$10,000 FOR LOSS OF LEG

This is What is Wanted By Jas. Robinson of Electric Company.

Ten thousands dollars for the loss of a leg is what is wanted by James Robinson, colored, from the Pensacola Electric Company. Suit for this amount was filed in the United States court yesterday by Sullivan & Sullivan, attorneys for Robinson, who ask that this amount be awarded the plaintiff for the loss of the member.

Some months ago Robinson was run over by one of the bay shore cars of the company, and the leg so badly mangled that amputation was necessary.

HARRIMAN OWNS C. OF G.

Long Question of Ownership of Railroad is Finally Settled.

Special to The Journal.

Atlanta, Ga., March 10.—E. H. Harriman, having defeated Stuyvesant Fish and retained control of the Illinois Central has authorized the official announcement that he is the owner of the Central of Georgia Railway. Harriman makes this announcement through the Georgia railroad commission, to which he imparted the fact of his ownership sometime ago but asked that it should not be published until the fight for the control of the Illinois Central was settled.

It is explained that the sale made by the Southern Railway to Oakleigh Thorne and Marsden J. Perry of the Southern's holding in Central stock was to Harriman and that he paid $3,000,000 for it. Thorne and Perry received a commission of 5 per cent on $150,000 for negotiating the transaction.

CITY BOARDS HOLD MEETING

Safety Board Tried Employes, and Board of Works on Lights.

The Board of Public Safety held a special meeting last night for the purpose of hearing charges against several members of the fire and police department. Officer Nee, who was charged with the use of intoxicants did not appear. Officer Olsen, charged with unbecoming conduct, was suspended for ten days. Fireman Jones was tried for not reporting for duty on the morning of the 20th of February. Fireman Anderson was tried for insubordination. The former was suspended for 24 hours, and Anderson was dismissed from the service.

The Board of Works also held a meeting at 6 o'clock for the purpose of disposing of the lighting problem, but on account of the illness of Chairman O'Leary of the committee on lights, the meeting was postponed until Thursday night.

A NEW BOND TRUSTEE NAMED

County Commissioners Select W .N. Roberts as Bond Trustee.

The County Commissioners held regular monthly meeting last night at 7:30 o'clock. Action was taken to prevent the hauling of exceedingly heavy loads over the county roads, and W. N. Roberts was made county bond trustee in the place of M. F. Gonzalez, deceased, but with these exceptions nothing of importance came before the board.

The entire board was present, and several petitions for better roads were read. W. H. Hutchinson, the game warden, reported having arrested one man for catching oysters without license. It was then voted that W. N. Roberts be appointed county bond trustee in the place of M. F. Gonzalez, deceased.

Commissioner Steward said that certain of the brick yards of the county were hauling loads over the county roads that wore them out as fast as they could be laid or repaired. It was resolved to notify the county solicitor concerning the same, and have him take the necessary action in the matter to prevent wagons carrying loads heavier than allowed by law.

SERVICES AT ST. MICHAEL'S

Two Strong and Interesting Sermons Delivered Last Night.

The sermons delivered by the passionist fathers at St. Michael's church last night were exceptionally interesting. Father Alexander spoke in a most masterly manner on "Confession," while Father Isadore delivered a strong sermon on the "Origin and Evil of Mortal Sin."

Father Isadore said in part: "The evil of mortal sin can only end in the total degradation of the body and soul. All of the evils to which man is subjected are the result of the sin mortal; all of the pains of the body are the results of the great sin of our fall. We know this and still we go in the paths of iniquity and mind not the warning of those sent to warn us.

"In the beginning the great God above us put us on this earth for the purpose of being happy. He gave us all of the fruits of the earth without our labor. The lions of the forests would fawn at the knee of the child and think not of the fierceness with which we associate the ferocious beast of today. The briars of the wood would not prick man if he wandered therein; the sea would not drown and the earth would not quake. Why all this? Why have the things of the very subsistance of man on this earth revolted against him? Why do the very things of his creation kill and gnash his flesh within their iron jaws and beneath their iron wheels?

"Why I say? Because of the sin with which man is impregnated.

"Man has not lived up to the contract which he made in the beginning with his God. He promised the Giver of all Things to remain pure and free from any offense against his Maker. But behold he has given himself up to temptation and yielded to the wiles of the devil. If man has not lived up to the contract he made with the Creator of the world how can he expect the God to live up to his?

"The great cause of the sin of the world has invariably been the seeking of pleasure. The great desire of man for the pleasures of the earth have led him to the most abnormal and unnatural of practices. The seeking of pleasure has led, as you all know, a great number of the princes of the days of old, into great and sinful extravagances. This same mode of enjoyment is now fast making its way in the present time, and the bulwarks of society will not long withstand the strain either mentally or morally."

Father Alexander spoke equally as explicit and vehement on the value and necessity of frequent confession for Catholics and the comfort of having one to whom one can explicitly confide, whether he be Catholic or not. He said in part:

"The human mind and soul are so constructed that the normal man must confide in some one of his kind, be it who it will. He is tormented if he has guilt on his soul and has no one to whom he can confide. Thus the scope of the Catholic faith coincides with the structure of man."

A very beautiful musical program has been arranged for St. Michael's for the remainder of the week excepting Saturday. Wednesday evening Mr. J. D. Forman, soprano, Mrs. Taylor, organist; Thursday, Mr. Bowers, bass, Mrs. Flynn, organist; Friday, Mr. J. D. Foreman, soprano, Mrs. Tayneeley, organist.

23 BRENT BUILDING

A northerner riding through the West Virginian mountains came up with a mountaineer leisurely driving a herd of hogs.

"Where are you driving the pigs to?" asked the rider.

"Out to pasture 'em a bit."

"What for?"

"To fatten 'em."

"Isn't it pretty slow work to fatten them on grass? Up where I came from we pen them up and feed them on corn. It saves a lot of time."

"Yaas, I s'pose so," drawled the mountaineer. "But, h—l, what's time to a hawg?"—Everybody's Magazine.
