A Wonderful Happening.

Port Byron, N. Y., has witnessed one of the most remarkable cures of modern times. Mr. [illegible] King of that place says: "Bucklen's Arnica Salve cured me of a running sore that I had suffered from for eighty five years. I tried all kinds of salves, but Bucklen's Arnica Salve, by Fort Pierce Drug Co., is the only one that ever cured me." Guaranteed at The Fort Pierce Drug Co.'s.

Gentle Quiet Taps.

A story of self-control [illegible] was told [illegible] at a recent [illegible] of a [illegible] society in East [illegible]. An elderly woman [illegible] hard of hearing lived [illegible] the road. One afternoon a [illegible] fired a shot at the [illegible] geese. The woman, alone in her little house, waited until the shooting ceased. Then she smoothed her dress, brushed her hair back in a quiet manner and said sweetly, "Come in."—Argonaut.

The Letter I.

The name of "I" is in Hebrew jod or jot, a hand, and the earliest characters representative of the sound closely resemble a hand with but three fingers. Little by little one finger after another dropped off until only the little finger was left, and the letter became the smallest in the alphabet, a jot or tittle, that is, the "I" and its dot being synonymous of the most insignificant things that could be described.

A Joyous Moment.

"There is my last poem," said the young but melancholy contributor.

"Thank the Lord!" replied the dignified editor as he clung to his chair that he might not dance a hornpipe.—Detroit Free Press.

A Memorable Day.

One of the days we remember with pleasure, as well as with profit to our health, is the one on which we became acquainted with Dr. King's New Life pills, the painless purifiers that cure headache and biliousness, and keep the bowels right. 25c at Fort Pierce Drug Store.

A Gallant Highwayman.

A [illegible] highwayman [illegible] a girl [illegible] the [illegible] of [illegible] that [illegible] the [illegible] The [illegible] the [illegible] that [illegible] to be [illegible] to the Asphalt Trust—and found to [illegible] surprise of [illegible] to the [illegible]

"[illegible] pardon, [illegible] perfectly beautiful [illegible] and [illegible]

"How [illegible] the [illegible]" she answered, [illegible]

"[illegible] that the [illegible] I will [illegible] nothing. It's bad enough to have a [illegible] like that without being robbed into the [illegible]."

Evolution of Chemistry.

The first [illegible] were the alchemists, who for [illegible] of years [illegible] tried to make [illegible] by compounding [illegible] [illegible]. Chemistry was introduced into Spain by the Moors in [illegible] and the Chinese and Egyptians claimed an early acquaintance with it. However, [illegible] was not a science until the seventeenth century. Boerhaave was the first to combine the study of chemistry with medicine, and since then its evolution has been rapid.

A Bad Case.

"What's the matter, dear?" asked the doctor's wife. "Are you worried about Mr. Fuzzley's case?"

"Yes," replied the doctor.

"And is there no hope?"

"Very little. He says he doesn't expect to have enough to pay more than one-third of my bill."—Answers.

The Charming Woman

is not necessarily one of perfect form and features. Many a plain woman who could never serve as an artist's model, possesses those rare qualities that all men admire—sweetness, clear eyes, clean, smooth skin and that sprightliness of step and action that accompany good health. A physically weak woman is never attractive, not even to herself. Electric Bitters restore weak women, give the greatest health and beauty, and make them charming. Only 50c. Guaranteed at The Fort Pierce Drug Co.'s.

A FEW WORDS.

Don't say accomplishment for abolition is the perfect word.

Don't say wonderment when wonder will express your meaning.

Don't say "My politics are." Politics is singular in spite of the final s.

Don't say people when you mean person. People is a collective noun. In the singular a dude?

Don't say dapplegoodle words, for even when properly employed your meaning will not be so clear to the reader as when you use simple words.

Don't say receipt when you mean recipe. The collector to whom you pay money gives you a receipt. A formula for the preparation of food is a recipe.

Don't say surprised when you mean astonished. You may be astonished to find Bobby stealing jam, but he is surprised by you.—St. Louis Post-Dispatch.

Just the One For Him.

Howell—I proposed to a girl last night and was refused. Powell—You ought to try her again. A girl as sensible as that would make you a good wife.—New York Press.

Long Live The King!

is the popular cry throughout European countries, while in America, the cry of the present day is "Long live Dr. King's New Discovery, King of throat and lung remedies!" of which Mrs. Julia Ryder Paine, Truro, Mass., says: "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the inhabitants of this country. New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the only sure cure. Guaranteed by the Fort Pierce druggist. 50c and $1.00. Trial bottle free.

Portland Cement.

We have constantly in transit shipments of Whitehall Portland Cement and can make you very low quotations and prompt delivery. East Coast Lumber & Supply Co., East Gallie, Fla. tf

This Must Be Sold at Once

It is not every day that you can buy a choice piece of property at a bargain worth considering, but I have a place on St. Lucie river that must be sold at once—a good river front, story and a half house, furniture, two boats, two acres of pineapples; good neighbors. It will pay you to write at once—my price will sell it.

NOW is the Time to BUY LAND

The Everglades will be Drained

A route has been surveyed and the canal from Lake Okeechobee to the St. Lucie river will be dug, and **Stuart-on-the-St. Lucie**, near the canal route, is attracting the attention of the homeseeker and investor. Unexcelled bathing and boating, launch trips up the river and to the ocean, and fresh and salt water fishing offer more than ordinary inducements to the tourist and health seeker. Hotel and boarding house accommodations for all at most reasonable prices.

WE ARE ON "THE SPOT"

Real Estate is the only Safe Investment

I have secured some of the most desirable and best locations at **Stuart-on-the-St. Lucie** and on the St. Lucie river that are to be had. If you anticipate buying here, NOW is the time, and you should call or write for further information at once. Stuart people realize the future importance of this section and, as a rule, are making no effort to sell property, but some desirable locations can be had through this agency. Every courtesy will be show our customers.

LOT No. 1. A first class chance to obtain a paying piece of property of 13 acres; 7 in bearing pineapples, 5 under shed. The pines were not hurt by last winter's cold and have a good fall and winter crop in sight. Has a tram road, good packing house and railroad platform. One of the best paying pineapple plantations on the East Coast; has been bringing in $2,000 a year, and the plants are in better condition now than ever. Can be had NOW for $5,000.

LOT No. 2. A large plot of land near the postoffice, very desirable location and one of the best to be had at the price offered. Only $400.

LOT No. 3. Five acres of land, short distance from post office, church and school, on the rock road. A valuable piece of property that can be bought for $400.

LOT No. 4. Five acres of some of the most valuable land in this section. It is exceedingly valuable for pineapple culture or could be subdivided into building lots. It is situated on a fine rock road, only a short distance from postoffice, church, school house and railroad station and is offered at same price as land much further from the center of town. It has no superior and few equals. A safe piece of property to buy at the price—$1,000.

BETTER SEE ABOUT THIS ONE.

LOT No. 5. Here is a bargain that cannot be beaten anywhere. One hundred dollars net profit is made here every year on land not as good as this, and if you buy this I will tell you how to make more money on it—160 acres, 1½ miles from Stuart, 1 acre in oranges and pineapples. Some of the trees in bearing. 1 acre in pines alone, 2 acres garden land; buildings poor. This is the best 160 acres on the St. Lucie river or any of its tributaries—20 acres of first class pineapple land, 140 acres good garden land (60 acres of muck), and all first class orange land. Oranges are absolutely safe here; there has never been a tree killed by the cold. A heavy growth of grass on the place and a good stock range all around, and an abundance of pure soft water. This property fronts on a bay that alone is worth $1,000 to the place as it affords a perfectly safe harbor for boats in a storm. There is plenty of lemons, limes, guavas, mangoes, etc., for family use. Price, $25 per acre.

THIS IS A BARGAIN.

LOT No. 6. A very fine river front property. Two acres at bloom pineapples. A few orange, lime and guava trees; a good 5-room, 1½ story house; half interest in tramway and car to R. R. station. The crop on this place netted $375 two years ago. Fronts on the St. Lucie river. Price, $600.

LOT 7. Ten acres of land on the St. Lucie river, 1½ miles from Stuart; 6 acres of the orange, fruit and vegetable land; it will pay for itself in one season if planted in potatoes or other vegetables. It is only a short distance from the big canal route and is certain to be worth more than is now asked. A safe investment. $200.
