The Chamber of Commerce

Regular Weekly Bulletin

President Thornton was interviewed last week in Atlanta, in a manner that gave Pensacola a good deal of desirable publicity, except that the reporter got a little twisted on tenses in discussing railroad matters. But that does not matter very much, for it won't be long before it is true that Pensacola has roads operating to Andalusia and Mobile.

Mr. Thornton has written home some valuable tips, which both he and the secretary are following up. They have to do with matters that lie very close to the business welfare and at the other end of the line of inquiry are forces which, if they decide to exert themselves in connection with Pensacola, will prove powerful legs for Pensacola to stalk into her rightful place in high commercial importance.

The secretary has begun work on his next annual report, which he hopes to make a comprehensive statement of the resources and advantages of this section, as well as city, with an index which will enable inquirers to easily find any data wanted. A report of this sort would cost a good deal to publish, but once published would result in considerable saving in the expenses of routine correspondence.

The secretary is also working on an agricultural statement for general distribution. It is a strikingly interesting story, an actual experience of a farm near Pensacola, which, in each and every detail, would prove of vast advertising value if properly distributed.

There is urgent necessity for dissemination of such reading matter, of a nature that admits of no dispute. The truth about this section is so good that it is hard to make people believe it. To point out this one man did this or that, and some one else did a certain other thing, and certain other people did certain other things, does not always carry the conviction that facts ought to carry. But the story of one man, with little or nothing in his favor at the outset, doing many things and making in net profit per acre as much as the gross value of the average acre of cotton, is the kind of reading matter that farmers away from here could not help believing. Such a story it is that the Chamber hopes to be able to scatter broadcast, in attractive form, in time to have new farmers in Escambia next spring.

It will not be long before the Chamber will be in position to enter into a systematic publicity campaign. The secretary would appreciate the assistance of every member—of every citizen, for that matter—who may sit down and write any fact or idea which he thinks ought to be set forth to the eyes of the world.

The regular monthly meeting of the membership will be held next Wednesday afternoon at 4 o'clock. Let every member remember that "a live, interested membership gets the best results out of directory and secretary."

One of the matters that will be before the meeting is a proposition to advertise Pensacola in a way which seems to promise good results, and at relatively small cost, with a 20 per cent rebate that will go direct to a cause in which Pensacola is greatly interested and which will greatly promote Pensacola's general interests.

CITY IS INUNDATED.

Mexico City, Sept. 18.—It is reported from Tuxpan, that the river there suddenly rose last night, and the entire vicinity is inundated including the poorer quarters of the city. The loss to stock and the crop will be great. It is believed a cloudburst in the mountains is responsible for the overflow.

MONEY MUST BE FURNISHED

BOARDS OF COUNTY COMMISSIONERS MUST SUPPLY DISCHARGED CONVICTS WITH $5 AND TRANSPORTATION.

Tallahassee, Sept. 18.—The following letter has been sent by the governor to the boards of county commissioners of the state:

To the Boards of County Commissioners of the Several Counties of Florida.

Gentlemen: For your information I herewith enclose printed copy of Chapter 5963, Acts of 1909, being "An Act to Amend Section 4109 of the General Statutes of the State of Florida, Relating to Labor of County Convicts, as Amended by Chapter 5705, Acts of 1909," and respectfully invite your attention to the following provisions of Chapter 5963 with which your board should comply without delay:

"It shall be the duty of all boards of county commissioners hiring out convicts for work to make provision for each convict so leased or hired out to receive, upon being discharged, transportation back to the place from which he was sentenced, or its equivalent in money for such purpose, and in addition the sum of three dollars ($3.00) when his sentence is for a less period than four months, and for all prisoners whose term of sentence shall be more than four months, the sum of five dollars $5.00), the same to be paid out of the hire derived from the lease of said convicts.

"And when the county commissioners work their prisoners on the public works of the county the same amounts shall be paid to the prisoners discharged from said works out of the fine and forfeiture fund of the county, the same as is above provided when the convicts are leased."

Very truly yours,

ALBERT W. GILCHRIST,
Governor.

Comprehensive Display of New Fall Suits and Dresses

At this early period we are showing two hundred models in the New Fall Suits and Dresses; in fact everything new and smart, expressing the latest ideas of the foremost designers at home and abroad, will be found in our costume solon.

This is to be a decidedly early season and those who desire to make selections of Fall apparel now can do so from our extensive lines with every assurance of having just as correct styles to choose from as if they put off buying for another month. We have provided amply for every want, showing an unusually fine line of tailored Suits and Street Dresses.

To Start the Season

Lot. 1—On Monday our first offering for the Fall will be about 50 Suits, elegantly tailored (no two alike), lined with Belding Satin, all the leading shades; coats, 40 to 45 inches in length. These suits were bought to retail for $25.00 and as an introductory offer in order to make early buying attractive we will sell them for

$19.75.

Lot No. 2.

Lot 2 will be about 25 highly tailored suits in all the leading shades such as Receda, Copper, Smoke, Said Purple and Blacks—an unusually attractive selection—coats, 40 to 45 inches in length—materials Homespuns and High Grade Worsteds. These suits were bought to retail at from $30.00 to $35.00—to start the season

$25.00.

Dress Specials

To start the season we shall put on sale Monday about 15 to 20 Dresses, pure, all-wool serges, Moyenage effects, in all the leading shades—suitable for street wear as well as shopping. Bought to retail at from $15.00 to $18.50—to start the season

$12.50.

Our showing in Suits as well as in Dresses—all the very latest creations—are by far the most comprehensive that we have ever shown. We will not only be delighted but will deem it a favor if you will let us show you this, the greatest display of Ladies' Wearing Apparel in West Florida.

We are particularly proud of the quality and style features possessed by these garments and you will agree with us when we say that this is the best line of Ready-to-Wear Garments that you have ever seen.

FRENCH AVIATOR WINS A PRIZE OF $5,000.00

By Associated Press.

Ostend, Sept. 18.—Louis Paulhan, the French aviator, flying in a viosin biplane here today, won a prize of $5,000. He covered 73 kilometres (45 1-3 miles) in one hour at an altitude ranging from 240 to 300 feet. He made his way up and down the coast line, part of the time over the North Sea. In alighting the aviator fell into the water. He was promptly rescued by spectators, however, and sustained no injuries.

GOVERNMENT TREES ARE BEING DISFIGURED

By Associated Press.

Baton Rouge, La., Sept. 17.—Destruction or disfigurement of trees bearing the marks of a United States survey is an offense which carries with it a severe penalty, according to notices published by the state land office today. This law is said to have been ignored, especially by turpentine operators, who have tapped many government marked trees, not only in Louisiana, but in adjoining states.

SCHOONER SINKS.

Woods Hole, Mass., Sept. 18.—The schooner Charles J. Willard of Portland, was sunk today off the Sow and Pigs shoals. It is believed the crew of five is safe, but no details have yet been received.

UCHIDA APPOINTED.

Tokio, Sept. 18.—Official announcement has been made of the appointment of Y. Uchida, former minister of foreign affairs and now ambassador to the court of Austria to succeeded Ambassador Takahira, Japanese minister at Washington.

WILL HOLD RICE.

Crowley, Texas, Sept. 18.—The Louisiana-Texas Rice Farmers Association adopted resolutions today declaring their intention of holding Japanese and Honduras rice for a minimum price of $3.50 per barrel, No. 1 milling grades.

FOUR MINERS KILLED.

Aurora, Mo., Sept. 18.—Four miners were crushed to death by falling boulders in a lead mine here this afternoon.

To Avoid Walking.

The Dramatic Critic (interviewing Mr. Woodby Booth)—I suppose acting requires a lot of study and effort.

Woodby Booth—No—that's easy. It's getting from town to town that requires study and effort.

Come in Handy.

The Heathen King—I wish our foreign Christian friends would not put so many suspender buttons in their collections.

His Chief Executive—Yes—a few corkscrews would come in better.

Sanitary Scenes.

Squillbob—That marine painter is making a big hit.

Squilligan—Yes, he advertises his paintings as filtered and sterilized water colors.

WALL STREET REVIEW.

By Associated Press.

New York, September 18.—The price movement was slightly irregular in the opening dealings in stocks today, but there were many striking gains in the dealings showed great animation. Canadian Pacific advanced 1 3-4, Reading 1 1-8, St. Paul, Northern Pacific, Erie first preferred, and Anaconda 1, and Delaware and Hudson, Toledo, St. Louis and Western, preferred, and United States Steel preferred large fractions. Union Pacific Pennsylvania, Erie, Atchison and New York Central, which were notably strong yesterday sagged a small fraction. Union Pacific preferred declined 3-4.

The market became heavy. Reading lost its rise and a number of important stocks receded to near yesterday's close. Independent strength was shown by the Hill stocks and a few specialties. Union Pacific, New York Central, United States Steel and Pennsylvania fell 1. United Railways and Investment preferred 1 1-4 and Central Railroad of New Jersey 3, but the last named made a full recovery. Northern Pacific and United States Rubber moved up 2 points, American Malting preferred and Great Northern preferred 1 1-2 and Minneapolis and St. Louis 1 1-4.

The market closed unsettled and irregular. The reaction carried Reading back 2 points from its best price. Union Pacific preferred lost 1-2 and Ontario and Western and Consolidated gas 1. A rise of 1-2 in Brooklyn Transit rallied prices. Among the specialties Central Railroad of New Jersey rose 2 1-2, Colorado Fuel preferred 2 and American Agricultural Chemical, International Harvester, Utah Copper, Vulcan detinning, American Locomotive preferred and American Malting preferred 1. Renewed selling met the rally and prices receded again.

COTTON.

New York, September 18.—The cotton market opened steady at a decline of 1 point on October, but generally 1 to 3 points higher, and soon sold up to a net advance of 8@10 points on covering and bull support. Bullish Liverpool cables, reports of a big spot business in the south late yesterday, bullish reviews of the dry goods situation, and reports from Liverpool that Southern offerings were dearer and that hedge selling was insufficient to supply demands, were the bullish factors. Apprehensions that the gulf storm might reach the belt over Sunday and cause damage to open cotton also had its influence and trading was moderately active in spite of weakened considerations.

Cotton futures opened steady: September offered 11.27. October 12.50; December 12.61; January 12.65; March 12.65; May 12.69; July 12.67@12.69.

The market closed steady with prices 5@18 points higher.

GRAIN AND PROVISIONS.

Chicago, September 18.—Leading cash interests were moderate sellers of wheat during the early trading today and as a result the market was rather weak the forepart of the session. Liberal shipments from Russia during the week and a continued heavy movement in the northwest were responsible for much of the selling. Prices at the opening were 1-4c lower to 1-8c higher. December being at 98 1-4 to 5-8c. After touching 98 3-4, the December delivery dropped back again to 98 1-8@1-4c.

Ideal weather for the proper maturing of the new crop prompted considerable selling of corn at the start, resulting in a heavy tone early in the day. Local receipts were in excess of what had been estimated and this also helped to depress prices. December opened unchanged to 1-8c@1-4c lower at 66 5-8 to 60 3-4@7-8c, and sold off to 60 1-2c.

Increased receipts prompted a mild raid on the oats market at the start which caused declines in all deliveries. December opened 1-8 to 1-8@1-4c lower at 40 1-8 to 40 1-8@1-4 and declined to 39 5-8c.

Provisions were barely steady early in the session because of profit taking by local longs. Prices at the opening were 5c lower to 5c higher.

Cash: Wheat—No. 2 red $1.08@1-2; No. 2 hard $1.08@1.05; No. 2 Northern $1.04@1.06.

Corn—No. 2, 68@3-4@69; No. 2 white 68 3-4@69; No. 2 yellow 69@1-4.

Oats—No. 2 37 3-4; No. 2 white 41@1-2; Standard 40 3-4@41 1-4.

Close: Wheat—September $1.01 7-8; December 98 1-4@3-8.

Corn—September 68 1-4; December 68 1-4@3-8.

Oats—September 39 7-8; December 39 5-8@3-4.

Pork—September $23.95; January $18.02 1-2.

Lard—September $12.02 1-2; October $12.00.

Ribs—September $11.90; October $11.62 1-2.

Barley—Cash 50@66c.

Rye—Cash 71@72 1-2. September 70c.

Timothy—September $4.00; October $3.92 1-2.

Clover—Cash $13.50; March $14.00.

STREET CARS COLLIDE.

New York, Sept. 18.—A rear end collision of two street cars heavily loaded with passengers, returning from the Mardi Gras at Coney Island early today, caused severe injuries to a dozen persons.

Several young women were trampled by the men who scrambled out of the wrecked cars and men and women were painfully cut and bruised.

STREET CAR STRIKE ON EVE OF TAFT'S VISIT

By Associated Press.

Omaha, Neb., Sept. 18.—On the eve of Taft's visit here Monday, the street car systems here and at Council Bluffs are tied up by a strike of employes. The walk-out was unexpected. A few cars were run this afternoon and none tonight. The strikers demand an increase in the wage scale.

DIES OF WOUNDS.

Waco, Texas, Sept. 18.—R. W. Marques, chief engineer of the Citizens Street Railway Company, who was shot two weeks ago by Howard Bustler, an oiler at the company's power house, as the result of a strike by the firemen, died late last night.
