Our trees are grown on hig, pine land, set far apart, and are stronger and hardier than those grown under other conditions. We have no white fly, cushion scale or like insect pests. We have been in the business for twenty-five years, and have sifted out the less important varieties until we think we have all you need in a very small number. It is a big mistake to plant too many kinds, as you thereby have too many odds and ends in shipping. Late, Midseason and Early are all you need, if you get the best. Send for circulars and prices. WE PAY THE FREIGHT.

Our Motto: BUT A FEW VARIETIES---AND THEN ONLY THE VERY BEST

Furniture for All!

Something that is useful as well as ornamental is always appropriate. A chair or rocker, a couch, or anything in the furniture line is sure to please.

Our stock is all new and is giving satisfaction to every purchaser. We can quote prices that are sure to please you and our easy terms are a great convenience to all. We invite you to inspect our goods and get our prices. We can save money for you—we are saving it for others.
