"IF YE DENY ME, I WILL DENY."

The most exciting contest in fifty years is on in Alabama between the prohibition forces and all the allied opposition. The State is now under statutory prohibition. While the law has accomplished much good, in the larger cities it has been rather difficult to enforce it. Fearing that the saloon element may elect a legislative body that will repeal the present law and relicense the saloon, the prohibitionists are attempting to have the people adopt an amendment to the constitution, similar to that which will be submitted to the people of Florida next year.

The lines are very closely drawn and surprising declarations are being made daily. One of the most prominent men of that State, of large means and resources, an active official in his church, was publicly requested a few days ago to define his position. Contrary to the expectation of his friends and christian associates, he declared against the amendment, virtually favoring the licensed saloon.

Two days later, in the full enjoyment of perfect health, while engaged in a game of golf, God called him without a moment's warning.

If this man had known that he was so soon to stand in the presence of his Maker would he have alligned himself with the forces of Satan? God must occasionally use the rich and the great to teach his people lessons of His power and His justice.

Notice.

20 Years
With Heart Trouble

"Dr. Miles' Heart Remedy has cured me of heart disease of over 20 years' standing. I was so bad that I could not do my work, and could scarcely draw a full breath without fainting or smothering. The doctor told me he could do no more for me; then I commenced taking the Heart Remedy. I shall never forget that night. I slept better than I had before in months. I kept right on getting better, until I was perfectly well."

MRS. LAURA RUSSELL,
Logan, Iowa.

When the heart action is weak, it fails to pump the blood through the lungs with sufficient rapidity. Then the lungs do not absorb the proper amount of oxygen, although they may be taking in a normal amount of air. The result is shortness of breath, smothering spells, difficult breathing, oppressed feeling in chest. Dr. Miles' Heart Remedy strengthens the heart nerves and muscles, and in this way increases the circulation.

Get a bottle from your druggist. Take it according to directions, and if it does not benefit he will return your money.
