regret at the death of the deceased.

"Resolved, further, That the flag on the tower of the court house be put at half mast until the burial of the deceased."

Chairman Oerting presided and Commissioners Brown, Davis, Steward and McQuarrie were present.

Read The Journal's Want Columns this morning.

Flatulency or Wind On Stomach

As It Is Commonly Named, Means That Decaying Food is Making Gas.

This most serious condition is very prevalent and results most distressingly and fatally oftentimes. The stomach in cases of flatulency is unable to digest the food properly. Decay sets in, gases form, extend the stomach, force their way downward into the bowels, and if not relieved it extends upward pressing against the lungs, liver and heart, causing shortness of breath, belching, foul odors and many times sudden death.

Foods which are filled with gases, when taken into a deranged stomach cause flatulency rapidly, vegetables being especially given to this quality. Against such a condition the stomach can do but little, because these foul and poisonous gases affect its glands, muscles and tissues to such a degree as to incapacitate it at once.

These gases distend the stomach in all directions, preventing the contracting muscles from doing their regular duties, or if they do force the gas from the stomach it goes elsewhere in the system with even more harassing results, and then the decaying mass still remains to generate more gases.

The most effective methods for allaying flatulency is to remove the cause of gas making. An emetic will do this but the stomach will have the same trouble the moment new food enters it.

Stuart's Dyspepsia Tablets get at gas food at once, digest it, prevent decay, quickly reduce food to nourishment, make good rich gastric fluid and pass the digested food to the intestines, giving the stomach its rest and the system its nourishment. Flatulency simply cannot exist where these little tablets are used. They build up the stomach fluids so that it matters not how many vegetables you eat or food containing quantities of gas the stomach does its work well and quickly.

Stuart's Dyspepsia Tablets are sold everywhere and used the whole world over by sick stomachs and stomachs that want to eat heartily and yet not get sick.

Every druggist carries Stuart's Dyspepsia Tablets, price 50 cents per box. The demand for these little digesters is constantly increasing. Forty thousand physicians in America and Canada use them and prescribe them. Send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart & Co., 150 Stuart Bldg., Marshall, Mich.

LAUREL HILL.

Special to The Journal.

Laurel Hill, Fla., March 9.—Dr. John Johnson of Samson, has located in Laurel Hill, where he will reside for a while at least.

The Laurel Hill drug store has changed hands, Messrs. Amos and Sims, of Samson, having purchased the entire stock and fixtures of the former owner, J. F. Dees.

Dr. E. Porter Webb has just returned from New York City, where he spent several weeks. The doctor is looking fine, and says, however, he is glad to get back to the sunny south.

Quite a crowd attended the Chautauqua at DeFuniak Saturday last from this place.

J. F. Dees and wife visited the home of Mrs. Deese's father, Mr. Wetherly, who resides near Chapel Hill, Ala., this week.

John Campbell, an efficient salesman who has been in the employ of Campbell & Company for several months, has accepted a position with a firm in McDavid.

Mrs. Mary Forrester, of Millville, is visiting her sister, Mrs. Webb.

A large crowd attended church Sunday. There was also a good attendance at both Sunday schools.

Philip Steel of Bethel, was in town yesterday on business.

Rev. J. A. Cutts, of Sardus, was in town today.

Some of the farmers are planting corn this week.

Mrs. Stokes and son, of Opp, are visitors in Laurel Hill this week.

Mrs. John Walker and children are visiting Goshen this week.

Rev. Wiley F. Martin spent last week with his daughter, Mrs. Dunson, in Andalusia, Mr. Dunson being quite ill.

Postmaster J. L. Richbourge has returned from a visit to Delray, where he spent a few days with his daughter, Mrs. J. M. Martin.

Mrs. Doctor Miller, of Texas, is spending some time in Laurel Hill.

J. H. Givens spent Sunday with his family in Laurell Hill.

W. H. Jones, a member of the school board, was in DeFuniak Saturday?

The Laurel Hill Graded school closed Monday to the regret of teachers and children.

The Masonic grounds will undergo a considerable change by improvements.

Only one vacant residence in Laurel Hill, and it will be occupied possibly this week.

Exposure to Wet,

dampness and cold, results in a sudden chill. Take a teaspoonful of Perry Davis' Painkiller, in half a glass of warm water or milk. The whole system will be heated and the danger of cold avoided. Two million bottles are sold every year and this after seventy years in use. There is the new and economical 35 cent size and also the 50 cent size.

FREE LUNCH AT NOON.

JUSTIFIABLE HOMICIDE WAS VERDICT

Will Harris, Shot by Officer Carter, Dies of His Wound.

Will Harirs, colored, who was shot in the stomach by Mounted Police Officer J. H. Carter, about 1 o'clock Tuesday morning, died at a local hospital at 6 o'clock yesterday morning.

Officer Carter was taken into custody yesterday morning by the sheriff, being detained at the county jail pending an investigation of the shooting by a coroner's jury, which returned a verdict of justifiable homicide about 6 o'clock yesterday evening. The jury was composed of John Johnson, Jackson Brandon, Tim Burns, F. F. Bonifay, R. E. Hendrix and P. W. Jones.

Lossie Jones, Elmore Jones and John Collins, all colored, were witnesses before the coroner's jury. They told of the struggle between the officer and Harris, all of them stating that the latter fired twice at the policeman after he secured the officer's revolver and while he was endeavoring to make his escape in a wagon. Collins said he fired the second shot when he was turning into Belmont street.

Chief of Police Sanders and Officer Reed testified that Harris always offered resistance when he was arrested. They also said Harris told them he wrenched the revolver out of the officer's hand during the struggle. He told them he threw it under the house where he hid, but afterwards said he did not know what he did with the weapon. Chief Sanders also said the wagon which the negro was driving contained an ax.

Officer Carter said he arrested Harris for cruelty to animals, but the negro refused to submit to arrest. He testified that the negro struck him on the helmet, knocking it over a fence, continuing to strike and clinch him until the side of the wagon was reached, when the negro made an effort to secure the ax which was in the wagon.

Officer Carter also said he did not intentionally pull the trigger on the pistol, but that it was discharged during the struggle. He further stated that Harris had first wrenched the club out of his hand. He said the negro was not drunk.

Officer Carter's hand contained several bruises as a result of the struggle with the negro.

LLOYD.

Special to The Journal.

Lloyd, March 9.—Mr. and Mrs. F. Noble Jones, of Savannah, are at their country home, El Destino, for several months.

Mrs. Mattair, of Carrabelle, is visiting her daughter, Mrs. Howard.

Misses Fannie McLeod and Annie Lloyd Bond, of Tallahassee, are visiting relatives here.

Mills & Coxsetter are engaged in a profitable beggar-weed seed business and several days ago had a large order from Havana, Cuba.

Mrs. J. Dabney Palmer, wife of the late Dr. Palmer, of Monticello, is visiting her brother, Judge J. J. Willie, at his country home near here.

Dr. and Mrs. White and family, of Wilkesboro, N. C., who have been spending some time with Mr. R. B. Laffitte and family, returned home some days ago.

Miss May Alford, of Tallahassee, spent several days last week with her uncle, Mr. Willis Alford.

Mrs. S. V. Coxsetter and her cousin, Miss Smith, of North Carolina, spent several days of last week in Tallahassee as the guests of Mrs. J. F. Spears.

Miss Lena Miller was called to Quincy Saturday by the death of her cousin, Mr. Robt. Smith.

Mrs. J. J. Willie, Jr., is visiting her sister, Mrs. T. L. Clark, in Monticello.

Miss Fannie McRae, of Lamont, is visiting her cousins, the Misses Gelzer.

A crowd of young people are planning a trip to the Wacissa river Saturday.

Mr. E. S. Hines, of Miccosukie, was in town today.

ATTENTION, I. O. O. F.

There will be a regular meeting of Excelsior Encampment, No. 4, to-night. Work in the Patriarchial Degree. By order of C. E. Peterson, C. P.

JOE. S. NICHOLA, Scribe.

MEN!

The greatest asset you have is your strength. You can't afford to give out. It is a vital necessity that you have your nervous and muscular system in perfect order to withstand the constant wear and tear of your daily work.

The finest tissue builder and strength creator is Vinol, a Cod Liver preparation that has the greasy, nauseating oil eliminated—only the valuable medicinal properties being combined with peptonate of iron. Its use will keep you in health and strength.

DEBILITY

results from a weakened condition due to imperfect digestion, lack of nutrition or overwork. Vinol strengthens the digestive organs, creates a healthy appetite and makes new blood. You lose that fatigue, weakness and run down feeling when you take Vinol.

NERVOUSNESS

Is a complaint that can be readily overcome by using Vinol. It repairs broken down nerve tissue and builds strong, healthy nerves that enable you to withstand the worries and annoyances unavoidable in business.

BRAIN FAG

won't attack you if you repair used-up nerve force with Vinol. Vinol puts strength into your system—it gives you vitality and energy—it nourishes your brain and body and keeps you in a perfect state of health—it quickly re-establishes strength after any severe illness.

DYSPEPSIA

is due to derangement of the digestive organs and their inability to assimilate nourishment. Vinol strengthens the overtaxed and weakened digestive nerves and helps your stomach do its work.

VINOL QUICKLY CURES A COLD AND STOPS A COUGH

Vinol

YOUR MONEY BACK IF VINOL FAILS TO HELP YOU

WHITE'S PHARMACY, Pensacola.

You can get Vinol at the Leading Drug Store in every Town and City in this State.
