INQUIRY FOR FACTORY SITE

CITY BOARD OF HEALTH HAS BEEN ASKED TO FURNISH STATISTICS ON MILK CONSUMPTION LOCALLY BY FIRM WHICH WOULD LOCATE.

An inquiry for the chances of establishing a pulp bottle top factory has been received by the chairman of the city board of health, the firm desiring from the local board statistics on milk consumption in this city. After some investigation, the letter with necessary data secured by one of the sanitary inspectors was turned over to the city clerk for reply.

The investigation developed the fact that less than 450 quarts of milk per day were consumed in Pensacola, this getting an increase of about one eighth during the winter months. This is about the total output of licensed dairies, which would indicate that the field is ripe for large dairy productions, since the supply now does not in any degree meet the local demands.

BOAT CLUB HAS SECURED A BIG MEETING HALL

BUILDING ON BAYLEN WHARF HAS BEEN TAKEN OVER AND WILL BE PLACED IN GOOD CONDITION TO ACCOMMODATE LARGE AND GROWING MEMBERSHIP.

Announcement was made yesterday that the Pensacola Motor Boat and Yacht Club had secured for headquarters the upper portion of the large frame building on Baylen wharf formerly occupied by the Bagdad Sash Factory Company as local warehouse. The deal has been pending for some few days but it was not successfully closed until Saturday, and the success of the committee in effecting such will be officially reported at a meeting to be held some time this week. The building is advantageously situated, and motor boat owners all agree that the committee made a good selection. In the past meetings have been held from time to time at the office of the bar pilots.

Besides the many local advantages to accrue to the club from such central headquarters, it will be a fine place for the reception of contesting motor boat owners in the regatta to be held during the Tri-County Fair. Visiting boats can also be assigned berths directly in the slip and owners may make their headquarters very near their property.

The club has heard unofficially from several points to which invitations had been sent for participation in the November regatta, but expects more in the future. The letter of the secretary sent to Panama City was printed in full but with no comment in a paper in that city in last week's issue.

HAVE YOU A BABY?
Then watch it closely. And above all things don't let it suffer for any length of time with worms—that is fatal. UNITED STATES STANDS LOWEST IN THE LIST

By Associated Press.

Washington, Sept. 17.—The United States stands lowest in the list of those bidding for the importation of cotton goods into Siam, having imported goods to the value of only $393 for the year according to Vice Consul General Carl G. Hansen, writing from Bangkok.

Special articles of cloth peculiar to the country are required by Siam. While home industries formerly supplied these, they are now almost wholly supplied by foreign countries and form a special import of Siam's cotton trade.

Great Britain and her dependencies have been favored with the majority of the trade, having been the pioneers in adapting their goods for this special market, but Germany, Holland and Austria are coming in for a good share of it.

MEETING WAS A GREAT SUCCESS

THE FOURTH DISTRICT SUNDAY SCHOOL ASSOCIATION HELD INTERESTING EVENT LAST SUNDAY AT COTTAGE HILL.

The convention was called to order at 10:00 with the president, Iley Allen, in the chair. A cordial welcome address was given by Mrs. W. J. Hahn, followed by a fitting response by Mr. Cecil Wolfe.

The day was beautiful, and a large crowd had gathered, who were interested in the day's work. Mr. J. A. Wilson was the first speaker called, and his address on "Organized Work, It's Aim and Object," produced much general discussion. Just before adjournment for lunch, a committee was appointed to nominate officers for the ensuing year, consisting of three members, J. T. Mackey, H. E. Corfman and Mrs. W. J. Hahn.

All enjoyed the bounteous repast, and at 1:30 the work was again taken up, and the meeting called to order by the nominating committee giving in their report. This report, as always, attracted much attention. The convention then elected the nominees, which were as follows: Mr. F. E. Maxey, president; Mr. H. C. Clopton, vice-president, and Miss Gail Everhardt, seceretary and treasurer.

On a motion by Mr. Corfman, the rules were suspended and the president empowered to nominate the executive committee.

The minutes of the last meeting were then read and approved. A generous contribution was given for the support of the work. It was moved, seconded and carried that the secretary learn the boundaries of the district, and number of schools in the district, and get a full representation of all the schools at the next meeting.

"Class Organization and Teachers' Meetings" was interestingly presented by Mr. Cecil Wolfe, followed by "A Sunday School Talk" by Mr. H. C. Clopton.

"How Would You Interest a Class of Boys That Talk Baseball" or "A Class of Girls That Giggle and Chew Gum," was discussed with much humor by Mr. Wilson.

Pine Barren was chosen for the next meeting place, the association to meet the second Sunday in February next, 1910.

Mr. Wilson called attention to an interesting fact—that this is not a Sunday school union, as some seem to think, but a Sunday school association. Not for one denomination, but for all denominations.

A vote of thanks was tendered Mr. Manning for the use of his property on which to set the tables; also to the people of Cottage Hill for their abundant hospitality.

Croup is most prevalent during the dry cold weather of the early winter months. Parents of young children should be prepared for it. All that is needed is a bottle of Chamberlain's Cough Remedy. Many mothers are never without it in their homes and it has never disappointed them.

HANDSOME NEW STORE TO OPEN

Kress & Co. Will Move Into New Quarters This Week.

The handsomest store in Pensacola, and what the Kress people say is one of the very handsomest of their 100 stores throughout the United States, will open next Saturday when Kress & Co. move into their new quarters in the Brent building. The store has been remodelled at an expense of over $10,000, the ceiling work alone costing nearly $3,000. And, by the way, this ceiling is worth looking at. The firm will make its opening announcement in a day or two.
