There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

### CURES ECZEMA QUICKLY

New Discovery Has Revolutionized the Treatment of Skin Diseases. Nothing in the history of medicine has ever approached the success of the marvelous skin remedy known as poslam, which, it is safe to say, has cured more cases of eczema and skin diseases than any remedy ever offered for these ills.

The success of poslam is not at all surprising when it is considered that even a very small quantity applied to the skin stops itching immediately and cures chronic cases in two weeks. The very worst cases of eczema, as well as acne, herpes, tetter, piles, salt rheum rash, crusted humors, scaly scalp and every form of itch, yield to it readily. Blemishes such as pimples, red noses, muddy and inflamed skin disappear almost immediately when poslam is applied, the complexion being cleared overnight.

Every druggist keeps both the 50-cent size (for minor troubles) and the \$2 jar, and either of these may be obtained in Pensacola at the Crystal Pharmacy and D'Alemberte's, as well as other reliable drug stores.

But no one is even asked to purchase poslam without first obtaining an experimental package which will be sent by mail, free of charge, upon request, by the Emergency Laboratories, 32 West Twenty-fifth street, New York city.

## NO HARD TIMES JOHNSON & SON

SALE NOW DRAWING TO CLOSE MOST SUCCESSFUL IN MANY YEARS - MONDAY CROWDS ENORMOUS.

Today ends the most successful sale held by "The Big Store" in many years. The crowds have been big and buying over since the sale started on July 3rd, and the management is tickled to death—at any rate, Mr. LaRue will leave soon for a two week's recuperating trip.

The crowds in this store on Mondays are a sight worth seeing, but any closer range is not desirable, especially for a man not experienced in bargain day mobs. The great success of the sale can only be the result of three things: free use of printers' ink, the return of prosperity and real genuine bargains, all of which this store thoroughly believes in.

## NEWS PLAYERS TO GET LICKING

NEWS HAS-BEENS WILL GET WHAT'S COMIN' TO 'EM AT PALMETTO BEACH WHEN THEY MIX UP WITH THE JOURNAL'S BIG LEAGUERS TOMORROW.

Tomorrow night the News camp will be silent, in deepest gloom. By the time Old Sol has hidden his lovely face behind the flagpole at Palmetto Beach, the Journal baseball department will have walloped all kinds of scores over that News gang of try-so-hards.

The great event in baseball has been postponed once or twice in order to allow our unwary opponents some time for practice. The Journal fellows don't need practice. Certainly not. After all they got last year in batting and base-running practice it would be folly to ask them to get out and over-exert themselves for nothing.

The Journal team will be practically intact from last year. With the exception of Steinfeldt Jack Lewis and Ty Cobb Head, who refuses to sign up for service, we will have all veteran players.

The News has been so unfortunate as to run in Greenwald to do the twirling for them. Casting absolutely no reflection on Mr. Greenwald's abilities as a slab artist we certainly do feel for him. It's a shame to take the money. Of course all our fellows are not guaranteed home-run hitters every time up, but they are certainly some pumpkins when it comes to bringing in the goods from the bases. So, awaiting with no little eagerness the fray to begin, and with the hope that the News will be gallant enough to furnish the "dope" after they get licked, we beat it for the alley where our pitcher and catcher are practising with an old ink roller and a matrix. P. S.—Ben H. Thomas, who has worked (?) with a lot of the players of both teams, and for that reason has it in for everybody, will umpire the game and will see to it that all concerned get what is coming to them.

## "FLOLA" AND "MARY F." THE RACE WINNERS

SUNDAY AFTERNOON'S REGATTA SUCCESSFUL IN EVERY DETAIL, BUT RESULT SURPRISED THOSE HAVING KNOWLEDGE OF CONTESTING BOATS.

Over a rather triangular 12-mile course, on the bosom of the most peaceful of bays, the placid water flecked with not a ripple, the semi-annual regatta of the Pensacola Yacht and Motor Boat club was held Sunday afternoon. In the forenoon rain fell plentifully, but in the afternoon clear weather prevailed and the morning rain served the very good purpose of cooling the atmosphere to a considerable degree. At 3:30 o'clock, everything having been previously arranged, the contesting boats began lining up for the race. The commodore's boat, the beautiful Lotus, was anchored midway in the Palafox and Baylen slip down to the ending of Baylen wharf. This gave assembled spectators a fine chance to witness the start, each vessel having been handicapped and given a number. The start of each boat or group (which held the same time) was made by flag and pistol shot, and the arrangement was nice and successful. It lacked a few moments of two full hours before the first boat crossed the finish. The two winners, Flola first, and Mary F., second, were readily conceded, but some decision will be made in the award of the third, which is yet undecided. The Marion and Frolic were about even. This will be speedily decided once a meeting is held.

How They Finished. The official time (elapsed and handicap) is given below. The first boat got away at 4 o'clock, the last at 4:42. The time was as follows:

| Name           | Elapsed     | Handicap |
|----------------|-------------|----------|
| 1. Flola       | 1:55:17     | 1:54:00  |
| 2. Mary F.     | 1:47:44     | 1:42:00  |
| 3. Marion      | 1:48:05     | 1:39:00  |
| 4. Teddy Bear  | no finish   | 1:37:48  |
| 5. Dora        | 1:46:20     | 1:36:00  |
| 6. Wolverine   | 1:45:15     | 1:33:00  |
| 7. Lawrence S. | 1:45:31     | 1:33:00  |
| 8. Ida         | 1:44:14     | 1:32:00  |
| 9. Warren K.   | not in race |          |
| 10. Uncle Dan  | 1:33:20     | 1:24:00  |
| 11. Frolic     | 1:32:05     | 1:23:00  |
| 12. Dalmatis   | 1:33:25     | 1:20:00  |
| 13. Annie W.   | 1:21:15     | 1:12:00  |
| 14. Perfection | 1:35:12     | 1:24:00  |

Great Interest. As each boat got away over the course, applause was given and some message came from the enthusiastic crowd. The trim craft ranged up and swung over the starting line gracefully. Not one traversed the course but carried bunting, all of which added beauty and attractiveness to the event. The finish was made long before dark and it aroused much applause.

Great interest was manifested, and as the event went so smoothly, the next one will be more attractive and will be participated in by many more boats.

### ORIGIN

Of a Famous Human Food.

The story of great discoveries or inventions is always of interest.

An active brain worker who found himself hampered by lack of bodily strength and vigor and could not carry out the plans and enterprises he knew how to conduct, was led to study various foods and their effects upon the human system. In other words he had to find a food that would carry him along and renew his physical and mental strength.

He knew that a food which was a brain and nerve builder, rather than a mere fat maker, was universally needed. He knew that meat with the average man does not accomplish the desired results. He knew that the soft gray substance in brain and nerve centres is made from Albumen and Phosphate of Potash obtained from food. Then he started to solve the problem.

Careful and extensive experiments evolved Grape-Nuts, the now famous food. It contains the brain and nerve building food elements in condition for easy digestion. The result of eating Grape-Nuts daily is easily seen in a marked sturdiness and activity of the brain and nervous system, making it a pleasure for one to carry on the daily duties without fatigue or exhaustion.

Grape-Nuts is in no sense a stimulant but is simply food which renews and replaces the daily waste of brain and nerves. Its flavor is charming and benign fully and thoroughly cooked at the factory it is served instantly with cream.

The signature of the brain worker spoken of, C. W. Post, is to be seen on each genuine package of Grape-Nuts. Look in pkgs. for the famous little book, "The Road to Wellville." "There's a reason."

## GOPHERS BY THE BOATLOAD

STEAMER VIOLA WILL REACH PENSACOLA NEXT THURSDAY WITH BIGGEST CONSIGNMENT EVER RECEIVED HERE.

Gophers by the boat-load. Such will be a reality next Thursday when the stern wheel steamer Viola reaches this place, from Geneva, Ala. With the exception of only thirty barrels of naval stores, the entire cargo of the steamer will be the repulsive appearing soup and gumbo mainstay. The cargo is to be discharged at Central wharf, and employees there are preparing for some lively work. One in authority stated yesterday that it would be the largest single consignment ever received here. It was also asserted that the boat was chartered to bring the cargo because it was more reasonable in charges than the railroad was. The charge of the railroad was placed at \$80, so the size of the consignment may be estimated.

## FIRST MISHAP NEW GARLINE

ROUNDING NEWLY-MADE AND UNFINISHED CURVE, CAR OF EAST PENSACOLA HEIGHTS LINE JUMPED FROM RAILS VERY SUDDENLY.

Acting contrary to given instructions, it was alleged, a motorman on the East Pensacola Heights car line caused the first mishap about noon yesterday, and a score of people were thrown from enjoying a ride through the prettiest of West Florida scenery by a cessation of car service to the new city suburb. On the east side of the bayou workmen had built the first curve but it was not quite ready and instruction had been given not to make use of it. When a car struck it, there was a derailment. Workmen were assembled quickly, however, and the service was soon resumed.

## PRESBYTERIANS FOUR, CHRIST CHURCH TWO

PRESBYTERIANS PLAYED EXCELLENT GAME, WALLOPING THE CHRIST CHURCH TEAM IN LAST INNING BY GOOD BATTING AND HOLDING OPPONENTS DOWN.

With the exception of the first half of the fifth inning when Christ church went up in the air and let two runs over, an excellent article of baseball was handed out by two teams in the Playgrounds League yesterday.

The Presbyterians and Christ church teams locked horns and at the end of four innings the score was tied two runs each. The Presbyterians rallied in the fifth and through a hit and run play, done in beautiful style by Bell and Wells and some overthrows by Christ church with a scratch by D'Alemberte and error by Christ church scored two more, making the score 4 to 2.
