We wish to call your attention to a few important facts relative to Blood and Skin diseases. It has been demonstrated by the most scientific physicians that all skin diseases are caused from a paracite or germ in the skin Doctors heretofore have never been able to find a medicine sufficiently strong to kill or destroy the germ without corroding or ruining the flesh. Hancock's Liquid Sulphur is the only known remedy that will kill the germ and permanently cure all skin diseases. As a blood purifier Hancock's Liquid Sulphur has no equal.
