KWASIND HAD IT OUT WITH A HURRICANE

LOCAL FISHING VESSEL ENCOUNTERED DISTURBANCE AT ITS HEIGHT, BUT CAME OUT NOT DAMAGED AND ARRIVED SAFELY IN PORT YESTERDAY.

Running into the teeth of the Monday hurricane, and fighting it out with the loss of nothing of value to speak of, the fishing schooner Kwasind spent a few hours in the late West Indian disturbance that were by no means pleasant and no one of the crew wishes to repeat the experience.

The Kwasind arrived yesterday with a catch of five thousand pounds of red snappers. Her experience in the storm had been reported before arrival of the vessel, the smack Emma Jane, of the Warren fleet, having reported the Kwasind near at hand when the storm broke over the other vessel. The Emma Jane suffered considerable damage, but when the Kwasind arrived yesterday a great deal of surprise was occasioned to see her in such good condition. Not a sail was ripped, and nothing on deck was missing or damaged. But the crew said the storm was fierce, and the hardest they had ever passed through. It was while the vessel was nearest to the Mississippi coast that the storm was felt at its height. Threatening weather was prevailing for two days, much rain falling. Then, as a last shiver to the Kwasind, the hurricane itself was experienced. For several hours the weather had the smack completely at its mercy, so far as progress was concerned, and only the best of maneuvering saved the vessel from loss. It was a great relief when the Kwasind's great spread of canvass and white hull showed up in the harbor, and before ropes were made fast at the dock, inquiries as to possible damage suffered were sung out from waiting agents and friends on the wharf.

ADVISED OF ANOTHER ONE

WEATHER BUREAU ISSUES ADVISORY WARNING MESSAGE TO SHIPPING FOR A DISTURBANCE SOUTH OF JAMAICA.

Another West Indian disturbance has been discovered and is being watched by the weather bureau. This time it is south of Jamaica and this morning should reach the Yucatan channel. Its intensity is not given and is not known as yet, but the weather bureau is following it up closely and yesterday issued an advisory warning. This was for the benefit of shipping principally which may be sailing down into the territory. The message, received from Washington at 1:38 p. m. yesterday, reads as follows:

"Advisory two p. m. Disturbance south of Jamaica Thursday. Will probably reach Yucatan channel by Saturday."

There is no game law against anyone hunting for Plank's Chill Tonic. It is guaranteed to cure malarial chills and fever Ask Hannah Bros. They probably know.

WELL KNOWN RAILROAD MAN VICTIM OF APPENDICITIS AND AN OPERATION WAS SUCCESSFULLY PERFORMED ON HIM.

Henry McLaughlin, the well known railroad man, who is at the head of the railway developments west of the city, is in Mobile and on Wednesday of this week was operated on at the Inge hospital.

Friends of the gentleman who knew of his troubles have been apprehensive for him ever since he went over for the operation, but a telegram to a friend yesterday gave reassuring news, indicating that the operation had been successful. It will be several days before he will be able to come over and assume personal charge of the important work in which he is interested. In his absence, however, the work has been going on rapidly and a party from the scene of operations said yesterday that there will be a big and surprising announcement for the Pensacola public within a short time.

WORKING FOR MISSION HOME

CHURCH WORKERS AND VARIOUS SOCIETIES ARE TO MEET THIS AFTERNOON AND ORGANIZE FOR SYSTEMATIC WORK.

The mission held a meeting in their rooms last Tuesday at No. 8 North Palafox street, at which the ladies present, representing churches, societies, etc., responded in desiring to take an interest in the mission home, corner of Strong and Reus streets, most of the churches having accepted the offer, and it is expected that the balance of churches, who are in sympathy with such a philanthropic movement, will do so today.

The meeting was adjourned until 3:30 this afternoon, when the plans which were presented will be formulated and committees formed to carry them out. The prospect of Pensacolians having quite a festival for a week in the very near future is fully contemplated and the ladies of the city are invited to make this a great success. It is urgently requested that every lady who has the interest of this home at heart be present. Recollect, 3:30 p. m. today at No. 8 North Palafox street.

CASES AGAINST THE CAR MEN POSTPONED

Cases made against Messrs. Brewton and Muterspaugh, for the alleged reckless operation of a street car, were not passed upon yesterday. They will be called up for trial today and disposed of. Boss Bonifay, who occupied the buggy at the time, was also arrested, but was not tried. Another case for disorderly conduct against Bonifay was called and he was fined $10 and costs. The horse which the car struck was killed at an early hour yetserday morning

TO EXAMINE THAT COFFIN

PERMIT HAS BEEN GRANTED AND DISINTERMENT WILL BE MADE AT POOR FARM SOME TIME TODAY.

Having secured the necessary permit to do so, Undertaker Wood will cause to be disinterred some time today the coffin containing the remains of the pauper, Bradshaw, at the poor farm, and in the presence of a delegation of the board of county commissioners. It is possible the entire board will be present when the coffin is taken from the ground.

The undertaker does this at his own expense in order to correct a wrong idea concerning the manner of putting paupers away and the class of coffins furnished. The commissioners decided to withhold final decision in the matter until the interior of the coffin could be examined. After this has been done, the board will return to the city, hold a session and give final judgment.

AN OLD SAYING.

Showing How Cause and Effect Are Never Far Removed.

It is an old saying "Where there's honey there's bees"—not less true is one which science has coined more recently, "Where there's Dandruff there's germs"—and—to push the inference still further we may truly say "Where there's Dandurff cured Nebro's Herpicide has been at work."

The reason of Herpicide's isolation as a genuine cure for Dandurff lies in the fact that it attacks and destroys the root of the whole trouble—a parasitic germ which feeds upon the material which nourishes the hair follicle.

Other so-called remedies are not directed at this true cause of the disease.

Accept no substitute, there is none. Sold by leading druggists. Send 10c. in stamps for sameple to The Herpicide Co., Detroit, Mich.

One dollar bottles guaranteed.

COMES QUICKLY.

Don't Have to Wait for Weeks. A Pensacola Illustration.

Waiting is discouraging.
Prompt action pleases everybody.
A burden on the back is a heavy weight.
Hard to bear day after day.
Lifting weight, removing the burden,
Brings appreciating responses.
Pensacola people tell of it.
Tell of relief that's quick and sure.
Here is a case of it:

Mrs. Robert Fillingim, 603 N. DeVilliers St., Pensacola, Fla., says: "For a long time I had severe pains in my back and hips and nothing that I tried helped my case. I could scarcely bend and the pain often made me cry aloud. I did not rest well and also had severe headaches. I at length saw Doan's Kidney Pills advertised, procured a box at the Crystal Pharmacy and began their use. A few doses made an improvement. The pains soon lost their severeness, I grew strong and felt better in every way. I can truthfully say that Doan's Kidney Pills gave me greater and more prompt relief than any other preparation I ever used."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the Unite States.

Remember the name—Doan's—and take no other.

SLEEPER SERVICE HAS BEEN RESUMED

Through sleeper service between New Orleans and Jacksonville was resumed yesterday, the first car since Sunday morning going through yesterday. The Pullman did not reach the city on train No. 3, at 6 a. m., but came in attached to train No. 1, at 4 p. m. The east-bound train of the same number carried the sleeper through, pulling two Pullmans from the city instead of one.

JONES, FOR WIFE BEATING, WAS FINED

A. A. Jones, colored, residing on East Hill, got up in bad humor yesterday evidently and began beating his wife shamefully. It was stated that he also choked her. Officer Ynlestra placed Jones under arrest and charged him with assaulting. He could give no satisfactory explanation of his conduct and Judge Johnson in the recorder's court fined him $15 and costs.

CZAR NICHOLAS, ACCUSED OF APPROVING CRIMES OF THE RUSSIAN POLICE

The eyes of Europe have been drawn again to the unending march of political prisoners in Russia to the gallows and to the penitentiaries by the assertion that Emperor Nicholas not only knows all the atrocities perpetuated in his name by the police, but that he approves of them. This charge was made in a Socialistic paper, the Vorwaerts, of Berlin, which published what purported to be a facsimile of a special handwritten newspaper issued only for the czar's information and containing plain details of all the things done by the police in the name of the czar. It has frequently been asserted heretofore that the Russian ruler is ignorant of the conditions existing in his empire and has been kept uninformed purposely by his officials. According to the revolutionist who gave the czar's newspaper to the Vorwaerts, "the journal gives an exact description of the system of spying, of police methods of provoking disorders and of all the bloody acts of violence which occur in Russia."

E. Phillips Oppenheim's Best Story for Fifteen Cents.

Mr. Oppenheim, in mystery and detective stories, is in a class by himself. His stories have kept more tired people sitting up at night, probably, than the books of any other ten writers. "The Adventures of Mr. Peter Ruff" begins in Pearson's Magazine for October. It is a series of nine stories, each complete in itself, of a RafflesSherlockHolmesian character, told by the master novelist. They are the best stories of Oppenheim's long string of successes, and, if you like mystery stories, that means the best that were ever printed.

Other unusual stories make this magazine the best of the month. James Creelman sends from Jerusalem a graphic description of the massacres in Asia Minor and what it means to American Christians. Mrs. O. H. P. Belmont tells what women will do when they vote—a notable article. Richard Barry gives a full explanation of the methods of the salary loan shark, the wage earner's greatest menace. Dan Slattery tells what Bingham did to the New York Police Department. The life story of C. W. Post is told, and an informative story about Irrigation Bonds. For fiction, besides Oppenheim, there are six bully good short stories.
