To the Voters:

I want to keep constantly before you the fact that I am a candidate for the office of city treasurer at the coming primary of April 2.

It is not necessary that I should introduce myself to you—you all know Henry Howland. I have been before the public in a way that made me conspicuous from one end of a street car to a policeman, handling the business of the people, who chose that mode of conveyance over the city. In that capacity I have come to know almost every man who casts a vote in the city election, and I trust not unfavorably.

In making this race I do not claim that I have any strings upon the people, votes, and only ask to be judged as an candidate that I can fully qualified for discharge of the duties of the office that I am but a citizen of this city having a vested interest in the affairs of the people of the city, and that no membership with it

IMPROVED CAR SERVICE IN CITY

Additional Car For East Hill and Also For Park Line.

Beginning tomorrow the Pensacola Electric Co. will put an additional car each on the East Hill line and on the Park line.

This will make five cars on the East Hill line with an eighteen minute schedule instead of the present forty-minute schedule. It will give the Park line two cars and give a 15-minute schedule instead of 30-minute as heretofore.

Both of these additions are in keeping with the company's progressive policy and will be a matter of gratification to the patrons of the road.

The Board of Safety referred to the council with a favorable recommendation a communication from Marshal Evans requesting an additional stockkeeper, which was referred to the finance committee.

President Peabody Sails for Home.

New York, Mar. 27.—President Peabody, of the Mutual Life Insurance Company, sails for home today from London. If the inspectors fulfill their promises as to the date of issuing of the election certificates, there will be a special directors' meeting in April to elect officers of the company. In fixing April 25th as the date of the publication of the certification of the election results in their verbal statement to Supt. Kelsey, the inspectors took a conservative view, and may finish the [illegible] just before his sailing. Peabody told the reporters and several of his close friends that the question of his reelection would depend on other interests and the wishes of the stockholders, not board of directors, but that Mr. Peabody was out of it and not a candidate in the general acceptation of the term.
