Whew, How I Hate Heat!

Say Mr. and Mrs. Fat

Is it any wonder that the fat people hate hot weather? If your heart and lungs and stomach were bound around with layer after layer of false flesh that gave out a terrible unnatural heat and that interfered with their normal functions you would understand the aversion of fat people to hot weather. There is absolutely no reason for fat people staying fat in this age of triumph. We do not advise drugging yourself, dieting, or exercising yourself to death, but there is a method that has been proven successful. It is the famous Marmola tablets which do the work of removing fat exactly like nature intends it should be done. They stop the digestive organs from producing fat. They seek out the fat as it lies around the body and remove it at the rate of from 12 to 15 ounces a day. These little tablets are made from the great Marmola prescription and compressed into hard tablets by tremendous power. You may carry one in your pocket and always eat a meal in piece of mind, for you know that the tablet will get you the best results from such a meal. These tablets contain nothing but Marmola, Cascara Aromatic and Peppermint Water, but they do their work so pleasantly, harmlessly, and so fast that you will be surprised. They are sold by every druggist, price 75 cts. per case, or if you prefer you may write the Marmola Company, Dept. 247, Detroit, Mich.

H. MONK GETS CONTRACT FOR BIG SEA WALL

WAS LOWEST BIDDER FOR CONSTRUCTING 1,500 FEET OF 13-FOOT WALL AT FORT M'RAE TO PROTECT THE BATTERIES THERE—HIS BID WAS $72,708.

Henry Monk, of this city, was the lowest bidder for the construction of an immense sea wall at Fort McRae to protect the batteries at that place. He received this information last night over the long distance telephone from Montgomery, where the proposals were opened Friday in the office of the engineer in charge of work done here.

The work to be done consists in erecting a thirteen foot wall 1,500 feet in length on the gulf side, which will afford protection to the two batteries at that point. This will, it is estimated, break any seas that may be experienced in storms of the future. In the big storm of 1906 the batteries at McRae suffered considerably, as well as those stationed at the fort at that time, two or three being drowned. It is to protect the property as well as lives from storms of this kind in the future that the wall is to be constructed.

Mr. Monk's bid was $72,708. Other bids were submitted as follows: R. C. Storrie, $73,408; Brewer & Jones, of Birmingham, $86,586; S. P. Thompson, of Birmingham, $76,868, while several others were received which were over $100,000.

Mr. Monk will begin preparing to place material on the ground at once, and will begin work on the wall in about thirty days. He estimated he will have it completed in eight months.

How's This?

Take Hall's Family Pills for constipation.

TO MAKE TEST OF OIL ON THE CITY STREET

QUANTITY HAS BEEN ORDERED AND UPON ARRIVAL WILL BE GIVEN THOROUGH TRY-OUT ON STRETCH OF STREET WHICH HAS BEEN AGREED UPON.

City officials connected with the public works, and which will include the engineer and street superintendent, are looking forward with much interest to the arrival of a quantity of oil which has been ordered for use in sprinkling streets. A stretch, possibly one hundred yards in length and from fifteen to twenty feet wide, will be given the first practical test. The stretch is on North Palafox street considerably beyond the thickly settled section. The road there has been built of cinders from the Goulding plants, and the belief is expressed that the oil, sprinkled lightly over such a surface, will prove effective for weeks afterward. Should this prove true, the first experiment will be followed by a determination to make more practical use of the product over a larger stretch of street and in different parts of the city. A temporary sprinkler will be used for the first experiment, but should satisfactory results be obtained, an up-to-date oil sprinkler may be ordered.

This subject has been thoroughly discussed in several sessions of the board of works with the result that a real road test was decided upon.

LOCAL SCHOOL VERY POPULAR

FALL STUDENTS ARE ENROLLING DAILY AT PENSACOLA BUSINESS COLLEGE, SEVERAL NEW ONES FROM OUTSIDE CITY HAVING LATELY ARRIVED.

The manager of the Pensacola Business College reports a splendid increase in the enrollment of that popular institution of learning. Every day adds to the number of bright young men and women pursuing courses of study that will equip them for steady and lucrative employment.

Among those who have recently enrolled from out of the city are Van and Thomas Swearengen, of Pine Hill, Ala., Mrs. Jessie M. Jewell, of DeFuniak, Fla., P. W. Richardson, Jr., of Cottage Hill, Fla., Anna Laughton, Walter M. Agerton, Pine Barren, Fla., and Miss Nell Wheat, of Pinewood, Fla.

Mr. Rufus Fletcher, of East Florida, will be in the city Tuesday and enroll for the full business course. Several others are expected from the surrounding country.

The Pensacola Business College has been very successful in qualifying and placing in positions young men and young women of this section, and deserves a large patronage.

OVER FIFTEEN MILLION FEET WERE SHIPPED

TIMBER AND LUMBER HANDLED IN EXPORT TRADE FOR TEN DAYS OF PRESENT MONTH GOES ABOVE USUAL AVERAGE BY SAFE MARGIN AND MAKES NECESSARILY FINE SHOWING.

For the first ten days in the month of September the timber and lumber shipments from Pensacola made a correct average of one and one-half million superficial feet per day, totaling with the custom house transactions on September 10 the aggregate of 15,009,000 superficial feet. This is exclusive of several consignments of hewn timber shipped out during the early part of the month, and the items noted do not by any means constitute the only products handled here. Cotton, tobacco, naval stores and manufacturing woods, representing a valuation of many thousands of dollars, were also shipped. At the present writing the steam and sail fleet here is not up to the average standard, but many vessels will find their way here and will get away with valuable cargoes before the end of the month.

Shipments thus far of lumber have been made to Concepcion, Casa Blanca, Managan, Antwerp, Rotterdam, Hamburg, Liverpool, Buenos Ayres, Valencia, Calias, Gluckstadt, Kiel and Rosario. Ships here now are under charter to load for many different ports. Tabulated, the story of Pensacola's foreign export trade in pitch pine products is as follows:

Table of Shipments.

Bk. Doon—Destination, Conception, 466,000 feet lumber.
Bk. Antares—Destination, Casa Blanca; 535,000 feet lumber.
Bk. Antares—Destination, Managan; 101,000 feet lumber.
Ss. Tapton—Destination, Antwerp; 544,000 feet lumber; 180,000 feet timber.
Ss. Clivegrove—Destination, Rotterdam; 647,000 feet lumber.
Ss. Clivegrove—Destination, Hamburg; 103,000 feet lumber.
Ss. Meridan—Destination, Liverpool; 145,000 feet lumber; 727,000 feet timber.
Ss. Anchenblae—Destination, Buenos Ayres; 2,145,000 feet lumber.
Ss. Brasileno—Destination, Valencia; 410,000 feet lumber.
Ss. Azalea—Destination, Calias, 525,000 feet lumber; 500,000 feet timber.
Ss. Azalea—Destination, Gluckstadt; 500,000 feet lumber; 310,000 feet timber.
Ss. Azalea—Destination, Kiel; 898,000 feet timber.
Bk. Gavarorme Fratelli—Destination, Buenos Ayres; 969,000 feet lumber.
Ss. Dunkeld—Destination, Rosario. 1,892,000 feet lumber.
Ss. Cragvar—Destination, Buenos Ayres 2,668,000 feet lumber.
Ss. Cuban—Liverpool, 65,000 feet lumber; 629,000 feet timber.
Total number feet lumber 11,711,000.
Total number feet timber, 3,293,000.

POPULAR YOUNG PEOPLE MARRIED AT CARYVILLE

Special to The Journal.

Caryville, Sept. 11.—Last Wednesday, the 8th inst., at the home of the bride's mother in Caryville, at 5 o'clock p. m., Mr. Geo. C. Hamilton and Miss Elsie Archer were married, Rev. Mr. Peacock officiating. Mr. Hamilton is a young man of fine educational and business qualifications and has been in the office of the Geo. E. Wood Lumber Co. for some time as paymaster. Miss Elsie Archer is the sister of W. B. Archer and is an estimable young lady, who has many friends in Caryville. The happy couple left on the evening train on a bridal tour, en route for New Orleans, amid a tremendous shower of rice with many good wishes for a happy life and a safe return.

A recent change in the management of the big mill plant of the Geo. E. Wood Lumber Co. at Caryville has been made public and C. A. Buckner, of the Crossett Lumber Co. of Crossett, Ark., has taken charge and is now hard at work in the office as general manager. Mr. Buckner was duly installed by J. L. Strong, the secretary of the company at Chicago, who is well acquainted with all the details connected with this immense plant, having been in his present position for several years. General Manager Buckner is an experienced man in the lumber business and thoroughly understands southern labor and southern people, hence it is safe to say that the future of the sawmill business here will be very prosperous and a paying investment to the owners of this fine property.

J. L. Strong, secretary of the Geo. E. Wood Lumber Co., at the Chicago office, is in Caryville hard down to business, having inducted C. A. Buckner, the newly appointed general manager, into his office. Several changes have been made among the high officials of this company here. Mr. Strong is an affable and extremely polite business young man and has made many friends among the "crackers" down here in Florida. He will be here in the line of duty pertaining to the business affairs of the company for ten days or more.

Judge Lucius J. Reeves is Candidate for U. S. Senator

(Continued From First Page)

ready arrived will fill four freight cars.

The town clerk of Highland Mills, with whom the death certificate must be filed before the funeral, intimated he may insist on a more specific cause of death than that in the certificate prepared by Dr. Lyle, but no hitch is anticipated..

"Pernicious anaemia" and "oedema of the lungs" were the chief causes of Harriman's death as officially stated tonight by Dr. Lyle in the death certificate filed with the town clerk at Highland Hills. No mention is made of cancer. As interpreted, "pernicious anaemia" is a severe case of impoverished condition of the blood.

GOOD GARBAGE CONTRACT HAS BEEN SECURED

COMPETITION IN BIDDING FOR CITY WORK ENABLED BOARD OF WORKS TO SELECT GOOD OFFER, SECURED BY BOND WHICH WILL COMPEL CONTRACTOR TO GIVE GOOD SERVICE.

Competition for removal of garbage for the coming year was shown to have been keen when six bids were opened by the board of public works, which held a meeting at 12 o'clock yesterday. The board was determined to get a contract for the coming year that would be of such a nature as to lessen complaints which had reached the board in the past, although the last contractors rendered as good service as the city ever had.

The six bids were scanned closely and considered in executive session. An award was made to the lowest bidder, who was Robert Ridley, colored, who has had considerable experience with the work in the past. Ridley's bid was $6,600 for the year's work. He promised to make bond that would be satisfactory to the board and file the same by Wednesday or Thursday of this week, fifteen days before he started on the contract. He promised also to give personal attention to the matter and to place from eight to ten wagons in service.

The board was of the opinion that the lowest was the best bid, more especially when the contract was protected by good bond. It is believed, such being the case, that the city will henceforth enjoy the best service it has ever had. Every condition of the contract will be rigidly enforced, and Ridley said he would file his telephone number so that all complaints could be sent him direct. This was in response to a suggestion from the board through the chairman.

Other bidders and prices were: W. J. Berry, $15,500; E. J. Landt, $8,400; E. G. Sewell, $7,800; J. A. Daw, $9,000; Lonnie Fillingim, $7,388. All promised to convey the garbage beyond the city limits and burn it. Mr. Berry agreed to lighter all the matter across Escambia bay, eleven miles from the city. Ridley will take it beyond the city limits.

Chairman Jennings and Messrs. Quina, Fisher and Schad attended the meeting.

THE PURITAN LAUNDRY CO.
518 S. Palafox St.
The only laundry in the city for white people only. We use no chemicals in bleaching and that's not all. Come in and inspect our plant. Phone 537. If its from the Puritan it's all right.

MOBILE LIQUOR WAS UNLOADED AT PENSACOLA

OPERATION OF STRICT PROHIBITION STATUTES IN ALABAMA CAUSED BOAT LOAD TO BE BROUGHT HERE—VALUED AT $7,000.

Loaded with more than a score of barrels filled with bottled beer and whiskey in bulk, as well as fine wines, valued at about $7,000, the tug Nimrod arrived here yesterday from Mobile, having aboard Senator Max Hamburger, who represented Mobile county in the last session of the legislature; Judge L. S. McAleer, of the inferior court, and George Hervey, one of the lessees of the San Carlos hotel in Pensacola, the Battle House in Mobile, and the proprietors of the Cawthon and Bienville hotels in the same city. The liquor brought here had been taken from the Mobile hotels because of the rigid enforcement of the new prohibition statutes in the state of Alabama.

The entire lot was hauled to and placed in a warehouse yesterday.

At last Tuesday night's meeting of the board of county commissioners, an application from the Hervey Importation Company for permission to sell wines, beers, etc., was acted on favorably, the place being the San Carlos hotel. It is of course not an immediate possibility that such will be sold there, but a buffet in the hotel of course will be a very necessary side line. It may be said that yesterday's consignment was the preliminary one.

A number of Mobile and Pensacola gentlemen met and cordially welcomed the party to Pensacola yesterday, and the talk with them very naturally drifted to the big hotel now being erected, and the progress on the big building was pronounced by them as entirely satisfactory. "Great prospects are in sight for the San Carlos, with the Herveys at the helm," was the way one prominent and knowing Mobile man, a visitor, expressed himself.

OUR FIRST SHOWING OF NEW FALL TAILOR SUITS

WILL LECTURE ON JAPAN

There will be interesting lectures at the Church of Christ, corner of Jackson and Alcaniz streets, on the evenings of September 13 and 14 at 8 o'clock, given by Mr. Wm. J. Bishop. The subject of these lectures will be "Japan and Her People", and the lecturer will wear the Japanese costume, telling and illustrating as far as possible the characteristics and customs of the Japanese people.

Mr. Bishop has with him a collection of Japanese gods, prayer bells, flags, lamps, coins, clothing, candlesticks, lamps, ornaments,, etc. and will give a full description of the Japanese people and their religion.

The lectures will be illustrated by colored slides and will prove not only interesting and entertaining in every way, but very instructive. There will be no charge for admission, but a free-will offering will be accepted. All are requested to attend.

Take a Fussy Package to the train Monday at 11:30; she is going away. Get it at The Crystal Pharmacy.

Logical Result.

On the notice board of a church near Manchester the other day the following announcements appeared together: A potato pie supper will be held on Saturday evening. Subject for Sunday evening, "A Night of Agony."—Manchester Guardian.

Partly Blank.

"What sort of mind has he?"

"Well, his chain of thought has many a missing link."
